# EXECUTIVE SUMMARY

## Executive Board

10<sup>th</sup> April 2017

### AMENDMENT TO TREASURY MANAGEMENT POLICY, STRATEGY AND MINIMUM REVENUE PROVISION POLICY

Under legislation Authorities are required to charge to their revenue account for each financial year a Minimum Revenue Provision (MRP) to account for the cost of their debt in that financial year. For the 2016/17 and the 2017/18 financial years Council approved a MRP policy on the following basis:

- **Supported Borrowing and Capital Expenditure incurred before 1st April 2008**

The calculation is based on 4% of the opening Capital Financing Requirement (CFR) each year.

- **Unsupported Borrowing**

Asset Life Method: under this method the borrowing value is divided by the estimated life of the asset.

Capital Expenditure on the Modernising Education Programme (MEP) and Local Government Borrowing Initiative (LGBI) 21st Century Schools is classed as Unsupported Borrowing. It is estimated that asset lives within these programmes are 30 years and this is the period that will be used to determine the MRP.

Asset lives within the Fleet Programme range from 1 to 10 years, these are the periods that will be used to determine the MRP.

Local Government Borrowing Initiative (LGBI) Highways. It is estimated that asset lives within this programme are 20 years and this is the period that will be used to determine the MRP.

- **Housing Revenue Account**

The calculation is based on 2% of the opening Capital Financing Requirement (CFR) each year

The Director of Corporate Services notified Council on 23<sup>rd</sup> February 2017 that this policy was being reviewed and that communication received by the Wales Audit Office's Assistant Auditor General for Wales advised those Local Authorities considering amending their current MRP Policy to take account of the requirements of the 'Well-being of Future Generations (Wales) Act 2015'.

The Director of Corporate Services considers the proposed amendment to be sensitive to both current and future citizens' needs.

The proposed amendment to the MRP Policy will realise projected annual revenue savings for 100 years plus, with the exception of the 27 year period 2028/29 to 2055/56 where increased annual revenue charges are projected. For the period 2016/17 to 2019/20 (final year of the current Medium Term Financial Plan) annual savings of circa £2.5 million are projected
