**7. TO CONSIDER THE RECOMMENDATIONS OF THE EXECUTIVE BOARD IN RESPECT OF THE FOLLOWING ITEMS:-**

**7.1. INCOME AND CHARGING POLICY**

The Council was informed that the Executive Board, at its meeting held on the 27th March, 2017 had considered the Income and Charging Policy (minute 8 refers) which would be used to underpin the development of a more strategic and commercial approach to the Councils income generation and debt recovery processes and made a recommendation, as detailed in the report of the Director of Corporate Services, for consideration by Council.

Members noted that, as part of the TIC work programme, an Income and Charging Steering Group was established with the aim of examining the potential for increasing income from fees and charges and reviewing the robustness of current income collection and debt recovery processes. One of the initial findings of the group was that there was a need to adopt a more strategic approach to its income and charging activities and that this should be supported through the development of a Corporate Income and Charging Policy. Furthermore, Members noted that the policy provided a set of key principles which would be used to underpin the Authority's approach to income and charging and to further develop a more commercial approach to these activities.

In addition, the Policy would act as a source of reference for Services when looking to introduce new or review the existing charges. The Policy included expectations in respect of the robustness of its income collection and debt recovery processes.

The draft policy had been subject to extensive consultation with all departments and also responded to the recent Wales Audit Office report on 'Charging for services and generating income by Local Authorities', which identified the need for all Local Authorities to have an Income and Charging policy in place.

**UNANIMOUSLY RESOLVED that the following recommendation of the Executive Board be adopted:-**

**"the Corporate Income and Charging Policy be approved"**

## **7.2. AMENDMENT TO TREASURY MANAGEMENT POLICY, STRATEGY AND MINIMUM REVENUE PROVISION POLICY.**

The Council was informed that the Executive Board, at its meeting held on the 10th April, 2017 (minute 7 refers) had considered a report which provided a summary of the outcome of the review and advising that the Council should consider changing the basis of the repayment of the Council's borrowing from a 4% reducing balance basis to a straight line basis which will be calculated based on the estimated "Asset Life" of the Authority's fixed assets.

Members noted that the recommendation contained within the report advises that the Council should replace the 4% reducing balance method of principal repayment of the Authority's debt to a straight line repayment basis of 2.5%. This was considered a more prudent approach than the current provision, as it introduced a more certain period for eliminating the debt liability. Furthermore, this approach also provides the Authority with some additional resources over the immediate future as it levels out the repayments over the asset life.

Members noted, some exceptions whereby the change in policy would not apply which were contained within the report, but do include areas like the HRA where statutory guidance applies.

It was therefore proposed that the current MRP Policy be amended to one which supported a more prudent annual provision, on the following basis:-

- (1) Supported borrowing and expenditure incurred before 1<sup>st</sup> April, 2008, as at 31<sup>st</sup> March, 2016 – charged to revenue over 40 years on a straight line basis, and this policy be implemented for the 2016-2017 accounts and for the Revenue Budget Strategy 2017-2018 to 2019-2020;
- (2) Unsupported borrowing – the future borrowing value is charged to revenue over 40 years or by the estimated economic life of the asset if shorter;
- (3) The MRP Policy for the Local Government Borrowing Initiative (LGBI) Highways and for the fleet programme to remain as currently approved.

**UNANIMOUSLY RESOLVED** that the following recommendation of the Executive Board be adopted:-  
**“that the amendments to the Treasury Management Policy, Strategy and Minimum Revenue Provision Policy, as detailed above, be approved.”**
