Appendix 4- The existing Access to Social Housing Policy

Choosing your housing options – applying for social housing in Carmarthenshire

1 Do you need a housing options interview?

You need to make sure that you consider the right housing options that suit your particular housing need. Detailed housing advice and agreeing realistic housing options are very important and you need to consider these fully before applying.

If applying for social housing is a realistic option for you, the following information outlines the policy for deciding who receives council and housing-association properties.

We also provide more booklets on applying for affordable housing to buy and private rented properties through the Social Lettings Agency.

This is a summary of how we decide who can rent our homes.

You can ask us for a copy of the full policy or it is available on our websites at:

2 What are the priorities for housing?

We must give priority to households who:

- are homeless
- are living in unsanitary, or overcrowded housing or unsatisfactory housing conditions;
- need to move for medical or welfare reasons (including disability);
- need to move to a particular area in the county because if they did not it would cause hardship.
- Are threatened with homelessness within 56 days

We have also identified our local priorities as being households who:

- are in the highest medical need;
- need to move to give or receive support;
- need a suitably adapted property;
- need to move to reduce delayed transfers of care;
- are moving from larger properties to smaller properties;

Draft Amended  Access to Social Housing Policy– April 2015
• are moving from smaller properties to larger properties;
• need to move to receive or provide support and care;
• need sheltered housing.

This policy is a points-based lettings scheme. You can choose as many areas as you want in which to apply for housing. You are more likely to get the property you want if you are flexible in choosing the type of housing you need and the area you want to live in.

3 Who can apply for housing?

• Anyone over the age of 16 can apply for housing. However, if you are 16 or 17 years old, we will only offer you an ‘equitable tenancy’. When you reach the age of 18 you will then become an Introductory, Secure or Assured Tenant.

4 Who cannot apply for housing?

Some people are unable to apply for housing. They are people:

• under immigration control who cannot claim benefits (if you do not have access to benefits, you may be entitled to housing with the housing associations);
• who do not live permanently in the Common Travel Area (UK, the Channel Islands, the Isle of Man or the Republic of Ireland) for tax purposes;
• who do not have the right to live in the UK; and
• other categories of people who the Secretary of State has decided are not eligible for housing.

If you are not able to apply, we will let you know in writing and you will have the right to ask for a review.

5 Are there any circumstances where your application may be suspended or removed from the Housing Choice Register?

There are some circumstances in which we may delay an offer of housing no matter what your priority is under the scheme. You do not normally qualify for the offer of a tenancy through the scheme if you, or a member of your household:

• have deliberately made your housing condition worse to benefit from the allocations policy;
• are under notice seeking possession, for breaking of tenancy conditions. This will apply whether you are a council, housing association or private tenant.
• have a history of unacceptable behaviour, which may include serious and/or persistent rent arrears, the property is not in a good state of repair and clean enough inside or out; or you are convicted of any drug or sex offences taking place within a council or housing-association property or within the area;
• have refused one reasonable offer of accommodation within 6 months

A ‘reasonable offer’ is an offer of a property that:
• is the right size for your household;
• is near to any support you need and takes account of any special needs you may have (such as a home without steps or a home with adaptations);
• is free from the threat of violence; and
• is in an area you have chosen. If we have accepted you as homeless, and there is a legal duty to rehouse you, we may offer you a home outside your area of choice if it is considered to be reasonable.

• are a council or housing association tenant or a tenant re-housed through the Social Lettings Agency and have not been a tenant for 1 year; or

• we are waiting for further evidence to confirm your present circumstances

Where a household refuses an offer that they would under occupy because they do not meet the housing benefit criteria for children of different sexes sharing up to the age of 10 this would not count as a reasonable offer and they would not be suspended from the housing register.

6 Can you ask us for a review of a decision made?

You can ask us to review a decision on whether you can apply for housing, any suspensions or the number of points awarded within 28 days of receiving the letter confirming our decision. We only allow one review unless your circumstances have changed or you have additional information that could change our decision.

7 What is the role of county councillors and housing association board members?

The main role of councillors and housing association board members is to approve this policy and any changes we make to it. Local councillors cannot decide who will live in individual properties but can represent you if you live in their ward.

8 What are local lettings policies and sensitive lets?

In some circumstances, particular estates may have a formally agreed local lettings policy. A local lettings policy would be in place to make sure that homes on that estate are given in a way that helps to tackle particular issues or problems. This may also apply to specialist supported housing projects e.g. substance misuse, learning difficulties, physical disabilities, care leavers and so on. You can find a list of where our local lettings policies are on our websites.

A Local Lettings Policy must be approved by the Executive Board Member for Housing, Property and Building Services or the Board of a partner Housing Association before it can be put into place. The Executive Board Member or the Board of a partner Housing Association will review all Local Lettings Policies once a year.

An individual property may be ‘a sensitive let’. This could be where there is a confirmed history of antisocial behaviour or criminal activity at that property involving the previous tenant or members of their household. A property will only be named a sensitive let with the approval of the council’s Head of Housing or by a Manager of equal seniority in the Housing Associations.
If a property is a sensitive let, we will not consider certain types of households for that property. Once we give the property to a household, it will no longer be a sensitive let.

The Head of Housing Services or a Manager of equal seniority in the Housing Associations will decide what is to be a sensitive let using clearly defined criteria. All sensitive lets will be reported to the Executive Board Member of the Council and the Boards of our Housing Association partners once a year.

9 What size of home can you be offered?

- With a few exceptions (such as specifically adapted properties) and ground floor flats within sheltered housing schemes which are specifically designated for those over 60 years of age), we will give our 1 and 2 bedroom ground-floor flats to all households that are eligible.

- With regard to bungalows, with the exception of specifically adapted properties, we will allocate to those households with a family members over 50 years of age. If there are no eligible households meeting this criteria we will then consider people below these ages in points order taking into account both age and medical circumstances.

- Adapted properties will be allocated to the household who has been identified by an Occupational Therapist who would benefit most from the adaptations at the property.

- Except for those one and two bedroom homes described above, the type of home offered will depend on the size of the household as shown in the table below:

<table>
<thead>
<tr>
<th>Household</th>
<th>Number of bedrooms</th>
</tr>
</thead>
<tbody>
<tr>
<td>Single people</td>
<td>Bedsit, one-bedroom flat or one bedroom house</td>
</tr>
<tr>
<td>Single people 50 and over</td>
<td>Bedsit, one or two bedroom flat or bungalows, one bedroom house and sheltered housing</td>
</tr>
<tr>
<td>Single people or couples 60 and over who have been assessed as suitable for sheltered housing</td>
<td>One and 2 bedroom flats within sheltered housing schemes</td>
</tr>
<tr>
<td>Household expecting a baby (see note 3)</td>
<td>Two or three bedroom flats, maisonettes or houses (see note 2)</td>
</tr>
<tr>
<td>Household with no children</td>
<td>One or two bedroom flats, one bedroom house</td>
</tr>
<tr>
<td>Household with no children, everyone who is 50 years or over</td>
<td>One or two bedroom bungalows</td>
</tr>
<tr>
<td>Household with one child</td>
<td>Two or three bedroom flats (see note 4), maisonettes and houses (see note 3)</td>
</tr>
<tr>
<td>Household with two children</td>
<td>Two or Three bedroom maisonettes and houses (see note 3)</td>
</tr>
<tr>
<td>Household with three children</td>
<td>Three or four bedroom Houses (see note 1)</td>
</tr>
<tr>
<td>Household with four or more children</td>
<td>Three, four or five bedroom houses (see note 1)</td>
</tr>
</tbody>
</table>

Note 1: This depends on the ages of the children; each person needs one bedroom unless:
- you are a couple (unless there are medical or cultural reasons why they need another bedroom);
- you have two children, of the same sex, aged 16 or under;
- you have two children, of the opposite sex, aged 10 or under; or
- children from a previous relationship stay with you regularly (we will look at each case individually).
Note 2: To make best use of our housing in areas where there are fewer two bedroom properties (where the number of two bedroom properties is less than half of the number of three bedroom houses), you may also qualify for 3 bedroom property. Should you choose to request a property larger than your household requirements, as outlined in Note 1 above, you may find that their entitlement to benefit may not cover the full rent of the property and you will be liable for any shortfall.

Where a household refuses an offer that they would under occupy because they do not meet the housing benefit criteria for children of different sexes sharing up to the age of 10 this would not count as a reasonable offer and they would not be suspended from the housing register.

Note 3: We will accept a pregnancy of over 12 weeks as evidence that you may need an extra bedroom.

Note 4: We will not give you an upper floor flat where you have children under the age of 7, unless you ask for this.

10 How we award points
