Appendix B

Executive Summary of Observations Received

Executive Summary of Observations Received

The County Council's proposal to change primary school provision in the community of Llangennech has generated a considerable response from interested parties, with a total of 267 submissions received in response to the formal consultation.

The consultation period commenced on the 25th January 2016 and was due to close on the 11th March 2016 but in response to requests from some interested parties the Director of Education and Children's Services agreed to extend the period for responses by one week until the 18th March 2016. All consultees were formally notified of the extension of the consultation period.

The County Council's proposal is constituted of three elements as follows:

- to close the current Llangennech Infants School and Llangennech Junior School and create a new community primary school on the site and in the premises of the current schools;
- to extend the age range of the school from 4 to 11 years to 3 to 11 years, introducing new part-time education for three year olds; and
- to create the new school as a Welsh medium school in place of the present dual stream arrangement in both existing schools.

Very little comment has been made within the consultation responses to the element of the proposal that proposes creating a new primary school in place of the two current schools. Both schools have been operating under a formal federation since April 2015, with a single governing body and a shared head teacher and this progressive move appears to be acknowledged as a success and that the formal amalgamation of provision within a single primary school is a natural step forward.

Broadly speaking there is support for the introduction of part-time nursery provision within the school, but some respondents have expressed concern over the impact that this may have on existing independent sector childcare and nursery providers in the community who have hitherto been commissioned to provide part-time nursery education. These respondents are concerned that the removal of funding for part-time nursery education could undermine the financial viability of the settings for the future.

The element of the proposal that has generated the greatest response is the intention to change the medium of instruction for all pupils to Welsh in place of the current dual stream arrangement which has provision in either the Welsh or English language operating side by side. Opposing opinions have been submitted by respondents with some strongly opposed to the proposal whilst others are in favour of it. Those opposing the change have presented a number of reasons why they consider that it is not desirable whereas those in support of the change generally consider that it would be a natural progression for the school given the changes that have been taking place in the balance of language provision over recent years and that it will be advantageous for all children.

All of the submissions received to the consultation document within the (extended) consultation period are noted in Appendix C, together with the response of the County Council's professional officers. The following table presents an executive summary of the

main points raised in opposition to, or in support of the proposal, along with the response of officers to each one.

	Observation	Local Authority Response
1.	<p>In opposition</p> <p>The dual stream system works very well as it is and therefore there is no need to change a system that already works.</p>	<p>The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to “increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”</p> <p>In order to be able to increase the provision of Welsh medium education it has been recommended that “the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”</p>
2.	<p>The removal of choice from the community. The community will no longer have an option to attend an English stream.</p>	<p>The Local Authority has a responsibility to provide all pupils with the best education possible and the Local Authority believes that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.” The best way to create confident, bilingual individuals is through immersing pupils in the Welsh language.</p>
3.	<p>The proposal is inconsistent with community make-up.</p>	<p>It is noted that many members of the community do not speak the Welsh language and that many pupils come from non-Welsh homes; therefore it is important to increase the provision of Welsh medium education in order to ensure “linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”</p>
4.	<p>Children who would</p>	<p>It is the Local Authority’s intention that all current pupils</p>

	<p>prefer an English medium education or who struggle with the Welsh language will be forced to move to another school.</p>	<p>remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.</p>
<p>5.</p>	<p>Some children may not be able to cope with learning through the medium of Welsh.</p> <p>The ability of non-Welsh speaking parents to support their children with their school work and homework.</p>	<p>The school will continue to provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils and currently visit the school twice a week.</p> <p>Pupils and parents are currently supported by the school through the following:</p> <ul style="list-style-type: none"> • Open door policy where teachers can translate the work for parents and provide an explanation of what is required at that time e.g. either before or after school • Parents can contact the school via telephone or e-mail. • Homework is provided bilingually when needed. • Welsh lessons are provided to parents at specific periods throughout the year. • In the Foundation Phase, special books are regularly sent home to parents in the home language which enables the parents to see what the pupils achieve in school. • A homework club is held for an hour after school once a week to provide support for pupils who require help with their homework. • Sports, choir and IPad club are held bilingually. • Urdd club – many children from the English stream currently attend.

		<ul style="list-style-type: none"> • Bilingual school website. • Bilingual staff members in both streams. • Bilingual school assemblies and singing sessions. Pupils learn a mixture of Welsh and English songs. • Bilingual school productions. • “Athrawon Bro” provide support help develop the Welsh skills of pupils. • “Athrawon Bro” hold a language centre for a full week during the summer term for groups of year 5 pupils. These are pupils who currently perform at level 3 but who can attain level 4 with professional input. • Older pupils have strong Welsh skills which enables them to explain the homework to their parents. • “Athrawon Bro” provide training to staff members who are less confident in using their Welsh skills. • The Welsh language is heard daily by English stream pupils. <p>The school are also intending to hold an evening for parents of all classes at the beginning of September detailing the themes of work for the year and the contents of the work.</p> <p>Parents could also access support by:</p> <ul style="list-style-type: none"> • Asking the child to explain the homework – the pupil could translate the homework for non-Welsh speaking members of the family. • Using online translation tools. • Asking a Welsh speaking friend/family member/neighbour for help.
6.	Children with SEN/ALN may not be able to cope	All pupils with additional learning needs have specific individual plans based on their needs and the agreed

	with the Welsh language.	support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction. The school states that through the years; children with various additional learning needs have attended the school through both streams successfully.
7.	The standard of the pupils' English development will decline through receiving their education through the medium of Welsh.	It is important to note that English is a statutory curriculum subject and will continue to be taught to the highest of standards at the school.
8.	Welsh medium education may disadvantage children entering further or higher education.	There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire's " Why are we promoting a Bilingual education? " document. Bilingualism has positive effects on children's linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.
9.	Transport difficulties and costs for families who opt for their children to attend other schools (especially for parents without private transport).	The Admission to School Information for Parents booklet states that " the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility. " This is something that all parents/guardians should consider if they decide that their child needs to attend another school.
10.	Capacity at other schools.	Should parents decide to place their children in an alternative school; parents should note that pupils are admitted to schools following the guidelines as stated in the Admission to School Information for Parents booklet – " Parents can state a preference for a school, which is not the designated catchment area school. Subject to

		<i>the limit on the number of pupils who can be admitted into the school not being exceeded and the correct procedures being followed, then admission will be granted.</i>
11.	Standards of education at other schools.	Parents should consider the educational standards of any alternative schools should they decide that their child needs to attend an alternative school.
12.	The impact of introducing a nursery class in the school on existing independent providers.	The Admission to School Information for Parents booklet states that <i>“all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday.”</i> Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.
	In Support	
1.	The proposal supports the aim of Carmarthenshire’s Welsh in Education Strategic Plan of increasing the provision of Welsh medium education.	The Local Authority welcomes the observations that understand that the proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to <i>“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”</i> In order to be able to increase the provision of Welsh medium education it has been recommended that <i>“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”</i>
2.	The change will promote bilingualism in the Llangennech area.	The Local Authority notes the support. It is noted that many people in the area do not speak the language and that many pupils attending the school come from non-Welsh background. The Local Authority has a responsibility to provide all pupils with the best education possible and the Local Authority believes that providing a

		Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2." The best way to create confident, bilingual individuals is through immersing pupils in the Welsh language.
3.	The change will be a natural step for the school.	The data presented in the consultation document shows the difference in pupil numbers attending the Welsh stream in comparison to the English stream. This data proves that there is a demand for Welsh medium education.
4.	There are many advantages to being bilingual.	The Local Authority welcomes the responses which realise that being bilingual has many advantages. There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire's " Why are we promoting a Bilingual education? " document. Bilingualism has positive effects on children's linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.
5.	3 year old pupils will have access to a formal education from an earlier age.	The local authority has a responsibility to " increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages. " The Local Authority will be able to ensure linguistic continuity from the nursery sector by providing a formal education to 3 year olds.
6.	All pupils in Wales have a right to a Welsh medium education.	The Local Authority has a responsibility to provide all pupils with the best education possible and the Local Authority believes that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of

		KS2. ” The best way to create confident, bilingual individuals is through immersing pupils in the Welsh language.
--	--	--

It is to be noted that a number of representations have been made to the County Council after the closure of the formal consultation period, with exchange of correspondence and conversations continuing for several weeks thereafter. Submissions made after the end of the (extended) consultation period have not been included in this Report in order to maintain consistency in the treatment of respondents and to ensure compliance with the statutory School Organisation Code. Should the proposal proceed to the next stage of the statutory process all interested parties will have another formal opportunity to present their views prior to the County Council taking a final decision.

Appendix C

**Summary of observations received following publication of the Consultation Document and
Local Authority related responses**

OBSERVATION	RESPONSE
<p>Disagree with changes</p> <p>1. The consultee is concerned that the proposal does not cater for the community's needs. Federation would be a suitable option for the community regardless of language category. The school has been dual stream for years and worked well, catering for the whole community. This proposal does not cater for the socially diverse community of Llangennech. The consultee is also concerned that there is only one other dual stream school in the local area.</p> <p>1.1 The consultee is concerned that English speakers are no longer welcome at the school. The consultee supports the Welsh language and culture and feels that Llangennech School already provides a good understanding. The community is socially diverse and this proposal will destroy the community spirit of the area.</p> <p>1.2 The consultee is concerned that pupils who will struggle with the Welsh language will have to move school rather than change to the English stream. There are also concerns that families may then have children in two different schools if they no longer have the option of an English stream. This causes travel implications for families especially families with no</p>	<p>Disagree with changes</p> <p>The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to <i>"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."</i> In order to be able to increase the provision of Welsh medium education it has been recommended that <i>"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."</i></p> <p>It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. The Admission to School Information for Parents booklet states that **"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. The Admission to School Information for Parents booklet states that **"all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday."** Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.

1.3 The consultee is concerned that pupils who struggle with the Welsh language will have to move school rather than move to the English stream. If families decide to place their children in other schools in order to receive English medium education, they may have children in two different schools. There are concerns on the travel implications if this happens. The school should be kept dual stream.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be

1.4 The consultee is concerned that pupils who struggle with the Welsh language will need to move school rather than change to the English stream. The community needs a bilingual school. Some parents who have younger children may have to place them in other schools if pupils require English medium education – therefore having children in different schools. This causes difficulties for parents without private transport and there are concerns that pupils will not receive the same standard of education as they would at Llangennech School. This is discrimination against English speakers when the community have been happy to have a school which provides education through both mediums.

implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. “Athrawon Bro” who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This

1.5 The consultee opposes changing the language category to Welsh medium. Pupils with learning difficulties or pupils who struggle with the Welsh language will not be able to move to the English stream and will need to move to a different school, outside of their catchment area. Every pupil should have the right to attend their local school and to receive their education through the medium of Welsh or English. The consultee also opposes the need for nursery provision. Nursery provision is already available in the community and this proposal would be detrimental to this organisation, its staff and to children who attend the nursery. Should these organisations close, the community council would lose vital revenue from these businesses.

is something that all parents/guardians should consider if they decide that their child needs to attend another school. Should parents consider moving their children to other schools due to parental preference, then they should consider the educational standards of the schools when doing so.

All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."*** The Admission to School Information for Parents booklet states that ***"all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday."*** Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.

1.6 The consultee feels that that choice should not be taken away from the community when the school has been dual stream for over 60 years. Pupils who require English medium education would have to attend schools outside their local area meaning that they could no longer walk to school and circles of friends will be split. The community is a very close community and this will mean that members will now not be able to attend the same activities. The school cannot be called a community school when it does not cater for English speaking children.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."*** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

1.7 The consultee is opposed to changing the language category to English medium as this takes the right of choice away from the pupil. This choice will be taken away from English speaking children. The consultee feels that this is racism against English speaking children. This will split the community in two and the consultee is concerned that English speaking families have not been consulted and how families who require

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both***

English medium education will be able to travel to the proposed English medium schools if they have no means of private transport.

Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** The consultation process has been carried out following the guidelines as stated in the School Organisation Code 2013 and all stakeholders were notified of the consultation following these guidelines. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

1.8 The consultee is concerned with the feasibility of pupils attending other schools if they require English medium education. Perhaps the education department could liaise with housing to relocate families near to their chosen school. This is racism against English speaking families. A large number of community members do not speak Welsh and this proposal does not cater for these people. The school should remain dual stream.

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”** It is the Local Authority’s intention that all current pupils remain at the school and that future

1.9 The consultee is concerned with the consultation process and how the community has been consulted. The consultee states that there will be implications for travel time between schools for parents with children in separate schools whilst Llangennech School is in walking distance. There will also be implications on parents with children in two schools when it comes to different activities should they coincide. Also, pupils who require English medium education may not receive the same standard of education as they would in Llangennech School. Younger pupils should receive the same opportunities as their older siblings.

1.10 The consultee is concerned that non-Welsh parents will be unable to help their children with their schoolwork and therefore the pupil's education will suffer. There are also concerns for pupils who will struggle with the Welsh language – what provision is available? The consultee is concerned whether there is capacity at other schools should pupils require English medium education and what transport will be available. Also, will Llangennech School be accepting pupils from other areas if they require Welsh medium education and

prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

The consultation process has been carried out following the guidelines as stated in the School Organisation Code 2013 and all stakeholders were notified of the consultation following these guidelines. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. However, should parents consider moving their children to other schools due to parental preference, then they should consider the educational standards of the schools when doing so.

The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. “Athrawon Bro” who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary

will English be taught to as high of a standard as Welsh?
Community spirit will be lost as not all pupils will be attending the village school.

where it is noted in detail the support which is currently/will be available to all parents and pupils. It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. However,
The Admission to School Information for Parents booklet states that **"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. English is a statutory curriculum subject and will be taught to the highest of standards. Pupils will be admitted to Llangennech School and the English medium schools following the guidelines as stated in the Admission to School Information for Parents booklet – **"Parents can state a preference for a school, which is not the designated catchment area school. Subject to the limit on the number of pupils who can be admitted into the school not being exceeded and the correct procedures being followed, then admission will be granted."**

1.11 The consultee feels that the school works well as it is. The consultee is concerned about what options are available if pupils struggle with the Welsh language. Transitions to starting school can be stressful enough without having to move school if they are not happy with learning through the medium of Welsh.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new

1.12 The consultee is concerned that the community will no longer have a choice. At the moment parents can choose a stream based on the needs of their children. This proposal means that younger children will not get the same opportunities as their older siblings of attending an English medium stream. This causes problems for families who wish for their children to receive English medium education as they will have to take their children to two schools. Some pupils with learning difficulties have no option but to receive an English medium education – these pupils will need to move school. Parents who are non-Welsh speakers will not be able to help pupils with their homework which could be detrimental to the pupil's education. This is discrimination against many members of the community. It would be better to increase the number of Welsh lessons for pupils in the English stream.

pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils.

part of the community. This proposal will cause a divide in the village and deprive some children of socialising in their own community. The proposed schools are also not of the same standard as Llangennech School.

1.17 The consultee opposes to changing the language category to Welsh medium as they do not feel that the proposed English medium schools are satisfactory alternatives. Both schools are not easily accessible for parents who do not drive and neither are of the same educational standard as Llangennech School. The consultee is concerned that pupils who live in the same area will not be able to attend the same school – not all pupils will be able to adapt to the Welsh language.

Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. “Athrawon Bro” who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. The school will also provide sufficient support to parents.

1.19 The consultee is concerned that the wellbeing of families will be affected if pupils cannot attend their local school. Pupils who require English medium education but have no means of private transport will be greatly affected. The community should continue to have a choice of both Welsh and English streams as the Welsh language should not be forced onto people. Many members of the community are English speaking and they should not be isolated. Pupils in the English stream have much more exposure to the Welsh language than what they would by attending an English medium stream. This promotes bilingualism and could help pupils feed the bilingual classes that are available in Bryngwyn School. Choice is available when choosing secondary schools so there is no need to take it away now. There are also concerns that changing the age range to 3-11 will have a detrimental effect on the nurseries in the village. Also, if Bryn and Hendy catchment areas are not extended to include Llangennech, are pupils guaranteed to be offered a place at these schools? The consultee is also concerned that pupils will not receive the same standard of education at Bryn and Hendy schools as they would in Llangennech.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that ***"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."*** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** Pupils will be admitted to Bryn and Hendy schools following the guidelines as stated in the Admission to School Information for Parents booklet – ***"Parents can state a preference for a school, which is not the designated catchment area school. The Admission to School Information for Parents booklet states that ***"all 3 year olds are entitled to 10 hours***

<p>1.20 The consultee is concerned that pupils who wish to receive their education through the medium of English will need to move schools. Parent who do not speak Welsh will not be able to help their children with school work and moving schools could be detrimental to a pupil's wellbeing. It is fair to all residents to have a choice of both English and Welsh streams.</p>	<p>per week free placement at a registered setting from the beginning of the term following their third birthday.” Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.</p> <p>It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. Sufficient support will also be provided to parents. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."</p>
<p>1.21 The consultee is concerned that if pupils choose to attend</p>	<p>It is the Local Authority's intention that all current pupils remain at the</p>

English medium schools, travelling times for families will be increased. Also, if the proposal is implemented, pupils will lose the opportunity to choose their local school and will be separated from their friends and possibly siblings.

1.22 The consultee feels that the school should be kept dual stream. Pupils who attend the English stream are able to receive their education through the medium of English but are also able to leave school as Welsh speakers. This proposal will cause a split in the community. Pupils should have a right to attend their local school but this proposal will cause many pupils to leave their community. The consultee is also concerned that there is no capacity at the proposed English medium schools to cater for pupils from Llangennech. If pupils wish to attend the English medium school, this causes travel implications for families, especially for families who will have children in two different schools. The local authority should be looking at why so many pupils are attending from outside of catchment and whether this is due to lack of Welsh medium education provision in those areas. The consultee is concerned that if pupils choose to attend the proposed English medium schools due to parental preference, then the cost of transportation is the parent's responsibility, yet the choice has been taken away from parents.

school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools.”**

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school

1.23 The consultee feels that pupils should be able to attend their local school. The school has worked well as dual stream for many years. English speaking children should not have to receive their education outside of their local area. Pupils attending the English stream are able learn and use the Welsh language whereas they would not get this opportunity if they attended an English medium school. Some parents will not have a choice but to send their pupils to the Welsh medium Llangennech irrespective of whether they speak the Welsh language. The pupil's education could suffer due to not being able to be supported at home. Those children would not have the additional support at home, which is nearly as important as being taught in school. The consultee is concerned that some County Councillors who are also on the Community Council have extreme views on this proposal. The current situation works very well and the consultee does not feel that the data used for reception years does not really reflect the Welsh/English split.

and pupils receiving their education through the medium of English will continue to do so. Pupils will be admitted to Bryn and Hendy schools following the guidelines as stated in the Admission to School Information for Parents booklet – **“Parents can state a preference for a school, which is not the designated catchment area school. Subject to the limit on the number of pupils who can be admitted into the school not being exceeded and the correct procedures being followed, then admission will be granted.”** The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils

1.24 The consultee is concerned that those wishing to attend the proposed English medium schools are not guaranteed to be accepted. Dual stream schools provide good community cohesion and meet the demand of the whole community. Other means should be used to promote the Welsh language other than restricting English medium education. Parents have a right to choose the education which is best for their children.

will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. County Councillors have a right to voice their own opinions.

1.25 The consultee expresses that some parents choose for their children to attend Llangennech School in order for them to have an opportunity to learn the Welsh language although that they do not speak the language themselves. Dual stream schools are able to support the needs of these families. There is no need to change the school.

1.26 The consultee is concerned about their job security at Llangennech Infants School as they are not bilingual and are currently working in the English stream.

stream schools in order for them to become Welsh medium schools.” The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”***

The proposal will take 7 years to be fully implemented and for the school to become a completely Welsh medium school. This allows time for the school to amend their current arrangements in order to provide staff with opportunities to develop their Welsh skills in the school environment. The Local Authority will also provide training support for any staff members wishing to develop their Welsh skills. In addition, the Authority has staffing policies and procedures in respect of school reorganisation and these can be recommended for implementation if needed. The Authority will support school staff in securing suitable alternative employment if at all possible through redeployment processes.

1.27 The consultee feels that children should be given opportunities to learn values, traditions and beliefs about themselves and others. Learning in diverse environments allows for all to feel valued. The consultee is concerned about their job security as they do not speak the Welsh language and they are currently working in the English stream.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."** The proposal will take 7 years to be fully implemented and for the school to become a completely Welsh medium school. The Local Authority will also provide training support for any staff members wishing to develop their Welsh skills. In addition, the Authority has staffing policies and procedures in respect of school reorganisation and these can be recommended for implementation if needed. The Authority will support school staff in securing suitable alternative employment if at all possible through redeployment processes.

1.28 The consultee feels that the school should cater for both Welsh and English speaking families.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."**

1.29 The consultee feels that as this is the only school in the village, it is unacceptable for pupils wishing to receive their education through the medium of English to have to attend schools in neighbouring areas. This will destroy the community spirit.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the

1.30 The consultee states that some years back a Welsh only clause was introduced into the reception class which was then extended to year 1. If parents wish for their children to be educated at Llangennech School they must agree to this. Every pupil has a right to practice their own cultures and the government has a responsibility to protect these rights. This proposal means that this right is being taken away from the pupils.

1.31 The consultee feels that pupils are able to have a full school life at Llangennech School. Although that some pupils attend the English stream, they are still able to attend many school activities including competing in the Eisteddfod. It has also been noted by secondary school teachers that pupils who have attended the English stream in Llangennech had a very high standard of Welsh. The community should continue to have a choice of both streams as this provides a good foundation for pupils in the English stream who would like to learn the Welsh language.

medium of English will continue to do so.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

1.32 The consultee is concerned that choice is being taken away from the community. The school works well as it is and there is no need to change it. This is discrimination against English speaking pupils and causes segregation between pupils who will have been used to socialising with each other. The consultee is also concerned that both proposed English medium schools are not easily accessible and will cause congestion around peak times.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."*** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that ***"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."*** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

1.33 The consultee is concerned that choice is being taken away from the community. The school is working well and therefore there is no need to change it and option 4 should be the preferred option. Dual stream schools help pupils in the English stream school to grasp the Welsh language – this would not happen if pupils attended an English medium school. Dual stream also enables parents to choose the appropriate language medium for their children, depending on their needs. The proposal may lead to families having children attending different schools. Many members of the community are English speaking and therefore this proposal does not cater for these people's needs.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with

1.34 The consultee would like to put the following option forward for consideration. The consultee feels that the status quo in regards to the language category should be maintained but with modifications. The English stream would receive a minimum of 30% Welsh lessons a week and would mimic the amount English lessons that the Welsh stream receive. This would ensure that pupils from both streams would be able to speak, read and write bilingually. This would also ensure an increase of Welsh medium education in Carmarthenshire. By following this proposal, pupils from both streams would be able to change stream if needed.

This proposal has been considered in detail in **Appendix F**.

Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."** In order to be able to increase the provision of Welsh medium education it has been recommended that **"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."** This proposal would mean that there would be an increase in the provision of Welsh second language; however this percentage of Welsh lessons would not be successful in creating bilingual individuals who are fluent and confident in both English and Welsh languages. This proposal won't deliver Carmarthenshire's targets of improving the provision of Welsh (first language) medium education. It is more important for non-Welsh pupils to be immersed in the Welsh language and this can be done successfully through a Welsh medium school.

Please see **Appendix F** for further analysis of this proposal.

1.35 The consultee is concerned how non-Welsh families can be included in a pupil's learning if they attend a Welsh medium school. These pupils may have to attend English medium schools outside of the local area and therefore divide the community. These pupils would then learn no Welsh at all whereas by attending a dual stream school they are able to pick up the language.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."***

1.36 The consultee expresses the concerns of several parents regarding changing the language category to Welsh medium.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the

Some pupils who have learning difficulties will not be able to learn easily through the medium of Welsh. With this proposal there will be no option available for these pupils to move to the English stream. There are also concerns with new homes being built, neighbouring schools will be at their capacity. There will be a strain on teachers if pupils from Llangennech will also move to these schools. The local authority should consider not allowing pupils from other catchment areas attending other schools.

village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction. Pupils are admitted to schools following the guidelines as stated in the Admission to School Information for Parents booklet – ***“Parents can state a preference for a school, which is not the designated catchment area school. Subject to the limit on the number of pupils who can be admitted into the school not being exceeded and the correct procedures being followed, then admission will be granted.”***

1.37 The consultee feels that some pupils in year 6 will still transfer to English medium secondary schools if the language category of the school changes to Welsh medium. Also, if pupils are to receive their education through the medium of Welsh up until the age of 7, their English skills will suffer. Pupils should not have to move out of their village to receive their education. There is no need to change the school.

It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. English is a statutory curriculum subject and will continue to be taught to the highest of standards. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils.

1.38 The consultee feels that there is no need to change the school as it has worked well as a dual stream school for a number of years. The school has an excellent reputation and the pupils are happy with the system. The community should continue to have a choice.

This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

1.39 The consultee is supportive of the Welsh language but feels that the school should remain dual stream. Many people have placed their children in the school purely as it is a dual stream school and this choice should not be taken away from the community. Pupils from both streams interact well with each other and the school has an excellent reputation. It would not be possible for some parents to move their children to the proposed English medium school and they should not need to

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the

do this. There is no need to change a system that already works well.

provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”**

It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

1.40 The consultee states that as an employee at the school and a school governor they were firstly supportive of the proposal. However, the consultee states that they are now opposed to the idea. At the moment, staff who do not speak Welsh are able to practice their Welsh skills – this would not be able to happen at an English medium school. The school caters for all members of the community and creates a strong bond between children of different languages. Pupils should not have to travel outside of their local area to receive English medium education – this will cause segregation between pupils of different languages. This also causes problems for families without means of private transport and the local authority have a responsibility to cater for all families. This proposal will surely divide the community and the best way to promote the Welsh language would be to increase the amount of Welsh lessons per week, whilst keeping choice for the

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all

community.

1.41 The consultee feels that the school should remain dual stream. Preference has been given to the Welsh language over the last few years – both languages should be treated equally. The majority of the families that have moved into the area are English speaking and these parents should be given a choice for their children.

1.42 The consultee feels that the school should remain dual stream. Many parents do not speak the Welsh language and will be unable to help their children with their schoolwork. The Welsh language can only be used in Wales and cannot be

parents/guardians should consider if they decide that their child needs to attend another school.

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017 states that the Authority will work with other services to **“ensure that non-Welsh speaking pupils who have just moved into the County are suitably supported in order that they can integrate naturally in their local school and community.”**

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium**

used in 95% of universities. The consultee is concerned that the proposed English schools do not have enough capacity to accept pupils from Llangennech who desire an English medium education. There would also be travel implications for families wishing to attend these schools.

education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”***

The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. “Athrawon Bro” who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire’s ***“Why are we promoting a Bilingual education?”*** document. Bilingualism has positive effects on children’s linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing. Pupils are admitted to schools following the guidelines as stated in the Admission to School Information for Parents booklet – ***“Parents can state a preference for a school, which is not the designated catchment area school. Subject to the limit on the number of pupils who can be admitted into the school not being exceeded and the correct procedures being followed, then admission will be granted.”*** The Admission to School Information for Parents booklet states that ***“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental***

1.43 The consultee supports the promotion of the Welsh language but feels that this proposal will be counterproductive. There is no need to force the Welsh language onto people. Llangennech School is working well and most parents are supportive of a bilingual education. This proposal does not cater for the many English speaking members of the community and these members should not have to move out of their local area to seek English medium education. There are other ways of promoting the Welsh language other than changing the language category of the school to Welsh medium. The community should continue to have a choice of both streams. The consultee has accepted that providing education for 3 year olds will standardise education for this year group – however this proposal will have a detrimental effect on other nursery providers in the area.

1.44 The consultee is concerned that pupil's choices will be reduced and that pupils will be forced to learn through the medium of Welsh or move school.

responsibility.” This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that **“all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday.”** Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.

It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s

1.45 The consultee is concerned that pupils with learning difficulties/disabilities or pupils that find the Welsh language difficult will not be able to move into the English stream and will have to move to another school.

Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. “Athrawon Bro” who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction.

1.46 The consultee is concerned that changing the language category to Welsh medium will alienate non Welsh speaking children and parents by forcing them to seek English medium schools outside of the community.

1.47 The consultee expresses concerns regarding changing the language category to Welsh medium. The consultee is concerned that pupils wanting English medium education will have to attend other schools and some parents might have several siblings in different schools which will cause difficulties for parents.

1.48 The consultee is concerned that changing the language category to Welsh medium will mean that the family may have to take one of their children (who will start after proposal is implemented) to an English medium school outside of the village if they wish for the child to have a mainly English medium education. The consultee expresses concern that the pupil will not receive the high standard of education that Llangennech School would provide.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that **"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. Parents should also consider any other issues which may arise.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. However, should parents consider moving their children to other schools due to parental preference, then they should consider the educational standards of the schools when doing so.

1.49 The consultee is concerned with how the consultation process has been conducted and the lack of awareness by the local community. The consultee feels that there are a number of inaccuracies within the proposal and appears to be centred on the opinion of a minority. The proposal has caused discontent in the local area. The consultee also feels that the proposal lacks an evidence based approach and fails to meet 21st Century School programme to have the “right school in the right place.”

The consultation process has been carried out following the guidelines as stated in the School Organisation Code 2013 and all stakeholders were notified of the consultation following these guidelines. The School Organisation Code 2013 states that **“from time to time proposers will have conducted an ‘informal’ consultation with particular stakeholders.”** However, this is not a legal requirement. The data presented in the consultation document shows the difference in the number of pupils attending both streams, with the majority of pupils attending through the Welsh stream. This shows that there is demand for a Welsh medium school. The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”**

1.50 The consultee expresses concern that the change in language category would be detrimental to the community in Llangennech as parents who wish for their children to be educated in English will have to choose a school outside of the village. The consultee is also concerned that multiculturalism within the school will be reduced and that it will cause more difficulties for parents who are non- Welsh speakers when helping their children with their homework.

It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that

1.51 The consultee is concerned that changing the language category to Welsh medium will affect those pupils who will choose to move to an English medium school by limiting the amount of Welsh that these pupils will learn. By attending a dual stream school, non-Welsh pupils are able to learn more Welsh than what they would be able to at an English medium school. Pupils who also struggle with the Welsh language would also have to move school rather than moving into the English stream.

all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). 1.52 The consultee is concerned with the how the consultation process has been conducted and the lack of effort made by the school, LA and community council to engage with parents and prospective parents. The consultee believes that the school have been trying to move to a Welsh medium language category for a number of years. If pupils were to choose to attend an English medium school this would mean having young children of 4/5 walking a great distance to school or if they were to qualify for transport, being bussed to another school. This proposal would seriously affect English speaking members in the community and will split the community from an early age. Brynsierfel and Ffwrnes provide Welsh medium education where those desiring Welsh medium education can attend.

support which is currently/will be available to all parents and pupils.

The consultation process has been carried out following the guidelines as stated in the School Organisation Code 2013 and all stakeholders were notified of the consultation following these guidelines. The School Organisation Code 2013 states that **“from time to time proposers will have conducted an ‘informal’ consultation with particular stakeholders.”** However, this is not a legal requirement. The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

1.53 The consultee expresses concern that changing the language category will force many parents to send their children to an English medium school – which will incur financial implications and the sense of detachment from the village. The consultee is also concerned that parents who do not speak Welsh may feel pressured to send their child to the school.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** Sufficient support will be available to parents who do not speak Welsh.

1.54 The consultee expresses concern that changing the language category will force parents who do not wish for their children to have a Welsh medium education to move them to an English medium school. The consultee is concerned that this would affect current traffic situations and also some parents would have to walk their children to school along busy roads. The consultee also expresses concern that pupils who would attend the English stream at a dual stream school but choose to attend an English medium school will be at a disadvantage as they will not be able to pick up the Welsh language as they would in a dual stream school. The consultee states that pupils from both streams currently mix through different school activities and this would not continue if the school became Welsh medium.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be

1.57 The consultee expresses concern regarding changing the language category of the school. The consultee is concerned that the proposal will force families to either choose a fully Welsh medium education or move to an English medium school which will then limit the pupils from learning Welsh. This will then mean additional transport costs for parents who decide to move their children to an English medium school. The consultee is also concerned about how the change will affect pupils with additional learning needs and disabilities and what support will be available to pupils.

available to all parents and pupils. All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction. The Admission to School Information for Parents booklet states that **“the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility.”** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. Should parents consider moving their children to other schools due to parental preference, then they should consider the educational standards of the schools when doing so.

All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each

1.58 The consultee expresses concern regarding changing the language category to Welsh medium. It is the consultee's opinion that this will divide the community and lead to a breakdown in the community spirit of the village. It is also unfair to ask parents who wish for their children to be educated through the medium of English to move to school outside of the village. Dual stream schools enable children who learn through the medium of English to teach enough Welsh to get by.

1.59 The consultee is concerned that the children's education will suffer if the English language is treated as a second language. English is the language of the business world and therefore pupils will be at a disadvantage later on in life.

individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."***

English is a statutory curriculum subject and will continue to be taught to the highest of standards. There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire's ***"Why are we promoting a Bilingual***

1.60 The consultee is concerned that changing the language category to Welsh medium will disadvantage pupils later on in life when they enter further education through the English language.

1.61 The consultee expresses concern regarding changing the language category of the school to Welsh medium. Choice will be taken from the community and the consultee is concerned that pupils who struggle with the Welsh language will not be able to change stream and will have to move to a different school. The consultee also feels that this change will cause a divide in the community.

education?” document. Bilingualism has positive effects on children’s linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.

English is a statutory curriculum subject and will continue to be taught to the highest of standards. There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire’s **“Why are we promoting a Bilingual education?”** document. Bilingualism has positive effects on children’s linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the

1.62 The consultee is concerned that changing the language category to Welsh medium would cause segregation in the community and would limit pupils who are taught in different language mediums from interacting with each other. Pupils who want an English medium education will have to attend schools outside of their community and will have to provide their own transport. The consultee feels that learning through the Welsh language will disadvantage pupils later on in life and that pupils forced to learn through the Welsh medium will not achieve their full potential. The consultee is also concerned that the proposed changes will mean job losses for school staff and for staff members in other organisations in the community.

1.63 The consultee expresses concern regarding changing the language category to Welsh medium. This would cause a divide in the community and mean that children wanting English medium education would have to leave their community and attend another school. The consultee feels that Llangennech School is unique because families can have children attending different streams depending on their needs

medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The proposals have been prepared in response to Carmarthenshire County Council's Welsh in

and by changing the language category this choice will be taken away.

1.64 The consultee is concerned with changing the language category of the school. The consultee is concerned that parents who already have children attending the school through the English stream and will have children starting after January 2017 may have to move pupils to another English medium school. This means that families will have children in two different which could cause difficulties and may result in having to move all children outside of the community. The consultee is also concerned that the change will alienate non-Welsh parents who have no choice but to send their children to a Welsh medium school and will also alienate pupils who are not able to practice the language at home.

Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”**

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”**

It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** Sufficient support will be provided to parents who are non-Welsh speaking.

1.65 The consultee expresses concern with regard to changing the language category to Welsh medium. Pupils should be able to attend their local school and not be forced out of the village if they want an English medium education. This change would cause a divide in the community rather than promoting inclusion. The consultee is also concerned that choice is being taken away from families and pupils who may struggle with the Welsh language will have to move school as the English stream will no longer be available.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."*** The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils.

1.66 The consultee is concerned that changing the language category to Welsh medium will cause difficulties for families whose children require education through different mediums. This would cause even more difficulties for families without means of private transport. The consultee also states that pupils receiving education through the English medium have a very good understanding of the Welsh language whereas this would be limited by attending an English medium school. The consultee also has concerns regarding changing the age

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that ***"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."*** This is something that all

range to 3-11 as offering 2 hours a day of childcare is not suitable for working parents compared with other organisations in the village.

1.67 The consultee is concerned that changing that language category will divide the community if pupils have to travel outside of the community to receive English medium education. Pupils should be able to attend the school in their own community and be a part of that community.

1.68 The consultee is concerned that changing the language category to Welsh medium will force some people to seek

parents/guardians should consider if they decide that their child needs to attend another school. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."** The Admission to School Information for Parents booklet states that **"all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday."** Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."**

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the

English medium education outside of the village. The consultee is concerned that pupils who choose to move to English medium schools will not be exposed at all to the Welsh language, whereas by attending the English stream at Llangennech School they are able to pick up the language. The change would also cause a divide in the community and would segregate pupils attending different schools.

1.69 The consultee is concerned that changing the language category to Welsh medium will prevent pupils who have moved to the area from attending the village school. The consultee is also concerned that not all pupils will be able to achieve their full potential by learning through the medium of Welsh.

1.70 The consultee feels that the families will suffer if they are unable to take their children to the village school and this will also include additional travelling costs.

village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."***

Carmarthenshire's Welsh in Education Strategic Plan 2014-2017 states that the Authority will work with other services to ***"ensure that non-Welsh speaking pupils who have just moved into the County are suitably supported in order that they can integrate naturally in their local school and community."*** There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire's ***"Why are we promoting a Bilingual education?"*** document. Bilingualism has positive effects on children's linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that ***"the arrangement and cost of transport to school for pupils who do not qualify for free***

1.71 The consultee feels that changing the language category to Welsh medium would cause a divide in the community and would be detrimental rather than beneficial. The consultee is also concerned about the 'knock on' effects on the community centre, playgroups and nurseries and the effects on employees of these establishments.

transport is a parental responsibility." This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."** In order to be able to increase the provision of Welsh medium education it has been recommended that **"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."** The Admission to School Information for Parents booklet states that **"all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday."** Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision.

1.72 The consultee is concerned that changing the language

It is the Local Authority's intention that all current pupils remain at the

category to Welsh medium will cause a divide in the community, by forcing children seeking English medium education out of the village. Pupils will no longer socialise both in and out of school.

1.73 The consultee feels that changing the language category to Welsh medium will be detrimental to the language. At the moment English stream pupils are able to learn more Welsh than they would be able to by attending an English medium school. The consultee is also concerned about travel implications to English medium schools.

school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

--	--

1.83 The consultee is concerned about the financial and physical strain on families wishing to receive an English medium education. They also feel that bonds will be broken between pupils attending the same nurseries who will then attend different schools.

1.84 The consultee feels that there is no need for change. There is also concern for families who do not speak Welsh who will not be able to help their children with school work and also that choice is taken away from the community.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that **"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."** In order to be able to increase the provision of Welsh medium education it has been recommended that **"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."** The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all

<p>1.85 The consultee is concerned that choice is being taken away from the community as some families have children attending both streams and this will not be an option in the future.</p>	<p>future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. “Athrawon Bro” who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils.</p> <p>The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). 1.94 The consultee feels that the proposal has split the community and that parents should have a choice of both streams. There are concern for pupils with additional learning needs who may struggle with learning through the medium of Welsh. These pupils would have to move to an English medium school rather than changing stream. The change would also mean that pupils seeking English medium education would not be able to learn any Welsh at all. The consultee also has concerns regarding the consultation process.

Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”*** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning

<p>1.95 The consultee feels that changing the language category to Welsh medium will remove choice from the community. It is unfair that younger pupils will not have the same choice as their older siblings have had.</p> <p>1.96 The consultee is concerned that changing the language category to Welsh medium will cause segregation within the village. There is no need to change the school.</p>	<p>need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction. The consultation process has been carried out following the guidelines as stated in the School Organisation Code 2013 and all stakeholders were notified of the consultation following these guidelines.</p> <p>The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to “increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that “the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.” The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”</p> <p>It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. 1.112 The consultee feels that the school should be kept dual stream. This proposal would segregate non-Welsh speakers who won't be able to attend their local school. Pupils shouldn't be forced to speak Welsh.

them to become Welsh medium schools." It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."** In order to be able to increase the provision of Welsh medium education it has been recommended that **"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."**

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of **ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."**

<p>1.113 The consultee feels that the school should remain as dual stream as many people in the area are not fluent Welsh speakers. Pupils should also be able to attend a school in their local area.</p>	<p>The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to “increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that “the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.” It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.</p>
<p>1.114 The consultee is concerned that the pupils who wish to receive their education through the medium of English and move to the proposed schools will not receive the same standard of education as they would in Llangennech School as they do not have the same rating as Llangennech School.</p>	<p>It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. Should parents consider moving their children to other schools due to parental preference, then they should consider the educational standards of the schools when doing so.</p>
<p>1.115 The consultee feels that the school should remain as it is as the presence of the English stream is beneficial to pupils with additional learning needs.</p>	<p>The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to “increase the provision of Welsh medium</p>

1.116 The consultee is concerned that friends will leave Llangennech School in order to obtain English medium education and feels that the school should remain as dual stream.

education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”**

All pupils with additional learning needs have specific individual plans based on their needs and the agreed support is provided. This support will continue to be provided for each individual currently attending the school through the medium they currently receive their education. Should the proposal be implemented, all future pupils will receive this support mainly through the medium of Welsh. In the majority of cases an additional learning need is not a barrier to learning two languages as there is much flexibility built into the delivery of the curriculum to enable pupils to succeed. It is our experience that the vast majority of pupils with a wide range of additional learning needs and abilities are successful in all of our schools irrespective of the language of instruction.

It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). 1.117 The consultee feels that the school should remain as a dual stream school and is concerned that if the school changes to Welsh medium then not all pupils' needs will be met.

English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”**

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”**

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

1.118 The consultee supports the progression of education

The proposals have been prepared in response to Carmarthenshire

through the medium of Welsh but feels that a dual stream school can be used flexibly with the changing demand for English or Welsh education. Pupils at a young age should be able to start school with their friends.

County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

1.119 The consultee agrees that the Welsh language is an integral part of the Welsh education system but does not agree to changing the language category of the school to Welsh medium as not all pupils in the area speak Welsh.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”***

1.120 The consultee does not feel that there is need to change the school as it is working well as it is. The Welsh language is

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the

important but there is no need to change the school to be completely Welsh medium.

Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”***

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

1.121 The consultee opposes the changing of the language category to Welsh medium as the school is already working well as dual stream. There are a number of people living in the area who do not speak the Welsh language and would have to attend schools outside of their local area.

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the

1.122 The consultee feels that the community should have a choice of both English and Welsh streams as the current situation has worked well for many years. The consultee is concerned that pupils will be at a disadvantage if their parents are not able to help them with their school work because they are unable to speak the Welsh language. Pupils have a right to be educated in their first language and in their local area.

school and pupils receiving their education through the medium of English will continue to do so.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."*** The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. There will also be sufficient support for parents who do not speak the Welsh language.

1.123 The consultee feels that all children have a right to be educated in their first language, whether it be Welsh or English. It is felt that this proposal will divide the community and parents should not be punished for deciding which education is best for their children.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

1.124 The consultee feels that the school should be kept as dual stream as the majority of the village are English speakers. This proposal will cause a divide in the community.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority

1.125 The consultee feels that choice is being taken away from the community. The pupils would not have a choice of changing to the English stream if they struggle to learn through the medium of Welsh. There would also be travel implications if pupils choose to change school to receive an English medium education and also pupils may find it difficult to settle in to a new school.

have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."***

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."*** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive

1.126 The consultee does not agree with changing the language category of the school to Welsh medium. There are concerns regarding how pupils will be educated if they choose to move to Bryn or Hendy Primary Schools as these are already at capacity. The consultee also has concerns as to how the consultation process has been managed.

their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils. The Admission to School Information for Parents booklet states that **"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."** In order to be able to increase the provision of Welsh medium education it has been recommended that **"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."** Pupils are admitted to the school following the guidelines as stated in the Admission to School Information for Parents booklet – **"Parents can state a preference for a school, which is not the designated catchment area school. Subject to the limit on the number of pupils who can be admitted into the school not being exceeded and the correct procedures being followed, then admission will be granted."**

1.127 The consultee feels that the community should have the choice of attending an English or Welsh stream. This proposal discriminates against pupils wishing to receive their education through the medium of English. The majority of the community are English speaking and the local school should cater for all pupils.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."***

1.128 The consultee feels that the school should remain dual stream. This proposal discriminates against pupils wishing to receive their education through the medium of English and the school already provides an excellent education as it is.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** The Local Authority

1.129 The consultee is concerned that less privileged families will suffer as they will either have to accept a Welsh medium education or face the financial implications of traveling to English medium schools outside their local area. Pupils who struggle with the Welsh language will have to move school rather than move stream.

1.130 The consultee feels that the school should remain dual stream and that the Welsh language should not be forced on people. The community should have the choice of whether to

have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2."***

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The Admission to School Information for Parents booklet states that ***"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."*** This is something that all parents/guardians should consider if they decide that their child needs to attend another school. 1.134 The consultee feels that individuals should have a choice of whether to learn through the medium of English or Welsh. There are a number of non-Welsh speakers living in the area and this proposal would not cater for their needs.

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity***

1.135 The consultee feels that this proposal would cause a split in the community. The school should remain as dual stream as it has worked well for many years.

from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”***

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

1.136 The consultee feels that this proposal will divide the community. This will alienate English speakers who wish to receive their education through the medium of English who will have to attend English medium schools outside of their local area.

1.137 The consultee feels that the school is working well as it is; providing both Welsh and English medium education and therefore there is no need to change it. It is difficult for parents who do not speak Welsh to help their children with their school work and this may cause pupils' education to suffer.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools.”*** The school will provide sufficient support for current pupils through the medium of which they currently receive their education. The Admission to School Information for Parents booklet states that **"the arrangement and cost of transport to school for pupils who do not qualify for free transport is a parental responsibility."** This is something that all parents/guardians should consider if they decide that their child needs to attend another school.

1.149 The consultee feels that the school should be kept as a dual stream school.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."** In order to be able to increase the provision of Welsh medium education it has been recommended that **"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."**

1.150 The consultee is concerned that changing the language category to Welsh medium will affect pupils' education if they struggle with the Welsh language. This is not fair to the pupils.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. The school will provide sufficient support for current pupils through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive their education through the medium of Welsh and sufficient support will be provided to all new pupils through the medium of Welsh. It is also important to note that all teachers are expected to differentiate all pieces of work based on the needs of the pupil. "Athrawon Bro" who provide support to schools around the county will also be supporting the school and its pupils. Please refer to the Executive Summary where it is noted in detail the support which is currently/will be available to all parents and pupils.

1.151 The consultee is concerned that this proposal will push English speaking pupils out of their own community.

It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

1.152 The consultee would like to ask the Local Authority whether there is any information available to explain the benefits of educating a child through the medium of their second language. Also, is there any evidence to prove that teaching a child through their second language is successful? The consultee states that Wales is a diverse community and that the local authority should be aiming to educate the whole community successfully. The best way for pupil's to learn

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the

Welsh and become bilingual would be for pupil's to attend a dual stream school or at an English medium school where Welsh is taught as a second language.

provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”*** There are many advantages to being bilingual as confirmed by national and international research and articulated in Carmarthenshire’s ***“Why are we promoting a Bilingual education?”*** document. Bilingualism has positive effects on children’s linguistic and educational development as well as having social advantages. Some new studies also suggest that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing. Carmarthenshire Welsh medium schools already successfully educate pupils from non-Welsh backgrounds.

1.153 The consultee believes that all members of the community should have been notified of the consultation process. This is a significant change for the village and the consultee feels that every person in the village is a stakeholder, not just parents, teachers, and school governors. The consultee is concerned that the Community Council were not notified.

The consultation on this proposal followed guidelines established by the Welsh Government as stated in the School Organisation Code (2013). Page 30 of the consultation document states clearly which interested parties were notified of the consultation. Llangennech Community Council were made aware of the proposal.

1.154 The consultee feels that parents were given very little information about the process. The consultee also disagrees with the Community Council’s decision to not discuss the proposal and feels that the School/County Council should

The consultation on this proposal followed guidelines established by the Welsh Government as stated in the School Organisation Code (2013). It is the decision of the Community Council whether or not to discuss the proposal. The School Organisation Code (2013) states

have held a meeting with community members. The consultee is also concerned with the methods of submitting responses to the consultation document.

1.155 A petition was signed by members of the community of Llangennech. The community is concerned that English speaking pupils will be pushed out of their own community to attend English medium schools. The community should continue to have a choice of both streams and all pupils should have the right to attend their local school. 505 people signed the petition.

that from time to time proposers will have conducted 'informal' consultations with particular stakeholders – however this is not a legal requirement. Consultees were able to submit their responses either by e-mail or by post to the Director of Education and Children's Services.

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools.”*** The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”*** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

Impact on the Secondary School

2. The consultee supports the drive to increase the use of the Welsh language and Bryngwyn School is successful in this with the introduction of bilingual provision. However, the consultee is concerned that 10% of current pupils at Bryngwyn School have originated from Llangennech School. Any change in pupil numbers in feeder schools such as Llangennech would have an effect on the population base of Bryngwyn School and would therefore have an effect on the funding that the school receives. The school wonders whether a catchment review could be undertaken in order to minimise the effect on secondary schools as re categorization of feeder schools tends to have an effect on secondary schools. The school is also concerned that they were not informed of the change by the school or the local authority but instead found out through the local newspaper. The school works well with its family of schools and are happy with the existing structure where pupils have a choice at both primary and secondary level. The school supports the development of Welsh language provision but not where it would have a negative impact on secondary schools.

Support the Proposal

3. The consultee supports the change as this supports Carmarthenshire's goal of increasing the Welsh medium provision and to ensure that all pupils become completely

Impact on Secondary School

The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."*** It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. It is also important to note, that the proposal will take 7 years to be fully implemented and for the school to become fully Welsh medium. The local authority will monitor how this change will affect the local secondary school. The consultation process has been carried out following the guidelines as stated in the School Organisation Code 2013 and all stakeholders were notified of the consultation following these guidelines. Bryngwyn School were notified of the link to the consultation document via e-mail on 25th January 2016.

Support the Proposal

The Local Authority (LA) welcomes the large number of positive responses to the proposal to discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-

<p>bilingual. The number of pupils attending the English stream has declined over recent years and this is a golden opportunity for the area of Llangennech.</p> <p>3.1 The consultee supports the change to Welsh medium and believes that all children should be educated through the medium of Welsh. This will ensure that all children will become bilingual and able to communicate through Welsh. This gives every child a fair chance to become fluent in the Welsh language.</p> <p>3.2 The consultee feels that the future of the Welsh language depends on Welsh medium education.</p> <p>3.3 The consultee feels that this proposal ensures that all pupils will leave primary school as bilingual and skilled in speaking, reading and writing through the medium of Welsh. It is the local authority's duty to provide pupils with the best opportunities that will benefit them in later life.</p> <p>3.4 The consultee feels that it is imperative for immediate action to save the Welsh language. The consultee supports the proposal.</p> <p>3.5 The consultee feels that Welsh medium education will ensure continuity from nursery through to secondary school and will increase bilingualism in Carmarthenshire.</p> <p>3.6 The consultee supports the change as it will comply with Carmarthenshire's Welsh in Education Strategic Plan. The governing body and staff of the schools are supportive of the proposal and the decline in pupils attending the English stream show the need for a Welsh medium school. This is a natural change for the school and there are English medium schools available for pupils wishing to receive English medium</p>	<p>11 WM language school in Llangennech with one Governing Body. The responses are very encouraging.</p> <p>Many of the responses focus on the changing of the language category to Welsh medium and how this will promote bilingualism and the Welsh language in the area.</p> <p>In addition, many responses focus on the decline in pupil numbers attending the English stream and how changing the language category to Welsh medium will be a natural step for the school.</p> <p>The proposals have been prepared in response to Carmarthenshire County Council's Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to <i>"increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages."</i> In order to be able to increase the provision of Welsh medium education it has been recommended that <i>"the County Council work closely with the staff and Governing Bodies of Carmarthenshire's dual stream schools in order for them to become Welsh medium schools."</i></p> <p>The Authority has also conducted a Welsh Language Impact Assessment, Community Impact Assessment and an Equality Impact Assessment.</p> <p>Observation noted. Please see response above.</p>
--	--

<p>education. This proposal will ensure that all pupils leave school bilingual.</p> <p>3.7 The consultee supports the proposal as being bilingual is an essential skill and will help preserve the Welsh language. The consultee is sure that support will be given to parents who are non-Welsh speaking.</p> <p>3.8 The consultee supports the proposal as there is a significant increase in the pupils attending the Welsh stream and therefore this will be a natural step for the school.</p> <p>3.9 The consultee supports the proposal as it will secure the future of the Welsh language and will ensure that all pupils are raised as bilingual.</p> <p>3.10 The consultee supports that proposal as receiving a Welsh medium education will ensure that all pupils become bilingual in both Welsh and English. This is an important step in increasing the use of Welsh language in the Llangennech area and will nurture pupils who are only able to communicate through English. Assistance will need to be provided for parents who are not able to speak the language so that they are able to support their children with their education.</p> <p>3.11 The consultee states that they are surprised that there isn't a Welsh medium school already in Llangennech. This proposal will ensure that all pupils will become bilingual. Welsh medium education provides many opportunities for pupils and will open doors for them throughout their lives. The authority has a responsible to provide pupils with the best education and a Welsh medium education will be best for the pupils.</p> <p>3.12 The consultee supports the proposal as it will promote</p>	<p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p>
---	---

<p>bilingualism and the Welsh language in the area. Being able to communicate through the medium of Welsh is an invaluable skill which provides many opportunities through life. The Welsh language is important to the successful future of the nation. The consultee is delighted to see the increase of Welsh medium education in the area.</p>	
<p>3.13 The consultee feels that a Welsh medium education will provide the best education possible. A Welsh medium education provides many opportunities for pupils.</p>	<p>Observation noted. Please see response above.</p>
<p>3.14 The consultee supports the proposal as the data shows that the number of pupils attending the Welsh streams has increased over recent years. This is a natural change for the school. The proposal will promote bilingualism in the area and answers Carmarthenshire's Welsh in Education Strategic Plan.</p>	<p>Observation noted. Please see response above.</p>
<p>3.15 The consultee supports the proposal as it is becoming more and more important to be bilingual. Bilingualism is extremely important in Europe and we should be promoting this. The consultee feels that community members may be poorly informed about a bilingual education and what this entails and that the benefits of a bilingual education should be discussed. The area has always had a choice of dual stream school but the local authority must look at the demand for Welsh medium education. The consultee is also concerned with the negative responses of some consultees and the media.</p>	<p>Observation noted. Please see response above.</p>
<p>3.16 The consultee supports the proposal as it responds to Carmarthenshire's Welsh in Education Strategic Plan and the vision of the Welsh Government. The decline in pupil numbers attending the English stream show the demand for Welsh medium education. This proposal will also promote bilingualism as well as providing many opportunities and educational</p>	<p>Observation noted. Please see response above.</p>

<p>benefits.</p> <p>3.17 The consultee feels that a bilingual education provides many advantages. Receiving Welsh medium education at primary school will assist in the preservation of the language which is facing massive pressures.</p> <p>3.18 The consultee feels that there is evidence to show that learning Welsh as a second language is not successful in creating bilingual individuals. Establishing a Welsh medium primary school will ensure that all pupils are bilingual by the time they leave primary school. This is a natural change for the school and the staff and governing bodies of both schools are supportive.</p> <p>3.19 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p> <p>3.20 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p> <p>3.21 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p> <p>3.22 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p>
---	---

<p>3.23 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.24 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.25 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.26 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.27 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.28 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.29 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>

<p>3.30 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.31 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.32 The consultee feels that receiving a Welsh medium education provides pupils with many opportunities in the future including finding work. All children should have the opportunity to learn another language to help them with their future opportunities.</p>	<p>Observation noted. Please see response above.</p>
<p>3.33 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.34 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.35 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.36 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>

<p>3.37 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.38 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.39 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.40 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.41 The consultee agrees with changing the language category of Llangennech School to Welsh medium.</p>	<p>Observation noted. Please see response above.</p>
<p>3.42 The consultee supports the proposal. The demand for Welsh medium education in the area is high and the majority of the pupils at the schools attend through the Welsh stream. The change would be a natural step for the school. There will be room for pupils wishing to receive their education through the medium of Welsh. The Council will need to address the limited spaces available at the school which includes other primary schools in Llanelli.</p>	<p>Observation noted. Please see response above.</p>
<p>3.43 The consultee supports the proposal as the data shows that the majority of pupils at the schools attend through the Welsh</p>	<p>Observation noted. Please see response above.</p>

<p>stream. The consultee feels that as we are in Wales, pupils should learn through the medium of Welsh. If pupils attended schools in other countries, they would have no choice but to learn their language.</p> <p>3.44 The consultee agrees with the proposal to establish a new Welsh medium school.</p> <p>3.45 The consultee agrees with the proposal to establish a new Welsh medium school.</p> <p>3.46 The consultee agrees with the proposal to establish a new Welsh medium school.</p> <p>3.47 The consultee feels that there is need for a Welsh medium school in the village.</p> <p>3.48 The consultee feels that Llangennech is the perfect place to have a Welsh medium school.</p> <p>3.49 The consultee agrees with the proposal to establish a new Welsh medium school.</p> <p>3.50 The consultee supports the proposal to change the language category of the school to Welsh medium.</p> <p>3.51 The consultee agrees with the proposal to change the language category to Welsh medium.</p> <p>3.52 The consultee agrees with the proposal.</p> <p>3.53 The consultee supports the proposal. Some parents have to transport their children to ensure that they receive Welsh medium education. There are benefits Welsh medium education over dual stream.</p>	<p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p>
--	---

<p>3.54 The consultee states that the growth in demand for Welsh medium education has been enormous. This change will be a natural step for the school. Establishing a nursery in the school is very beneficial to ensure that the foundations for Welsh education is completely sound and is actioned and presented under the leadership of the school. These changes will create bilingual individuals and promote the Welsh language in the area.</p>	<p>Observation noted. Please see response above.</p>
<p>3.55 The consultee feels that, changing the language category to Welsh Medium would be beneficial to the local community and to the future of the Welsh Language in Carmarthenshire.</p>	<p>Observation noted. Please see response above.</p>
<p>3.56 The consultee feels that the decline in pupil numbers attending the English stream show the need for a Welsh medium school. There has been a decline in the number of Welsh speakers in the village and this proposal will help to increase this. At the moment pupils desiring a full Welsh medium education have to travel to other schools and this proposal will help relieve this burden on other schools. It is important that parents are aware of the advantages of a Welsh medium education and the opportunities that are available in Carmarthenshire. It is only through a Welsh medium education that pupils can become completely bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.57 The consultee supports changing the language category to Welsh medium. The consultee does not speak Welsh but feels strongly that children should have the opportunity to learn through the Welsh language.</p>	<p>Observation noted. Please see response above.</p>
<p>3.58 The consultee feels that the next natural step for Llangennech Schools Federation is stepping towards joining the two schools to create on new school under one governing body. The proposal will ensure that every pupil develops to be fluent</p>	<p>Observation noted. Please see response above.</p>

<p>speakers, readers and writers in both Welsh and English. The proposal will ensure that Llangennech School moves along with Welsh language continuum and offers bilingualism to every pupil and not just pupils in the Welsh stream. Including a nursery provides pupils of the catchment equal opportunities to attend a three year old nursery classroom within the village of Llangennech. This proposal will enable pupils to think, play and work in English and Welsh which will open countless doors for them throughout their lives.</p>	
<p>3.59 The consultee is happy that the Council are using this opportunity to change the language category to Welsh medium. Only Welsh medium education creates bilingual individuals.</p>	<p>Observation noted. Please see response above.</p>
<p>3.60 The consultee supports the proposal. The merger, adding a nursery provision and changing the language category to Welsh medium will secure the future of the language and will ensure that all pupils are raised as bilingual.</p>	<p>Observation noted. Please see response above.</p>
<p>3.61 The consultee agrees with the proposal.</p>	<p>Observation noted. Please see response above.</p>
<p>3.62 The consultee agrees with the proposal.</p>	<p>Observation noted. Please see response above.</p>
<p>3.63 The consultee agrees with the proposal.</p>	<p>Observation noted. Please see response above.</p>
<p>3.64 The consultee agrees with the proposal.</p>	<p>Observation noted. Please see response above.</p>
<p>3.65 The consultee agrees with the developments at Llangennech.</p>	<p>Observation noted. Please see response above.</p>
<p>3.66 The consultee is supportive of the proposal. The Welsh language shouldn't be a barrier to non-Welsh speakers it should be seen as an advantage. Pupils are able to they learn a new language in a completely natural way by listening and practicing every day. This also encourages non Welsh parents to learn a</p>	<p>Observation noted. Please see response above.</p>

<p>little bit of the language. There should be no reason to move pupils to an English medium school. The Council should make every effort to reason with consultees who do not support the proposal in order to try and gain their support.</p> <p>3.67 The consultee is fully supportive of the proposal. The consultee feels that a Welsh medium education enriches the learning experience for pupils and opens many doors throughout their careers. The demand for Welsh medium education has increased significantly over the last few years whilst the demand for English medium education has declined. It is important for all schools to follow the language continuum and offer more opportunities to their pupils to learn through the medium of Welsh.</p> <p>3.68 The consultee feels that this change will be an excellent change for the community. The local area needs more Welsh medium schools and it would a shame to miss this opportunity.</p> <p>3.69 The consultee feels that this would be a natural and necessary change for Llangennech School. Llangennech is a traditional Welsh village and this needs to be protected along with developing the future of Welsh medium education. There is a choice available for pupils wishing to receive their education through the medium of English.</p> <p>3.70 The consultee feels that changing the language category to Welsh medium would promote bilingualism in the village of Llangennech and the surrounding areas. This is an excellent opportunity for all pupils residing in Llangennech to receive a bilingual education and to develop these necessary skills.</p> <p>3.71 The consultee feels that a bilingual education can only be beneficial to a pupil, with cognitive, social and linguistic</p>	<p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p>
---	--

<p>advantages. The consultee feels that dual stream schools only dilute the Welsh language skills of pupils whereas a full Welsh medium education can provide opportunities for pupils to reach their full potential.</p> <p>3.72 The consultee believes that a bilingual education is of great benefit to a pupil. A bilingual education improves a pupil's ability to learn a third language and increases job prospects within Wales. Changing the language category to Welsh medium will ensure that the school goes from strength to strength, but stakeholders need a clear understanding of the meaning bilingual –English will still be taught at the school.</p> <p>3.73 The consultee believes that the area needs a Welsh medium school. This will ensure that pupils residing in the area will be completely bilingual.</p> <p>3.74 The consultee feels that there are a number of advantages for being bilingual including educational, professional and social advantages. It is also easier for children to learn different languages at an earlier age rather than later on in life. Every pupil in Wales have a right to Welsh medium education and this is the only way to create confident, bilingual adults.</p> <p>3.75 The consultee feels that changing the language category to Welsh medium will increase Welsh medium education provision in the area and promote bilingualism. Being bilingual greatly enriches a pupil's life by providing them with opportunities for varied cultural experiences. The standard of English taught in the Welsh stream is of a high standard and therefore pupils are not at a disadvantage later on in life.</p> <p>3.76 The consultee feels that changing the language category to Welsh medium will ensure that all children in the catchment will receive a Welsh medium education of a standard that will</p>	<p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p>
--	--

ensure that all pupils are bilingual as offering Welsh as a second language does not develop these skills effectively. Also, by changing the age range to 3-11, pupils will have access to a formal education from an earlier age.

3.77 The consultee feels that changing the language category to Welsh medium will ensure that all pupils in the Llangennech area can take advantage of a Welsh medium education and become completely bilingual. The school is already effective in promoting the Welsh language to pupils from non-Welsh background who attend through the Welsh stream. The consultee feels that the pupil's standard of English will not be affected by attending the Welsh stream.

3.78 The consultee feels that changing the language category to Welsh medium will ensure that all children in the catchment will receive a Welsh medium education of a standard that will ensure that all pupils are bilingual as offering Welsh as a second language does not develop these skills effectively. Also, by changing the age range to 3-11, pupils will have access to a formal education from an earlier age.

3.79 The consultee feels that changing the language category to Welsh medium will ensure that all children in the catchment will receive a Welsh medium education of a standard that will ensure that all pupils are bilingual as offering Welsh as a second language does not develop these skills effectively. Also, by changing the age range to 3-11, pupils will have access to a formal education from an earlier age.

3.80 The consultee feels that changing the language category to Welsh medium is a natural step whilst considering the history of the village and the statistics of pupils attending the Welsh and English streams.

Observation noted. Please see response above.

Observation noted. Please see response above.

<p>3.81 The consultee feels that changing the language category to Welsh medium will promote bilingualism and the Welsh language locally. There are more opportunities available to people who are bilingual and English medium education cannot produce Welsh speakers.</p>	<p>Observation noted. Please see response above.</p>
<p>3.82 The consultee feels that all pupils in Wales should have the opportunity to be bilingual and changing the language category to Welsh medium will promote this. Being able to speak Welsh is a great advantage and it is important and people are able to speak the language of their country.</p>	<p>Observation noted. Please see response above.</p>
<p>3.83 The consultee feels that changing the language category to Welsh medium is the only way to promote bilingualism. The change would be a natural step for Llangennech School as the statistics show that much more pupils attend the Welsh stream than the English stream. Parents who do not wish for their child to receive a Welsh medium education will have the choice to send their child to an English medium school. Being bilingual is a skill that pupils will benefit from throughout their lives.</p>	<p>Observation noted. Please see response above.</p>
<p>3.84 The consultee feels that changing the language category to Welsh medium will give pupils more opportunities to use the language outside of the classroom. It is important that pupils are fluent and confident in the Welsh language in order to be completely bilingual country.</p>	<p>Observation noted. Please see response above.</p>
<p>3.85 The consultee feels that a Welsh medium education provides invaluable skills that are of benefit to every pupil. Changing the language category to Welsh medium will promote the language in the local area and will allow the whole school to engage in many more opportunities that are offered through the medium of Welsh.</p>	<p>Observation noted. Please see response above.</p>
<p>3.86 The consultee is fully supportive of the proposal to change</p>	<p>Observation noted. Please see response above.</p>

<p>the language category to Welsh medium.</p> <p>3.87 The consultee is supportive of changing the language category to Welsh medium. There are only three Welsh medium schools on the area compared to around 15 English medium schools. Being educated through the medium of Welsh ensures that all pupils leave school as bilingual and this is an advantage to every individual educationally and socially. It is important that the council promote bilingualism and the Welsh language in order to ensure the future of the language.</p> <p>3.88 The consultee supports the changing of the language category to Welsh medium. Receiving education through the medium of Welsh is the best way to promote bilingualism. This will also ensure the development of Welsh medium education in Carmarthenshire. There are many advantages to being bilingual including developing processing skills and having a greater understanding of different topics.</p> <p>3.89 The consultee is fully supportive of changing the language category to Welsh medium. The statistics show that many more pupils attend the Welsh stream compared to the English stream and many of those pupils attending the Welsh stream come from non-Welsh homes which shows that they have faith in Welsh medium education.</p> <p>3.90 The consultee fully supports the changing of the language category to Welsh medium. This will ensure the protection of the Welsh language and the development of Welsh language education. The number of Welsh speakers in the Llangennech area has deteriorated over recent years and changing the language category to Welsh medium will ensure that this increases.</p> <p>3.91 The consultee supports the changing of the language</p>	<p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p> <p>Observation noted. Please see response above.</p>

--	--

Welsh medium will ensure that all children in the catchment will receive a Welsh medium education of a standard that will ensure that all pupils are bilingual as offering Welsh as a second language does not develop these skills effectively. Also, by changing the age range to 3-11, pupils will have access to a formal education from an earlier age.

3.102 The consultee fully supports changing the language category to Welsh medium. The only way to ensure the future of the Welsh language is to develop Welsh medium education. There is no reason why pupils leaving primary school should not be able to speak, read and write in Welsh. A bilingual education is of benefit to a pupil not a disadvantage.

Undecided

4.0 The consultee feels that the school are very supportive towards pupils attending the Welsh stream who do not have a Welsh background and believe that that receiving a bilingual education is advantageous. The consultee is supportive of a Welsh medium education if there is need in the village as long as it does not disadvantage anyone with regards to travelling to other schools.

4.1 The consultee feels that the school has naturally increased in size and has turned into a Welsh school. However, there are many English speaking pupils at the school and it is important for them to receive a bilingual or and English education if that is their wish.

Observation noted. Please see response above.

Undecided

The difference in pupil numbers attending the Welsh and English streams shows that there is a demand for Welsh medium education. It is the Local Authority's intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire's Welsh in Education Strategic Plan 2014-2017's aim of ***ensuring "that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write***

<p>Impact on other organizations</p> <p>5.0 The consultee is concerned for the future of their business and staff should the proposal be implemented. The consultee is also concerned about how this proposal will affect the community library and community center should it be implemented. The consultee is concerned that this proposal will divide the community, and force some children to attend other schools outside the village which contradicts the Foundation Phase framework which is based on inclusion, diversity and a sense of belonging.</p> <p>Member of Parliament Response</p> <p>6.0 The consultee feels that every child in Wales should have the opportunity to access school education through the medium of Welsh. Pupils in Llangennech currently have that opportunity through attending the Welsh stream. It would be counter-productive to the aim of increasing the number of pupils who can use the</p>	<p>Welsh fluently by the end of KS2.” It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.</p> <p>Impact on other organizations</p> <p>The Admission to School Information for Parents booklet states that “all 3 year olds are entitled to 10 hours per week free placement at a registered setting from the beginning of the term following their third birthday.” Part time is defined as either 5 morning or 5 afternoon sessions or a mixture of 5 morning/afternoon sessions. There will still be a need for nursery provision for all children under the age of 3 years old and for 3 year olds outside of the hours that the school provides nursery provision. It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so.</p> <p>Member of Parliament Response</p> <p>Although pupils in Llangennech currently have access to education through the medium of Welsh, these proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to “increase the</p>
--	--

Welsh language if pupils chose to attend English medium schools because of this change.

provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages. In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”*** It is the Local Authority’s intention that all current pupils remain at the school and that future prospective pupils will continue to attend the village school and receive their education through the medium of Welsh. It is important to note that the proposal will not affect current pupils at the school and pupils receiving their education through the medium of English will continue to do so. It is also important to note that it will take 7 years for the proposal to be fully implemented and for the school to be completely Welsh medium.

Union Response

7.0 UNISON advises that its members believe that dual stream provision should continue. The members are not opposed to creating a new school of age range 3-11 or federation but feel that dual stream provision should be maintained if the consultation is to consider the culture and views of parents and school support staff.

Union Response

Observation noted. The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”*** In order to be able to increase the provision of Welsh medium education it has been recommended that ***“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”***

7.1 UCAC are supportive of the proposal as they believe that the proposal coincides with the objectives of Carmarthenshire's Welsh in Education Strategic Plan and with the Welsh Government's vision of developing Welsh medium education from the early years. UCAC are aware of the opposition towards the proposal and are fully committed to ensure the wellbeing of staff. UCAC will work with the local authority for the sake of the teaching staff they represent and the wider educational community within Llangennech.

The observation and support was noted.

Appendix D

ESTYN RESPONSE TO CONSULTATION DOCUMENT

Estyn's response to the proposal to end the provision at Ysgol Babanod Llangennech and Ysgol Iau Llangennech and establish a new Welsh-medium school for pupils aged between 3 and 11 years in Llangennech, with one Governing Body

Her Majesty's Inspectors of Education and Training in Wales have prepared this report.

Under the terms of the School Standards and Organisation (Wales) Act 2013 and its associated Code, proposers are required to send consultation documents to Estyn. However, Estyn is not a body that is required to act in accordance with the Code and the Act places no statutory requirements on Estyn in respect of school organisation matters. Therefore as a body being consulted, Estyn will provide their opinion only on the overall merits of school organisation proposals.

Estyn has considered the educational aspects of the proposal and has produced the following response to the information provided by the proposer and other additional information such as data from Welsh Government and the views of the Regional Consortium, which deliver school improvement services to the schools within the proposal.

Introduction

The proposal is by Carmarthenshire County Council.

The proposal is to end the provision at Ysgol Babanod Llangennech and Ysgol Iau Llangennech and establish a new Welsh-medium school for pupils aged between 3 and 11 years in Llangennech, with one Governing Body.

The changes would be implemented in January 2017.

Summary/Conclusion

In Estyn's opinion, the proposal to merge the two schools is likely to maintain the current educational standards. However, the proposal does not provide sufficient detail about the alternative options and arrangements available to those pupils who may choose to follow their education through the medium of English should the English stream at Ysgol Llangennech close.

Description and benefits

The proposer has provided a detailed and clear rationale for the proposal to merge the two schools. It has given a good outline of the reasons for ending the provision at Ysgol Babanod Llangennech and Ysgol Iau Llangennech and establishing a new school for pupils aged between 3 and 11 years.

It notes that the authority has a duty to consider and act in line with the recommendations of Carmarthenshire's Welsh in Education Strategic Plan 2014-17, namely to ensure an increase in Welsh-medium education provision. As a result, the option that is favoured by the proposer means ending the English-medium stream at the school. However, the proposer does not give sufficient consideration to the effect of ending the English-medium stream on the pupils who may wish to follow their education through the medium of that language.

It notes that there will not be any transport implications for pupils at Ysgol Babanod Llangennech nor for Ysgol Iau Llangennech and that there will be no change in the catchment area of either school. It states clearly that if a child attends a school in the catchment area or the school nearest to the home address and this decision is based on parental choice, the responsibility is on the parents /carer to transport the pupil to and from the school and to pay the cost of that transport.

The proposer outlines clearly that both governing bodies have already federated formally, and that that is an important step towards merging the two schools and to create one primary school.

Educational aspects of the proposal

The proposer gives thorough consideration to the effect of the proposals on the quality of outcomes, provision and leadership at the school.

It makes valid reference to the outcomes of Estyn's most recent inspection reports on both schools and their categories and support bands.

It makes the reasonable assertion that there would be benefits in terms of sharing resources effectively, developing staff's skills for the whole primary age curriculum and locating all pupils on one site under the leadership of one headteacher.

It notes that the proposal would ensure specific nursery provision at the school. It has conducted an assessment of the effect of the change on equality and claims that the proposal should not have an adverse effect on any specific groups. It asserts reasonably that Welsh-medium provision for pupils who have special needs will be strengthened to provide a wide range of expertise in different areas.

The proposer has given appropriate consideration to possible disruption for current pupils. The proposer has given suitable consideration to the effect of the proposal on staff and the implications for them as a result of implementing this proposal.

The Local Government Response to Estyn

In Estyn's opinion, the proposal to merge the two schools is likely to maintain the current educational standards. However, the proposal does not provide sufficient detail about the alternative options and arrangements available to those pupils who may choose to follow their education through the medium of English should the English stream at Ysgol Llangennech close.

It is the Authority's intention that all pupils remain at Llangennech School and that future pupils will continue to attend the school and receive their education through the medium of Welsh. However, should pupils decide to follow their education through the medium of English they will be able to apply for a place at Hendy Primary school which provides a dual stream education or Bryn Primary School which provides English medium education.

It notes that the authority has a duty to consider and act in line with the recommendations of Carmarthenshire's Welsh in Education Strategic Plan 2014-17, namely to ensure an increase in Welsh-medium education provision. As a result, the option that is favoured by the proposer means ending the English-medium stream at the school. However, the proposer does not give sufficient consideration to the effect of ending the English-medium stream on the pupils who may wish to follow their education through the medium of that language.

It is the Authority's intention that all pupils remain at Llangennech School and that future pupils will continue to attend the school and receive their education through the medium of Welsh. It is important to note that this change will not affect current pupils at the school and they will continue to receive their education through the medium of English. However, should pupils decide to follow their education through the medium of English they will be able to apply for provision at Hendy Primary school which provides a dual stream education or Bryn Primary School which provides English medium education.

Appendix E

Consultation with the Pupils

Consultation undertaken on the 4th March 2016

By

Mrs Llinos Jones

Challenge Adviser

ERW

Carmarthenshire County Council

Listening to 'Learner Voice'

School – Llangennech Infants and Llangennech Juniors Schools

Date: - 4th March 2016

Session undertaken by Llinos Jones

Interviewed School Council / Pupils

1. What do you know about the proposed changes?

Comments

- Two schools becoming one with the same name.
- Maybe the school will change to become a Welsh school.

2. What are you most looking forward to?

Comments

- Getting to know new teachers.
- One school instead of two schools.
- Developing new activities.
- Using more of the top school. Perhaps doing a show together.

3. Are you worried about anything?

Comments

- If the school is big, some pupils might be nasty.

4. How would you feel if three year old children started in the school?

Comments

- It's a good thing. Pupils can see their siblings coming to the school.
- The children would learn Welsh from an earlier age.
- Pupils would make friends from an earlier age.
- It's a good thing. More teachers and staff might be needed.

Negatives:

- Difficult for staff because there will be more pupils.
- Perhaps some nurseries in the village will have to close because of the lack of children.

5. Would you like a new school uniform and badge for the new school?

Comments

- No. Everyone is happy with the uniform and it should be kept the same.

6. Would you like to be a part of a big school?

Comments

- Happy to be a part of a big school.
- Happy, there will be more classrooms and more children.
- Happy with the school building.

7. What would be your opinion be if the new pupils in the school had to have a Welsh medium education?

Comments

- Happy because they would be able to speak two languages.

- Not good because pupils that find Welsh hard would have to go to another school.
- Happy, because the pupils would be bilingual.
- The Welsh pupils would be able to help the English pupils.

8. How do you feel if the two schools became one?

Comments

- Everything would be ok because Mr Anderson will still be the head teacher.
- Infant pupils will be able to do more activities with the older pupils.

Appendix F

Revised Options for Change

5. Revised Options for Change

In developing a preferred option the County Council considered a range of alternative options. Each option was evaluated against key objectives and criteria to determine which option best suited the aspirations of Carmarthenshire.

5.1 Main Options Considered

Option 1	Status Quo – Maintain both schools in present format
Option 2	Federation
Option 3	Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech with one Governing Body.
Option 4	Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 DS language school in Llangennech.
Option 5	Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech and provide for pupils requiring EM at Bryn primary school.
Option 6	Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech and provide for pupils requiring DS at Hendy primary school.
Option 7	Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech and provide for pupils requiring EM education at either Bryn Primary school or Hendy primary school.
Option 8	Status Quo (language category) – with modifications English stream pupils to receive a minimum of 30% Welsh lessons a week and mimic the amount of English lessons in the Welsh stream. The school would remain Dual Stream with a Welsh Medium Stream and an English with significant Welsh stream.
Option 9	Gradually increase the percentage of Welsh medium provision until the school becomes a fully Welsh medium school.

Note:

Options 8 and 9 are additional to the options presented and evaluated in the County Council's published Consultation Document.

Option 8 was presented as an alternative option during the consultation period by a group of people including some parents of children in the English stream at the schools and members of the local community opposing the County Council’s preferred option as identified in the published Consultation Document. Council officers agreed to receive and evaluate this option alongside the options identified by the County Council.

Option 9 is a variation of Option 8 that could facilitate change over a longer period of time.

5.2 Advantages / Disadvantages of Each Option

Option 1 – Status Quo	
Advantages	Disadvantages
<ul style="list-style-type: none"> • No change for stakeholders. • No statutory procedures necessary. 	<ul style="list-style-type: none"> • Continues present arrangements with lack of coherence in provision. • Would not address the current demand in the schools. • Higher cost option. • Higher Staffing costs. • Opportunities for synergies will be lost. • Clearly expressed Council policies for school organisation and Welsh medium education development could not be met.

Option 2 – Federation	
Advantages	Disadvantages
<ul style="list-style-type: none"> • Federation has been an important step towards merging the two schools to become one primary school. • Opportunities to share resources. • Two schools would benefit from integrated governance and leadership. • No increased travelling times for pupils. 	<ul style="list-style-type: none"> • No designated WM language category school – Llangennech Infants and Llangennech Junior schools would remain DS language category. This would be contrary to established policies for the development of Welsh medium education and bilingual citizens. • There will be no increase in the provision of WM education in Carmarthenshire that ensures

<ul style="list-style-type: none"> • All pupils would be located on one site under the leadership of one Headteacher, with opportunities to develop effective distributed leadership across the both schools. • Consistent, integrated governance across the new school. 	<p>linguistic continuity from the nursery sector along the key stages to the secondary sector.</p> <ul style="list-style-type: none"> • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014 – 2017). • Doesn't align with MEP strategy to remove Infants and Junior schools. • Federations can be undone.
--	--

Option 3 (Preferred Option)

Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech with one Governing Body.

Advantages	Disadvantages
<ul style="list-style-type: none"> • Establishes a designated WM language category school in line with established County Council policies. • Improved resource efficiency. • Two schools would become one primary school. • An increase in the provision of WM education in Carmarthenshire that ensures linguistic continuity from the nursery sector along the key stages to the secondary sector. • No increased travelling times for pupils. • Secure long term Welsh education provision in the area with every pupil becoming fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • All pupils would be located on one site under the leadership of one 	<ul style="list-style-type: none"> • Some stakeholders, especially some parents, will be dissatisfied by the removal of choice of language stream from the local school.

<p>Headteacher, with opportunities to develop effective distributed leadership across the new school.</p> <ul style="list-style-type: none"> • Every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014 - 2017). • There will be a designated nursery provision at the school. • All pupils leaving primary school will benefit from having two languages with expanded choice and opportunity in their future lives and education. 	
---	--

Option 4

Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 DS language school in Llangennech.

Advantages	Disadvantages
<ul style="list-style-type: none"> • Establish a designated DS language category school following a period of federation. • Opportunities to share resources. • Two schools would become one primary school. • No increased travelling times for pupils. • Secure long term Welsh education provision in the area. • All pupils would be located on one site under the leadership of one Headteacher. • Having one school which will help keep and develop the sense of belonging, heritage and tradition that help to make a community. 	<ul style="list-style-type: none"> • No designated WM language category school – Llangennech Infants and Llangennech Junior schools would remain DS language category. • There will be no increase in the provision of WM education in Carmarthenshire that ensures linguistic continuity from the nursery sector along the key stages to the secondary sector. • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • Key County Council policy objectives for the development of Welsh medium education and bilingual citizens will not be met.

Option 5

Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech and provide for pupils requiring EM education at Bryn primary school.

Advantages	Disadvantages
<ul style="list-style-type: none"> • All pupils would have the opportunity to be educated through the medium of Welsh and English. • Secure long term Welsh education provision in the Llangennech area • Having two schools in close proximity to another will help keep and develop the sense of belonging, heritage and tradition in the Bryn and Llangennech areas. 	<ul style="list-style-type: none"> • No designated DS language category school – Llangennech Infants and Llangennech Junior schools. • There will be no increase in the provision of WM education in Carmarthenshire that ensures linguistic continuity from the nursery sector along the key stages to the secondary sector. • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • Key County Council policy objectives for the development of Welsh medium education and bilingual citizens will not be met. • Increased travel times for some pupils whose parents exercise parental choice. Bryn CP school being 2.04 miles away (5 mins) from Llangennech. • Parents who exercise parental choice and place their children in alternative schools will not benefit from free transport. • Not enough capacity at Bryn CP School to accommodate the EM pupils from Llangennech Infants and Llangennech Junior schools.

Option 6

Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech and provide for pupils requiring DS education at Hendy primary school.

Advantages	Disadvantages
<ul style="list-style-type: none"> • All pupils would have the opportunity to be educated through the medium of Welsh and English (DS). • Secure long term Welsh education provision in the Llangennech area. • Having two schools in close proximity to another will help keep and develop the sense of belonging, heritage and tradition in the Hendy and Llangennech areas. 	<ul style="list-style-type: none"> • There will be no increase in the provision of WM education in Carmarthenshire that ensures linguistic continuity from the nursery sector along the key stages to the secondary sector. • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • Key County Council policy objectives for the development of Welsh medium education and bilingual citizens will not be met. • Not enough capacity at Hendy CP School to accommodate all EM pupils from Llangennech Infants and Llangennech Junior schools. • Increased travel times for some pupils whose parents exercise parental choice. Hendy CP school being 1.07 miles away (5 mins) from Llangennech. • Parents who exercise parental choice and place their children in alternative schools will not benefit from free transport.

Option 7

Discontinue provision at Llangennech Infants school and Llangennech Junior school and establish a new 3-11 WM language school in Llangennech and provide for pupils requiring EM education at either Bryn Primary school or Hendy primary school.

Advantages	Disadvantages
<ul style="list-style-type: none"> • All pupils would have the opportunity to be educated through the medium of Welsh and English (DS). • Secure long term Welsh education provision in the Llangennech area. • Secure long term English education provision in the Bryn area. • Secure long term Welsh and English education provision in the Hendy area. • Having three schools in close proximity to another will help keep and develop the sense of belonging, heritage and tradition in the Bryn, Hendy and Llangennech areas. 	<ul style="list-style-type: none"> • There will be no increase in the provision of WM education in Carmarthenshire that ensures linguistic continuity from the nursery sector along the key stages to the secondary sector. • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • Key County Council policy objectives for the development of Welsh medium education and bilingual citizens will not be met. • Hendy CP School will not have the capacity to accommodate all EM pupils from Llangennech Infants and Llangennech Junior schools. • Bryn CP School will not have the capacity to accommodate all EM pupils from Llangennech Infants and Llangennech Junior schools. • Increased travel times for some pupils. Hendy CP school being 1.07 miles away (5 mins) from Llangennech. • Increased travel times for some pupils. Bryn CP school being 2.04 miles away (5 mins) from Llangennech. • Parents who exercise parental choice and place their children in alternative schools will not benefit from free transport.

Option 8 – as put forward by some members of the community:

This option was presented by a group of Llangennech schools stakeholders, including some parents of pupils in the English stream and some members of the local community, as an alternative option during the consultation period. The following is a verbatim reproduction of the option presented to officers:

“After a meeting with County Councillor G Thomas and Community Councillor Dr Marian Slader on Wednesday, 24th February what was proposed and accepted as a fair and just alternative to all the other proposals is that the status quo is to be upheld with some additions, i.e. the English stream would have a minimum of 30% Welsh lessons per week and mimic the amount of English lessons that the Welsh stream have. If this is the case these two streams should be a mirror image of each other in year 11. Both streams should be able to speak, read and write bilingually. This would be a wonderful opportunity and innovation to Llangennech School. There would be an increase in Welsh medium education in Carmarthenshire and continuity of Welsh medium provision. No child will be displaced, any child having difficulties with either language can be helped in situ. Brighter children could be fast tracked to higher levels whilst others could be nurtured along at a slower pace. There needs to be a bit of engineering to be done, putting into place the frame of work to assist parents, for example, help lines or homework lines. Monitoring for both streams, the possibilities are boundless. No more need for Welsh only schools, dual stream and 30% is the way forward.”

Option 8 – as interpreted by the Local Authority

Option 8 – Status Quo (Language Category) with modifications	
<p>English stream pupils to receive a minimum of 30% Welsh lessons a week and mimic the amount of English lessons in the Welsh stream.</p> <p>The school would remain Dual Stream with a Welsh Medium Stream and an English with significant Welsh stream.</p>	
Advantages	Disadvantages
<ul style="list-style-type: none"> • Opportunities to share resources. • Two schools would become one primary. • No increased travelling time for pupils. • All pupils would be located on one site under the leadership of one Headteacher. • Having one school which will help keep and develop the sense of belonging, heritage and tradition that help to make up a community. 	<ul style="list-style-type: none"> • No designated WM language category school – Llangennech Infants and Llangennech Junior schools would remain DS language category. • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • Pupils could not develop sufficiently strong Welsh language skills through a curriculum time

	<p>commitment of 30%</p> <ul style="list-style-type: none"> • Need for statutory procedures.
--	---

Further analysis of Option 8

This option would mean that the language category of the school would remain as dual stream. However; the proposed percentage of Welsh being taught in the English stream would mean that the English stream would be officially categorized as an English with significant Welsh stream. This results in a dual stream school with a Welsh stream and an English with significant Welsh stream which differs to the classification of dual stream with a Welsh stream and an English stream as stated in “**Defining Schools as according to Welsh medium provision**” produced by the Welsh Government. This option would require statutory procedures to change the classification of dual stream for the school and a new consultation process will need to be started.

Although the stream would be known as an English with significant Welsh stream with an increase in Welsh (second language) medium provision, the option would still be biased towards an English medium education. This is not consistent with Carmarthenshire’s Welsh in Education Strategic Plan’s aim of increasing the provision of Welsh (first language) medium education.

The proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to **“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.”** In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”** With this option, it is recommended that pupils in the English stream receive a minimum of 30% Welsh lessons a week, however these lessons would be Welsh second language as it is not possible to deliver Welsh first language through such limited curriculum time. It is not believed that this percentage of Welsh second language lessons would be successful in ensuring **“that every pupil becomes fluent and confident in both Welsh and English languages”** as is Carmarthenshire’s Welsh in Education Strategic Plan’s aim. WESP recommends that **“at least 70% of teaching and learning must be in the medium of Welsh in each year during KS2”** in order for pupils to be able completely bilingual by the end of KS2 and therefore receiving 30% Welsh lessons would not be sufficient. It is therefore unlikely that a pupil receiving 30% of Welsh (second language) lessons at primary school would be able to successfully undertake a GCSE exam in Welsh first language at secondary school level.

By promoting a bilingual education Carmarthenshire County Council are supporting the Welsh Government’s ambition for Wales to become a **“Bilingual plus 1” nation and are Supporting Triple Literacy: Language learning in Key Stages 2 and 3.** The Welsh Government’s document Supporting Triple Literacy: Language learning in Key Stage 2 and 3

document states that: ***“As a bilingual nation, we start from a positive position because we provide education through the medium of English and Welsh. Both languages are embedded in our education and training system. Our young people therefore have a head start by developing language and literacy skills that they can readily apply to other European and world languages. Conversely, the study of a foreign language can support learners’ literacy in English and Welsh.”*** Bilingualism provides children with early separation of two languages and an understanding of how language works. This makes it easier for pupils to then learn a third language. However, this option would not create individuals who are confidently bilingual in both English and Welsh languages, therefore depriving them of vital skills which make learning a third language easier. Bilingualism has positive effects on children’s linguistic and educational development as well as having social advantages. It is also believed that bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.

The consultee states that “pupils with learning difficulties with either language can be helped in situ and that brighter children could be fast tracked to higher levels whilst others could be nurtured along at a slower pace.” However; all teachers are expected to differentiate all pieces of work based on the needs of the pupil at all times. It is also important to note that should option 4 be implemented there would be no change to current pupils at the school and pupils receiving their education through the medium of English will continue to do so whilst in the school. All pupils with additional learning needs have a specific educational learning plan based on the needs of the individual and tailored support is provided for these individuals. This support will continue to be provided for each individual currently attending the school through the medium of which they currently receive their education. Should the proposal be implemented, all future pupils will receive this support through the medium of Welsh. Only on rare occasions will a child’s needs require a change of school due to language. In the vast majority of cases specific support ensures that every child is able to succeed in the home school, irrespective of language. The school will also provide sufficient support for parents who do not speak the language and will adjust the amount of support provided to pupils and parents as required. It is also worth noting that Carmarthenshire Welsh medium schools are already successfully educating pupils from non – Welsh backgrounds. It must not be forgotten that English is a statutory curriculum subject and will continue to be taught at the school to the highest of standards.

Carmarthenshire County Council have a target to increase the amount of Welsh (first language) medium provision available in Carmarthenshire. This option would not align with this target. The best way to ensure that all individuals become fluent in both Welsh and English languages is by immersing them in the Welsh language, this can be successfully done in a Welsh medium school. Option 4 provides children with opportunities to engage in extra-curricular activities through the medium Welsh enabling the pupils to develop their Welsh skills outside of the classroom.

Option 9 – as discussed during conversations with consultees.

Option 9 – Gradually increase the percentage of Welsh medium provision until the school becomes a fully Welsh medium school.	
Advantages	Disadvantages
<ul style="list-style-type: none"> • Opportunities to share resources. • Two schools would become one primary. • No increased travelling time for pupils. • All pupils would be located on one site under the leadership of one Headteacher. • Having one school which will help keep and develop the sense of belonging, heritage and tradition that help to make up a community. • Allows additional time for existing staff to develop their language skills. 	<ul style="list-style-type: none"> • No designated WM language category school – Llangennech Infants and Llangennech Junior schools would remain DS language category until much later on. • Delay in meeting WESP (2014-2017) objectives of increasing Welsh medium education by changing dual stream schools to Welsh medium schools. • Not every pupil will become fluent and confident in Welsh and English as detailed in the WESP (2014-2017). • Very complex for teachers to adjust proportion every year. • Changes from second language curriculum to first language curriculum. • Need for several statutory procedures.

Further analysis of Option 9

This proposal suggests that the provision of Welsh medium education could be increased year by year until the school finally becomes a Welsh medium school. The data presented in the consultation document shows that the number of pupils attending through the English stream is much less than for those attending through the Welsh stream, showing that there is a demand for Welsh medium education. This data suggest that this change will be natural change for the school however; this option of increasing the provision of Welsh medium education yearly would delay this change. The Council’s proposals have been prepared in response to Carmarthenshire County Council’s Welsh in Education Strategic Plan (WESP) and the Welsh Medium Education Strategy (WMES). The local authority has a responsibility to ***“increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary***

sector so that every pupil becomes fluent and confident in both Welsh and English languages.” In order to be able to increase the provision of Welsh medium education it has been recommended that **“the County Council work closely with the staff and Governing Bodies of Carmarthenshire’s dual stream schools in order for them to become Welsh medium schools.”**

This option would also be difficult for teachers to operate. Increasing the provision of Welsh medium education yearly would mean adjusting the curriculum that the teachers follow every year. It is also important to note that pupils who attend through the English stream follow a Welsh second language curriculum whereas the pupils attending through the Welsh stream follow a Welsh first language curriculum. The curriculum that the teachers are required to follow depends on the percentage of Welsh lessons provided and this would mean that the curriculum for pupils attending the English stream would change from Welsh second language to Welsh first language at some point during the transition. It is important to note that this would be a significant change for the pupils as it would not be possible to deliver a Welsh first language curriculum with a low percentage of Welsh lessons.

Changing the provision of Welsh medium education yearly would mean that several statutory procedures would need to be taken as changing the percentage of Welsh medium provision yearly would mean changing the language category of the English stream several times. Once the provision of Welsh medium education reaches 20%, the language category of the English stream would need to be changed to English with significant Welsh. However, once the provision of Welsh medium education reaches over 50% the language category of the English with significant Welsh stream would need to be changed to Transitional. It is only when the provision of Welsh medium education reaches 70% can the stream be changed to Welsh medium. These language categories are as defined in the Welsh Government’s **“Defining Schools according to Welsh medium provision”** document.

The Local Authority have a responsibility to provide all pupils with the best education possible and the Local Authority believe that providing a Welsh medium education is best for all pupils. This aligns with Carmarthenshire’s Welsh in Education Strategic Plan 2014-2017’s aim of **ensuring “that every pupil who receives education in Welsh/bilingual medium schools can speak, read and write Welsh fluently by the end of KS2.”** A Welsh medium education provides pupils with opportunities to be immersed in the Welsh language through engaging in extra-curricular activities outside the classroom. WESP recommends that **“at least 70% of teaching and learning must be in the medium of Welsh in each year during KS2”** in order for pupils to be able completely bilingual by the end of KS2.

This option as it stands would not ensure that **“every pupil becomes fluent and confident in both Welsh and English languages”** as not all pupils will have received the appropriate amount of Welsh lessons during their primary school lifetime. Ensuring that all pupils become fluent and confident in both Welsh and English languages is stated as an aim in Carmarthenshire’s Welsh in Education Strategic Plan and therefore this is not a viable option.

It is important to note that there will be no changes for pupils currently attending the school and all pupils currently receiving their education through the medium of English will continue to do so. The school will also provide sufficient support to both pupils and parents who are non-Welsh speakers and this support will be adjusted as required.

Appendix G

Why are we promoting a bilingual education?

We live in a world of great linguistic diversity. More than half of the world's population **grows up with more than one language.**

“The limits of my language mean the limits of my world.”

Ludwig Wittgenstein

One brain...Two languages...many advantages.

‘The person who knows only one language does not truly know that language’

Goethe

Why are we promoting a bilingual education?

To achieve Carmarthenshire County Council's aspirations as set out in 'The Welsh Language in Carmarthenshire Report'

One of the most important principles in the report is that every pupil should have the opportunity to be fully bilingual by the time they leave school, so that they can use and develop their language skills in the community and in the workplace. Promoting the economic and community advantages of bilingualism to parents and pupils is central to this...

To achieve Carmarthenshire County Council's aspirations as set out in 'Carmarthenshire's Welsh in Education Strategy'.

Achieving the key aim as agreed by full Council-

- *Increase the provision of Welsh medium education in Carmarthenshire and ensure linguistic continuity from the nursery sector along the key stages to the secondary sector so that every pupil becomes fluent and confident in both Welsh and English languages.*
- *Ensure that Welsh medium or bilingual education is an educational experience available to every child and that it should be within a reasonable travelling distance from children's homes. This refers to children of pre-school age and above.*

To support the Welsh Government's Welsh Language Strategy 2012–17

Our vision is to see the Welsh language thriving in Wales. To achieve that, the strategy aims to see an increase in the number of people who both speak and use the language. Our six aims are:

- *to encourage and support the use of the Welsh language within families*

- to increase the provision of Welsh-medium activities for children and young people and to increase their awareness of the value of the language
- to strengthen the position of the Welsh language in the community
- to increase opportunities for people to use Welsh in the workplace
- to improve Welsh language services to citizens
- to strengthen the infrastructure for the language, including digital technology.

A living language: a language for living Welsh Language Strategy 2012–17

To support the Welsh Government’s ambition as set out in the Welsh-medium Education Strategy

To have an education and training system that responds in a planned way to the growing demand for Welsh-medium education, reaches out to and reflects our diverse communities and enables an increase in the number of people of all ages and backgrounds who are fluent in Welsh and able to use the language with their families, in their communities and in the workplace.

Welsh-medium Education Strategy, April 2010

To support the Welsh Government’s ambition for Wales to become a ‘Bilingual plus 1’ nation AND Supporting triple literacy: Language learning in Key Stage 2 and Key Stage 3

‘As a bilingual nation, we start from a positive position because we provide education through the medium of English and Welsh. Both languages are embedded in our education and training system. Our young people therefore have a head start by developing language and literacy skills that they can readily apply to other European and world languages. Conversely, the study of a foreign language can support learners’ literacy in English and Welsh.’

Supporting triple literacy: Language learning in Key Stage 2 and Key Stage 3

National and international research- bilingualism is much more than two languages

Research shows that children who speak more than one language have advantages over their monolingual playmates – in communication, cognition and social interaction. These include-

- The child’s brain is not ‘*naturally monolingual*’; it can deal with two (or even more) languages. Children can acquire any language without any ‘effort’, just like learning to walk
- Early separation of the two languages
- Similar stages and milestones in bilingual and monolingual language development
- Spontaneous understanding of how language works ⇔ in all languages
- Competence and creativity in language mixing
- Bilingualism helps children’s learning because they can think about their ideas in both languages. Having two words for objects, ideas and processes helps understanding

- Smaller vocabulary in each language but wider vocabulary across languages
- Better metalinguistic abilities (*relation between language and other cultural factors in a society*)
- Transfer of aspects of reading skills from one language to the other
- Children acquiring two or more languages from birth are able to differentiate the grammatical systems of their languages from very early on and without apparent effort.
- Earlier awareness of other people's perspective
- Social advantages- access to two cultures, more tolerance towards and interest in other cultures, easier to travel, find a job
- Better control of attention and ability to handle conflicting information
- One aspect of research shows that bilingual children '*notice*' better how language works and outperform monolingual children in tasks linked to language awareness.
- Studies show that a bilingual child is better able to cope with tasks that involve attention, memory and concentration. The mental gymnastics needed to constantly manage two or more linguistic systems increases cognitive flexibility and makes learning easier.
- Bilingual children have an extra '*gear*' that can give them an advantage in some situations.
- Children will use words that they know rather than not say anything at all. For instance, if a child knows the word for 'ice cream' in one language and not the other he/she will use the word in the language he/she knows rather than not ask for ice cream at all. The child is not confused; he/she is simply making use of all the language he/she has.
- Some new studies suggest bilingualism may offer some protection against the decline of cognitive abilities in old age, both in normal and pathological ageing.
- **Bilingualism has positive effects on children's linguistic and educational development.** When children continue to develop their abilities in two or more languages throughout their primary school years, they gain a deeper understanding of language and how to use it effectively. They have more practice in processing language, especially when they develop literacy in both, and they are able to compare and contrast the ways in which their two languages organize reality.
- Research suggests that bilingual children may also develop more flexibility in their thinking as a result of processing information through two different languages.

No studies/research reports bilingualism as being a disadvantage

Based primarily on the work of Bangor University, University of Edinburgh (Antonella Sorace) and Jim Cummins (University of Toronto Ontario Institute for Studies in Education)
