# Agenda Item 3

### **EXECUTIVE BOARD**

### MONDAY, 6TH JANUARY, 2020

### PRESENT: Councillor E. Dole [Chair]

### **Councillors:**

C.A. Campbell, G. Davies, H.A.L. Evans, L.D. Evans, P.M. Hughes, P. Hughes-Griffiths, D.M. Jenkins and J. Tremlett

### Also in attendance:

Councillors D.M. Cundy, R. James, K. Lloyd and J. Prosser

### The following Officers were in attendance:

| 5               |   |                                       |
|-----------------|---|---------------------------------------|
| W. Walters      | - | Chief Executive                       |
| C. Moore        | - | Director of Corporate Services        |
| J. Morgan       | - | Director of Community Services        |
| G. Morgans      | - | Director of Education & Children      |
| L. Rees Jones   | - | Head of Administration & Law          |
| D. Hockenhull   | - | Media & Marketing Manager             |
| M. Evans Thomas | - | Principal Democratic Services Officer |
|                 |   |                                       |

### Chamber, County Hall, Carmarthen : 10.00 a.m. - 10.25 a.m.

### 1. APOLOGIES FOR ABSENCE

An apology for absence was received from Councillor L.M. Stephens.

### 2. DECLARATIONS OF PERSONAL INTEREST

There were no declarations of personal interest.

# 3. TO SIGN AS A CORRECT RECORD THE MINUTES OF THE MEETING OF THE EXECUTIVE BOARD HELD ON THE 16TH DECEMBER, 2019

UNANIMOUSLY RESOLVED that the minutes of the meeting of the Executive Board held on the 16<sup>th</sup> December, 2019 be signed as a correct record.

### 4. QUESTIONS ON NOTICE BY MEMBERS

The Chair advised that no questions on notice had been submitted by members.

### 5. PUBLIC QUESTIONS ON NOTICE

The Chair advised that no public questions had been received.

### 6. REVENUE BUDGET STRATEGY 2020/21 TO 2022/23

The Board considered a report providing an overview of the Revenue Budget Strategy for 2020/21 and the following two financial years. The report provided details of the budget process, the current Welsh Government provisional

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

YOUR COUNCIL doitonline www.carmarthenshire.gov.wales settlement and the final settlement timetable. The report also identified the validation and budget pressures that need to be considered by members in setting next year's revenue budget. The report would form the basis of the budget consultation process which would be undertaken during January and February 2020.

The report indicated that Carmarthenshire had received an increase in WG grant of 4.4% (£11.5m) taking our Aggregate External Finance to £274.159m for 2020/21. This increase was after certain transfers into the funding for Teachers Pensions and Pay, which were only partially funded within the settlement and accounted for some £5.7m of the overall funding increase.

It was noted that whilst significant work had already been undertaken in preparing the budget, this report was only an initial position statement which would be updated over the coming months as the budget was further developed, council members are engaged, public consultation takes place and the final settlement is received from Welsh Government.

UNANIMOUSLY RESOLVED that the contents of the report be noted and the 2020/21 to 2022/23 budget strategy be approved as a basis for consultation, specifically seeking comments from consultees on the efficiency proposals detailed within Appendix A to the report.

### 7. ANY OTHER ITEMS OF BUSINESS

The Chair advised that there were no urgent items to be considered.

# EXECUTIVE BOARD 20/01/2020

### **Cross Hands Community Health and Wellbeing Centre**

### Purpose:

To consider the purchase of the Council's joint venture partner's interest in land at Cross Hands West to facilitate development of the Cross Hands Community Health and Wellbeing Centre.

### **Recommendations / key decisions required:**

To endorse the purchase of the Joint Venture partner's interest in the land for the sum of  $\pm 315,000$ .

### **Reasons:**

To support Hywel Dda University Health Board's proposal to develop a Health and Wellbeing Centre at Cross Hands aiming to provide a sustainable solution for the continued provision of primary and community health and social care in the area.

Relevant scrutiny committee to be consulted - NA

Executive Board Decision Required - YES

Council Decision Required - NO

### EXECUTIVE SUMMARY EXECUTIVE BOARD 20/01/2020

### **Cross Hands Community Health and Wellbeing Centre**

### **Background Information**

Carmarthenshire County Council has led on the mixed-use redevelopment of the 56-acre former West Tip site at Cross Hands on a joint venture (JV) basis, in a 50/50 partnership with a private developer, George LB. The JV has put in place the infrastructure at a cost of £6m to facilitate the redevelopment of the site. Persimmon are currently on site and are now nearing the completion of some 120 houses. Plot 2B (approx. 4.3 acres) was sold earlier this year to Pobl who will shortly deliver 60 affordable houses of mixed tenure. The remaining residential plot 2A (4.8 acres) is currently being marketed by Property and Regeneration. The development of the 10-acre retail site is now nearing completion, attracting national retailers. The remaining parcel of land (3 acres) is identified within the Council's Local Development Plan (LDP) for mixed use, including health care. The revise deposit LDP allocation for the subject site is more specific, allowing for wellbeing / medical centre and community use. The plan attached at appendix 1 shows the various elements of the JV development site (Cross Hands West).

The Plot reserved for the Health Facility is shown hatched on the attached plan at Appendix 2.

### **Current Position**

An outline planning application (with all matters revered) for the proposed development was submitted by Hywel Dda University Health Board (HDUHB) in August 2019, with determination likely in the early quarter of 2020. HDUHB have also submitted an Outline Business Case (OBC) to Welsh Government (WG) seeking funding support. The business case needs to demonstrate that the land is deliverable. A decision on the business case, and funding required, is expected from WG in early February 2020. If the OBC is approved by WG, HDUHB will be required to submit a Full Business Case to WG. This would likely be determined towards the end of 2020. It is only on approval of the FBC that funding will be made available to allow a purchase of the land, subject to planning permission, to proceed.

HDUHB cannot commit to purchase the land until planning permission is granted and funding is confirmed.

HDUHB jointly with the JV partners have commissioned an independent valuation of the site by the District Valuer (10<sup>th</sup> October 2019). The independent advice confirms a site value of £630,000, after allowing for abnormal costs.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

**YOUR COUNCIL doitonline** www.carmarthenshire.gov.wales

### Purchase Proposal

The Council's JV partner is reluctant to commit to a sale of the land now to HDUHB as a funding decision is unlikely before the end of 2020 at the earliest and there is no guarantee that the purchase will eventually complete.

On this basis, HDUHB were unable to evidence to WG that the land required for the development is deliverable. To overcome this Officers have agreed, subject to Executive Board approval, terms for the Council to purchase the private sector JV partner's interest in the subject land.

The proposal is for the Council to acquire the JV partner's 50% interest in the land. This purchase would be subject to WG approving the OBC. At this point the Council would purchase the JV partner's interest for the sum of £315,000, and simultaneously exchange contracts with HDUB for a sale of the land for £630,000. This sale to HDUHB would be subject to full planning permission being granted for the proposed scheme and approval of the FBC by WG.

There will be some risk to the Council in proceeding on this basis. This risk is mitigated in terms of the planning condition as the land is allocated for the proposed use. Regarding WG funding approval, conditional contracts will only be exchanged once WG have approved the OBC, which should give comfort that there are realistic prospects of the FBC being approved. In the unlikely event that the proposed development doesn't proceed then the Council would be able to dispose of the land for alternative use, subject to planning.

If the Council does not agree to buy out the private sector JV interest, then the scheme is unlikely to proceed as it cannot be demonstrated that the land is deliverable.

#### **Recommendation**

To facilitate the strategic development proposals, it is recommended that the Council agrees to purchase the Joint Venture partner's 50% interest in the land for the sum of £315,000 and authorises officers to simultaneously progress the sale of land to HDUHB.

Detailed Report attached

Appendices 1 & 2

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

Signed: Jason Jones Head of Regeneration

| Policy, Crime<br>& Disorder<br>and<br>Equalities | Legal | Finance | ICT  | Risk<br>Management<br>Issues | Staffing<br>Implications | Physical<br>Assets |
|--|-------|---------|------|------------------------------|--------------------------|--------------------|
| YES  | YES   | YES     | NONE | YES                          | NONE                     | YES                |

### Policy, Crime & Disorder and Equalities

The proposed sale accords with the principles of the Well-being and Future Generations (Wales) Act 2015. The development aims to provide a sustainable solution for the continued provision of primary and community health and social care in the area. Further, in line with Hywel Dda University Health Board's aspiration to adopt a social model of health as outlined in its long-term strategy 'A Healthier Mid and West Wales: Our Future Generations Living Well', the development also embraces a community development approach to health promotion.

Recognising the specific needs of the area, the development will provide a 'hub' for the provision of bespoke information, advice and assistance to support and empower the local population to manage their own wellbeing needs. Adopting this approach and targeting wider determinants of health will provide a valuable contribution to improving the health and well-being of the present and future generations living in the Amman Gwendraeth locality.

#### Legal

The acquisition of the land and subsequent sale will require legal advice and preparation of appropriate legal documentation.

#### Finance

The payment to the JV partner (George LB) will be £315,000 (three hundred and fifty thousand pounds).

This sum of money, and the remaining 50% of the land value, will be recouped on completion of the sale of the land to HDUHB, subject to planning Permission and WG funding support. In the unlikely event that the sale does not proceed the land will be sold for alternative use to recover costs.

The funding for the payment can be provided from Departmental Reserves. As recognised in the report funding is required for a short-defined period, as the land will be sold on to the Health Authority. Therefore, the requirement is more of cashflow funding issue. With the funding being provided from Departmental Reserves upon the sale of the Land to the Health Authority the reserves can be repaid to the said reserve.

#### **Risk Management Issues**

There is a risk that the proposed sale to HDUHB will not complete. There are only two matters that can adversely affect the sale. This risk is mitigated in terms of the planning condition as the land is allocated for the proposed use. Regarding WG funding approval, conditional contracts will only be exchanged once WG have approved the OBC, which should give comfort that there are realistic prospects of the FBC being approved.

#### Physical Assets

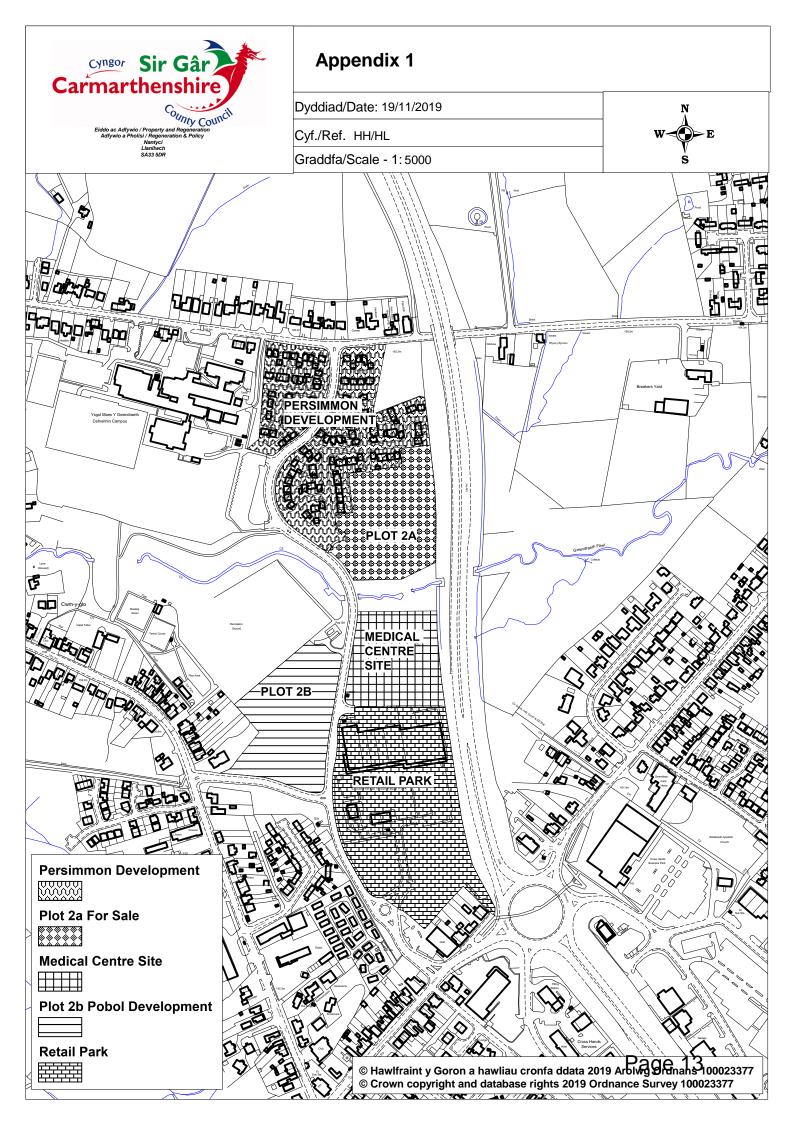

Disposal of the land will generate a capital receipt for the Council, whilst also ensuring that future maintenance of the asset would be undertaken by a third party.

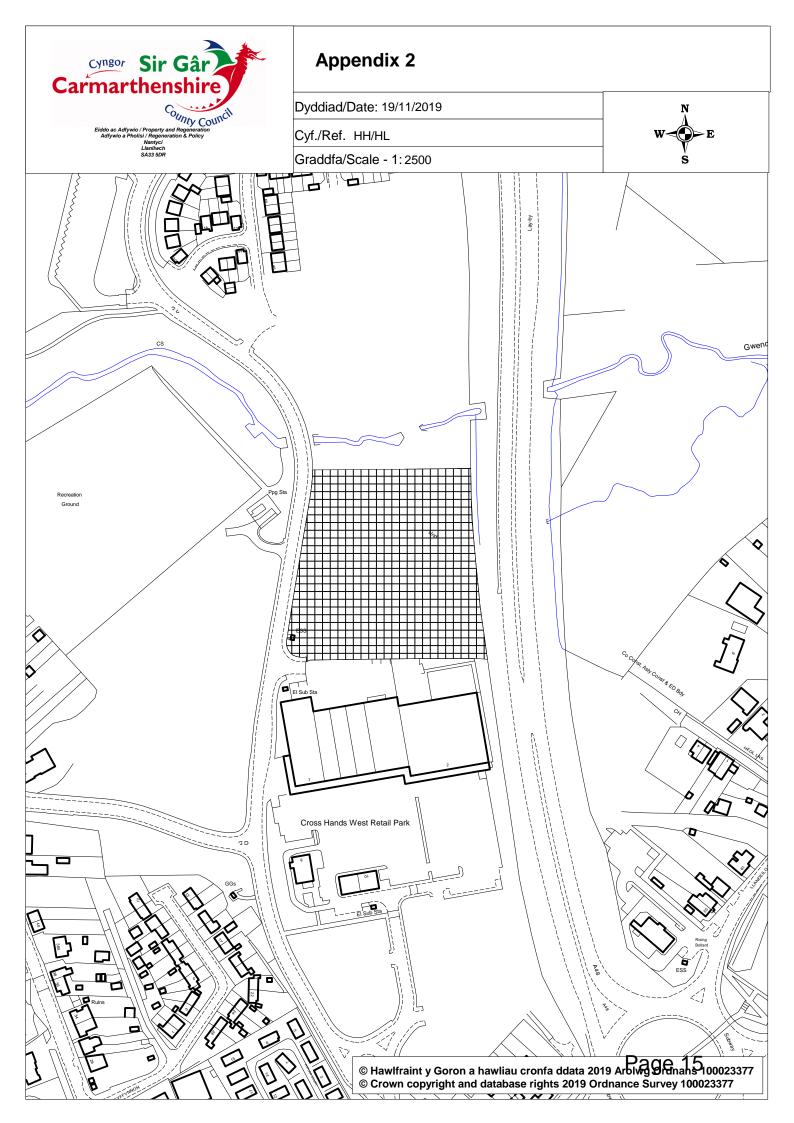

### CONSULTATIONS

### EXECUTIVE SUMMARY EXECUTIVE BOARD 20<sup>TH</sup> JANUARY 2020

### **Press and Media Protocol**

### BRIEF SUMMARY OF PURPOSE OF THIS REPORT

To consider an updated Press and Media Protocol which updates and strengthens existing protocol, and reflects changes in the press and media environment.

The current Press and Media Protocol was agreed by Full Council on June 9, 2015. Since then, there is much more emphasis on online and social media news coverage which means the demands from the press and media are different and more fast-paced.

The updated protocol will assist the Marketing and Media team to manage press and media communications and relationships on behalf of the Council, and provide guidance to all staff and members.

It will assist the Council in providing information, promoting its services and developing its image as an open and transparent organisation that is accountable to the local community. It explains the principles that the Council adopts, whilst taking into account the national Code of Recommended Practice on Local Authority Publicity in Wales.

Key changes include:

- Inclusion of a new approvals process
- Clarity on written statements and interviews
- Reference to the Social Media Policy
- Reference to out of hours and emergencies
- Inclusion of new photography and filming guidelines
- Inclusion of invitations to a photo call
- Inclusion of invitations to events

DETAILED REPORT ATTACHED?

YES

### **IMPLICATIONS**

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

| Signed:  | DM Hockenhull |         |      | Marketing and Media Manager  |                          |                    |
|--|---------------|---------|------|------------------------------|--------------------------|--------------------|
| Policy, Crime<br>& Disorder<br>and<br>Equalities | Legal         | Finance | ICT  | Risk<br>Management<br>Issues | Staffing<br>Implications | Physical<br>Assets |
| YES  | YES           | YES     | NONE | YES                          | YES                      | NONE               |

#### 1. Policy, Crime & Disorder and Equalities

The updated protocol will ensure all media requests and communications are treated equally and fairly

### 2. Legal

The updated protocol builds on the previous protocol. It impacts on a number of existing policies, legislation and guidance relating to communications, and the management of data and information. They include:

- Social Media Policy
- The Wellbeing of Future Generations Act (Wales) 2015
- The General Data Protection Regulation (GDPR) (EU) 2016/679
- Welsh Language Standards (No.1) Regulations 2015
- Code of Recommended Practice on Local Authority Publicity in Wales
- Part 5.4 Officers Code of Conduct (Revised 14.06.2012)
- Information Security Policy v4.1
- Data Protection article 7 and 8.
- Behavioural Standards in the Workplace Guidance
- Equality and Diversity
- Customer Complaints and Complaints Procedure
- Breaches of Security Policy

#### 3. Finance

Media training for Executive Board Members, Chairs of Scrutiny Committees and other Committees, Directors and nominated officers will have a cost implication.

### 5. Risk Management Issues

The updated protocol clarifies that all media relations and communications are to be managed by the Marketing and Media team to avoid unauthorised or inaccurate information being provided to the media, and therefore placed in the public domain. It provides all staff and members with clarity about what they should do if approached by a member of the media.

It sets out a comprehensive approvals system to ensure all information released by the Council is agreed and consistent, to minimise the risk of misinformation being put in to the public domain.

### 7. Staffing Implications

This updated protocol impacts on all employees of the Authority and provides all staff and members with clarity about what they should do if approached by a member of the media. It also impacts on a number of existing policies, legislation and guidance relating to communications, and the management of data and information. They include:

- Social Media Policy
- The Wellbeing of Future Generations Act (Wales) 2015
- The General Data Protection Regulation (GDPR) (EU) 2016/679
- Welsh Language Standards (No.1) Regulations 2015
- Code of Recommended Practice on Local Authority Publicity in Wales
- Part 5.4 Officers Code of Conduct (Revised 14.06.2012)
- Information Security Policy v4.1
- Data Protection article 7 and 8.
- Behavioural Standards in the Workplace Guidance
- Equality and Diversity
- Customer Complaints and Complaints Procedure
- Breaches of Security Policy

### CONSULTATIONS

| I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below |                 |               |   |  |  |

### Introduction

The press and media are essential channels of communication for the Council. Stakeholders [residents, staff, Town and Community Councils and partner organisations] use them as the primary source of information about the Council and its services. Social media is also an important method for residents to access information about the Council and its services, and to contact the Council.

This document has been produced to provide Members and Officers with information on the basic protocol for working with the media as well as clear guidance in their roles and responsibilities.

An effective Press and Media Protocol will assist the Council in providing information, promoting its services and developing its image as an open and transparent organisation that is accountable to the local community. The Council will continue to promote a culture of openness and accessibility towards the media.

This protocol explains the principles that the Council adopts, whilst taking into account the national Code of Recommended Practice on Local Authority Publicity in Wales (the Code). Local Authorities are required to 'have regard to the provisions' of this Code in the way they approach communication.

The Code recognises the political nature of Local Government, and takes into account the fact that some Local Authority publicity will deal with issues which are controversial because of particular local circumstances, or because of a difference of view between political parties locally and nationally. However, the principles do not prohibit the publication of information on politically sensitive or controversial issues, nor stifle public debate. It sets out safeguards and ensures the proper use of public funds for publicity.

The Code points out that the main purposes of Local Authority publicity are to 'increase public awareness of the services provided by the Authority and the functions it performs to allow local people to have a real informed say about issues which affect them; to explain to electors and ratepayers the reasons for particular policies and priorities; and in general to improve local accountability'.

This protocol is designed to provide Officers and Members with clear guidance to follow specifically when dealing with the press and media. It applies to all Officers and Members, and also to arms-length companies and partner organisations when they are delivering services on the Council's behalf.

### Principles and objectives

The Council is committed to effective communications so that residents of the county are well informed about Council services, decisions and developments.

The Marketing and Media team undertakes to maintain a steady flow of information to the media, and operate at all times within the Code.

Aims are:

- To be open, honest, accurate and consistent in dealing with the media and to respond to enquiries within journalists' deadlines whenever possible; to provide an explanation in the event it is not possible.
- Maintain and raise public awareness of the services provided by the Authority and the functions it performs.
- Advance and ongoing publicity on matters of public interest; and to provide public information.
- To give those affected by the Council's decisions, policies and priorities the information to understand them and how to participate in consultation and engagement when relevant.
- To ensure Welsh Language Standards are adhered to at all times.
- To have regard to The Well-being of Future Generations Act.
- To have regard to The General Data Protection Regulation (GDPR) (EU) 2016/679
- To promote and highlight the successes and achievements of the Council and its partners.
- To ensure a co-ordinated response from one single point of contact, the Marketing and Media team.
- To ensure that statements and other material published on behalf of the Council (including on the Council's website) are not party political.

### Media enquiries

All media enquiries made to the Council, in whatever form, are to be managed by the Marketing and Media team.

Any member of staff that is approached by a member of the media should immediately forward the request to <u>pressoffice@carmarthenshire.gov.uk</u> or 01267 224900 (ext 4900) and not engage in conversation to avoid providing unauthorised and or inaccurate information or unintentionally acting as a spokesperson of Carmarthenshire County Council.

The Marketing and Media team will only respond to media enquiries from a recognised media organisation that is properly regulated by IPSO, Impress or similar. This is to ensure there will be a proper process for complaints should the need arise. Email enquiries that do not come from a recognised media organisation (for example @gmail, @hotmail etc) will be required to prove they are representing a recognised media organisation.

The Marketing and Media team will not deal with any enquiries that are of a political nature. In these cases, the journalist will be asked to contact the relevant political party leaders directly.

The team will answer non-political enquiries on behalf of the Leader and Executive Board Members on matters relevant to their portfolio. Where journalists contact Executive Board Members directly they are at liberty to respond however are encouraged to provide the Marketing and Media team with a summary of their response.

The Marketing and Media team will not answer enquiries on behalf of ward Councillors, although will assist by offering advice if required.

#### Welsh Language Standards

Welsh Language Standards will be met at all times. All enquiries will be dealt with in the language initiated and bilingual statements and speakers will be available at all times. Where the Member or Officer concerned does not speak Welsh, a deputy or colleague should be fully briefed and prepared to carry out Welsh language interviews when required.

#### Media response times

The nature of today's media environment, in particular the immediacy of online news and social media, means that set deadlines are very rare. In most circumstances, the media will require a response on the same day, or even sooner.

The Marketing and Media team will prioritise enquiries that require an immediate response, and use a categorisation system to decide when and how to engage Senior Officers and the Executive Board.

The Marketing and Media team should be informed of preferred methods of contact to ensure speed of response, and where possible notified when they have appointed a deputy to deal with media enquiries during periods of their absence.

The Marketing and Media team will aim to answer all reasonable requests within the deadline provided, and will liaise with the media to explain if this is not possible. Where request response times are considered unreasonable, this will be discussed with the media organisation involved so that a more reasonable timeframe is agreed. It will not always be possible to respond to the media within their set deadlines.

### Approvals process

The Marketing and Media team uses a process for categorising media enquiries:

#### Category A

Request relates to a major incident (declared as a Silver/Gold Command), or a matter with implications for serious reputational damage. Approved response required from the Leader and/or relevant Executive Board Member, and Chief Executive and/or Director within one hour, or response coordinated from Silver/Gold Command.

#### Category B

Request relates to a high profile incident, an opportunity to promote a high profile Council initiative, or a matter with implications for some reputational damage. Answer is not currently in the public domain. Approved response required from relevant Executive Board Member and Director within four hours (unless a specific deadline is specified). Approved statement copied to the Chief Executive.

#### Category C

Request relates to a topic without a risk of significant reputational damage, or is not related to a Council priority. Approved response required by relevant Executive Board Member and Head of Service/Third Tier Manager within 24 hours (unless a specific deadline is specified).

#### Category D

Request relates to information already in the public domain, or to a pre-approved statement. Marketing and Media team to issue a response and notify the relevant Executive Board Member and Head of Service/Third Tier Manager.

The Marketing and Media team should be informed of preferred methods of contact to ensure speed of response, and where possible notified when approvals have been delegated to a deputy or another Senior Officer.

Officers within service areas should be prepared to support the Marketing and Media team with information gathering for enquiries, often at short notice, and may be asked to provide bullet points of relevant details. The Duty Press Officer will draft statements/interview briefs based on this information.

In general, it is the responsibility of the Manager or Head of Service to inform their Senior Officer and Executive Board Member of any issues relevant to their department or portfolio. They may also wish to extend this to ward Members, as they feel appropriate.

#### Statements

Statements will always be attributed to the appropriate Member and/or Senior Officer. The term 'spokesman/spokeswoman' will not be used.

Where matters are of an operational or service-level nature, a statement will be made by the relevant Senior Officer. For all other matters, including matters of policy, statements will be

made by the relevant Executive Board Member or Committee Chair. Statements will not be made on behalf of ward Councillors.

'No comment' is not an acceptable response, unless it is absolutely unavoidable. It is preferable to give a holding comment if information is not available in time for a media deadline. A holding comment will be non-committal, but will acknowledge that the Council is giving the matter concerned its attention.

In general, the statement will only be provided to the journalist that has requested it. However, if there are several requests on the same topic the statement may be published on the Council's Newsroom, or included as part of a press release for general issue. Statements issued by the Council carry the legal defence of 'qualified privilege' so long as

Statements issued by the Council carry the legal defence of 'qualified privilege', so long as they are fair and accurate. This defence also extends to verbal statements made by Local Government Press Officers, so long as they are considered comments.

### Interviews

Where an interview is requested by the media on a specific topic, this will be offered to the relevant Executive Board Member and/or Senior Officer.

As with statements, where matters are of an operational or service-level nature, interviews can be given by the relevant Senior Officer. For all other matters, including matters of policy, interviews should be given by the relevant Executive Board Member or Committee Chair. Efforts will also be made to accommodate media requests for a particular officer, or an officer with particular knowledge or experience on a topic (i.e., about biodiversity). Interviews will always be given in the language requested. Deputies or colleagues should be prepared and briefed to provide Welsh language interviews where the relevant Executive Board Member, Committee Chair or Senior Officer is unable to.

The Marketing and Media team will provide a brief in advance of the interview to give the relevant Member or Officer as much information as possible to allow them to prepare. This should include information, for example, about whether the interview will be live or pre-recorded, whether it will be a direct conversation with a presenter or with a group of people as a debate.

Consideration will be given to location to ensure it is appropriate to the interview topic. On occasions, the Marketing and Media team may accompany interviews to offer support or give further detail, and reserves the right to terminate interviews if required. Where this is the case, a clear explanation should be provided, and the journalist given the opportunity to re-submit their enquiry or request.

#### Requests about decisions at Council meetings

Journalists are encouraged to attend public meetings and watch webcasts of meetings (Full Council, Executive Board, Planning Committee, Dyfed Powys Police and Crime Panel). Where an enquiry relates to a debate or decision made at a Council meeting, journalists will be referred to the relevant webcast archive or minutes (when available). No statements will be provided ahead of a debate at a public meeting, instead journalists will be encouraged to attend or watch the webcast/web archive to gather comments from Councillors as part of the debate.

### Detailed requests/Freedom of Information Act

Where a media enquiry asks for heavily detailed information, the Marketing and Media team may suggest that it is submitted via the Freedom of Information Act.

This should only be the case where enquiries cannot be answered through the normal process, where the response may take significantly longer or require a more in-depth process of investigation by the relevant service area.

The team should make contact with the media organisation and explain why it may be necessary to submit the enquiry under the Freedom of Information Act. Where such an agreement is made, the enquiry should be immediately forwarded to the Freedom of Information Officer, and the enquiry will be dated/timestamped at the point on which it was first received by the Marketing and Media team.

The FOIA response should be copied to the Marketing and Media team for its records.

#### **Recording enquiries**

All media requests and statements/interviews provided will be digitally recorded by the Marketing and Media team and used for future reference.

This will note a number of details, including the nature of the enquiry, who it was submitted by and when, the response provided, who gave the necessary approval, and explanatory notes.

#### Out of hours/emergencies

The Marketing and Media team is contactable out of hours in an emergency. Out of hours support will be actioned by the Marketing and Media Manager, Director or Head of Service, or Civil Contingency Officer.

Routine enquiries will only be dealt with during normal office hours.

Where members of the media are seeking assistance in relation to an emergency during evenings and weekends, they should contact the Council's out of hours call provider Llesiant Delta Wellbeing and messages will be forwarded to the Duty Press Officer.

In the event of an emergency, the Marketing and Media team will send a message to media contacts asking that they follow updates on the Council's Newsroom and social media feeds. In an emergency or ongoing high-profile incident, or where there is widespread disruption owing to extreme weather, the Marketing and Media team will create a 'Situation Update' page on the Council's Newsroom, accessible within the main corporate website.

This will be used as a central place for the publication of news updates throughout the event. Information will also be shared on the Council's social media feeds.

In most events of this nature, the Marketing and Media team will be involved in tactical or strategic command groups, often working as part of a multi-agency response. Where multi-agency communications are required, agreement should be sought from partners (such as police, Natural Resources Wales etc) wherever possible.

### **Press releases**

Despite the change in the media landscape, press releases are still an important and effective method of communication.

Press releases will be issued by the Marketing and Media team on an official template from the central email address/inbox 'pressoffice@carmarthenshire.gov.uk' which will give members of the media the necessary reassurance that it is a legitimate press release. The Marketing and Media team uses a media distribution list of local, regional and national contacts, and has separate distribution lists for specialist topics/trade publications. All press releases will be published on the Newsroom, on the Council's corporate website. Press releases will be factual in nature, or in the style of a feature on a particular topic, but will not include anything that could be construed as politically motivated or biased. They will

not be used to promote political purposes or parties.

Priority will be given to stories that are high profile, in the public interest, identified as a priority within the Executive Board's forward work programme, or have immediate news value. The Marketing and Media team reserves the right to refuse a request for a press release if it is not newsworthy or does not provide value, in which case they will advise of alternative methods of communication that may provide better coverage or engagement, for example a social media post or a video clip.

Press releases will be written in a 'news style' used by the media to secure maximum coverage.

Press releases issued by the Council carry the legal defence of 'qualified privilege', so long as they are fair and accurate.

#### Quotes

Where matters are of an operational or service-level nature, the relevant Officer can be quoted – the level of seniority will depend on the nature of the story. For all other matters, including matters of decision-making and policy, the relevant Executive Board Member or Committee Chair will be quoted.

Generally, press releases will not include quotes from ward Councillors although they may wish to speak to the media directly.

### Approvals

All draft press releases should be fact-checked with the relevant service area, before being sent to the Service Manager or Head of Service, and relevant Executive Board Member, for approval.

A press release with implications for serious reputational damage, or regarding major incident (categories A and B) should also be approved by the relevant Director or Chief Executive and the Leader.

Approval must also be gained from everyone quoted within the press release. In general, it is the responsibility of the Manager or Head of Service to inform their Senior Officer and Executive Board Member of any issues of relevance to their department or portfolio. They may also wish to extend this to ward Councillors, as they feel appropriate. The Marketing and Media team has specialist experience in writing for press, and may on occasions reject requested amends in favour of retaining news style. A full explanation should be given if this is case.

#### Welsh Language Standards

All press releases will be issued bilingually.

In the event of an emergency, where Welsh translation is not immediately available, press releases may be issued in English, although a Welsh version must follow at the earliest opportunity. In this event, the press release should include advice that a Welsh language version will follow.

### Exclusives/media partnerships

The Marketing and Media team works closely with the media to build relationships and secure coverage and exposure of key issues and campaigns.

In order to maximise coverage on a key topic, the Marketing and Media team may, on occasions, pitch a story idea to a particular media organisation or contact and work with them on an 'exclusive' basis. This should only be applied when there is a clear benefit to the Council, and where the same benefit could not be achieved by treating all media equally, or where a media organisation has asked to cover a particular issue and it would not be of widespread interest to other media outlets.

Any paid-for editorial will be arranged and recorded through the Marketing and Media's advertising account. 'Advertorials' will usually be marked as such. All paid-for editorial content will be bilingual, as per Welsh Language Standards. See later section on advertising.

### Embargoes

Although used sparingly, embargoes can be used when journalists may need time to prepare their coverage on a particular issue, or when we are working with a partner organisation to release certain information to the media.

Embargoes are not legally enforceable, although most media outlets will abide by them. These should be discussed with the Director/Executive Board Member as part of the approvals process.

### Monitoring coverage

Press cuttings will not be routinely made or kept except in relation to a particular campaign, but back copies of some printed publications will be kept by the Marketing and Media team for up to three months.

Online coverage will also be monitored.

Particularly positive or negative media coverage will be brought to the attention of Officers in the relevant service area and the Executive Board Member.

### Errors/clarifications

Where a mistake or misrepresentation has been made in a media article, the Marketing and Media team will seek a retraction, clarification or apology. This may require intervention from the Council's Legal Services team.

If a satisfactory response is not provided, the Council reserves the right to issue its own clarification, and to publish this on the Newsroom and on social media, and to take any further action required. Attention will be drawn to the Editor's Code of Practice [Appendix A], and if necessary representation will be made to the relevant media regulator (IPSO, Impress or similar).

### **Covering Council meetings**

The Marketing and Media team will cover key decisions made at Full Council and Executive Board. Reports will be factual and will not include any political debate. Any quotes made at these meetings will be used 'verbatim', and therefore will not require approval. Where a statement is made outside of the meeting, and used within the press release, it should be made clear that the comments were made following the meeting, and in this instance approval will be sought from the relevant Member or Executive Board Member. Press releases will be issued as soon as possible following the meeting.

For all other meetings, the team may issue a press release on a newsworthy topic or by request of the Chair, but information in this instance will be gathered from the agenda and minutes.

Reports of Council meetings carry the legal defence of 'qualified privilege'.

### Covering Council-led prosecutions

When the Council has successfully prosecuted an individual, business or organisation, the Marketing and Media team will create a summary report of proceedings, including any mitigation, and details of sentencing.

Reports should be issued as soon as possible following sentencing and approved by the prosecuting solicitor and relevant Head of Service.

Fair and accurate reports of judicial proceedings held in public, and published contemporaneously (as soon as is practically possible), carry the legal defence of 'absolute privilege'. Reports are 'fair and accurate' if they:

- Present a summary of the cases put by both sides
- Contain no substantial inaccuracies
- Avoids giving disproportionate weight to one side or the other

### Media access to Council proceedings/premises

Any requests made by the media to access, film or record on Council premises should be made via the Marketing and Media team. An online form is available on the Newsroom section of the Council website which requires relevant details and a copy of public liability insurance. See later section on video/filming.

Filming of Council meetings will not be permitted unless otherwise agreed with the relevant Chair.

Members of the media will be treated in the same way as members of the public so far as access to public/private meetings and exempt items are concerned. See Local Government Act 2000.

### Elections

The period between the notice of an election and the election itself should preclude proactive publicity in all its forms of candidates and other politicians involved directly in the election. Publicity should not deal with controversial issues or report views, proposals or recommendations in such a way that identifies them with individual Members or groups of Members. However, it is acceptable for the Authority to respond in appropriate circumstances to events and legitimate service enquiries provided that their answers are factual and not party political.

Members holding key political positions should be able to comment in an emergency or where there is a genuine need for a Member level response to an important event outside the Authority's control. Proactive events arranged in this period should not involve Members, AMs or MPs.

Specific guidance and advice is available for staff and Members from the Electoral Services team. This may be shared with the media.

### **Events**

Generally, events should be organised by the relevant service area. The Marketing and Media team will provide PR support where required, including booking a photographer. The Marketing and Media team coordinates major events on behalf of the Authority and may organise high profile events that cross a number of departments, where there is an opportunity to raise the profile of the Council, or where the Council's reputation could be at risk.

Events where Councillors are required to attend should be arranged by (or with) the Democratic Services Unit to ensure appropriate information and guidance is available for Members.

See Appendix B (Invitations to a Photo Call) and Appendix C (Invitations to Events) for further guidance.

# Social Media

The Marketing and Media team manage social media on behalf of the Authority overall, although some approved accounts are managed by relevant service areas.

Care should be taken to ensure any information published on social media is accurate, fair, legal and appropriate. The Council's <u>Social Media Policy</u> must be adhered to at all times. As well as being used as a promotion and engagement method, social media is increasingly used by members of the public to contact the Council. This type of enquiry is handled by the customer service team within Marketing and Media.

Further information can be found within the Council's Social Media Policy and Best Practice Guidelines.

# Photography and Filming

Good quality photography and video are an important element of most Marketing and Media work and almost always ensures greater media coverage and engagement on digital channels, such as websites and social media feeds.

The Marketing and Media team operates a photography framework to commission freelance photographers, therefore it is important that any paid photography work commissioned by any department utilises this framework. The team also records video footage of events or interviews with Members, staff, and members of the public, or commissions a private company to record video on their behalf.

The Marketing and Media team will identify whether photographs or video footage is required to accompany a press release (whether it has news value and is likely to be used by the media) or whether the image or video can be used for marketing purposes (i.e., as part of a tourism campaign). If this is the case, the Marketing and Media team will advise and take the lead on bookings.

Where a photograph or video is not required for the media, or marketing purposes identified by the Marketing and Media team, each service area must arrange and pay for such services using the Council's approved framework.

#### Photographs for media

Photographs intended for use in the media have the best effect when minimal people are included in the frame. The Marketing and Media team will advise about who should be included in the image. This will usually involve the invitation of the Executive Board Member/s and Senior Officers, as well as any partners (See Appendix B – Invitations to a Photo Call). Priority should be given to the Executive Board Member/s or Senior Officer. The media may have a particular request for an image, and to ensure maximum coverage we will endeavour to meet their request. This may involve images that don't include Councillors. A brief will be agreed with the department and the photographer in advance. To ensure Marketing and Media maintains control of images they commission from a framework photographer, no members of staff are permitted to take their own versions of a photograph that has been set up. A copy of the agreed photograph can be sent on the relevant service by Marketing and Media.

#### Photography and filming for campaigns, reports or graphic displays

Where photographs or video are required to support a particular campaign, or for use in corporate documents or displays, there is no requirement to invite Members or Officers. Anyone commissioning photography or filming for this purpose should seek advice from Marketing and Media team about specific requirements. A brief will be agreed with the department and the photographer/production company in advance.

#### Providing a clear brief

A detailed brief must be provided for all photography and filming commissions, setting out the expectations from the photographer or production company, both in terms of the images/footage required and the agreed time requirement and cost. A template is available for staff on the Intranet. The photographer/production company will only supply images or video as per this agreed brief. Please be aware that further requests made on the day may be subject to extra charges.

# Use of images and storage of images and footage – copyright and General Data Protection Regulations (GDPR)

Copyright of all images and video supplied to the Council by commissioned photographers or production companies, or shot by staff during their working day (for work purposes), belongs to Carmarthenshire County Council.

Members of staff who take photographs or video during their working day for work purposes will be required to assign the copyright of their images/footage to Carmarthenshire County Council, and must ensure copyright and GDPR legislation is upheld in the same way as contracted photographers or production companies.

Members of staff are not permitted to use their own personal devices or equipment to download or store images or footage for work purposes to ensure compliance with this legislation.

All members of staff have a legal duty to ensure that any images or footage they use for publicity either belongs to Carmarthenshire County Council, has specific consent for use (implied consent or credit is not sufficient), or is clearly marked as copyright/royalty free. Images or footage must not be downloaded from third-party websites, including Google, and used without permission as this could have legal implications for the Council.

Images or footage sent to the media and shared on websites and social media, should only be used in the context of which they were released. In all cases, copyright will remain with Carmarthenshire County Council.

Anyone included in a photograph or video should give their consent and be given a reasonable explanation about how and where the image/footage might be used. This also applies to members of staff using photographs or video within their own publications or digital platforms, or submitting to the Marketing and Media team for use in corporate publicity. Particular care should be taken when re-using images or footage taken more than six months previous to ensure consent is still in place.

To ensure compliance with copyright and GDPR legislation, all photographs and footage must be stored by the Marketing and Media team together with relevant file information to ease retrieval.

See the Marketing and Media team's Privacy Notice for information about storage and use of photographs and video, in relation to compliance of GDPR.

## Requests for photography and filming on Council premises

Any person who is not employed by Carmarthenshire County Council and wants to take photographs or film on Council-owned property and land for the purpose of publicity or to share publicly (whether on a commercial or non-commercial basis) should first seek permission from the Marketing and Media team who will liaise with the relevant Service Manager. The Council will need to be satisfied that there is a legitimate reason for the request, that relevant risk assessments have been undertaken, that there is adequate Public Liability Insurance cover for the activity, and that all necessary consents from members of the public are in place to ensure compliance with GDPR.

An e-form is available on the Council's website for media and external companies to request permission for photography and filming. In all cases, we will endeavour to assist and have permissions in place before the specified dates, and as such sufficient time should be allowed.

# Advertising

The advertising function is managed centrally by the Marketing and Media team and all requests for promotional advertising and statutory advertising, notices and vacancies should be made to them. This includes printed, social, digital and broadcast. This is to ensure all money spent on advertising is effective value for money to contain corporate spend, and so that it is recorded for audit purposes.

It ensures that there is consistency in the style and content of advertisements, that they are in line with corporate guidelines regarding branding and Welsh Language Standards, and allows the Council to more effectively manage its use of advertising.

Each request to advertise is considered by the Marketing and Media team based on criteria including circulation data, value for money, whether or not it is appropriate to advertise, what means of advertising is the most appropriate, timelines, whether evaluation and monitoring is in place, whether evidence of effectiveness is available, or whether promotion could be achieved via another method such as press, web or social media.

According to the Code of Recommended Practice on Local Authority Publicity in Wales, any decision to take advertising space in a publication produced by a voluntary, industrial or commercial organisation should only be made on the grounds it provides an effective and efficient means of securing the desired publicity.

This page is intentionally left blank

The Independent Press Standards Organisation (IPSO), as regulator, is charged with enforcing the following Code of Practice, which was framed by the Editors' Code of Practice Committee and is enshrined in the contractual agreement between IPSO and newspaper, magazine and electronic news publishers.

#### Preamble

The Code – including this preamble and the public interest exceptions below – sets the framework for the highest professional standards that members of the press subscribing to the Independent Press Standards Organisation have undertaken to maintain. It is the cornerstone of the system of voluntary self-regulation to which they have made a binding contractual commitment. It balances both the rights of the individual and the public's right to know.

To achieve that balance, it is essential that an agreed Code be honoured not only to the letter, but in the full spirit. It should be interpreted neither so narrowly as to compromise its commitment to respect the rights of the individual, nor so broadly that it infringes the fundamental right to freedom of expression – such as to inform, to be partisan, to challenge, shock, be satirical and to entertain – or prevents publication in the public interest.

It is the responsibility of editors and publishers to apply the Code to editorial material in both printed and online versions of their publications. They should take care to ensure it is observed rigorously by all editorial staff and external contributors, including non-journalists.

Editors must maintain in-house procedures to resolve complaints swiftly and, where required to do so, cooperate with IPSO. A publication subject to an adverse adjudication must publish it in full and with due prominence, as required by IPSO.

#### 1. Accuracy

- The Press must take care not to publish inaccurate, misleading or distorted information or images, including headlines not supported by the text.
- A significant inaccuracy, misleading statement or distortion must be corrected, promptly and with due prominence, and – where appropriate – an apology published. In cases involving IPSO, due prominence should be as required by the regulator.
- iii) A fair opportunity to reply to significant inaccuracies should be given, when reasonably called for.
- iv) The Press, while free to editorialise and campaign, must distinguish clearly between comment, conjecture and fact.
- A publication must report fairly and accurately the outcome of an action for defamation to which it has been a party, unless an agreed settlement states otherwise, or an agreed statement is published.

#### 2. \*Privacy

- Everyone is entitled to respect for his or her private and family life, home, health and correspondence, including digital communications.
- Editors will be expected to justify intrusions into any individual's private life without consent. Account will be taken of the complainant's own public disclosures of information.
- iii) It is unacceptable to photograph individuals, without their consent, in public or private places where there is a reasonable expectation of privacy.

#### 3. \*Harassment

- i) Journalists must not engage in intimidation, harassment or persistent pursuit.
- ii) They must not persist in questioning, telephoning, pursuing or photographing individuals once asked to desist; nor remain on property when asked to leave and must not follow them. If requested, they must identify themselves and whom they represent.
- iii) Editors must ensure these principles are observed by those working for them and take care not to use non-compliant material from other sources.

#### 4. Intrusion into grief or shock

In cases involving personal grief or shock, enquiries and approaches must be made with sympathy and discretion and publication handled sensitively. These provisions should not restrict the right to report legal proceedings.

#### 5. \*Reporting suicide

When reporting suicide, to prevent simulative acts care should be taken to avoid excessive detail of the method used, while taking into account the media's right to report legal proceedings.

#### 6. \*Children

- All pupils should be free to complete their time at school without unnecessary intrusion.
- ii) They must not be approached or photographed at school without permission of the school authorities.
- iii) Children under 16 must not be interviewed or photographed on issues involving their own or another child's welfare unless a custodial parent or similarly responsible adult consents.
- iv) Children under 16 must not be paid for material involving their welfare, nor parents or guardians for material about their children or wards, unless it is clearly in the child's interest.
- v) Editors must not use the fame, notoriety or position of a parent or guardian as sole justification for publishing details of a child's private life.

#### 7. \*Children in sex cases

- The press must not, even if legally free to do so, identify children under 16 who are victims or witnesses in cases involving sex offences.
- In any press report of a case involving a sexual offence against a child –
- i) The child must not be identified.
- ii) The adult may be identified.
- iii) The word "incest" must not be used where a child victim might be identified.
- iv) Care must be taken that nothing in the report implies the relationship between the accused and the child.

#### 8. \*Hospitals

- Journalists must identify themselves and obtain permission from a responsible executive before entering non-public areas of hospitals or similar institutions to pursue enquiries.
- The restrictions on intruding into privacy are particularly relevant to enquiries about individuals in hospitals or similar institutions.

#### 9. \*Reporting of Crime

- Relatives or friends of persons convicted or accused of crime should not generally be identified without their consent, unless they are genuinely relevant to the story.
- Particular regard should be paid to the potentially vulnerable position of children who witness, or are victims of, crime. This should not restrict the right to report legal proceedings.

#### 10. \*Clandestine devices and subterfuge

- i) The press must not seek to obtain or publish material acquired by using hidden cameras or clandestine listening devices; or by intercepting private or mobile telephone calls, messages or emails; or by the unauthorised removal of documents or photographs; or by accessing digitally-held information without consent.
- Engaging in misrepresentation or subterfuge, including by agents or intermediaries, can generally be justified only in the public interest and then only when the material cannot be obtained by other means.

#### 11. Victims of sexual assault

The press must not identify victims of sexual assault or publish material likely to contribute to such identification unless there is adequate justification and they are legally free to do so.

#### 12. Discrimination

- The press must avoid prejudicial or pejorative reference to an individual's, race, colour, religion, sex, gender identity, sexual orientation or to any physical or mental illness or disability.
- Details of an individual's race, colour, religion, gender identity, sexual orientation, physical or mental illness or disability must be avoided unless genuinely relevant to the story.

#### 13. Financial journalism

- Even where the law does not prohibit it, journalists must not use for their own profit financial information they receive in advance of its general publication, nor should they pass such information to others.
- ii) They must not write about shares or securities in whose performance they know that they or their close families have a significant financial interest without disclosing the interest to the editor or financial editor.
- iii) They must not buy or sell, either directly or through nominees or agents, shares or securities about which they have written recently or about which they intend to write in the near future.

#### 14. Confidential sources

Journalists have a moral obligation to protect confidential sources of information.

#### 15. Witness payments in criminal trials

- i) No payment or offer of payment to a witness or any person who may reasonably be expected to be called as a witness – should be made in any case once proceedings are active as defined by the Contempt of Court Act 1981. This prohibition lasts until the suspect has been freed unconditionally by police without charge or bail or the proceedings are otherwise discontinued; or has entered a guilty plea to the court; or, in the event of a not guilty plea, the court has announced its verdict.
- \*ii) Where proceedings are not yet active but are likely and foreseeable, editors must not make or offer payment to any person who may reasonably be expected to be called as a witness, unless the information concerned ought demonstrably to be published in the public interest and there is an
  - over-riding need to make or promise payment for this to be done; and all reasonable steps have been taken to ensure no financial dealings influence the evidence those witnesses give. In no circumstances should such payment be conditional on the outcome of a trial.
- \*iii) Any payment or offer of payment made to a person later cited to give evidence in proceedings must be disclosed to the prosecution and defence. The witness must be advised of this requirement.

#### 16. \*Payment to criminals

- Payment or offers of payment for stories, pictures or information which seek to exploit a particular crime or to glorify or glamorise crime in general, must not be made directly or via agents to convicted or confessed criminals or to their associates – who may include family, friends and colleagues.
- Editors invoking the public interest to justify payment or offers would need to demonstrate that there was good reason to believe the public interest would be served. If, despite payment, no public interest emerged, then the material should not be published.

#### The public interest

There may be exceptions to the clauses marked  $^{\ast}$  where they can be demonstrated to be in the public interest.

- 1. The public interest includes, but is not confined to:
- i. Detecting or exposing crime, or the threat of crime, or serious impropriety.
- ii. Protecting public health or safety.
- iii. Protecting the public from being misled by an action or statement of an individual or organisation.
- iv. Disclosing a person or organisation's failure or likely failure to comply with any obligation to which they are subject.
- v. Disclosing a miscarriage of justice.
- Raising or contributing to a matter of public debate, including serious cases of impropriety, unethical conduct or incompetence concerning the public.
- vii. Disclosing concealment, or likely concealment, of any of the above.
- There is a public interest in freedom of expression itself.
   The regulator will consider the extent to which material
- is already in the public domain or will or will become so.
- 4. Editors invoking the public interest will need to demonstrate that they reasonably believed publication – or journalistic activity taken with a view to publication – would both serve, and be proportionate to, the public interest and explain how they reached that decision at the time.
- An exceptional public program ultrand to be demonstrated to over-ride the normally paramount interests of children under 16.

#### Appendix B - Invitations to a Photo Call

The following table should be used for guidance when inviting Members, Officers and Partners to attend a photo call for media coverage.

Our aim is to not exceed six people in a press/social image. Please be mindful of causing embarrassment by inviting additional parties without prior agreement with the Marketing and Media team. Please refer to the 'Photography and Filming' section of the Press and Media Protocol for further guidance.

Invitations should be extended to the following, in order of priority

1<sup>st</sup> priority / 2<sup>nd</sup> priority / 3<sup>rd</sup> priority / 4<sup>th</sup> priority

|  | Major event | Official<br>openings/launches | Cutting of the<br>sod/development or<br>project launch | Local event |
|--|-------------|-------------------------------|--|-------------|
| Leader                                       | 1           | 1                             | 1  |             |
| Relevant Executive Board Member(s)           | 1           | 1                             | 1  | 1           |
| (2 max, incl. leader)                        |             |                               |  |             |
| Chairman                                     | 1           | 1                             |  | 1           |
| Vice Chairman                                | 2           | 2                             |  | 2           |
| Relevant Ward Member(s)                      |             | 1                             | 1  | 1           |
| Chief Executive                              | 1           | 1                             | 1  |             |
| Relevant Director(s)                         | 2           | 2                             | 2  |             |
| Relevant Head(s) of Service                  | 3           | 3                             | 3  |             |
| Service Manager/Senior Officer               | 4           | 4                             | 4  |             |
| Partner or project representative(s) (2 max) | 1           | 1                             | 1  | 1           |

#### Explanatory notes

Major events – for example, large audience, county-wide/national interest

Official openings/launches – for example, school or new building and facility openings

Cutting of the sod/development or project launch – for example, start of works on new schools/buildings, small project launches

Local events – for example, flag raising ceremonies, open days, local interest, community events supported CCC

# Executive Board 20<sup>th</sup> January 2020

# **Council's Revenue Budget Monitoring Report**

# **Recommendations / key decisions required:**

That the Executive Board receives the Budget Monitoring report and considers the budgetary position and appropriate corrective action.

In light of the current forecast of a potential significant overspend at departmental level, Chief Officers and Heads of Service continue to critically review their budgetary positions and implement appropriate mitigating actions to deliver their services within their allocated budgets as a matter of urgency.

## Reasons:

To provide the Executive Board with an update on the latest budgetary position as at 31<sup>st</sup> October 2019, in respect of 2019/2020.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru YOUR COUNCIL doitonline www.carmarthenshire.gov.wales

# EXECUTIVE SUMMARY Executive Board 20<sup>th</sup> January 2020

The revenue budget monitoring reports for the period to 31st October 2019 are attached and indicate that:

## COUNCIL FUND REVENUE ACCOUNT (Appendix A)

Overall, the monitoring report forecasts an end of year overspend of £3,512k on the Authority's net revenue budget with an overspend at departmental level of £5,035k. The most significant pressure points are within Education and Children's Services and the department needs to critically examine the current forecasted position.

## Chief Executive's Department

The Chief Executive Department is anticipating an underspend of £18k for the year. This is made up of a £339k overspend relating to non-delivery of Corporate Savings and a £357k net underspend on operational budgets.

**Corporate Savings:** £290k Non-delivery of the efficiency proposal in relation to Health & Safety and a £49k shortfall in Standby efficiency delivery.

Operational budgets (£357k underspend):

The Chief Executive's section are anticipating an underspend of £4k due to a small saving on supplies and services.

There is an anticipated £20k underspend in the People Management section. This is largely due to a saving on supplies and services within Business and Projects support of £16k and other very small underspends.

The ICT & Corporate Policy section are anticipating a £125k underspend due to part year vacant posts within the division.

Admin and Law are anticipating an underpend of £37k, this includes an £18k overspend on Land Charges due to a decline in demand for searches, and a £36k overspend in Legal services as a result of an additional responsibility allowance and a regrading not being budgeted for. There were also small overspends on Democratic Services Support and Civic Ceremonial. This is offset by a £104k underspend in Democratic services on printing, Members allowances and an increase in Members time charged to the HRA.

The Marketing and Media section are anticipating a £21k net overspend. This is largely due to an overspend of £120k within Marketing and Media on salary costs pending a staffing review within the whole division and also a loss of income streams from external partners (e.g. £80k from ERW) however potential alternative income streams are currently being sought. This is offset by an underspend on staffing costs in the Customer Services centres of £42k, £35k underspend within the Translation unit, and £25k within Marketing Tourism Development all due to vacant posts. These will all form part of the divisional staffing review due to be completed during this financial year.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

**YOUR COUNCIL doitonline** www.carmarthenshire.gov.wales

Page 50

The Electoral Services section is anticipating a £123k underspend for this financial year. This is due to £40k of additional income within Registrars following a statutory increase in fees, a £37k underspend in Electoral Services due to vacant posts and a £25k underspend on Coroners fees which fluctuates according to demand for the service. There is also an anticipated £20k underspend on Registration of Electors following receipt of a contribution from the Cabinet Office towards the costs of Individual electoral registration.

The Regeneration division is anticipating a £68k underspend for the year. This is made up of an overspend of £27k due to costs associated with meeting the Authority's objective to reduce carbon emissions in the forthcoming years; a net £27k overspend on admin buildings mainly due to a proposed rental income efficiency for Ty'r Nant no longer being achievable as the building is in the process of being sold; a £149k overspend at Nantyci Livestock market due to an anticipated shortfall in rental income and a £61k overspend on Provision Markets due to a reduction in lettings income as a result of market forces dictating that lettings rates are unable to keep up with budgeted income targets. This is offset by additional income of £147k in commercial properties and £110k in Industrial Premises due to high occupancy levels. There is also an anticipated £27k underspend on Regeneration Management due to staff time being charged to the City Deal project and a vacant post in Property resulting in a £47k underspend.

## **Department for Communities**

The Department for Communities is projecting an £982k overspend for the year

Performance data shows increased demographic pressure on demand in line with national information that shows a year on year increase in Older People of 3.4%. Cost of agency staff at residential homes is expected to be £228k overspent due to workforce recruitment issues in parts of the county. There has been a significant increase in demand for domiciliary care that has only been partly offset by a fall in residential care placements, £237k overspend. Integrated Care Fund initiatives such as Releasing Time to Care resulting in lower demand e.g. for double handed care packages are being applied to try to reduce these costs. Private sector homes are also feeling the impact of greater demand predicting £213k overspend.

Physical Disabilities services hold several vacancies (mainly occupational therapists) resulting in £68k savings. Performance data shows pressure on demand for Direct Payments with this client group which will result in an overspend of £150k.

In Learning Disability services there is an overspend in Employment & Training re slower than anticipated delivery of savings of £109k; staff vacancies across the Division of -£134k, and pressures on packages of care of £50k resulting in the LD net overspend of £25k.

Professional fees relating to increased number of Deprivation of Liberty Standards (DoLS) referrals will result in an overspend of £16k.

Leisure Services are predicting a nil variance.

Housing & Public Protection Services are predicting a £3k underspend.

## **Corporate Services**

The Corporate Services Department is projecting a £686k underspend for the year.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

**YOUR COUNCIL doitonline** www.carmarthenshire.gov.wales This is due to £447k of vacant posts, a £190k underspend in pre LGR pension costs, a £17k underspend on grant audit fees and a £9k reduction in our new bank contract costs. There is also £35k of net additional income from a new S151 support arrangement with M&WWFA.

## Department for Education and Children

The Department for Education and Children is forecasting a net overspend of £1,082k at year end.

The main adverse budget variations relate to: increased demand for Special Educational Needs provision £676k; school based EVR and redundancy costs £86k; Education Other Than At School £166k; School Modernisation property decommissioning costs £105k; One off net balances of closed schools transferring back to the department £53k; School Meals & breakfast service sickness cover and kitchens' maintenance £77k ; Music Service running costs (mainly staff) exceeding the SLA income from schools by £166k; Dispute with LHB regarding the partnership arrangement for Garreglwyd Residential Unit £78k; Legal costs within Childrens' Services £58k based on year to date demand.

This is partially offset by staff vacancies and the utilisation of additional grants and external income to support core spend -£359k.

## Schools Delegated Budgets

Schools working budgets are predicting a net overspend in year of approximately £3m. The year-end position 2018/19 resulted in a net deficit on school reserves of £373k which is a significant change from the historical situation of holding healthy school reserves within the balance sheet. The position is being considered in detail by the Directors in liaison with Portfolio Members, and a further report with corrective actions will be presented at the earliest opportunity.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru YOUR COUNCIL doitonline www.carmarthenshire.gov.wales

#### **Environment**

The department is anticipating an overspend of £675k for the financial year, largely due to pressures within Planning and School Transport.

The Waste and Environmental Services division is projecting a £115k overspend. There is a £56k anticipated overspend on green waste collection as it is not yet self-financing and a third vehicle has now been introduced to cater for potential additional customers. The cleansing service is overspent by £63k. Service reviews have commenced to look at ways to reduce costs within the service. The Sustainable Drainage Approval Body Unit is likely to overspend by £70k for the year due to anticipated income not materialising based on current income trends. Landfill sites are also predicted to overspend by £8k. This is offset by an anticipated underspend of £83k on public conveniences as a result of the capital repayment element being deducted from the Danfo final quarter cost, due to the end of the contract term.

Highways and Transportation are anticipating a £158k overspend for the year. This is down to a projected £297k overspend on school transport due to increases in the number of pupils with additional learning needs, a number of successful appeals along with increased contractor costs and an increased minimum wage. There is also a £92k anticipated overspend in car parks due to the temporary loss of spaces in St Peters car park and also a general reduction in the volume of car parking fees. There has also been vacant Civil Enforcement Officers posts during the year leading to a reduction in penalty charge notices income. This is offset by a £130k underspend on Traffic Management due to an increase in income from Traffic regulation orders and salary savings on 2 vacant posts during the year. Street Works and Highways adoption are also anticipating an £82k underspend due to additional income from highway adoption agreements.

Planning Division is anticipating a £407k overspend for the year. There is a projected £446k shortfall in development management income, but this overspend is partially offset by additional income generated from running training courses at the Tywi centre.

The Business Support Division is expecting to be £31k underspent largely due to a few short term vacant posts during the year.

## **HOUSING REVENUE ACCOUNT** (Appendix B)

The HRA is predicting to be underspent by £333k for 2019/20. Repairs and Maintenance is likely to be overspent by £83k mainly due to additional servicing/breakdown costs; Supervision & Management is projecting an underspend of £10k mainly due to staff related travelling costs. Provision for bad debt will be underspent by £14k. Capital financing charges will be £333k less than budgeted due to a slight reduction in interest rates and an underspend on the capital programme.

Income (inclusive of rents) will be increased by approximately £59k.

Lists of the main variances are attached to this report.

### EXECUTIVE SUMMARY Executive Board 20<sup>th</sup> January 2020

This report provides an update on the Capital programme spend against budget for 2019/20 as at the 31<sup>st</sup> October 2019.

**Appendix A** which is shown departmentally, shows a forecasted net spend of £63,753k compared with a working net budget of £64,304k giving a -**£551k** variance.

The net budget has been re-profiled by £4.848m from 2019/20 to future years to take account of updated spend profile information and the budget slippage from 2018/19 is also included within the attached figures.

There is also an Education and CS budget re-profiling exercise currently being undertaken to reflect the progress of schemes within the 5 year capital programme on the MEP programme.

Appendix B details the main variances within each department.

DETAILED REPORT ATTACHED ?

## Agenda Item 10

### EXECUTIVE BOARD 20<sup>TH</sup> JANUARY, 2020

### SUBJECT:

### CONSIDERATION OF OBJECTIONS TO THE COUNTY OF CARMARTHENSHIRE (OFF-STREET PARKING PLACES) (VARIOUS CAR PARKS, CARMARTHENSHIRE) CONSOLIDATION (VARIATION NO. 4) ORDER

### **Recommendations / key decisions required:**

That the Executive Board:

- i. Determine the objections received in relation to the car parks specified in paragraph 1(i) of the Report Summary detailed below.
- **ii.** With exception to the car parks referred to in paragraphs 3.4.1, 3.7.1 and 3.8.1 of the Report Summary, resolve to implement the proposals as described in the draft order detailed in Appendix 1 in relation to the remaining car parks specified in paragraphs 1(i) and (ii) of the said Report Summary.

### **Reasons:**

- The introduction of the order will improve safety and aid the orderly parking of vehicles at these locations.
- The objections have either been accepted, with parking places removed, or mitigated by ensuring that some free points of access to the MCP coastal path remain, along with a seasonal pass that allows parking for as little as 11p a day for regular users.

### EXECUTIVE SUMMARY EXECUTIVE BOARD 20<sup>TH</sup> JANUARY, 2020

### SUBJECT:

### CONSIDERATION OF OBJECTIONS TO THE COUNTY OF CARMARTHENSHIRE (OFF-STREET PARKING PLACES) (VARIOUS CAR PARKS, CARMARTHENSHIRE) CONSOLIDATION (VARIATION NO. 4) ORDER

#### 1. Purpose

It should be noted that the following places were considered by the EBM for Environment on the 10<sup>th</sup> May 2019, with a decision made to approve the proposed orders at these locations:

- Parc Myrddin North, Carmarthen (plan 1, appendix 2)
- Parc Myrddin Registrars, Carmarthen (plan1)
- Selwyn Samuel, Llanelli (plan 10)
- Dafen Inn Row, Llanelli (plan 11b)

This report is to determine objections received to the off-street car parking order proposed at the following leisure locations within Carmarthenshire and whether to implement the same:

- (i) Objections received for proposals at:
  - a) Burry Port Harbour (plan 6 West car park; plan 7 East car park);
  - b) Woodlands, Burry Port (plan 5);
  - c) Shoreline, Burry Port (plan 4);
  - d) Festival Fields, Llanelli (plan 8);
  - e) Rotary Way, outside Pembrey Country Park (plan 2);
  - f) Mynydd Mawr, Woodlands, Tumble (plan 14);
  - g) Mynydd Mawr Woodlands, Cefneithin (plan 15)
  - h) North Dock, Llanelli (plan 9)
- (ii) No objections received to the following, where amendments to existing orders are proposed in the form of charging hours (all now applicable for 24 hr charging), changes to maximum waiting periods; or extending existing order areas. This is to help manage overnight parking at such sites
  - a) Sandy Water Park, Llanelli (plan 16);
  - b) Llyn Llech Owain (plan 12) changed from 10 to 8 hrs max stay;
  - c) Pendine (plan 13) changed from 10 to 8 hours max stay (N.B. this car park will be the subject of a subsequent parking order as part of the Pendine Attractor development which will reconfigure the parking area and potentially operate as an ANPR facility, however, this current proposal provides for enforcement of max staying period as per current plan during this interim period);
  - d) Bynea (plan 11).

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

(iii) Full details of the proposed or amended restrictions relating to the car parks subject to this report are listed in Appendix 1 hereto with locations illustrated on the plans in Appendix 2. The purpose of the proposed order is to improve safety and aid the orderly parking of vehicles at these locations, where difficulties have been noted previously in terms of disorderly parking, causing potential risk to users, staff and emergency services. The proposals also help protect the environment where disorderly parking takes place on ecologically sensitive verges and encourages the use of more sustainable access routes such as cycle networks, all of which aligns with the Well-being of Future Generations Act.

### 2. Consultation

The proposals are detailed in the public notice which was published on the 27<sup>th</sup> February 2019 with a closing date of 22<sup>nd</sup> March 2019, a copy of which appears in Appendix 1.

#### 3. Objections and comments

3.1. During the consultation period the Council's Head of Administration and Law received one hundred and seventy (170) objections, including a petition of fifty-five (55) names against the advertised proposals. These are summarised with comments in Appendix 4.

3.1.1 The draft Legal Order advertised indicated a £40 charge for a Season Ticket however this has been set at £37.50, as part of the Leisure Charging Digest, with the agreement of the Executive Board Member for Culture, Sport and Tourism.

3.2 A summary of the objections and the rationale for recommended decisions are explained below. All the objections apply to proposed *new* parking orders, apart from Burry Port Harbour, which is an amendment to the maximum waiting period on an *existing* order. There is clear evidence of comments and objections being fully acknowledged and considered as part of this process, with remedial actions, or in some instances the withdrawal of the proposed order at certain sites, evident from the recommendations put forward.

3.3 Appendix 3 is the equalities impact assessment underpinning this proposal, which also provides mitigation and rationale for many of the objections raised.

### 3.2.1. Burry Port harbour car parks (West and East)

3.2.1.1. The objectors state that the proposals will affect tourism in the area, as people will not be able to afford to park, and that the car park should remain free. They also state that there will be a displacement of vehicles should the charges be introduced, as well as affecting senior citizens with disabilities - a discounted annual pass should be available if the charges are introduced.

3.2.1.2. **Recommendation:** Implement the proposals as described in Appendix 1 (West car park to change from 4 to 8 hours max waiting period; East car park – extend parking order zone to create additional parking). There are already orders in place (2014) to charge for both existing West and East car park. An annual pass is available at £37.50 per annum (less than 11p per day) as part of the proposal. Limited free parking is available along the nearby highway network, and will also remain at Shoreline car park (3.4.1).

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

**YOUR COUNCIL doitonline** www.carmarthenshire.gov.wales

Page 86

### 3.3.1 Woodlands car park, Burry Port

3.3.1.1 The objectors are of the opinion that this is the last car park you can use for free in the area and that the charges will have an impact on the community. The proposals will reduce the wellbeing of the local community and is a step backwards in terms of the Council's Wellbeing of Future Generations agenda.

3.3.1.2 **Recommendation:** Implement the proposals as described in Appendix 1 – adding order to an existing unmanaged parking place. Limited free parking is also available on the local highway network and will also remain at Shoreline car park (3.4.1) for people to access the Millennium Coastal path.

### 3.4.1 Shoreline car park, Pembrey

3.4.1.1 The objectors state that the car park should be kept free to encourage healthy living and for free access to the coastal path.

3.4.1.2 **Recommendation:** Remove proposal from the parking order and monitor impact.

#### 3.5.1 Festival Fields, Llanelli

3.5.1.1 Objectors state that the charges are detrimental to health and wellbeing and would have a disproportionate effect on disabled users due to barriers on pavement near entrance.

3.5.1.2 **Recommendation:** Implement the proposals as described in Appendix 1 - adding order to an existing unmanaged parking place. Any physical barriers will be removed or remodelled to ensure equal access for disabled users as part of this proposal. An annual pass is available at £37.50 per annum (less than 11p per day) as part of the proposals. Limited free parking is also available on the local highway network.

### 3.6.1 Rotary Way car park, Pembrey Country Park

3.6.1.1 The objectors state that the proposals discourage the use of the coastal path, and that the charges will be diminished by the cost of installation, collection of fees and enforcement. No provision for horse riders. Charges are a concern for dog walkers and to local people on low income. Financial burden to students, social aspects as well as health.

3.6.1.2 **Recommendation**: Implement the proposals as described in Appendix 1 - adding order to an existing unmanaged parking place. An annual pass is available at £37.50 per annum (less than 11p per day) as part of the proposals. There are proposals in place to introduce a parking bay for horse boxes opposite the entrance to the car park as part of this proposal. Free parking exists at Penybedd Woods at the other end of Factory Road, as well as numerous other access points along the coastal path for dog walkers and the public alike.

### 3.7.1 Woodlands car park, Mynydd Mawr, Tumble

3.7.1.1 Objectors state that there are no toilet or disabled facilities at this location. The area is a public space and vehicles will park in other locations in Tumble to avoid payment.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

3.7.1.2 **Recommendation:** Would have been a new order. Remove proposals for Woodlands car park, Mynydd Mawr, Tumble, from the off-street car parking order and monitor impact.

### 3.8.1 Woodlands car park, Cefneithin

3.8.1.1 Objectors consider that the proposals will cause health concerns for local residents.

3.8.1.2 **Recommendation:** Would have been a new order. Remove proposals for Woodlands car park, Cefneithin, from the off-street car parking order and monitor impact.

### 3.9.1 North Dock, Llanelli

3.9.1.1 One objector argues that order was not clear on map.

3.9.2 **Recommendation:** Implement the proposals as described in Appendix 1so far as they relate to the car parks subject to this report – extending scope of existing order in the vicinity to incorporate all spaces currently used for parking. Map defines all proposed parking areas. Proposal will also allow for improved, dedicated provision for Blue Badge users at car park overlooking the estuary.

#### 4. Recommendations

That the Executive Board:

- Determine the objections received in relation to the car parks specified in paragraph 1(i) of the Report Summary detailed below.
- With exception to the car parks referred to in paragraphs 3.4.1, 3.7.1 and 3.8.1 of the Report Summary resolve to implement the proposals as described in the draft order detailed in Appendix 1 in relation to the remaining car parks specified in paragraphs 1(i) and (ii) of the said Report Summary

#### 2. Legal

The Traffic Regulation Order to be introduced by the Head of Administration and Law.

#### 3. Finance

All costs associated with the introduction of this on-street car parking order to be funded by the Communities Department. It is reasonable to a small fee for regulated parking facilities to administer and maintain their effective use. Fees and charges raised at these locations are re-invested back into the Millennium Coastal Park.

#### 5. Risk management issues

A Traffic Regulation order is being introduced to improve orderly parking of vehicles at these locations.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

### CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below

| Signed: | S. G. Pilliner | Head of Highways and Transport |
|---------|----------------|--------------------------------|
|         | lan Jones      | Head of Leisure                |

### 1. Scrutiny Committee

N/A

#### 2. Local Member(s)

Cllr Shirley Mathews Cllr Huw Shepardson Cllr Penny Edwards Cllr Susan Phillips Cllr Rob Evans Cllr Emlyn Dole Cllr Dot Jones Cllr Jane Tremlett No objections received Cllrs John James and Amanda Fox both object to the proposals for the car parks in their area.

#### 3. Community / Town Council

Llanelli Rural council - No objections received

**Pembrey and Burry port Town Council object** to the proposals in their area stating that it will disadvantage local people who use these places to benefit from walking and cycling, as well as those on low income or who are elderly will be disproportionally affected. They also consider that the areas in question are not of a sufficient standard to be considered official car parks that should be charged for.

#### 4. Relevant Partners

Roads Policing Unit Mid and West Wales Fire and Rescue Service NHS Wales Ambulance Service Carmarthenshire Disability Partnership Bus operators

No objections received

Lee Waters AM objects to the proposals stating that the parking facilities are currently free and should the proposals be introduced, that there would be virtually no free access to our beaches in the Llanelli constituency. Local people use these car parks to access the outdoors for recreation, which has physical and mental health benefits.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

**Nia Griffiths MP also objects** stating that these areas are well used by local residents and volunteer groups who regularly use these facilities, as well as picking up litter and reporting any problems. Walking groups also use these areas which has mental health and physical benefits.

#### 5.Staff Side Representatives and other Organisations

- Carmarthenshire Horse Riders Association object to the proposal on the basis of increased costs for horse riders and a lack of suitable areas to park large vehicles required to move horses (*The authority is happy to look at specific areas for horse-riders to park their vehicles, as is being introduced outside Pembrey Country Park*).

Carmarthenshire Local Access Forum (LAF) also object to the proposal on the basis that access to the Countryside should be free; that it goes against the authority's aim to get more people, more active, more often, and that it introduces a cost to using country parks.
Keep Wales Tidy object to the proposals on the basis of parking displacement and the charge for volunteers working in Pembrey Country Park. (Volunteers who are part of a structured activity supported by the park can be provided with free access for their volunteer time).

#### PUBLIC NOTICE

### THE COUNTY OF CARMARTHENSHIRE (OFF STREET PARKING PLACES) (VARIOUS CAR PARKS, CARMARTHENSHIRE) CONSOLIDATION (VARIATION NO 4) ORDER 2019

NOTICE is hereby given that the Carmarthenshire County Council propose to make an Order under Sections 35(1) and (3) of Part IV of Schedule 9 of the Road Traffic Regulation Act 1984 ("the Act") as amended and by the Road Traffic Regulation Act 2004

The effect of the Order will be to amend The County of Carmarthenshire (off Street Parking Places) Consolidation Order 2014 (which implements a system of parking enforcement consequent upon decriminalisation of offences relating to the parking of vehicles and the use of parking places in designated off street parking places in the County of Carmarthen as described in the Order an which also empowers parking attendants to issue penalty charge notices in respect of those offences)

The consequence of the amendment will make the parking places specified and described in part 2 of the Schedule subject to the provisions of The County of Carmarthenshire (Off Street Parking Places) Consolidation Order 2014 (as amended) and will be subject to the Charges specified in Part 3 of the Schedule to this Notice.

Full details of these proposals are contained in the draft Order together with a map showing the parking places and a statement of the Council's reasons for proposing to make the Order, may be examined at the Council's Customer Service Centre at The Hub, Stepney Street, Llanelli and at 3 Spilman Street, Carmarthen during normal office hours.

If you wish to object to the proposed Order you should send the grounds for your objection in writing to The Head of Administration and Law, County Hall, Carmarthen. SA31 1JP by the 22<sup>nd</sup> March, 2019.

DATED the 27<sup>th</sup> February, 2019 File Reference: RWJ/HTTR-1535 Direct Line: (01267) 224074 email: <u>rwjones@sirgar.gov.uk</u>

MARK JAMES Chief Executive County Hall, CARMARTHEN

#### List of Schedules

1 Orders to be Revoked

2 Parking Places

**3 Parking Tariffs**

## Agenda Item 11

### EXECUTIVE BOARD 20<sup>th</sup> January 2020

#### Subject : Fare Paying School Bus Services

**Purpose:** The report provides an update to Executive Board on national developments that are affecting the provision of fare paying transport for pupils who do not qualify for free home to school transport.

## **Recommendations / key decisions required:** Should the ongoing dialogue between the WLGA and the Wales Government fail to reinstate the current full exemption for DDA/PSVAR compliance on school transport services, Executive Board approves:

- 1. An amendment to the Authority's the Spare Seats Policy to waive the current annual £50 charge, with effect from 1<sup>st</sup> January 2020.
- 2. The Authority continues to pursue the Wales Government and the Department for Transport for a change in the application of the Public Service Vehicle Access Regulations to allow bus operators to continue using coaches on school bus routes that are operated on a commercial basis.
- 3. The Authority undertakes a review of the Home to School Transport Policy.

**Reasons:** To support access to the school transport system through the application of the Council's spare seat policy.

There is limited spare seat capacity in the school transport system.

To allow bus operators to continue to use coaches for fare paying passengers on school bus routes, on a commercial basis i.e. Without cost to the Local Authority.

## EXECUTIVE BOARD 20<sup>th</sup> JANUARY 2020

## Fare Paying School Bus Services

The Council provides free home to school transport for circa 8,500 pupils each day. Pupils who reside more than the statutory walking distance from school are eligible for transport if they reside over two miles from nearest or the Local Education Authority (LEA) designated primary school and three miles from the nearest or LEA designated comprehensive school. Transport arrangements for these pupils is made using contracted vehicles or in some cases via the public transport network.

Where pupils are eligible for transport, the public have a high regard for the services provided. For pupils who do not qualify for free school transport, transport to and from school is a parental responsibility.

To date, largely in urban areas, some pupils who are ineligible for free home to school transport may have been able to access services provided through a number of channels:

- 1. The general public transport network.
- 2. Through services provided on a commercial basis by operators.
- 3. Through spare seats on the dedicated school transport vehicles. Seats are provided as set out in the Council's School Transport Spare Seats Policy.

Members will recall that late in July this year, there was a development which had and will continue to affect pupils who have been able to access services provided commercially by operators either in the form of dedicated "commercial" bus routes or where operators have provided larger vehicles than the specified vehicle on a contracted route, then registered those service to carry fare paying passengers. Such routes are registered but are "closed" to the wider general public.

This is a relatively complex issue that the Council is unable to control and arises from Disability Discrimination Act (DDA) compliance regulations affecting public transport services which come into force in January 2020, known as the Public Service Vehicle Access Regulations. DDA/PSVAR compliance for public transport services is something the industry has prepared for and is not an issue for public transport routes.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru YOUR COUNCIL doitonline www.carmarthenshire.gov.wales However, over the period from July to date, there has been communication between the Wales Govt. and the Department for Transport (DfT) concerning the application of the DDA/PSVAR to school transport services which are registered as fare paying services. The DfT has stated that school transport vehicles which are registered to carry fare paying passengers now also have to be DDA/PSVAR compliant by January 2020. Vehicles used on these services are mainly coaches and are not compliant, this is linked to a requirement for all dedicated school transport vehicles to be fitted with seat belts. Bus operators have reviewed the investment required to operate compliant services and determined it is not viable to run these services where fares are charged. Operators have consequently either downsized vehicles or withdrawn a service. Some made the changes in September others are making changes from January. Some 126 pupils were affected by the changes in September, many have migrated to alternative public transport routes or other modes.

Since the changes in September and following further dialogue between the Wales Local Government Association, the Wales Government and the Department for Transport. The Department for Transport introduced an exemption to allow operators to continue to charge fares for spare seats that were up to twenty percent of capacity of a vehicle. For example, operators with a seventy seat vehicle could provide and charge fares for a maximum of fourteen seats. This change was announced on the 24<sup>th</sup> November, Local Authorities have been working through the implications of the change since. Unfortunately, the change does not resolve the issue as a number of the services are provided by "stand alone" vehicles where operators charge for the full capacity of the vehicle. Local Authorities via the Wales local government Association and the Wales Government remain in dialogue with the Department for Transport to seek further changes to the exemption.

Whilst those discussion are continuing, officers have reviewed what options are available for the pupils affected by the change in January. The options are set out in Appendix one of this report. Appendix A includes detail of the number of schools and pupils affected by the change from January. The options include: 1. The use of the existing public transport network. 2. Spare seats where bus operators wish to use the twenty percent exemption and routes where operators have been able to provide a compliant vehicle. Many operators have determined the latter is not a commercially viable option mainly due to cost. There is also a lack of supply of the required compliant vehicles.

Similarly the council is unable to subsidise additional services due to the cost and supply of vehicles and drivers. Providing transport for a relatively small number of pupils has wider implications for over 18,500 pupils who live within the statutory walking distance who already make their own way to school. The Wales Government is also prioritising the use of Active Travel Measures in urban areas to promote walking and cycling.

The Authority already provides circa eighty pupils with access to seats via the Council's Spare seats Policy through the payment of a fifty pounds administration charge. Where the Council issues passes under its spare seat policy, information issued by the DfT suggests that the current administration charge constitutes a fare for the service. The Authority will therefore need to amend the spare seats policy to forego the charge with a small revenue consequence of £4,000 per annum. Once the charge is removed, it will help the authority to continue providing spare seats on mainstream school transport.

EICH CYNGOR arleinamdani www.sirgar.llyw.cymru

**YOUR COUNCIL doitonline** www.carmarthenshire.gov.wales Officers have communicated with all schools affected by the changes that are due to come into effect from January .Information has been shared with the schools on the alternative transport options that are available. Further communications are also being issued via the press.

**Recommendation.** 

Should the ongoing dialogue between the WLGA and the Wales Government fail to reinstate the current full exemption for DDA/PSVAR compliance on school transport services, Executive Board approves:

- **1.** An amendment to the Authority's the Spare Seats Policy to waive the current annual £50 charge, with effect from 1st January 2020.
- 2. The Authority continues to pursue the Wales Government and the Department for Transport for a change in the application of the Public Service Vehicle Access Regulations to allow bus operators to continue using coaches on school bus routes that are operated on a commercial basis.
- **3.** The Authority undertakes a review of the Home to School Transport Policy.

## IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

#### Signed: S G Pilliner

#### Head of Transportation and Highways

| Policy, Crime<br>& Disorder<br>and<br>Equalities | Legal | Finance | ICT  | Risk<br>Management<br>Issues | Staffing<br>Implications | Physical<br>Assets |
|--|-------|---------|------|------------------------------|--------------------------|--------------------|
| YES  | NONE  | YES     | NONE | NONE                         | NONE                     | NONE               |

#### 1. Policy, Crime & Disorder and Equalities

A decision to waive the administration charge of £50 per pass will require a change to the Council's policy on spare seat provision.

#### 2. Finance

A decision to waive the administration charge of £50 per pass will result in a loss of revenue of circa £4,000 per annum.

## EXECUTIVE SUMMARY EXECUTIVE BOARD 20<sup>th</sup> JANUARY 2020

#### APPOINTMENT OF LA GOVERNOR

In accordance with the LA appointment policy for LA Governors, where LA Governor vacancies exist or are due to arise, nominations are invited from the Governing Body Chairperson, the Headteacher and the local elected Member.

Subsequently, all nominations are considered by the Executive Board Member for Education & Children who makes the appointments.

Cllr. Glynog Davies is the local Member and is also the current Chair of Governors at Brynaman School. Therefore, it would not be appropriate for Cllr. Davies to consider this nomination in his role as Executive Board Member.

DETAILED REPORT ATTACHED?

YES
