These drawings and the copyright thereof are the sole property of the consultant and must not be reproduced without their written consent.

The contractor is to check all levels and dimensions before work commences, and any discrepancies to be reported immediately to the consultant.

Work to agreed dimensions. Do not scale.

The contractor is expected to supply and do everything necessary for the proper execution of the works that may be reasonably inferred from the drawings and specifications, whether stated or not, without extra payment in respect thereof.

The finished building will require routine maintenance in accordance with national and practice and the manufacturer's recommendations.

The outside drawings are to be read in conjunction with the engineering and architectural specifications / schedule of works.
