EXECUTIVE SUMMARY

ERW JOINT COMMITTEE

20 FEBRUARY 2017

CATEGORISATION

BRIEF SUMMARY OF PURPOSE OF REPORT

The system ensures that, in partnership with the 6 local authorities we direct our support and resources to improve our school system and as a result, raise standards and performance across the region.

The categorisation system is about providing support and encouraging collaborative improvement by putting our schools into a position that enables them to identify the factors that contribute to their progress and achievement, or what areas to focus on to achieve further development.

As part of CV1 each challenge adviser was required to determine the nature of the bespoke support package to be provided to each school. This support will be delivered by a range of providers.

A regional moderation meeting was held to secure the consistent implementation of the national categorisation system across ERW. This ensured that processes for the six LA were fair, rigorous, open and transparent. Feedback and recommendations were provided for all secondary schools and for 50% of primary school.

A further national moderation meeting was held to sample the outcomes of the regional moderation process to verify its consistency, quality and rigour. The outcomes of this event were very positive for ERW.
