<i>Application Number</i>	S/33342
<i>Proposal & Location</i>	CONSTRUCTION OF 240 DWELLINGS TOGETHER WITH ASSOCIATED VEHICULAR AND PEDESTRIAN ACCESSES, CAR PARKING AND LANDSCAPING (RESERVED MATTERS TO OUTLINE S/15702) AT LAND AT GENWEN FARM, BYNEA, LLANELLI, SA14 9PH

DETAILS:

Application No. S/33342

APPRAISAL

Further to recent enquiries from the Welsh Government regarding the proposal and its likely impact upon the environment, officers are satisfied that the ES submitted represents a robust and relevant assessment of the likely impact of the development upon the environment and in particular the CBEEMS in the context of the current reserved matters application. The ES demonstrates that, with the implementation of the counteracting measures proposed as part of the development and secured by the conditional requirements of the outline permission, the development will not have a significant effect upon the features and objectives of the CBEEMS either alone or in combination with other developments.

In addition to the above, the applicant has submitted an updated Construction Environmental Management Plan (CEMP) and Landscape Management and Maintenance Plan in support of the application which correct anomalies in the previous versions of both Plans. The updated Plans are considered to be acceptable and NRW have confirmed their acceptance of the mitigation measures set out in the CEMP.

The submission of these updated plans require consequential changes to the wording of condition no. 2 and Note no.1 contained in the main report presented to the Committee. The condition and note are therefore to be amended to read as follows:

CONDITIONS

2 The development shall be carried out in accordance with the following approved plans and documents:-

- Chedworth (village) floor plans and elevations (CD-WD10-REV N) received on 24 December 2016;

<i>Proposal & Location</i>	CHANGE OF USE OF AN OUTBUILDING TO 12 KENNELS AT DURCLAWDD FACH, LLANNON, LLANELLI, SA14 8JW

DETAILS:

CONSULTATIONS

Local Member – County Councillor E Dole has requested that the Committee visits the site as there is a potential noise impact on third party properties.

ADDENDUM – Area South

<i>Application Number</i>	S/35542
<i>Proposal & Location</i>	TO PROVIDE A FLAT PUBLIC PLAY AREA INCLUDING A CLIMBING STRUCTURE WEST OF THE GORSEDD CIRCLE IN PARC HOWARD AT PLAY AREA, PARC HOWARD, LLANELLI, SA15 3LQ

DETAILS:

CONSULTATIONS

Neighbours/Public – Five additional letters of representation have been received raising the following concerns and objections:-

- Health and safety;
- Unsympathetic addition to the historic park – visually dominant and overdevelopment;
- Lack of consultation – public money would be better spent on maintaining current provision within the park;
- Lack of justification;
- No proposals to re-instate unauthorised works;
- Coal mining risks.

It is considered that the above matters replicate original concerns received which are already addressed within the main body of the Planning Committee report.

On balance it is considered that the proposed development by its location and nature will not have an adverse effect on the registered historic park and garden, or the setting of the park or listed buildings contained within it.
