#### Introduction

This plan is published to encourage and enable greater understanding between the Executive, all Councillors, the public and other stakeholders. It assists the Scrutiny Committees in planning their contribution to policy development and holding the executive to account.

The plan gives the public and stakeholders a chance to see the forthcoming major decisions to be made by the Executive Board and the County Council over the next 12 months. It is reviewed and published bi-annually to take account of changes and additional key decisions.
