

ANALYSIS OF COMMENTS – SUMMARY MATRIX TABLE - 2023

Table of Qualitative Responses to Licensing Policy Review Consultation – 2023

This table now considers comments expressed in the survey’s free-text questions. Note is made of the respondents ID number (to provide a traceable record), comment(s) received, the Council’s response and, where appropriate, changes to the licensing policy as a result of the consultation.

Respondents that have not submitted detailed comments are omitted from the table but are included in the analysis contained in the consultation report.

| 31 | 25 | <p>The licensing section continue to receive complaints and referrals in relation to licensed premises / alcohol related incidents in this part of Carmarthen. Following the introduction of the CIA in 2018, the licensing section has received enquiries regarding licensing premises within the CIA however the number of premises licences remains static, and no further applications have been received. In one case the operator subsequently licensed a premises in another area of Carmarthen (outside the CIA) , that premises now has the benefit of a licence with permitted hours extending to 3.30am. Officers, whilst conducting evening compliance visits, regularly observe persons congregating in the vicinity of late night food outlets in the street.</p> | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

| 33 | 25 | <p>As a Town and County Councillor for the area since 2017 I would like to relay the following observation and comment with regards the review of the effectiveness of the existing Cumulative Impact Assessment area in Carmarthen and the possibility of an additional Assessment in the Nott Square, King Street and Queen Street area of town. I think it important for the review to take into account that from my perspective the establishment of the existing CIA in the Lamma Street area has been a great success. Complaints of Anti-social behaviour and alcohol related disturbances, assaults, criminal damage and noise etc have reduced to such an extent that complaints are now few and tend to be associated with gatherings in the vicinity of the late night take away premises. Given the very noticeable difference I would therefore very much support the current arrangements to continue. Unfortunately the same cannot be said of the Notts Square/Queen Street and King Street area which over recent years has become the new “hot spot” area of complaint of rowdiness, noise, and alcohol related violence, criminal damage, public nuisance and littering in town, Most, but not all of the complaints I have received over recent years relate primarily to one particular licensed premises but such a significant number of similar club like premises operating in such a condensed street environment inevitably brings issues of antisocial behaviour, noise and alcohol related issues. The cumulative effect of such a concentration of similar premises within such a small area operating over a similar and relatively short period of time, is, I believe, clear to see and should be able to be evidenced by the various agencies. With that in mind, and given the undoubted success of the existing Impact Assessment area in Lamma Street, I would strongly support the continuation of the existing Assessment Area in Carmarthen and also to establish an additional Culminative Assessment Area in the Nott Square, King Street and Queen Street Area.</p> | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

| 30 | 35 | <p>The Transforming Tyisha team would support the continuation of the cumulative impact assessment within the Station Road area of Llanelli. We feel that the implementation of these restrictions falls in line with the aims and objectives set out by the project at it's outset. The Transforming Tyisha Project was established following the completion of a Planning for Real exercise. This exercise allowed members of the community to raise the concerns and issues they felt should be addressed as part of a regeneration project. This exercise presented a number of themes within which the community would seek improvement. These included housing and environmental conditions, community cohesion, crime, disorder and anti-social behaviour. We feel that the implementation of the cumulative impact assessment will ensure proactive steps are being taken for the management of issues relating to waste, noise, crime and anti-social behaviour. The proactive steps to reduce these issues falls in line with the goal of the project as set out.</p> | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

| 31 | 35 | As a licensing section, we continue to receive complaints and referrals regarding alcohol related incidents in this part of Llanelli. I have attached a breakdown of such incidents for reference. Since a CIA has been introduced for this portion of Station Road Llanelli the authority has refused a number of applications for premises licences, with the decisions making reference to the CIA. Those decisions have either not been appealed or in the case of one premises which appealed the decision in 2019, that appeal to the Magistrates Court was not successful. The area is also included within the updated PSPO area for Llanelli. Engagement with Council officers involved with the regeneration of this area of Llanelli highlighted the ongoing challenges with alcohol related issues and confirmed that the existing CIA supports the aims of the regeneration project. | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

|----|----|---|-------|---|----------------------------------|
| 30 | 36 | We feel that the operation of these premises for consumption on site intensify the concerns raised throughout this response. These concerns include the large amount of reported anti-social behaviour in the Station Road area. These reports have been received from Dyfed Powys Police, and through our community groups. Due to our operation as a 9-5 service, we are unable to provide any information on incidents experienced by officers, and can only provide information as has been presented by the public and professional bodies. Additional to the above, we have found significant issues in relation to cigarette litter at a number of premises along Station Road. This has an overall effect of detriment to the environmental quality of the area. This litter is largely clustered around the designated smoking area of these licensed premises. As such, the restriction of the premises will ensure the matter of cigarette litter can be targeted and dealt with in an appropriate manner. | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

|----|----|--|-------|---|----------------------------------|
| 30 | 37 | A number of street drinking incidents have been witnessed by our Community Wardens. This has included groups of adults within the PSPO area drinking alcohol. We feel that the restriction of sale for off premises consumption creates a barrier to this behaviour, that could dissuade those from partaking in consumption of alcohol within the areas immediately around Station Road, Llanelli. In turn this dissuasion should assist in the reduction of associated issues. This includes the substantial issue of littering related to alcohol containers. In restricting the sale of alcohol for off premises restriction, the number of alcohol containers available in the area will reduce, and as such the littering of these containers should reduce. | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

| 30 | 38 | Our primary concern in relation to the operation of these late night refreshment premises is in relation to the waste issue they create. We continue to witness a large number of take away containers littered along the street and within lanes along Station Road, Llanelli. This has resulted in upwards of 60 street cleanses being requested in the wider area. Further to this, additional collections have been implemented to aid in the management of this waste issue, at a cost to the local authority. We feel that the restriction of these premises will allow the amount of litter created to be controlled in a manner that should help to alleviate these environmental concerns. | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

| 29 | 61 | More important than the Council's assessment is the Council's commitment to fulfill its duties adequately and appropriately. Based on my experience with the nuisance problem with Lucifers and Notts Bars, the council has NO ADEQUATE resources to monitor its policies yet, the Council continues to grant extended licenses to places selling alcohol. It would make a lot of difference if the Council only grants licenses to a level which the Council is capable to: 1. monitor statutory nuisances, and 2. coordinate with other authorities such as the Police. If the Council has limited resources, then the Council must limit granting of licenses to a limited level it can only manage. | Noted | The Council cannot limit the granting of licences based on the available resources. | No change necessary |

| 31 | 71 | <p>Attached is a summary of current premises licences, applications and licences surrendered since January 2017. The report indicates an increase in licensed premises over the period. There has been an increase in premises operating into the early hours of the morning including one premises which has recently re-opened under a historically granted premises licence and has chosen to operate for 24 hrs a day on occasions. In addition to increased numbers of premises, some existing premises have also increased their capacity and/ or extended their permitted hours. Attached is a report of complaints and referrals logged with the Licensing Section since January 2017. The report shows a substantial increase in the numbers of complaints and referrals during 2022 and 2023. The referrals and complaints relate to various matters, including. • Complaints of noise, both entertainment and people in the street. • Complaints of littering, cigarette litter, broken glass and vomit • Assaults / disorder in the street and within premises • Intoxicate persons in the street/ doorways / refusing to leave premises. • Allegations of drug dealing in the street. The complaint and referral report data attached shows a substantial increase over the reporting period which may, in some part, be as a result in the difficulty with accessing older manual records in comparison with the current electronic recording. When conducting out of hours licensing visits and monitoring in Carmarthen Town centre officers have noted that on occasion large numbers of persons are congregating in the square in the early hours of the morning. It is difficult to identify / allocate the individuals as customers of one individual premises in the Square. Some of those congregating in the area may not have entered a licensed premises and may be passing though the location. Several of the licensed premises in this area do not have their own outdoor areas where customers can smoke. Customers wishing to smoke have to exit the premises to do so in the street. Examples of this congregation of persons in the street have been captured on officer's body worn video.</p> | Noted | This will be taken into account when reviewing the Policy | The Assessment Will reflect this |

| | | Officers have also witnessed violent incidents taking place in the square and on one occasion called for Police attendance at the location due to a large scale disorder. Officers have also witnessed young persons throwing glass vessels at each other in the square. Not all incidents that occur in this area are formally reported, during evening compliance visits Officers have witnessed a person who had significant injuries as a result of being assaulted whilst in this part of Carmarthen, leaving the area without reporting the incident to the Police – the incident has not then been captured in Police incident lists which are regularly exchanged with the authority. | | | |

| 33 | 73 | <p>As a Town and County Councillor for the area since 2017 I would like to relay the following observation and comment with regards the review of the effectiveness of the existing Cumulative Impact Assessment area in Carmarthen and the possibility of an additional Assessment in the Nott Square, King Street and Queen Street area of town. I think it important for the review to take into account that from my perspective the establishment of the existing CIA in the Lamma Street area has been a great success. Complaints of Anti-social behaviour and alcohol related disturbances, assaults, criminal damage and noise etc have reduced to such an extent that complaints are now few and tend to be associated with gatherings in the vicinity of the late night take away premises. Given the very noticeable difference I would therefore very much support the current arrangements to continue. Unfortunately the same cannot be said of the Notts Square/Queen Street and King Street area which over recent years has become the new “hot spot” area of complaint of rowdiness, noise, and alcohol related violence, criminal damage, public nuisance and littering in town, Most, but not all of the complaints I have received over recent years relate primarily to one particular licensed premises but such a significant number of similar club like premises operating in such a condensed street environment inevitably brings issues of antisocial behaviour, noise and alcohol related issues. The cumulative effect of such a concentration of similar premises within such a small area operating over a similar and relatively short period of time, is, I believe, clear to see and should be able to be evidenced by the various agencies. With that in mind, and given the undoubted success of the existing Impact Assessment area in Lamma Street, I would strongly support the continuation of the existing Assessment Area in Carmarthen and also to establish an additional Culminative Assessment Area in the Nott Square, King Street and Queen Street Area.</p> | Noted | This will be taken into account when reviewing the Policy | This supports the introduction of the CIA for Nott Square, Queen Street and King Street |

| 29 | 75 | A. The relevant Council departments and other authorities NEED to talk with each other and work with each other in a holistic manner. For example, Licensing must not issue any licenses (or extend/enhance existing licenses) more than the Environmental Health can monitor as well as more than the Police can respond. Coordination between the relevant authorities, in relation to Queen Street problems, was observed to be almost nil. If you check the Council/Police record, I have expressed this in many of my communications with the relevant authorities. Most of the time, we only received promises (with no actions) and empty assurances. In short, only words. I feel that the problems in Queen Street were not responded fairly/adequately/appropriately because short-term economic benefits were the main focus by the Council. While it is true that nightclubs/bars bring in money to the town, it has been neglected (or ignored) that nightclubs attract hooligans to Carmarthen (either as visitors or residents). In the long run, Carmarthen could become an unattractive town to decent investors/businesses/residents. If the Council continues to think | Noted | The Licensing Authority works closely with the Police and other responsible authorities when investigating complaints relating to licensed premises. This includes undertaking late night visits and monitoring. Where evidence of licence offences is found, enforcement action is taken. The Licensing Authority cannot limit the duration of premises licences as this is set out in the legislation. | No change to the policy required |

| | | | | | |
|---|-----------|---|-------|---|----------------------------------|
| | | <p>this way, I could only see Carmarthen's downfall in the future. I appeal to the Council to change its vision/thinking/approach/behaviour and to consider a long-term positive progress for Carmarthen. Formulate policies but please DO enforce policies/controls; please don't be deaf to complaints due to short-term and short-sighted economic benefits that nightclubs/bars bring. Having said the above, I want to clarify that I am NOT against pubs/nightclubs/bars. Rather, I am pointing out that I would like to see effective and prompt enforcement of policies/regulations that make all businesses (including nightclubs/bars/pubs) and residents co-exist harmoniously - an environment that is sensitive/considerate to others. Relative to Queen Street, if:</p> <p>1. the noises were controlled from 23:00 to 07:00, it would have been a good compromise between businesses and residents.</p> <p>2. mechanism were put in place regarding rubbish (vomit/broken glass/urine/other litter), it would not have been a problem having businesses selling alcohol in the area.</p> <p>B. It is mind-blowing that there are licenses that do not have expiry dates. Hence, in cases where the Environmental Health and/or the Police are not fulfilling their duties adequately and appropriately, it is extremely difficult to steer a nuisance case towards a fair and just result. Perhaps Licensing could offer applications with a choice of durations (e.g., 2/5/7 years) to be selected by applicants and licenses can only be renewed subject to regular assessments (complaints received, visits by food hygiene, crime reports, etc) during the selected duration. I believe these are logical and very sensible suggestions.</p> | | | |
