County Council 10.03.20

Press and Media Protocol

Recommendations / key decisions required:

• To consider an updated Press and Media Protocol

Reasons:

- A new divisional structure has been implemented since the agreement of the current Protocol, which has combined several services into a new Marketing and Media team. New staffing structures and working practices are in place as a result of this, which also reflect the changing demands from the press and media
- The press and media are essential channels of communication for the Council. This protocol seeks to clarify the processes for proactive and reactive communications via the press and media, and provides guidance to all staff and members
- A Press and Media Protocol was agreed by Full Council in June 2015, however there
 have since been major changes in the way the media works, with much more emphasis
 on online and social media news coverage
- This new Protocol includes guidance in relation to Welsh Language Standards and The Wellbeing of Future Generations Act.

EXECUTIVE SUMMARY

Press and Media Protocol

BRIEF SUMMARY OF PURPOSE OF THIS REPORT

To consider an updated Press and Media Protocol which updates and strengthens existing protocol, and reflects changes in the press and media environment.

The current Press and Media Protocol was agreed by Full Council on June 9, 2015. Since then, there is much more emphasis on online and social media news coverage which means the demands from the press and media are different and more fast-paced.

The updated protocol will assist the Marketing and Media team to manage press and media communications and relationships on behalf of the Council, and provide guidance to all staff and members.

It will assist the Council in providing information, promoting its services and developing its image as an open and transparent organisation that is accountable to the local community. It explains the principles that the Council adopts, whilst taking into account the national Code of Recommended Practice on Local Authority Publicity in Wales.

Key changes include:

- Inclusion of a new approvals process
- Clarity on written statements and interviews
- Reference to the Social Media Policy
- Reference to out of hours and emergencies
- Inclusion of new photography and filming guidelines
- Inclusion of invitations to a photo call
- Inclusion of invitations to events

Executive Board considered the updated protocol at its meeting on January 20, 2020, and recommended that it be adopted. Whilst much of the protocol relates to the functions of the Executive Board, it is necessary for County Council to consider some elements. For ease of reference these are outlined below and are highlighted throughout the document.

- Interviews given by Committee Chairs
- Requests about decisions at Council meetings
- Quotes in press releases
- Covering Council meetings
- Media access to Council proceedings/premises
- Elections
- Events
- Social Media
- Photography and filming
- Invitations to a photo call (appendix B)
- Invitations to events (appendix C)
