- 5. PUBLIC QUESTIONS (NONE RECEIVED).**
- 6. QUESTIONS BY MEMBERS (NONE RECEIVED)**
- 7. PRESENTATION OF A PETITION**

Topic – Road and Pavement Safety in Newcastle Emlyn  
Desired Outcome

- Carry out, or procure, a thorough road and pavement safety review into all factors affecting the safe use of public roads and pavements in Newcastle Emlyn (Bridge Street, Castle Street, Church Lane, College Street, Ebenezer Street, Emlyn Square, Market Place, Market Square, New Road, Old Graig Street, Porth Street, Sycamore Street, Water Street, the area leading from the Tanyard Lane carpark out to College Street (by NFU) and all three public carparks).
- Highway designers should seek safety opportunities specific to the needs of Newcastle Emlyn and apply sound safety and traffic engineering principles and solutions to achieve a safer road and pavement infrastructure for Newcastle Emlyn. For example, improve the existing zebra crossing near the police station (or improve and convert it to a puffin crossing), install a second zebra or puffin crossing near Cawdor Hall (clock tower), remove all unnecessary sections of ‘dropped kerb’, install speed indicator devices and/or speed cameras, install safety barriers, increase safety signage.
- Promote and encourage the safe use of public roads and pavements by all classes of road and footpath users through the circulation of advice, information and knowledge gained from the review.
