Project Title	Ammanford SAC Diving RIB
Applicant	Ammanford Sub Aqua Club
Ward	Ammanford
Project Description/ Community Benefit	<p>Ammanford Sub Aqua Club is a small, friendly, very active scuba diving club located in Ammanford with members from the surrounding area</p> <p>A key requirement for the club's diving activities is a Rigid-Hulled Inflatable Boat (RIB) to facilitate off-shore trips typically around the Pembrokeshire coastline, but occasionally further afield.</p> <p>The ambition is to procure an additional club RIB to facilitate safe dive trips for the club that will also enable the club to grow significantly beyond current membership limits This funding is to purchase a RIB that will accommodate up to 8 divers plus dive equipment and will be suitable for accessing dive sites up to 25 miles off-shore.</p> <p>The ambition is to grow the club and provide the opportunity for more members of the local community to participate in this very worthwhile and rewarding activity, potentially doubling the size of the club over the next two years.</p> <p>The club is active, vibrant and welcoming and they have integrated with other Sub Aqua clubs, the most recent being Llantrisant and have run some great joint events raising money for the club while advertising some of the great visitor attractions in the area such as Carreg Cennen Castle, Glynhir Mansion, Glanaman Golf Club and Aberglasney Gardens.</p>
Total Project Cost	£24,766.68 - Gross
Eligible Capital	<p align="center">£24,766.68</p> <p>£8,516.67 – Humber Destroyer RIB £490.83 – Double skin hypalon tube £741.67 – Fuel tank £575.00 – Cylinder storage rack £662.50 – Steering system £570.84 – Fuel system £412.50 – Navigation frame</p>

<p>Eligible Revenue Ineligible Costs</p> <p>Amount and % of grant requested</p> <p>Match funding</p>	<p>£380.00 – Electrics £12,416.67 – Outboard motor</p> <p>Nil Nil</p> <p>£15,000.00 @ 60.56%</p> <p>£9,766.68 £5,000.00 – Awards for All £3,000.00 – Welsh Church Fund £1,766.68 – Own funds secured</p>
<p>Evidence of Need / Community Engagement</p>	<p>Ammanford Sub Aqua Club currently has a capped membership of 28. The cap is mainly driven by the desire to avoid over subscription of club facilities, primarily the existing single club RIB which means they can only go diving with a maximum of 8 members at any one time.</p> <p>Oversubscription of the club RIB show that on only 2 out of 18 ‘dive days’ were they able to accommodate all who wished to dive. The Committee minutes for July and August 2014 also illustrate how this is constraining the capacity for growth.</p>
<p>Contributing to the themes of the Fund</p>	<p>Recreation - There is no doubt that Scuba Diving is a growing sport, and Ammanford Sub Aqua Club consistently sees high numbers for their annual try-dive events. Members of the public are trying out Scuba Diving on their holidays, sparking an interest to continue the experience back home. Scuba diving is open to people of varying capabilities. There are virtually no age limits and have had try-dives for children as young as 8 and one of the try-divers has recently decided to join the club at age 62, no gender limits, no major fitness limits, no size limits and certainly no ethnicity limits. Club members benefit from meeting new people, having fantastic experiences, a weekly social event, having an interest that can surpass weekend diving and learning new skills that can be enhanced & developed year-on-year.</p>
<p>Ownership/ Lease</p>	<p>N/A</p>
<p>Cross Cutting Themes Welsh Language ICT Equal Opportunities</p> <p>Environmental Sustainability</p>	<p>The following policies have been provided:</p> <ul style="list-style-type: none"> • Safeguarding Policy for children and vulnerable adults in Snorkelling and Scuba Diving. • Welsh Language Policy • Diver’s Code of Conduct Policy
<p>Roles and responsibilities within organisation</p>	<ul style="list-style-type: none"> • Chairman – Ensures club rules are followed and chairs monthly meetings and AGM • Diving Officer – Responsible for all diving operations and diver safety • Training Officer – Responsible for managing and delivering

	<p>(along with other club instructors) all club training</p> <ul style="list-style-type: none"> • Secretary – Correspondence, meeting minutes, venue management • Membership Secretary – Administers club memberships, annual fees and BSAC memberships • Treasurer – All finances into and out of the club, financial reporting and forecasts • Equipment Officer – Management of club assets • Publicity Officer (and Vice-Chair) – Club promotion, web site maintenance and assistant to Chairman
Mapping of service/facility within the area	<p>As a BSAC club, we are able to offer our own training opportunities (the club has its own highly qualified instructors) and unlike other Diving Organisations (e.g. PADI) all training is free apart from training materials. Scuba also opens a world of other related interests, for example underwater photography, underwater archaeology (the club has received training from the Nautical Archaeology Society), marine biology and more advanced technical diving.</p>
Exit strategy	<p>The club's ambition is to allow more members to join so we can introduce the sport to an increasingly interested community. A new RIB would allow us to achieve that ambition, and could potentially allow the membership to double.</p>
<p>Outputs to be achieved</p> <p>Monitoring and Evaluation of outputs</p>	<ul style="list-style-type: none"> • New volunteers – 25 • New community asset – 1 <p>Club membership records will demonstrate increase in club numbers.</p> <p>Dive logs will be retained for all diving activities and these will demonstrate the usage of the new RIB and how it has facilitated an increase in 'diver days'</p> <p>Club minutes will record any other activities, including any increase in affiliations with other BSAC clubs and use of the new RIB by other community groups.</p>
Business Plan/Officer Comments	<p>Without the funding from the Mynydd y Betws community benefit fund, external funding would be difficult to source if at all, other than the Awards for all funding to a maximum of £5k and the Welsh Church Fund</p> <p>Very strong application and supporting documentation.</p> <p>No previous funding has been received.</p> <p>Project was approved by the Mynydd y Betws panel in June 2015 but was unable to award due to insufficient funds being available. Panel agreed if slippage became available to award this project, final approval has been received from ESB to present at EBM.</p>

Economic Benefit	<ul style="list-style-type: none"> • Number of individuals into training/education • Number of individuals into volunteering - 25 • Number of individuals into employment • No of community groups/organisations assisted - 1 • Number of social enterprises created • Number of social enterprises supported • Number of full time jobs created • Number of jobs safeguarded • Public and private leverage funding - £24,766.68

Project Title	Community Inspirational Creative Project
Applicant	Splat Development Cymru
Ward	Glanamman
Project Description/ Community Benefit	<p>Splat Cymru is the first social enterprise to operate within the educational and community sector originated from a small reading business called Splat Education.</p> <p>Its aim was to provide and support pupils through art and technology aimed at the education sector, however, it became apparent that there was a need for this in the community.</p> <p>Inspiration came from being a part of the Raise project which looked at raising self esteem of children within deprived areas. This was an extremely positive and beneficial project which enlightened and enriched children's outlook on what they could achieve.</p> <p>The ongoing aim is to provide communities with the skills and confidence needed to lead engaging projects which will raise their self confidence, enlighten their aspirations and take ownership, and with all of this combined creating solid, sustainable foundations for the next generation.</p> <p>This project aim is to continue from the growing pilot schemes and provide an art camp to be run during holiday times, supporting Pupils Learning through Art and Technology, getting the children out of the house first and foremost, engaging children in the great outdoors and giving them a sense of ownership of objects in public spaces and play areas but also getting them talking about what they are doing by being involved in creating things and taking ownership of them.</p> <p>Splat Cymru will be focusing its energy towards the Amman Valley area using Art and Technology based strands, offering a wide range of accessible activities to schools and communities, with the Glanamman, Garnant as the main ward; however its reach will extend its project towards Ammanford, Betws Pontamman, Penygroes, Saron, Tycroes and Llandybie.</p>
Total Project Cost	£21,980.00
Eligible Capital	<p>£3,300.00</p> <p>£500.00 – Ipad</p> <p>£650.00 – Camera</p> <p>£200.00 – Printer/photocopier</p> <p>£500.00 – Easels</p> <p>£500.00 – Office furniture</p> <p>£1,500.00 m- Desk top computer</p> <p>£800.00 – Laptops x 2</p>

<p>Eligible Revenue</p> <p>Ineligible Costs</p> <p>Amount and % of grant requested</p> <p>Match funding</p>	<p style="text-align: center;">£18,680.00 £15,600.00 – Salary £480.00 – Office rent £400.00 – Heating/lighting £200.00 – Phone/postage/stationery £2,000.00 – Marketing/materials</p> <p style="text-align: center;">Nil</p> <p style="text-align: center;">£12,980.00 @ 59.05%</p> <p style="text-align: center;">£9,000.00 £5,000.00 – Lottery Awards for All - secured £1,000.00 – Own funds - secured £3,000.00 – Welsh Church Fund - applied</p>
<p>Evidence of Need / Community Engagement</p>	<p>The need for Splat Cymru within the educational sector is expanding at a rapid rate. Art and Technology are two of the outlining subjects which are at times the weak points of Schools when dealing with inspections as these two subjects are able to bring together many skills and opportunities for both academic and non academic children.</p> <p>Schools are seeking to provide a rich and fulfilled curriculum and this is where Splat Cymru can provide the support and guidance needed in producing both creative and exciting projects. Splat education engaged 134 pupils over 4 schools with pilot projects, aimed to build creativity, exploration and education. Pupil's feedback was very positive and Head teacher feedback was very encouraging.</p>
<p>Contributing to the themes of the Fund</p>	<ul style="list-style-type: none"> • Recreation • Education • Environment • Health • Culture

<p>Roles and responsibilities within organisation</p>	<p>James Barker is the founder, manager and driving force of Splat Cymru and his knowledge of the educational world is a major contribution to the structure and project frameworks, his ten years of teaching has given him good solid experience and a foundation in creating Art based projects and schemes.</p> <p>There is a total of 6 Board Members, their roles are specific to their skills to include:</p> <ul style="list-style-type: none"> • Marketing and Media • Legal and Contracts • Welsh Language • Community aspects
<p>Mapping of service/facility within the area</p>	<p>There are no other organisations within this very young market. Currently on offer to the Education sector are predominately sports based programmes during school time, after school clubs and holiday programmes.</p> <p>Community based schemes such as Purple Roots offer lunch time and after school activities, predominately in play and the County Council also run free courses and activities but are looking at reducing this service.</p> <p>Splat Cymru delivers above and beyond a wide ranging diverse uniquely creative non statutory within mainstream schools day to day activity that surpasses all competitors.</p>
<p>Exit strategy</p>	<p>An accelerated implementation of the projects activity strands, increasing participation by the local community, achieving Splat's mission statement for improving people's lives through art and technology will underpin the business model by becoming a sustainable project.</p>
<p>Outputs to be achieved</p> <p>Monitoring and Evaluation of outputs</p>	<ul style="list-style-type: none"> • New volunteers – 10 • Jobs Created – 2 full time / 2 part time • Jobs safeguarded – 2 • New services Available – 3 <p>Data will be kept on all activities offered by Splat, through the use of Ipads, registrations, questionnaires and one to one feedback. All evidence and photographs will be collated and all activities will be evaluated for value to the community with changes being made where and when necessary.</p>
<p>Business Plan/Officer Comments</p>	<p>No previous funding secured. Project Title	Upgraded Community Room
Applicant	Amman United Rugby Football Club
Ward	Glanaman
Project Description/ Community Benefit	<p>The project is to reconfigure and refurbish the existing upstairs floor space within the club house.</p> <p>Current facilities within the club are oversubscribed by bookings from local organisations particularly during evenings and weekends.</p> <p>The new function room to be delivered as a result of this project will provide greater flexibility, host more community based events and promote a greater range of activities at the club. This project will enable to convert a redundant under utilised area of the club into a multipurpose community space, providing a fit for purpose facility to host a wide spectrum of new activities and services ranging from a meeting venue for local clubs and Organisations to a venue for birthday parties, christenings and weddings.</p> <p>Participants of all ages and abilities will be accommodated by the wide range of activities delivered on site and the new function room and ancillary facilities will safeguard a community asset, enhance a community amenity and enable them to forge stronger relationships between the villages, making the community of Glanaman a better place to live.</p> <p>The upgraded facilities will be accessible to all members of the local community throughout the year. The club acts as an essential resource for many local people particularly during the winter months for those more vulnerable members whose participation in club based activities is very often the only social interaction they experience.</p>
Total Project Cost	£69,883.00 - Net
Eligible Capital	£69,883.00
Eligible Revenue	Nil
Ineligible Costs	Nil
Amount and % of grant requested	£9,883.00 @ 14.28%
Match funding	£60,000.00 £50,000.00 – Applying to Wren Dec 2015 £10,000.00 – Applied WRU decision October 2015
Evidence of Need / Community Engagement	<p>The need of the project has been identified by carrying out robust consultation with all potential group users and the community.</p> <p>Letters of support have been received from;</p>

	<ul style="list-style-type: none"> • Cwmaman Town Council • Rhodri Glyn Thomas AC/AM • Jonathan Edwards AS/MP • Cor Meibion Dyffryn Aman • Cwmaman Bowls Club <p>A petition signed by over 130 residents demonstrates the need and wider support for the project.</p>
Contributing to the themes of the Fund	Recreation/Health – delivering opportunities for children and young people resulting in a membership of over 180 players and the new function room will provide a fit for purpose facility to host a wide spectrum of new activities.
Ownership/ Lease	Lease Agreement with Carmarthenshire County Council
Cross Cutting Themes Welsh Language ICT Equal Opportunities Environmental Sustainability	<p>The following Policies have been provided:</p> <ul style="list-style-type: none"> • Equal Opportunities Policy • Environmental Policy • Welsh Language Policy <p>The new and improved facilities will be provided in a central venue, within easy walking distance of the majority of users reducing the reliance on cars and public transport.</p> <p>The club have recently adopted a new Environmental Policy and will ensure that all steps are taken to ensure that energy efficiencies are incorporated wherever possible.</p>
Roles and responsibilities within organisation	<p>A project team consisting of manager, architect, three representatives from the club committee and club operations adviser from the Welsh Rugby Union.</p> <p>The whole process of acquiring the funding package, Identifying the need, procurement, project delivery and management will be coordinated by the project team.</p>
Mapping of service/ facility within the area	Glanaman is an extremely close knit community and current facilities within the club are oversubscribed by bookings from local organisations, the new function room will provide greater flexibility for the community and will not duplicate any other provision within the area due to close links with other organisations.
Exit strategy	To sustain the investment the club committee will be responsible for implementing a long term maintenance plan for the facilities, protecting a currently under utilised part of the premises and promoting a positive dedicated use.
Outputs to be achieved	<ul style="list-style-type: none"> • New volunteers – 20 • Jobs safeguarded – 1 • New services available – 5 • Physical improvements – 1 • New community Assets – 1

<p>Monitoring and Evaluation of outputs</p>	<p>Beneficiaries, community organisations and volunteers will be consulted and information will be recorded as appropriate on a daily, weekly, monthly, quarterly and annual basis.</p> <p>This will be achieved by using a combination of both quantitative and quality procedures. enabling to track that the outcomes are being met, explore reasons if not being achieved and identify changes or improvements that need to be made.</p>
<p>Business Plan/Officer Comments</p>	<p>Previously received MYB funding in Round 1 to the value of £8,681.84 to install shower facilities.</p> <p>Project was approved by the Mynydd y Betws panel in June 2015 but was unable to award due to insufficient funds being available. Project Title	Health & Wellbeing Facility for the 50+
Applicant	Ty Golau – House of Light
Project Description	<p>Ty Golau is a health and wellbeing facility for people aged 50+ who have memory problems/dementia type illnesses within the Llanelli area, holding weekly sessions in both Kidwelly and Llanelli and it is recognised that this facility is the only service of its kind in the County and is of benefit to the people who need the service as well as their families and carers.</p> <p>Activities are organised to provide cognitive stimulation and enjoyment for those who attend and the sessions are facilitated by an Occupational Therapist with a team of volunteers who are undertaking the necessary training in the field of dementia care, learning new skills and gaining experience.</p> <p>Special events are organised to celebrate specific dates during the year, special resources are hired in order to enhance memories of the past and to engage all the senses, also power point presentations are used to reinforce the spoken word. Other activities include crafts, music and movement, reminiscence, indoor gardening, simple cooking and singing.</p> <p>Life story work is also a large part of the service offered, which involves working with the service user on a one to one basis, discussing the history of the person involved and the production of a life story book and life story board of photographs of the person's life. Family members and carers are involved in this service and these resources have proved to be very effective when a person has had to move into a care home, as they can take their life stories with them to be used as a reminiscence tool and staff in the homes then has a resource they can use with the resident.</p> <p>Ty Golau are receiving formal referrals from the Local Health Board, Alzheimer's Society, Crossroads and Memory Clinic, and have received excellent and very positive feedback from the County Council owned care homes who have attended some of the sessions.</p> <p>Reflective practice is ongoing and they are constantly striving to update and improve the quality of service they deliver and this project is to assist with revenue costs in delivering the sessions.</p>

Project Title	Community Inspirational Creative Project
Applicant	Splat Development Cymru
Project Description	<p>Splat Cymru is the first social enterprise to operate within the educational and community sector originated from a small reading business called Splat Education.</p> <p>Its aim was to provide and support pupils through art and technology aimed at the education sector, however, it became apparent that there was a need for this in the community.</p> <p>Inspiration came from being a part of the Raise project which looked at raising self esteem of children within deprived areas. This was an extremely positive and beneficial project which enlightened and enriched children's outlook on what they could achieve.</p> <p>The ongoing aim is to provide communities with the skills and confidence needed to lead engaging projects which will raise their self confidence, enlighten their aspirations and take ownership, and with all of this combined creating solid, sustainable foundations for the next generation.</p> <p>This project aim is to continue from the growing pilot schemes and provide an art camp to be run during holiday times, supporting Pupils Learning through Art and Technology, getting the children out of the house first and foremost, engaging children in the great outdoors and giving them a sense of ownership of objects in public spaces and play areas but also getting them talking about what they are doing by being involved in creating things and taking ownership of them.</p> <p>Splat Cymru will be focusing its energy towards the Amman Valley area using Art and Technology based strands, offering a wide range of accessible activities to schools and communities, with the Glanaman, Garnant as the main ward; however its reach will extend its project towards Ammanford, Betws Pontamman, Penygroes, Saron, Tycroes and Llandybie.</p>
