The overall responsibility for the promoting of all four licensing objectives will be the Site Manager Maj (Retd) David Drinkall. Various tasks and teams will run the various activities on site, but the overall event will be the responsibility of the Site Manager who reserves the right to stop the event. All staff, employed, volunteers, contractors, bands and vendors accept such and this forms part of the contract. The site will have a traffic marshalls, reception, box office, stewards, 1st Aid and security staff. The event will have a tested and robust radio network with well rehearsed emergency and incident protocols. All staff will be reminded of the four licensing objectives and will be under instruction to act in a manner to support such.

b) The prevention of crime and disorder

The site will have a traffic marshalls, reception, box office, stewards and security staff. The event will have a tested and robust radio network with well rehearsed emergency and incident protocols. Dear Sir,

RE: Application for a Premises Licence
The Big Cwtch, Glanrannell Park, Crugybar, Llanwrda.
Application Date 08/07/15

Further to the receipt of the above application, the Licensing Authority make the following representations:

a) Previous Enforcement Action / Prosecutions

There have been no previous prosecutions or formal enforcement action taken by the licensing authority in relation to these premises.

b) Complaints.

I am aware that complaints have been received by the authority in relation to an event held at these premises in 2014 and authorised under temporary event notices.

c) Responsible Authority Referrals.

The licensing authority has not received any referrals from the other responsible authorities in relation to the above premises, but has been contacted by Public Health Services in relation to the above complaints.

d) Relevant Sections of the Statutory Guidance.

The Licensing Authority believes that the following sections of the Statutory Guidance are relevant to this licence application: - Section 1 Introduction,

B2

Section 2 relating to The Licensing Objectives, Section 5 relating to Premises licences, Section 8 relating to Applications for Premises Licences and Section 10 relating to Licence Conditions.

e) Relevant Sections of the Local Licensing Policy.

The Licensing Authority believes that the following sections of Carmarthenshire's Licensing Policy are relevant to this licence application:- Section 3 Fundamental principles, Section 4 Conditions of Licence, Sections 5 – 9 relating to The Licensing Objectives and Section 11 relating to Licensing Hours.

f) Proposed Operating Schedule.

Having considered the current application and the operating schedule put forward by the applicants, the Licensing Authority believes that, if the application were granted, the wording set out in the operating schedule, is not sufficiently precise to enable it to form clear enforceable licence conditions in accordance with section 18(2)(a) of the Licensing Act .

Mr Mike Price, the Police licensing officer has requested a number of conditions in his letter of representation dated the 28th of July 2015. If the application is granted, I believe it would be appropriate to replace the statements made in the operating schedule with conditions 1- 8 requested by the Police.

Public Health services have put forward 4 licence conditions as part of their representations and have outlined the sort of information which should be included in an Event Management Plan, should the licence be granted. I have also put forward a similar set of 5 conditions (Annex1) which I believe should be attached to the premises licence if the application is granted.

I would request the opportunity to discuss these proposed conditions with the applicant and public health services before the application is determined to see if agreement can be reached regarding one set of appropriate conditions.

These representations have been prepared on the 4th of August 2015 with the benefit of viewing the original application and representations from the Police and Public Health Services.

I would be grateful if the applicant could contact me to discuss the above representations at the earliest opportunity and certainly prior to the application being referred to a Licensing Sub Committee hearing for determination.

If you require any further information or assistance, please do not hesitate to contact me.

Yours faithfully,

Mr E O R Jones
Principal Licensing Officer

Annex 1

Additional Licence Conditions – Big Cwtch

1. A first draft of The Event Management plan (EMP) shall be submitted to the Licensing Authority at least eight weeks prior to the event , unless this notice period has been reduced by agreement with the Licensing Authority or Safety Advisory Group (SAG). The EMP shall include information as suggested in the 'Event Safety Guide' issued by the Health and Safety Executive (HSG195) A final version of the EMP shall be provided to the Licensing Authority and Safety Advisory Group (SAG) one week prior to the start of the event, save for minor amendments agreed in advance by the SAG.
2. The EMP shall include a detailed site plan and will be updated in conjunction with the SAG. A final version of the site plan shall be provided to the Licensing Authority and Safety Advisory Group (SAG) one week prior to the start of the event, unless this notice period has been reduced by agreement with the Licensing Authority or Safety Advisory Group (SAG).
3. The event has a total maximum capacity of 4999 persons including all ticket holders, guests, staff and performers. The event capacity shall be set out clearly in the EMP and the figure shall be agreed with the SAG at least one week prior to the event. This figure may only be amended with the approval of the SAG.
4. The licence holder shall obtain the written approval of the EMP from the Licensing Authority prior to the event. No licensable activity may take place at the premises unless the EMP has been approved in writing by the Licensing Authority.
5. The premises licence holder shall ensure that the arrangements for managing the event set out in the EMP are fully implemented and appropriate monitoring systems are in place to ensure compliance with the EMP.

Dear Kirsten,

Many thanks for your e mail. I have, this morning, spoken with Mr Emyr Jones, The Principle Licensing Officer, at length. He explained extremely carefully the whole process of progressing towards a licence as well as explaining the meanings of the representations made by Mr Aled Morgan and himself. I have also spoken with Mr Mike Price, The Police Divisional Licensing Officer, with regards to his representations.

I am content to agree with all the representations made by Mr Emyr Jones, as the Principle Licensing Officer, from Mr Aled Morgan as the Environmental Health Practitioner for the Environmental Health and Licensing Section and Mr Mike Price, as the Police Divisional Licensing Officer, and am content for the licence to be amended to reflect such. I am content that there would therefore not be a requirement for a hearing.

You should note that I am busy working on the next draft of the EMP and hope to have such with you sometime this week. I have spoken with the Fire and Rescue Service who are content to receive the Fire Risk Assessment in the next two weeks.

Many thanks, as always,

David

When employed Door Supervisors must be registered with the SIA, to be on duty until the time that all members of the public have left the event.

3 The Licence Holder shall supply an appropriate number of Door Supervisors in accordance with the expected numbers attending/tickets sold and the appropriate number shall be 2 in respect of the first 100 persons and one for each additional 100 persons or part of 100 persons comprised in the maximum occupancy figure.

Dear Sir,

Re: Premises Licence Application

**The Big Cwtch Ltd., Glanrannell Park Grounds, Glanrannell Park House,
Crugybar, Llanwrda SA19 8SA.**

Date completed application received – 08/07/15

Further to the receipt of the above application, the Environmental Health and Licensing Section of Carmarthenshire County Council make the following representations. Whilst taking into consideration the content and the nature of the application the Environmental Health and Licensing Section is of the opinion that the following conditions should be placed on the premises licence in order to ensure that the "prevention of public nuisance" and "Public Safety" Licensing objectives are being promoted.

D2

1. The Premises Licence Holder shall submit an Event Management Plan (EMP) to the Environmental Health and Licensing Section or to the Safety Advisory Group (SAG) at least six weeks prior to the event taking place, unless this notice period has been reduced by agreement with the Licensing Authority or SAG.
2. The Premises Licence Holder shall obtain the written approval of the EMP from the Licensing Authority or the SAG at least 7 days prior to the event. No licensable activity may take place at the premises unless written approval has been received.
3. The Premises Licence Holder shall arrange for all relevant Certificates, Inspection Reports and images to be available on site for the duration of the event and stored for a minimum of 31 days after the event.
4. The Premises Licence Holder shall ensure that each Event Management Plan is effectively implemented during the event and monitored to ensure compliance with the Plan.

For information the EMP submitted to the Environmental Health and Licensing Section or to the SAG will be expected to outline all aspects of the event and responsibilities of the Premises Licence Holder. The following is not an exhaustive list however the EMP would be expected to include the following points in addition to including information as suggested in the 'Event Safety Guide' issued by the Health and Safety Executive (HSG195).-

- Event profile including type of event, proposed attendance figure, duration of the event, audience profile, proposed operating and opening times, ticketing policy, details of entertainment proposed
- Details of any activity associated with the event taking place at any location outside the licensed area.
- A detailed management structure chart clearly identifying the roles and responsibilities of each individual including contact details.
- Risk assessments such as Health and Safety, Fire Safety
- Alcohol consumption and drugs policy
- Traffic management Plan
- Car parking Plan
- Security and Stewarding Schedules outlining the number of SIA and non-SIA staff and locations
- Access routes for emergency vehicles in and out of the site
- Major Incident and Evacuation plan - in the event of an emergency
- Noise management Plan
- A list of all traders
- Health and safety
- First aid
- Fire safety Plan
- A detailed site plan(s) clearly indicating the position of the following;
- Site boundary, entrances and exits to the site

- All road and track ways (including emergency routes), car parks and other vehicles compounds;
- The location of all structures either constructed or brought onto site
- The location of the campsite (if appropriate)
- The location of toilet, shower (if appropriate) and washing facilities
- Drinking water points and associated pipe work including sampling points and soak ways
- The location of all lighting facilities including those for the event arena, associated walkways and vehicles routes and emergency routes
- Welfare tent and medical services
- Generators and other principle electrical connections
- Fuel stores

Should you agree with the above and wish to accept the conditions, you are required to confirm in writing that you do so. A copy of your acceptance should be forwarded to the Licensing Section and myself.

Accepting the above will enable me to withdraw the representation and the above requirements will become conditions of your premises licence.

If you wish to discuss the matter further, please do not hesitate to contact me.

5th August 2015

I object to the granting of a Premises Licence at Glanrannell Park for the proposed Big Cwtch event on 12th Sept. 2015.

I briefly inspected the Application form at Spillman St. on 2nd August and note:

1. The date for 'Representations' has been moved back by three days due to errors in the Application submission by the applicant David Drinkall. This suggests a lack of care and control by the applicant.
2. The Application is littered with gross spelling errors. This again suggests a lack of care and control.
3. *Page 4, General Description of premises known as The Big Cwtch Summer Party. The same location having successfully run this event in 2014 the Big Cwtch Ltd. is well placed to run a safe and enjoyable event while upholding the four Licensing Objectives The specific details will be detailed in the Big Cwtch Management Plan*
 - a. Where is the Management Plan?
 - b. Why is not available now?
 - c. When will it be available for my inspection?
 - d. Who will verify that the event complies in every particular with the Management Plan?
4. *Page 9, Section E Live Music. "Stages will be provided within Marquees the locations of which will be determined by ticket sales, weather and consideration of neighbours"*
 - a. Stage location should be defined as part of the Application
 - b. What is the basis for the statement 'consideration of neighbours' given that the event was planned, defined, dated and progressed without any consultation with immediate neighbours.
5. *Licensing Objectives, General. The overall responsibility for the promoting of all four licencing objectives will be the Site Manager Maj.(rtd.) David Drinkall.*
 - a. The site Manager is the same individual who compiled the Application form incorrectly in the first instance and which is still littered with gross spelling errors in its revised version.
 - b. A demonstrable lack of care and control is no qualification for discharging the role of Site Manager and stewarding compliance with the defined Licensing Objectives.

E2

6. *Licensing Objective D. Prevention of Public Nuisance. The site will have a(sic) traffic marshals(sic), reception, box office, stewards and security staff. The immediate neighbours will be issued with an incident reporting telephone number which will ensure that any incident can be reported almost immediately and therefore action can be taken by security staff within minutes.*
 - a. What constitutes 'an incident'? People on my land, disruption to my stock, littering, noise? All occurred during the 2014 event, see Supporting Information below.
7. The Site Plan shows Public Entrance #1 barely 10 metres from the apex of a bend which is not conducive to safe ingress or egress for more than occasional traffic movements.

The rules surrounding Event Licensing seem to be weighted in favour of Applicants and appear to do little to protect the interests of those affected by the event.

Temporary Event Licence Applications do not invite comment and the Terms of Reference for Premises Licence comment appear to preclude any consideration of wider context. That said, I note the following Supporting Information:

1. The lack of detailing, care and control in the current Premises Licence Application is consistent with the circumstances surrounding last year's event.
2. When my neighbours Mr. & Mrs. Drinkall first advised me early in Q3 2014 of their intention to hold an event it was not to consult or seek opinion from their neighbour but to inform us of their developed plans and request permission to use our lower field as a car park.
3. Permission was refused and during the ensuing conversation they advised they were proceeding on the basis of a maximum 500 attendees and this number was limited by 'the Licence'.
4. We subsequently discovered that their presentation to us was misleading since they had applied for 2 'Licences' thus giving them a maximum attendance of 1000.
5. The lead up to the event caused huge disruption, primarily through noise, to my quiet enjoyment of my rural home and led to a number of complaints from visitors to our 2 rental properties that are but 10 Metres from the event site boundary.
6. The 2014 'Big Cwtch' event was poorly controlled and the promised marshalling and stewardship ineffective:
 - a. The promise of permanent 'control' on the shared drive use was not fulfilled and this resulted in 2 way traffic on numerous occasions with inevitable consequences and interruptions of free and open access.
 - b. The promise of exclusion of Dogs from the site was not fulfilled and there were 3 separate incursions of uncontrolled canines onto my land which was stocked with sheep, pigs and poultry.

- c. The promise of control of attendees and signage was not fulfilled and I experienced 2 incidents where 'Cwthchers' were wandering around my fields, one having left the gate open the others exiting by climbing over the fence wire. Again, I have live-stock on my land.....
- d. I have removed, to date, 3 Glass beer bottles and 4 beer cans from my large hay field.
- e. The thoughtless siting of a noisy refrigerated van, apparently with the intention of being in place overnight on our boundary was avoidable and wholly indicative of a general lack of awareness of the consequences of actions, and inactions. I note that it was moved upon request.
- f. The amplified sound on the site was not correctly set-up with the result that the cross-over from the 2 stages rendered the whole of the surrounding area deluged in unintelligible cacophony.
- g. Late in the evening the area at the back this property was subjected to a cloud of acrid, smokey fumes consistent with partially burnt hydrocarbons.
- h. The neighbour who did provide parking space was not given the promised support for fence re-instatement etc. and has not permitted the use of his land for this year's event.

And what of 2015.....? The first we heard of the intention to repeat the event this year was from a neighbour, it being displayed on 'Facebook' before advising us.

I made immediate representation to CCC Environmental Health and Licensing and note the welcome offer of Noise Monitoring which will be installed and analysed in due course.

Mr. & Mrs. Drinkall are perhaps to be applauded for their charitable endeavour but they have neither the location, the facilities nor the organisational capacity to accommodate or manage such an event.

The gaps between their commitments and the discharge thereof in the past creates no confidence in their capacity to comply with any future requirements placed upon them.

I request a copy of the the Application and the Management Plan so that I may make independent verification during the event of the commitments made therein by the Applicant.

There is no rational basis for granting a Premises Licence and on the basis of the points raised above I urge the revocation of Temporary Event Licencing.

I reserve the right to make further representations at any time to the Licensing Authority and other authorities in pursuit of my right to the quiet enjoyment of my home.

Regards,

Andy Clifford
