DETAILS:

CONSULTATIONS

Local Member – County Councillor A Fox has advised that she along with County Councillor J James have met with residents of Erw Terrace and Penybryn Avenue to discuss their concerns and objections.

Councillor A Fox fully supports their objections as this area is the parking area for the residents who live in both streets. The parking is a major issue on both roads leading to the application site. Emergency vehicles would have great difficulty accessing the area. The land needs to stay as parking for the community.

Pembrey and Burry Port Town Council – Object on the basis that this site has been used for parking for the last 50 years.
