**EXECUTIVE BOARD MEMBER DECISIONS MEETING FOR
REGENERATION & LEISURE**

THURSDAY, 16 MARCH 2017

PRESENT: Councillor: M. Gravell (Executive Board Member).

The following officers were in attendance:

J. Bowen, Community Regeneration Assistant;
R. Furlong, Grants Support Officer;
J. Hancock, Flagship Social Enterprise Development Officer;
Y. Pellegrotti, Project Coordinator;
M.S. Davies, Democratic Services Officer

1. DECLARATIONS OF PERSONAL INTERESTS

There were no declarations of interest.

2. DECISION RECORD - 20TH FEBRUARY 2017

RESOLVED that the decision record of the meeting held on the 20th February 2017 be signed as a correct record.

3. AMENDMENT TO THE 2017-18 CHARGE FOR A FULL SPORTSHALL AT LLANELLI LEISURE CENTRE.

The Executive Board Member considered a report seeking approval to increase the cost of the full sports hall at Llanelli Leisure Centre from the agreed charge of £85 to £86.40 which would be in line with the 2.2% inflation figure and other leisure centres across the County.

RESOLVED to approve an increase in the cost of hiring the full sports hall at Llanelli Leisure Centre from the agreed charge of £85 to £86.40.

**4. FINANCIAL ASSISTANCE FROM THE FOLLOWING GRANT FUND:
TARGETED FINANCE FUND**

RESOLVED that the following applications for assistance from the Targeted Finance Fund be approved subject to the usual terms and conditions and those specified in the report:

<u>Applicant</u>	<u>Award</u>
Llannon Community Council and Upper Gwendraeth Sports Clubs and Community Association	£20,000.00
CYCA	£19,889.00
Black Mountain Centre in partnership with Quarter Bach Community Council	£16,098.00
Ail Gyfle – Second Chance Ltd	£9,000.00
Llandoverly Sheep Festival	£20,000.00

5. REPORTS NOT FOR PUBLICATION

RESOLVED pursuant to The Local Government Act 1972 as, amended by The Local Government (Access to Information) (Variation) (Wales) Order 2007 that the following items were not for publication as the reports contained

exempt information as defined in Paragraph 14 of Part 4 of Schedule 12A to the Act.

6. CROSS HANDS EAST SURFACE WATER REMOVAL

Following the application of the public interest test it was **RESOLVED** pursuant to the Act referred to in minute no. 5 above not to publicise the content of the report as it contained exempt information relating to the financial or business affairs of any particular person (including the Authority holding that information) (Paragraph 14 of Part 4 of Schedule 12A to the Act). The public interest test in this matter related to the fact that the report contained detailed information about the business and financial affairs and ambitions of the applicants. In this case, the public interest in transparency and accountability is outweighed by the public interest in maintaining confidentiality, as disclosure of this information would be likely to damage the applicants at this stage.

The Executive Board Member considered a report seeking authority to allocate funding to remove a development constraint relating to surface water removal at Cross Hands East Strategic Employment site.

RESOLVED to approve a grant of up to a maximum of £20,000 each to two separate landowners NR Evans and JBCH in order to accelerate the removal of existing surface water from the foul system and enable the foul water connection at Cross Hands East.

7. CARMARTHENSHIRE RURAL ENTERPRISE FUND- HDG FARM SUPPLIES LTD

Following the application of the public interest test it was **RESOLVED** pursuant to the Act referred to in minute no. 5 above not to publicise the content of the report as it contained exempt information relating to the financial or business affairs of any particular person (including the Authority holding that information) (Paragraph 14 of Part 4 of Schedule 12A to the Act). The public interest test in this matter related to the fact that the report contained detailed information about the business and financial affairs and ambitions of the applicants. In this case, the public interest in transparency and accountability is outweighed by the public interest in maintaining confidentiality, as disclosure of this information would be likely to damage the applicants at this stage.

The Executive Board Member considered an application from HDG Farm Supplies Ltd for a grant towards the construction of a new purpose built storage and distribution building in St. Clears which would result in the applicant creating an additional 5 full time jobs.

RESOLVED that the following application for a grant from the Carmarthenshire Rural Enterprise Fund be approved subject to the usual terms and conditions and those specified in the report:-

<u>Applicant / Property</u>	<u>Award</u>
HDG Farm Supplies Ltd / Land at St. Clears	£100,000.00

CARMARTHEN TOWN MUSEUM

Purpose:

To consider options for the future of Carmarthen Town Museum in light of the Museum's Accreditation scheme.

Recommendations / key decisions required:

When Carmarthen Town Museum failed its 2016 VAQAS assessment and the report indicated major shortcomings with the establishment, it also highlighted other concerns over its appropriateness as an Accredited Museum and its current location and operation.

The recommended solution to the future of Carmarthen Town Museum would be to :

- Remove Carmarthen Town Museum from the Museum Accreditation scheme and integrate relevant collections within the new archive/library development.

Alternative options are also considered in the body of this report.

Reasons:

Carmarthenshire Museum Service is required to complete a Museum Accreditation return by June 2017. A decision relating to Carmarthen Town Museum will impact on the Accreditation application.

EXECUTIVE SUMMARY
EXECUTIVE BOARD MEMBER MEETING FOR REGENERATION & LEISURE
5TH APRIL 2017

CARMARTHEN TOWN MUSEUM

Background

This report considers options for Carmarthen Town Museum, which has a number of infrastructural and operational challenges. Its location within Carmarthen Library function room means it is closed when the room is in use. It is used to store stacks of materials and is inaccessible and unsafe. The museum has been temporarily closed since November 2016 due to concerns over public safety. In 2016 it failed the Visit Wales VAQAS assessment due to inaccessibility, poor signage, being used as a store, and inadequate size.

Carmarthenshire Museums will reapply for Museum Accreditation for each of its sites by June 2017. Carmarthen Town Museum has many fundamental shortcomings. Among these are whether it is in fact a 'museum', when it is only a small display without staff, resources, no collection of its own, and no public engagement. It is unlikely to achieve Accreditation.

Consideration is required to agree an appropriate and sustainable future for the display of objects currently described as 'Carmarthen Town Museum'.

Options

Option 1: remove Carmarthen Town Museum from the Museum Accreditation scheme and integrate relevant collections within the new archive/library development.

- Achievable and collections are more accessible;
- Improves public image of museums, archives, libraries.

Option 2: remove Carmarthen Town Museum from the Museum Accreditation scheme and place collections into storage until a future use is agreed.

- Museums stores already over-full.
- No improvement to public access.

Option 3: maintain the status quo and apply for Museum Accreditation.

- Insufficient resources to develop the museum product to achieve Accreditation.
- Poor quality product reflects poorly on the service.

Option 1 is the recommended option.

Option 1

This option can be approached as either a low or high spec redisplay, subject to the requirements of the archive/library development design brief.

Dismantle existing display	In-house team / PHS	£0
Redisplay and graphics high specification option	New display case	£3,000 - £5,000
	Digital interpretation	£1,500
Redisplay and graphics low specification option	Re-use old cases	£0
	Printed interpretation	In-house

Redisplay costs may be considered eligible as part of the wider capital development scheme.

Option 2

Due to a number of other pressing needs on museum storage, including the loss of the furniture store at Carmarthenshire County Museum to the Tywi Gateway Trust and the potential loss of stores at Parc Howard to a commercial tenant, the only immediate option is commercial storage.

Dismantle and pack existing display	In-house team / PHS	£0
Transportation	In-house team	In-house
Hire of secure storage unit	External contract	t.b.c.

Option 3

This option would realistically require major capital and ongoing revenue investment in order to establish a museum product that meets minimum Accreditation and VAQAS standards.

Report of the Director of Community Services

Executive Board Member Decision Meeting for Regeneration & Leisure

CARMARTHEN TOWN MUSUEM

Head of Service & Designation. Ian Jones, Head of Leisure	Directorate Communities	Telephone No. 01267 228309
Author & Designation Morrigan Mason, Museums Development Manager	Directorate Communities	Telephone No 01267 228696

This paper considers options for Carmarthen Town Museum following failings highlighted in the 2016 Visit Wales VAQAS assessment and the requirement to submit the museum service's Museum Accreditation return by June 2017.

Background

Carmarthen Town Museum is on the lower ground floor of Carmarthen Library, in a partitioned area within a function room. When the function room is in use, people cannot visit the museum.

It tells the story of Carmarthen through items from the Carmarthenshire County Collection. It achieved accredited status in 2013 and has the option to reapply in 2017. The museum is unstaffed and relies on the partnership with the library. It has been closed to visitors since October 2016 over concerns relating to public safety.

Carmarthen Town Museum has previously achieved Accreditation as part of a larger, umbrella service. On its own it cannot meet the basic requirements. It is essentially a temporary display because it does not hold long-term collections of artefacts. Venues for temporary exhibitions are not eligible for Accredited status. The umbrella service under which Carmarthen Town Museum can apply for Accreditation is Carmarthenshire Museum Service.

Museum Accreditation

Museum Accreditation is a UK-wide scheme which sets standards for museum management, collections care and public service. In Wales the scheme is managed by the Museums Archives and Libraries Division of Welsh Government in partnership with Arts Council England. The scheme is voluntary and achieved by taking part in a monitoring process to establish that the museum is meeting the necessary standards.

Key challenges facing Carmarthen Town Museum

1. The museum service is operating too many sites with too few resources. Carmarthen Town Museum failed the Visit Wales Visitor Attraction Quality Assurance Scheme (VAQAS) assessment in 2016. This measures the suitability of a venue as a 'tourist attraction'. Failure to achieve VAQAS indicates that the museum does not meet the definition of a 'visitor attraction'.
2. Although VAQAS and Museum Accreditation are not linked, VAQAS assessments are commissioned through MALD, the division of Welsh Government that oversees Museum Accreditation. It could be questioned why Carmarthen Town Museum was ever Accredited but in the context of the serious deterioration that has occurred since 2013, it is unlikely that it will achieve Accredited Museum status again in its present form.
3. Growing pressure on available space within Carmarthen Library has led to a reduction in the size of the museum. It is now very limited in content. VAQAS recommends the display should engage a visitor for at least an hour. The current exhibition has content to occupy a visitor for approximately 10 minutes.
4. Pressure on space within the library has resulted in the museum being used as a library store and it is regularly screened off and closed to visitors. This is illustrated in the June 2016 VAQAS report:

"The museum is located down some stairs, in a very small area off of a disused room. At the time of my visit, the entrance was screened off, and the area was screened off, and it was full of stacked chairs and an old typewriter. Although the staff member who had to show me to the museum did offer to move the chairs, it did not create a good first impression."

Photographs taken in October 2016 illustrate the situation

Carmarthen Town Museum

It has been appropriated by the library service as a store. Boxes piled high make it inaccessible and unsafe for visitors.

Entrance to Carmarthen Town Museum

Since this visit in October 2016, the museum is advertised as temporarily closed due to concerns over visitor safety.

5. The museum is signposted outside the building but internal signs to the museum have been removed and visitors have to ask for assistance to find it.

“It is housed in the town's library, and there is a large sign outside the building, indicating the presence of the museum. However once inside the building it was not clear to me where the actual museum is located and I had to seek the assistance of library staff.” Carmarthen Town Museum VAQAS Report, June 2016

Recommendations

Maintain the status quo and apply for Museum Accreditation anyway.

- The museum is not currently operational.
- When open, its location within the library function room frequently meant it was inaccessible.
- There are no dedicated staff and no resources to improve displays or public engagement.
- Carmarthen Town Museum is unable to meet the basic Accreditation standards relating to 'organisational health', 'collections', and 'users and their experiences'.

Remove Carmarthen Town Museum from the Museum Accreditation scheme and integrate relevant collections within the new archive/library development.

- The timing of this option coincides well with the development of the new archive/library facility.
- A transition from the current scenario with an isolated display in the basement can be replaced fairly seamlessly with an integrated display woven throughout the library.
- This can be achieved with little expense if current materials are re-used; or a higher specification can be achieved to tie in with the overall appearance of the archive development.
- Some (although not all) collections will remain accessible to visitors.
- This approach should improve the public image of museums, archives, libraries.
- Collections will be better managed within available resources.

Remove Carmarthen Town Museum from the Museum Accreditation scheme and place collections in storage until a future use is identified.

- The trial closure of Carmarthen Town Museum since October has not led to any complaint or customer feedback; it appears to have gone unnoticed.
- The timing of this option in terms of pressure on museum stores is particularly critical. Already identified as over-crowded, museum stores are under increasing pressure to accommodate collections from other buildings that are being leased to third parties. This is placing collections at risk from damage and loss.
- A commercial secure storage solution will be a short-term option to consider until a long-term solution is achieved.

POLICY FOR PROVISION OF MEMORIAL BENCHES IN PUBLIC OPEN SPACES

Recommendations / key decisions required:

- To approve the attached policy for application within Outdoor Recreation sites and facilities.

Reasons:

- To enable the service to manage requests for memorials for loved ones from members of the public.
- To ensure that applicants are aware of the arrangements and terms and conditions where memorials are agreed.

Policy for Provision of Memorial Benches in Public Open Spaces

Carmarthenshire County Council receives requests from members of the public who wish to commemorate loved ones and or events by placing plaques on bench seating or other structures or planting a tree or something similar within the country parks or public open spaces. The policy sets out how requests will be considered and the terms and conditions where requests are approved for areas managed by Outdoor Recreation Services or for the Council.

There is no legislative requirement for the provision of public or memorial benches although it is accepted that they provide a useful and valued public amenity and also valued by the individuals and families who make the requests.

The policy recognises the need for a consistent approach to the provision of memorial requests to be placed in public open spaces. It also acknowledges that applications will be refused when the demands for memorials may be far greater than some geographical areas can accommodate and requests for memorials are not in keeping with the surrounding areas.

The policy allows for the provision of new/additional items as well as the refurbishment of existing items to ensure areas are not over populated with memorials. The policy therefore continues to welcome requests, and although acknowledges requests are for standard items it will also allow us to consider unique requests where it is appropriate to do so.

Policy for Provision of Memorial Benches in Public Open Spaces.

Introduction

Carmarthenshire County Council (the Council) receives requests from members of the public who wish to commemorate loved ones and or events by placing plaques on bench seating or other structures or planting a tree or something similar within the country parks or public open spaces. This policy sets out how requests will be considered and the terms and conditions where requests are approved for (areas managed by Outdoor Recreation Services or for the Council)

There is no legislative requirement for the provision of public or memorial benches although it is accepted that they provide a useful and valued public amenity and also valued by the individuals and families who make the requests.

This policy recognises the need for a consistent approach to the provision of memorial requests to be placed in public open spaces. It also acknowledges that the demands for memorials may be far greater than some geographical areas can accommodate and may include requests for memorials which are not in keeping with the surrounding areas.

The policy therefore continues to welcome requests, and although acknowledges requests are for standard items it will also allow us to consider unique requests where it is appropriate to do so.

Policy principles:

The following principles will be applied in considering requests and making decisions for memorials and will also set out the principles of the type of memorial to be approved, the location and future maintenance and replacement.

1. The type of memorial requested must be in keeping with the area that it is to be placed.
2. Requests for additional benches/structures or trees etc. will only be considered at sites where these additional items can be accommodated reasonably and or where the Council would seek to increase the existing numbers in any event. This decision will be aided by any site specific management plans.
3. In locations where there will be several benches in the same area, no more than 50% will be offered as a placement for a memorial bench. This is to prevent the area taking on the ambience of a dedicated memorial garden which may compromise the enjoyment of the space for general recreational activities.
4. The location will be chosen to minimise future maintenance and vandalism. Remote locations with poor access for maintenance and users will not normally be considered.

5. The full cost of a new memorial together with installation will be borne in full by the applicant, where a refurbishment is agreed then the full cost of the refurbishment will be borne by the applicant.
6. The applicant will provide the memorial plaque to a pre agreed design, size and text.
7. The applicant will have no claim of ownership to the item and will not be permitted to make any changes to the item after installation. Neither will they be allowed to place any additional mementoes or memorials at the site whether temporary or permanent.
8. The Council will maintain the item in the same way as it does similar items in the vicinity.
9. The Council will not be responsible for replacing the item where, it has reached the end of its natural life, replacement due to normal wear and tear, or for replacement as a result of damage whether accidental or wilful.
10. The Council will from time to time set standards in respect of specific items and requests will be considered in line with these standards. (e.g. construction materials used for benches, maintenance costs and durability, colour etc.)
11. Occasionally a unique rather than standard item may be requested as a memorial. In these circumstances, details of the construction, materials and specifications will need to be submitted to the Council for consideration as part of the approval process.
12. Requests to refurbish existing structures as well as for brand new items will be considered and as part of the process the Council will determine whether refurbishment or new provision is the most appropriate for each request.
13. Applicants who have approval will be asked to enter into an agreement with the Council setting out the terms and conditions for the memorial. Where an applicant is unwilling to agree to the terms and conditions then their request will be refused.
14. Where appropriate the authority will set maximum limits for memorials, and these may apply to individual locations, types of memorial, number of installations in a period of time, these are examples and not an exhaustive list.
15. The Council reserves the right to refuse an application.
