Information Technology	4,359	ICT Services underpins and contributes towards all that the Council delivers both internally as an organisation and externally to service users and communities, independently or in partnership. It is a vital function providing innovative opportunities for improving services and achieving our priorities in an efficient and effective way. IT Services is pivotal as an enabler of change and a vehicle for driving froward transformational improvement to all services. We have a workforce of 72.3 FTE's which has reduced over the last 5 years from 109 FTE's and we have delivered £2.08m in efficiency savings over that period. Regeneration							
3 T's Community Regeneration	297	The Community Regeneration Unit has historically supported local communities to develop projects that alleviate poverty and improve quality of life. This has been achieved through working in partnership with key agencies and community members to improve existing services and develop new ones. During 2015 we will continue to develop our new key account management system supporting new and existing social enterprises and those organisations delivering vital services in our communities, supporting them to grow and become sustainable. Another key aspect of our work is working with local authority departments to identify opportunities for the delivery of services via the third sector, from asset transfer to public sector out sourcing. Our core grants continue to support via one discretionary enterprise finance fund. Supporting third sector led projects that make a real difference in our communities and contribute to economic outputs and outcomes and a high return on investment. We have a successful track record of sourcing external funding for our communities, levering in over £8 million additional community investment into Carmarthenshire per year. Our Community Bureau continues to be a one stop shop for all information and funding enquiries for community, voluntary groups and third sector as a whole, supporting over 600 organisations per year. We also administer other grants for the authority and external partners including Welsh Church Fund and Mynydd Y Betws Community Benefit Fund. We also lead on the theme of digital inclusion for the authority.	48	0		48	Severance of post. Responsibiliti realignment.
West Wales European Centre	111	The External Funding Team is responsible for overseeing CCC's external grant funding activities. It plays an instrumental role in ensuring that Carmarthenshire is able to maximise the potential benefits for its citizens and communities through its lobbying and advocacy role and through highly successful funding applications. External funding is sourced from the wide range of different European and domestic funding pots. The External Funding Team developed the new Local Development Strategy 2014-2020 for Carmarthenshire. WWEC has been responsible for developing the new Local Development Strategy for rural Carmarthenshire and will be responsible for managing the LEADER programme in Carmarthenshire for the 2014-2020 period. The unit has also secured a contract with WEFO to lead on the South West Wales Regional Engagement Team for the new European programmes. The Centre takes a leading role in advising project teams throughout the authority on project development and grants management at each stage of the project cycle.	0	40		40	Supporting of severance applicat
Economic Development	Specific budgets yet to be identified	Economic Development Division forms part of Carmarthenshire County Council's Chief Executive Department. Temporary Accommodation	93	The Housing Options and Advice Team receive over 30,000 calls a year for housing related advice. One of the duties of the team is to assist homeless households with rehousing. Interim accommodation is used whilst completing an investigation into our statutory duty to rehouse. B&Bs were historically used to provide temporary accommodation while the investigation was undertaken. However, this was costly and often not the most appropriate type of accommodaton. We now procure/lease properties from the private rented sector which is better vale and allows us to place households in appropriate accommodation. Lease contracts are currently being reviewed so that they are fit for purpose and provide better value for money. There are also identified opportunties to increase the income of the section through fees and recharges.	10	0		10	Procurement of temporary accon
