EXECUTIVE BOARD

3RD DECEMBER 2018

FINANCIAL ASSISTANCE FROM THE FOLLOWING GRANT FUNDS: TARGETED FINANCE FUND AND WELSH CHURCH FUND

RECOMMENDATIONS / KEY DECISIONS REQUIRED:

Targeted Finance Fund – Annex 1

1 Application - Total Value = £20,000.00

Welsh Church Fund – Annex 2

1 Application – Total Value = £2,181.25

Total Number of Applications - 2 Total Value = £22,181.25

REASONS:

Grant decisions for the Development of Sustainable Communities in Carmarthenshire are usually approved through the Executive Board Member Decisions for the Leader. As Councillor Emlyn Dole has declared an interest in these projects, the grant decision will now have to be undertaken at Executive Board.

Targeted Finance Fund – (TFF)

The South West Wales Economic Regeneration Strategy has identified the need to develop meaningful relationships with Key Account Businesses (KAB's) who are a mix of private, public and third sector.

With this in mind, the Bureau Team in Carmarthenshire is working along the same theme by delivering a local tailored and focused Key Account Management (KAM) service for Third Sector Organisations.

The Key Account Management service creates a supportive and proactive environment for Third Sector Organisations that have growth potential or who deliver vital services within our County.

To compliment this, the Bureau has introduced a pilot tailored, targeted finance support fund for projects that will deliver on economic growth in line with the South West Wales Economic Regeneration Strategy.

Welsh Church Fund – (WCF)

Carmarthenshire County Council has established the following criteria on an interim basis in order to aid the administration of the Welsh Church Fund under Section 19 of the Welsh Church Act 1914.

Organisations must be either Carmarthenshire based, or if of a national and regional character must be able to demonstrate that the money requested would be used for a specific Carmarthenshire based project.

Organisations that can apply for **Revenue and Capital projects**, to a maximum of £3,000, unless total project costs are in excess of £100k, and are then eligible for a maximum of £10k

Exec Board Decision Required **YES**

Council Decision Required **NO**

Project Title	3G Training Facility
Applicant	Pontyberem Community Council
Ward	Gwendraeth
Project Description	<p>The proposed project is to convert an existing underutilised tarmac tennis court area within the park to provide a floodlit 3G training facility for use by all local sporting organisations and Ysgol Pontyberem and is being led by a working group established over 12 months ago.</p> <p>The establishment of the project working group with key local, regional and national partners has ensured that the development of the facility is strategically correct in terms of meeting a clear and identifiable need. The robust community consultation undertaken to date has highlighted that the provision of a new 3G training facility is the number one priority for sporting organisations in the local area.</p> <p>They have been keen to liaise with representatives of the All Wales Artificial Surfaces Collaboration Group and Local Authority to identify how the project will complement similar existing and planned facilities in the wider area and the plans have been endorsed based upon the full size 3G facility located in Ysgol Maes y Gwendraeth.</p> <p>Specifically the project will:</p> <ul style="list-style-type: none"> • Provide dedicated facilities to deliver enhanced training activities and host competitive junior and mini fixtures throughout the season for the local rugby and football teams • Guarantee training sessions that have previously needed to be cancelled due to inclement weather will be fulfilled as a result of the project • Deliver much needed sustainable training and playing

	<p>facilities for a wide range of local clubs and organisations operating in the area and beyond</p> <ul style="list-style-type: none"> • Ensure that all year round community sports participation is promoted in the Village <p>The project will provide a high quality resource that will enhance the range of sports, in addition to the opportunity for increased participation, amongst all age groups irrespective of gender and background within the local community.</p> <p>By definition and design, the facility will offer a multiple range of sporting activities in a wide cross section of sports to include football, rugby, cricket and primary school curricular and multi-sport events.</p> <p>Significant beneficiaries of the project will be young people, many of whom come from deprived backgrounds of the local community who will utilise the improved facilities either as members of local clubs and teams or as pupils at the Primary School.</p> <p>The new facilities will provide improved training and competitive sporting opportunities for the local community and respective clubs and teams who currently have no access to a comparative resource within the local area.</p> <p>The availability of an artificial floodlit facility will provide a sustainable training venue for all local sporting teams during weekday evenings and weekends and by providing local facilities, more teams will be able host additional training sessions also matches in the Village, throughout the year, increasing opportunities for local children to participate in club based activities.</p> <p>The proposed project will improve the quality of curricular and extra-curricular activities for 7-11 year olds. This will be achieved by promoting the use of the pitches by the local Primary School adopting the ethos of Active Young People, working in conjunction with the WRU and Welsh Football Trust Regional Development Officers and Local Authority Sports Development staff to provide new and additional opportunities in a range of sports for all pupils and in particular those children who have not previously participated in extra-curricular activities.</p> <p>Wider community use will include multi-sport festivals, fun days and summer fetes organised in conjunction with the Community Council and Parks Association.</p> <p>Carmarthenshire County Council, Sport Wales and the respective Governing Bodies have cited the partnership approach adopted to develop this project as an example of good practice with all sporting organisations working together for a common goal.</p> <p>Over and above the health and wellbeing benefits associated with participating in organised club based sessions, the project will provide a fit for purpose venue to deliver a wide range of low impact</p>
--	---

	<p>re-engagement and rehabilitation programmes, which will include exercise referral programmes for those residents leading sedentary lifestyles who have been referred via NERS, Social Care networks, GP's and CAVS/Hub in Llanelli.</p> <p>Individuals from the Village will be identified to undertake the relevant courses, funded by the Sports Wales Community Chest programme, to deliver these sessions in the longer term providing a sustainable programme of activities for the local community.</p> <p>The Community Council will also create a new role of Volunteer Coordinator to ensure that all activities are supervised effectively and safely in addition to developing a comprehensive pool of volunteers increasing the resilience of the local community to provide positive and meaningful activities for local residents.</p> <p>The development of the 3G pitch also complements the long term strategy for the development of the park to create a vibrant and safe community hub of activity that local people will be proud of and keen to utilise on a daily basis for many years to come.</p>
<p>Total Project Cost</p> <p>Eligible Costs</p> <p>Ineligible Costs</p> <p>Amount and % of grant requested</p> <p>Match funding</p>	<p>£177,850.00 - net</p> <p>£177,850.00 £128,350– Extend tarmac area & install 3G surface £22,000 – Fencing £25,000 – Floodlighting £2,500.00 – Design & supervision fees</p> <p>Nil</p> <p>£20,000.00 @ 11.2%</p> <p>£157,850.00 Welsh Rugby Union - £15,000 – secured Sport Wales – £15,000 - secured Welsh Football Trust –£15,000 – secured Community Council - £1,850.00 – secured WG Enabling Natural Resources & Wellbeing – £111,000 – To be applied by closing date of 3/12/2018</p>
<p>Evidence of Need / Community Engagement</p>	<p>The need for the project has been established as a result of meetings and discussions with representatives from clubs and organisations locally, which has enabled the Project Working Group to develop a coherent framework to address deficiencies in sporting needs identified by the local community.</p> <p>Representatives from the Working Group have undertaken a survey of their existing members and residents in the Village to gauge the views and identify the expressed needs of local residents. In total,</p>

	<p>243 completed questionnaires were received and the main findings of the Household Survey include:-</p> <ul style="list-style-type: none"> • 81% of respondents disagreed that there were enough community venues in the area • 92% of respondents stated that it was ‘very important’ to have a community venue nearby. • Respondents stated that the most important things they would expect to find in a community venue were:- <ul style="list-style-type: none"> “Available to use all year round” “Available for a multitude of activities” “Serves our children” • The most common reasons why residents do not participate in community activities are that “the facilities are poor” and are not available when suitable. • The most popular activities amongst respondents to participate in at a community venue, are all weather training sports club activities and fitness. • If made available, the majority of respondents stated that they would participate in these activities 2-3 times a week. <p>Letters of support have also been received from the following organisations in support of the proposed project;</p> <p>The feedback received from the Survey and letters of support offered unequivocal support for the new facility as a much needed project for the community and in particular children and young people showing 100% support for the project.</p>
<p>Contributing to key Strategies</p>	<p>The Well-being of Future Generations Act 2015</p> <ul style="list-style-type: none"> • A prosperous Wales. • A resilient Wales. • A healthier Wales. • A more equal Wales. • A Wales of cohesive communities. • A Wales of vibrant culture and thriving Welsh language. • A Globally Responsible Wales <p>The Integrated Community Strategy for Rural Carmarthenshire 2011-16</p> <ul style="list-style-type: none"> • People in Carmarthenshire are Healthier • People in Carmarthenshire Fulfil their Learning Potential • People Who Live, Work and Visit Carmarthenshire Are Safe and Feel Safer • Carmarthenshire Communities and Environment Are Sustainable • Carmarthenshire Has a Stronger and More Prosperous Economy <p>Rural Communities Development Fund Objectives - as above with the addition of:</p> <ul style="list-style-type: none"> • Promote social inclusion, poverty reduction, and economic development in rural areas.

	<ul style="list-style-type: none"> • Help those most deprived in rural Wales and those that have limited scope to change their circumstances • Develop resilience and capability of rural communities so that they are better able to cope with and adapt to change. <p>Swansea Bay City Region Economic Regeneration Strategy 2013 – 2030</p> <ul style="list-style-type: none"> • A more equal Wales - A society that enables people to fulfil their potential no matter what their background or circumstances (including their socio economic background and circumstances). • A Wales of Cohesive Communities: • Attractive, viable, safe and well-connected communities. <p>A globally responsible Wales</p> <ul style="list-style-type: none"> • A nation which, when doing anything to improve the economic, social, environmental and cultural well-being of Wales, takes account of whether doing such a thing may make a positive contribution to global well-being.
Ownership/ Lease	Not applicable
Cross Cutting Themes: Welsh Language ICT Equal Opportunities	<ul style="list-style-type: none"> • Welsh Language • Equal Opportunities • Health & Safety • Environmental Policy • Safeguarding Policy • Data Protection Policy
Environmental Sustainability	The specification of the new playing field surface will include the use of recycled tyres to form part of the new shock pad and rubber crumb, also the project will reduce the reliance upon motorised transport and carbon emissions to travel to other alternative venues.
Cllr and Officer Consultations Undertaken	<ul style="list-style-type: none"> • Cllr Liam Bowen • Cllr Tyssul Evans • Ian Jones – CCC Head of Leisure • Chris Munro – Welsh Rugby Union • Ceri Richards – Sport Wales • Kevin Moon – Welsh Football Trust • Pontyberem Parks Association • Alan Lewis – Sports Surface Consultant • Marcus Hill – Welsh Government
Roles and Responsibilities within organisation	The whole process of acquiring the funding package, identifying the need, procurement, project delivery and management will be coordinated by the Working Group, which has many years of experience in delivering similar projects throughout the County and

	<p>across the UK and by working closely together, the group have designed the proposals to effectively use the amount of land available to maximise the benefits coming back to the local community.</p> <p>The Working Group has significant expertise and experience in implementing sound financial management systems to track expenditure against the project and keep pace with funding secured, incorporating schedules and timescales.</p> <p>The Community Council has sufficient reserves to provide the requisite cover for retrospective payments.</p> <p>An initial 3 month maintenance regime to be carried out by the appointed contractor will be allowed for in the Project Tender and Community Council staff will shadow the contractor during this period to gain a firm understanding of the maintenance responsibilities associated with the project.</p>
Mapping of service/facility within the area	<p>The sporting organisations and Primary School operating in the local area have no access to a sustainable sporting facility for training and playing activities.</p> <p>The installation of the new training facility will also safeguard the grassed playing pitches available for local clubs within the park.</p>
Exit strategy	<p>The precept levied by the Community Council will be used to underwrite the costs of managing the new facility. However, they are confident that given the significant level of unmet demand for such a facility in the area, the income generated from the facility will meet the ongoing running costs in addition to the provision of a sinking fund to replace the carpet in future years.</p> <p>Once project is complete will employ a maintenance caretaker for the park.</p>
Outputs to be achieved	<ul style="list-style-type: none"> • Jobs created – 1 • Jobs safeguarded • Increased turnover/profitability - £10k • Individuals into skills & training – 40 • New volunteering opportunities – 70 • New mini junior teams created -10 • New referral scheme activities created – 5 • Individuals participating in health related activities – 150
Business Plan/Officer Comments	<p>The findings of the community consultation as highlighted the importance of the project to the rural community. The project will result in job creation offering skills development that will lead to further opportunities for volunteers to find employment in the future.</p> <p>The project is the next phase of the park development following the</p>

	<p>successful completion of a new play area and perimeter fencing for the local community.</p> <p>The establishment of the Project Working Group with key local, regional and national partners has ensured that the development of the facility is strategically correct in terms of meeting a clear and identifiable need and the robust community consultation undertaken has highlighted that the provision of a new 3G training facility is the number one priority for sporting organisations in the local area.</p> <p>The group are keen that the momentum gained in developing the project to this point is not lost and see the realisation of this facility as a strategic step in the right direction to maintain and improve existing participation levels in the future.</p> <p>As participation levels grow amongst the respective sections within the local clubs, more volunteers will be identified and suitably qualified to ensure that activities are undertaken in a safe and secure environment for all.</p> <p>Local people will be upskilled in a range of disciplines be that coaching, refereeing, umpiring, safeguarding, facility maintenance, administration and first aid amongst others. These transferrable skills and experiences will prove to be valuable for those residents seeking new employment or wishing to add value to their existing CV's.</p> <p>The development of the project (along with other improvements in the Park) will also give residents a reason for remaining in the Village to participate in activities and invest in their own community rather than travelling significant distances to use comparative facilities in other areas of Carmarthenshire and Swansea.</p>
<p>Economic Benefit</p>	<ul style="list-style-type: none"> • Number of individuals into training/education - 40 • Number of individuals into volunteering - 70 • Number of individuals into employment • Number of community groups assisted - 5 • Number of social enterprises created • Number of social enterprises supported • Number of full time jobs created - 1 • Number of jobs safeguarded - 2 • Public and private leverage funding - £157,850.00
<p>Recommendation</p>	<p>Award - £20,000.00</p>

Application Reference – WCF-18-07

Project Title	Updating Services
Applicant	Caersalem Independent Chapel
Project Description	<p>Caersalem Independent Chapel is located right in the heart of the community, as an Independent Chapel they encourage the community to utilise the building. Events held include coffee mornings, with the aim of opening our doors to draw new members. St David's day concert, Christmas Nativity play, Carol services, and Thanksgiving services are also events that draw non-members to attend with the aim of opening the doors and encouraging local residents to attend, also the local junior school visit the building regularly as part of their Pastoral Care lessons.</p> <p>The main entrance holds a key historical feature of the chapel, currently there are slight issues with the coving located above the main entrance. The condition report of 2017 indicated that 18 meters worth of the coving is in poor condition and required replacement within 12-24 months, hence this is now due.</p> <p>It is proposed to re-plaster the coving outside and repair the water penetration damaged to the internal wall which has been caused by the poor condition of the coving and replace the main window blind which has also been affected by the penetration. It is envisaged that the works will be conducted by a recognised and experienced conservation led Building Contractor.</p> <p>Also proposed to install a new sound system that will improve the service delivery they offer for groups participating in special services and concerts, also young musicians and choirs participating in family services, carol services, nativity plays, organ and other recitals, also being able to offer new modernised services for the community.</p> <p>Restricted funds are in place to cover ongoing running costs of the Church.</p>
Total Project Cost	£8,728.00 - Gross

<p>Eligible Capital</p> <p>Eligible Revenue</p> <p>Ineligible Costs</p>	<p style="text-align: center;">£8,728.00 Plastering and Coving - £2880.00 Painting and Decorating- £1880.00 I T System- £3628.80 Blinds- £340.00</p> <p style="text-align: center;">Nil</p> <p style="text-align: center;">Nil</p>
<p>Cllr and Officer Consultations Undertaken</p>	<p>Consultation has been undertaken with the local and wider community, also current users of the venue, which identified the need for this project and individual letters have also been received as support.</p> <ul style="list-style-type: none"> • Cllr. Liam Bowen • James Yeandle – Built Heritage Officer
<p>Ownership/ Lease</p>	<p>Not applicable</p>
<p>Funding Package</p> <p>Value of Community Investment</p> <p>Amount of grant requested</p> <p>Value of Levered Funds</p>	<p style="text-align: center;">£8,728.00</p> <p style="text-align: center;">£8,728.00</p> <p style="text-align: center;">£2,181.25 @ 25%</p> <p style="text-align: center;">£6,546.00 £1,000 – James Pantyfedwen – Secured £5,546 - Awards for All - Applied</p>
<p>Economic Benefit</p>	<ul style="list-style-type: none"> • Number of individuals into training/education • Number of individuals into volunteering - 25 • Number of individuals into employment • Number of community groups assisted - 1 • Number of social enterprises created • Number of social enterprises supported • Number of full time jobs created • Number of jobs safeguarded • Public and private leverage funding - £6,546.00
<p>Officer Comments</p>	<p>The Chapel has a lot of local history and whilst the group have given up numerous volunteer hours and used a large amount of their own funds it is essential that the group seeks financial support for the future sustainability of the chapel as a local community venue.</p> <p>The grant will accelerate the implementation of the project. It is fully sustainable in both the short and long term. The refurbishment</p>

	project will ensure that the chapel is fit for purpose and therefore lead to its long term sustainability.
Officer Recommendation	Award - £2,181.25
