## 1. Principles

Carmarthenshire County Council's Complaints Procedure emphasises the following principles:

- To ensure that as many complaints as possible are **resolved at stage 1** local resolution.
- To ensure that investigations follow the '**Investigate Once, Investigate Well**' principle.
- To adopt a stronger emphasis on **learning from complaints** and utilising them where possible to reform service design.

## 2. Definition

A **definition of a complaint** is:

- an expression of dissatisfaction or concern
- about a public service provider's action or lack of action
- or about the standard of service provided
- which requires a response
- whether about the public service provider itself, a person acting on its behalf, or a public service provider partnership.

The complaints referred to within this report are the ones where the investigation has been completed during the period of this report. This report does not reflect any complaints which are currently open and under investigation.

## 3. Summary of findings

\*\*Due to departmental restructuring, it is difficult to compare the figures for 2015/16 with those of 2014/15\*\*

- 264 complaints were investigated for the Environment Department during 2015/16, compared to 239 complaints during the previous year (2014/15 figure does not include Planning)
- 160 of these complaints (61%) received a response within the allocated time period. This reflects a decrease from last year, with last year's percentage of 68%.
- 10 Public Protection complaints were recorded, 5 were received last year. Planning has seen a slight decrease from last year's figure of 33 to this year's total of 26.

#### Analysis of the trends

- **Planning**

There was a slight increase in Stage 2 complaints from last year, up to this year's total of 12. Of these, 9 were not upheld, with the remaining three recorded as partially upheld. The three partially upheld complaints highlighted on the failure to communicate, resulting in delays in the planning process.

## Report C

14 Stage 1 complaints were recorded. 4 were upheld, and 3 partially upheld. The 4 upheld again highlighted failures in communication or delays, whether it be responding to emails or in providing informing to applicants. 3 Stage 1 complaints raised concerns with planning enforcement, all were recorded as not upheld.

- **Street Scene**

### Highways

The Highways department received a total of 20 complaints. Included was the only Stage 2 investigation recorded against the Street Scene division. This was recorded as partially upheld. It was found that incorrect legislation was quoted within a notice, issued to a resident. Naturally, the notice was revoked.

Of the remaining 19 Stage 1 complaints, only 3 were upheld. These related to resurfacing work to a pavement, communication between departments as to a road closure, and some property damaged caused by a gritting lorry. The remaining 16 complaints were split evenly, with 8 partially upheld and the remaining 8 recorded as not upheld.

### Refuse, Recycling & Cleansing

132 complaints were recorded for the department.

47 were upheld, 42 partially upheld with the remaining 43 recorded as not upheld.

Main focus of a large percentage of the complaints related to the weekly bin collection. These could mainly be broken down as regular missed collections, actions of the crew or damage/placement of the food waste bins.

- **Property Services**

5 Stage 2 complaints were received, up from last years' single Stage 2. Two were upheld, citing the standard of work and the lack of communication with the individual tenants. One was not upheld, with the other two partially upheld. One was partially upheld as to the time taken to complete the outstanding work.

4 Building Maintenance Stage 1 complaints were upheld, and a further 12 partially upheld. Lack of communication and delays were the main points highlighted within each individual complaint.

9 further Stage 1 complaints were not upheld.

There were 6 Stage 1 complaints recorded against the Grounds Maintenance department, 4 of which were upheld.

- **Transport and Engineering**

There was a slight increase in the number of complaints received for the department this year, up to 38 from last year's total of 35. 4 complaints were recorded a t Stage 2, 1 of which, was upheld.
