There were no apologies.

2. DECLARATIONS OF PERSONAL INTEREST

There were no declarations of personal interest made at the meeting.

3. MINUTES OF THE PENSION BOARD MEETING HELD ON THE 12TH JANUARY 2023.

AGREED that the minutes of the meeting for the Pension Board held on the 12th January 2023 be confirmed as a correct record.

4. DYFED PENSION FUND COMMITTEE 28TH MARCH 2023.

The Board received, for consideration and comment, the reports considered by the Dyfed Pension Fund Committee on the 28th March 2023, as referred to in minutes 4.1- 4.13 below.

4.1. OUTLINE AUDIT PLAN 2023

The Board received the Outline Audit Plan 2023 for the Dyfed Pension Fund which detailed the following:

- Audit responsibilities;
- Fees and audit team;
- Audit timeline;
- Audit quality;
- Key changes to ISA315 and the potential impact on the Fund.

The Board noted an update where it was advised that due to resource pressures within Audit Wales the deadline for the signing off of audited accounts for 2022/23 had been set at 30th November 2023 but there was a commitment to bring forward that deadline over subsequent years. Additionally, following a fee consultation, there would be a 4.8% increase in fees for some financial and performance audits and a 10.2% increase for ISA 315 financial audit work resulting in a 15% increase overall of the financial audit element of the fee. Letters detailing the increases would shortly be sent out to all Section 151 Officers.

UNANIMOUSLY AGREED that the Outline Audit Plan 2023 be received.

4.2. BUDGET MONITORING 1 APRIL 2022 - 31 DECEMBER 2022

The Board received the Dyfed Pension Fund Budget Monitoring report which provided an update on the latest budgetary position in respect of the 2022/23 financial year. It was noted that the current position, as at 31st December 2022, forecasted an under-spend of £6.9m in cash terms.

It was reported that the expenditure was projected to be overspent by £1m. Benefits payable were forecast to be £1.4m more than budget and management expenses were forecast to be £714k lower than budget.

In terms of income, the net effect of contributions and investment income was an increase of £7.9m, due mainly to higher than budgeted investment income forecast.

Overall total expenditure was estimated at £108.8m and total income estimated at £115.7m resulting in a positive cash flow position of £6.9m.

A query was raised in respect of the transfers and that they seemed to be higher than normal, the Treasury & Pension Investments Manager stated that he would explore further.

In response to a query raised regarding the return of Black Rock fund and whether this would be maintained going forward, the Treasury & Pension Investments Manager stated that whilst the return would fluctuate depending on inflation and interest rates, it was pleasing to report that currently the return was higher than anticipated. The team was in regular meetings with Black Rock in order to keep abreast of developments.

UNANIMOUSLY AGREED that the report be noted.

4.3. BUDGET 2023-2024

The Board considered the Dyfed Pension Fund Budget for 2023-24. It was noted that the cash related expenditure for 2023-24 had been set at £122.8m and the cash related income at £122.8m, resulting in a net budget of £0 which provided the Fund with flexibility to utilise investment income based on cash flow requirements.

With regard to expenditure levels, the Committee noted that benefits payable had been estimated to be £108.9m which included provision for a 10.1% pensions increase, based on the September 2022 CPI together with a 2.5% net effect for new pensioner members and deferred members.

Management expenses had been estimated at £10.2m, of which £7.95m had been budgeted for investment manager fees.

The Board noted that Investment income was estimated at £24.2m to maintain a cash neutral budget so that the fund was not holding onto surplus cash that could be invested.

The non-cash related budget had been set at £50m based on an estimate of the realised gains and losses for individual manager portfolio rebalances and sales and purchases within the property portfolios.

UNANIMOUSLY AGREED that the report be noted.

4.4. CASH RECONCILIATION AS AT 31 DECEMBER 2022

The Board considered the Cash Reconciliation report which provided an update on the cash position in respect of the Dyfed Pension Fund.

It was noted that, as at 31st December, 2022, £3.2m cash was being held by Carmarthenshire County Council on behalf of the Fund for immediate cash flow requirements to pay pensions, lump sums and investment management costs.

UNANIMOUSLY AGREED that the report be noted.

4.5. PENSIONS ADMINISTRATION REPORT

The Board received a report providing an update on Pensions Administration. The report included updates on the activities within the Pensions Administration service and included regulatory matters, breaches register, i-Connect, GMP reconciliation, Data Quality reports and workflows.

- It was acknowledged that Ceredigion and Coleg Sir Gâr were working together in respect of i-connect, however an update on the position of Mid and West Wales Fire and Rescue and Dyfed Powys Police as significant employers was sought. The Pensions Manager explained that over 95% of scheme members were already signed onto i-connect and that both the fire service and police only had a small number of LGPS members. However, discussions were currently taking place with Dyfed Powys Police in regard to the receipt of the data in the required format.
- Reference was made to the 'Work Outstanding' signified within the bar charts of the report. In response to a query raised on reducing the number of outstanding work, the Pensions Manager explained that the challenge lay with transfers, as it was within the control of the scheme member and the provider with a completion time of up to 6 months to complete.

UNANIMOUSLY AGREED that the Pension Administration Report in relation to the Dyfed Pension Fund be noted.

4.6. BREACHES REPORT 2022-23

The Board received for consideration the Breaches Report in relation to the Dyfed Pension Fund. It was noted that Section 70 of the Pension Act 2004 sets out the legal duty to report breaches of the law. In the Code of Practice No. 14, published by the Pensions Regulator in April 2015, paragraphs 241 to 275 provided guidance on reporting these breaches.

The Dyfed Pension Fund Breaches Policy had been approved by the Dyfed Pension Fund Panel in March 2016. Under the policy breaches of the law were required to be reported to the Pensions Regulator where there was a reasonable cause to believe that:

- a legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with;
- the failure to comply was likely to be of material significance to the Regulator in the exercise of any of its functions.

The Board noted that since the last meeting there had been a few instances where employee/employer contributions had not been received on time. A report would be sent to The Pensions Regulator in relation to an employer who had regularly missed payments and failed to provide documentation. This employer owed the Fund £3,433.42 for the period 1 September 2022 – 31 January 2023.

- In response to a query raised, the Director of Corporate Services explained that should the employer not pay the full amount, the impact would be borne by the fund. The entitlement of the employee was protected by the regulations from Central Government and therefore there would be no jeopardy to the employee.

UNANIMOUSLY AGREED that the Breaches Report in relation to the Dyfed Pension Fund be noted.

4.7. RISK REGISTER

The Board was advised that the Risk Register was a working document that highlighted all the risks identified in relation to the functions of the Dyfed Pension Fund. The Board noted that the Risk Register had been reviewed and the following two risks had been amended:

- DPFOP0010 (Failure to appropriately attract, manage, develop, and retain staff at all levels) – the uncontrolled risk had been updated to reflect a high risk (previously scored as medium risk) and the controlled risk had been updated to reflect medium risk (previously low risk). An additional control had been inserted stating that the Carmarthenshire County Council recruitment and retention policy is implemented;
- DPFOP0017 – the nature of risk had been expanded from a failure to meet statutory deadlines leading to qualification of the accounts, to a broader risk including failure to maintain robust working papers which did not provide assurance of the accuracy of the accounts. An additional control had been inserted being attendance at CIPFA Pension Fund Accounts training and the review of CIPFA Pension Fund example accounts.
- Reference was made to DPFOP0009 – *Over reliance on key pensions Administration and Investment Officers*. It was asked, if any additional work could be undertaken to reduce the risk from medium? The Treasury & Pension Investments Manager explained that over the years the number of Pensions staff was at a minimum and with that caused succession planning to be a challenge. However, it was felt that the medium risk was appropriate together with the mitigations in place. It was further commented that it was fair to say that many funds across England and Wales face recruitment and retention issues.

Whilst, this could be due to the specialist nature of the field, it was stated that the investment of training could be improved by the LGPS.

UNANIMOUSLY AGREED that the risk register report be noted.

4.8. DRAFT FUNDING STRATEGY STATEMENT

The Board received for consideration the Draft Funding Strategy Statement (“FSS”) which established a clear and transparent funding strategy that would identify how each Fund employer’s pension liabilities were to be met going forward. It was noted that all interested parties connected with the Dyfed Pension Fund had been consulted and given opportunity to comment prior to Statement being finalised and adopted.

- Reference was made to the financial aspect of the Identification of Risks and Counter-Measures – *Future underperformance arising as a result of participating in the All Wales pooling Vehicle*. In response to a query raised in relation to what the associated risks could be, the Treasury & Pension Investments Manager explained to Member of the Board the additional risks in respect of the appointing of managers.
- In response to a comment in respect of changes to Committee membership, the Director of Corporate Services explained that currently the Membership of the Committee was stable following a large turnover following the Elections in 2022, with new Members undertaking the necessary training required to be able to carry out the role.
- In reference to the ‘Early Retirement Strain Costs’, a query was raised in relation to the additional burden could there be on the Pension Fund if the present economic climate continued which may result in further staffing strains following early retirement or voluntary redundancy. The Director of Corporate Services stated that strain regarding early retirement would fall back on to the employer. Retirements over and above what would have been calculated as the normal pensionable age would be a considered as a part of a business case appraisal prior to reaching the pension fund.

UNANIMOUSLY AGREED that the Draft Funding Strategy Statement be noted.

4.9. BUSINESS PLAN 2023-24

The Board considered the Dyfed Pension Fund Business Plan for the period 2023-2024 which detailed how the Fund would achieve its goals and set out the plans from a marketing, financial and operational viewpoint.

- In reference to the Priorities set out in the plan, it was observed that it would be beneficial to include additional detail such as targets and timescales. The Treasury & Pension Investments Manager explained that as the plan sets out the priorities for the entire financial year, it was suggested that the more detail be included within progress reports. This would be discussed with the Dyfed Pension Fund Committee.

UNANIMOUSLY AGREED that the Wales Pension Partnership Business Plan for the period 2023-24 be noted.

4.10. WALES PENSION PARTNERSHIP BUSINESS PLAN 2023-2026

The Board considered the Wales Pension Partnership Business Plan for the period 2023-2026 detailing how the Fund would achieve its objectives and ensuring the allocation of sufficient resources to meet those objectives.

UNANIMOUSLY AGREED, subject to approval by the WPP Joint Governance Committee, that the Wales Pension Partnership Business Plan for the period 2023-26 be noted.

4.11. WALES PENSION PARTNERSHIP - OPERATOR UPDATE

The Board received an update on the milestones and of the Wales Pension Partnership in relation to the Sub Funds together with a Corporate and Engagement Update including the engagement protocol and key meeting dates.

UNANIMOUSLY RESOLVED that the updates on the milestones and progress of the Wales Pension Partnership be received.

4.12. TRAINING PLAN

The Board received the Dyfed Pension Fund Training Plan for the period 2022-2023 detailing meetings, training events and the members and officers anticipated to attend the events.

- It was asked if the plan could be presented in a matrix format to make it clear which member has received what training. The Treasury & Pension Investments Manager stated that the suggestion would be put to the Dyfed Pension Fund Committee.

UNANIMOUSLY AGREED that the Dyfed Pension Fund Training Plan for the period 2022-23 be noted.

4.13. DRAFT MINUTES OF THE PENSION COMMITTEE MEETING 28 MARCH 2023

UNANIMOUSLY AGREED that the draft minutes of the meeting of the Dyfed Pension Fund Committee held on the 28th March 2023 be noted.

5. PENSION BOARD WORK PLAN 2023

The Board considered the Pension Board Workplan for 2023 which outlined the work of the Pension Board throughout 2023 and the items to be presented at each meeting.

AGREED to note the Pension Board Workplan for 2023.

6. PENSION BOARD BUDGET MONITORING 1 APRIL 2022 - 31 MARCH 2023

The Board received the Pension Board Budget Monitoring report as at 31st March 2023. Total actual expenditure incurred was £20.7k. The forecasted expenditure for the year was a £3.5k underspend compared to budget.

AGREED that the report be noted.

7. EXCLUSION OF THE PUBLIC

UNANIMOUSLY AGREED, pursuant to the Local Government Act 1972, as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007, that the public be excluded from the meeting during consideration of the following items as the reports contained exempt information as defined in paragraph 14 of Part 4 of Schedule 12A to the Act.

8. INDEPENDENT ADVISER PERFORMANCE & RISK REPORT AT 31 DECEMBER 2022

Following the application of the public interest test it was **UNANIMOUSLY RESOLVED**, pursuant to the Act referred to in Minute Item 7 above, to consider this matter in private, with the public excluded from the meeting as disclosure would be likely to cause financial harm to the Pension Fund by prejudicing ongoing and future negotiations.

The Committee received the Independent Investment Adviser Report which provided information in relation to the investment managers' performance for the quarterly, 12 month and rolling 3 year periods ending 31st December, 2022.

The report also included the global market background and issues for consideration.

UNANIMOUSLY AGREED:-

- 8.1 that the Independent Investment Adviser Report as at 31st December 2022 be noted;
- 8.2 to note that, for the reasons indicated in the report, £50m equity be sold from the UK passive portfolio and reinvested in the WPP Global Credit portfolio, and that delegated authority be given to the Director of Corporate Services to rebalance the portfolio, within strict rebalancing rules, to ensure smaller tactical rebalances can occur in a timely fashion.

9. NORTHERN TRUST PERFORMANCE REPORT 31 DECEMBER 2022

Following the application of the public interest test it was **UNANIMOUSLY RESOLVED**, pursuant to the Act referred to in Minute Item 7 above, to consider this matter in private, with the public excluded from the meeting as disclosure would be likely to cause financial harm to the Pension Fund by prejudicing ongoing and future negotiations.

The Board considered the Northern Trust Performance report for the Dyfed Pension Fund as at 31st December 2022, which provided performance analysis at a total fund level and by investment manager for the periods since inception.

UNANIMOUSLY AGREED that the Northern Trust Performance report for the Dyfed Pension Fund as at 31st December 2022 be noted.

Following the application of the public interest test it was **UNANIMOUSLY RESOLVED**, pursuant to the Act referred to in Minute Item 7 above, to consider this matter in private, with the public excluded from the meeting as disclosure would be likely to cause financial harm to the Pension Fund by prejudicing ongoing and future negotiations.

The Board considered the investment managers reports which set out the performance of each manager as at 31st December 2022.

- BlackRock – Quarterly Report 31 December 2022;
- Schroders – Q4 2022 Investment Report;
- Partners Group – Quarterly Financials Q4 2022;

Introduction

I have now largely completed my planning work.

This Detailed Audit Plan specifies my statutory responsibilities as your external auditor and to fulfil my obligations under the Code of Audit Practice.

It sets out the work my team intends undertaking to address the audit risks identified and other key areas of focus during 2023.

It also sets out my estimated audit fee, details of my audit team and key dates for delivering my audit team's activities and planned outputs.

Adrian Crompton

Auditor General for
Wales

Audit of financial statements

I am required to certify whether Dyfed Pension Fund's (the Pension Fund) financial statements are 'true and fair'. The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This allows us to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the Pension Fund financial statements as a whole.

I also have responsibility to receive questions and objections to the financial statements from local electors (additional fees will be charged for this work, if necessary).

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material is set out later in this plan.

I will also report by exception on a number of matters which are set out in more detail in our Statement of Responsibilities.

There have been no limitations imposed on me in planning the scope of this audit.

Your audit at a glance

My financial statements audit will concentrate on your risks and other areas of focus

My audit planning has identified the following risks:

Significant financial statement risk

- Risk of Management Override

Materiality

Materiality	£32.367 million
Reporting threshold	£1.618 million

Financial statements materiality

Materiality £32.367 million

My aim is to identify and correct material misstatements, that is, those that might otherwise cause the user of the accounts to be misled.

Materiality is calculated using:

- 2021-22 gross assets of £3,236 million
- Materiality percentage of 1%

I report to those charged with governance any misstatements above a trivial level (set at 5% of materiality ie £1.618 million).

Areas of specific interest

There are some areas of the accounts that may be of more importance to the user of the accounts and we have set a lower materiality level for these:

- Key Management Personnel £1,000
- Related party disclosures £10,000 (Individuals), £32.367 million (Other Bodies)

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other ISAs. The ISAs require us to focus more attention on these significant risks.

Exhibit 1: significant financial statement risks

Significant risk	Our planned response
<p>Risk of Management Override The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].</p>	<p>The audit team will:</p> <ul style="list-style-type: none"> • test the appropriateness of journal entries and other adjustments made in preparing the financial statements; • review accounting estimates for bias; and • evaluate the rationale for any significant transactions outside the normal course of business.

Financial statements audit timetable

I set out below key dates for delivery of my accounts audit work and planned outputs.

Exhibit 2: key dates for delivery of planned outputs

Planned output	Work undertaken	Report finalised
2023 Outline Audit Plan	March 2023	March 2023
2023 Detailed Audit Plan	May to June 2023	June 2023

Statutory audit functions

Statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the estimated audit fee. If I do receive questions or objections, I will discuss potential audit fees at the time.

Fee and audit team

In January 2023 I published the [fee scheme](#) for the 2023-24 year as approved by the Senedd Finance Committee. My fee rates for 2023-24 have increased by 4.8% for inflationary pressures. In addition, my financial audit fee has a further increase of 10.2% for the impact of the revised auditing standard ISA 315 on my financial audit approach. More details of the revised auditing standard and what it means for the audit I undertake is set out in **Appendix 1**.

I estimate your total audit fee will be £36,113 (2022 £31,465)¹.

Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Pension Fund.

Our financial audit fee is based on the following assumptions:

- The agreed audit deliverables sets out the expected working paper requirements to support the financial statements and includes timescales and responsibilities.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

The main members of my team, together with their contact details, are summarised in **Exhibit 3**.

PENSIONS ADMINISTRATION REPORT – 26th June 2023

This report provides a progress update on a number of projects being simultaneously undertaken, along with providing information on relevant issues in the administration of scheme benefits.

1. Regulatory update –

- a. McCloud/Sargeant update – You will recall from the previous report that the remedy would require the recalculation all pensions (including dependants pensions), death grants, and deferred benefits calculated since 1st April 2014 for those that were active on 31st March 2012. This will require all employers to provide the hours each part time scheme member, including any changes, they have worked between 1st April 2014 to 31st March 2022. All Employers have also been provided with data extracts to undertake data comparisons and identify any issues. Data reconciliation and validation is progressing well and query resolution is underway. Once amending regulations are issued our software supplier will be able to reflect the changes in the pensions system. The current expectation is that regulations will now be issued in September as they must be in place by 1st October 2023. It is anticipated that manual intervention will be required until software systems have been amended.
- b. Pru – It was identified at the UK Technical Group that there had been a deterioration in service levels experienced by funds nationally. This was raised at the both the Local Government Pensions Committee and the National Scheme Advisory Board who met with representatives from Pru. UK Technical Group representatives have met directly with PRU on a number of occasions and the next meeting is in June to review service levels during the intervening period. Funds nationally have seen a general improvement in disinvestment timescales, however, there remains a general issue regarding communication response times for scheme members, Employers and Funds. Further updates will be provided at the next meeting on service improvements by the Pru.

2. Breaches Register

Regulation 18(5) of the LGPS Regulations 2013 prescribes that there is a time limit for payment of a refund of pension contributions:

“An administering authority shall refund contributions to a person entitled under paragraph (1) when the person requests payment, or on the expiry of a period of five years beginning with the date the person’s active membership ceased if no

request is made before then or, if the person attains age 75 before then, on the day before attaining age 75.”

The National Technical Group recommend to SAB, to change the regulations concerning the payment of a refund to reflect the position prior to 1 April 2014 i.e. to remove the prescription that requires an administering authority to pay a refund on the expiry of a period of five years beginning with the date the person’s active membership ceased if no request is made before then.

In making this recommendation the group acknowledged that interest would be added up to the date of payment, as opposed to on the expiry of 5 years and if a fully completed mandate is not returned by the member, no further action would take place i.e. the group agreed not to waste time or money on using Tracing services in respect of members who have been contacted repeatedly and do not reply. The SAB have made recommendations to MHCLG.

The refunds scheduled to be automatically paid in March 2023 to May 2023 have been included on the breaches register as the scheme members have not replied in order for the refund to be paid.

3. I-connect

In order to improve the timeliness of data flow from scheme employers to the administration section, a monthly update system called ‘i-connect’ has been implemented.

Further development work has continued with employers to ‘on board’ them in order that data can be transferred electronically. The table below shows the employers who are active on i-connect. In order to expedite the transition to electronic transmission of data, Pembrokeshire College, Coleg Ceredigion and Coleg Sir Gar have all be provided with a spreadsheet template to provide updates similar to i-connect. This process is known colloquially as ‘Monthly Updates’. Many of the other smaller employers already utilise ‘Monthly Updates’.

Coleg Ceredigion and Coleg Sir Gar are continuing to work with their payroll provider to ensure the data required is extracted and inputted into the correct fields on the spreadsheet following the return of further test files. Pembrokeshire College have provided test extracts and are working on resolving the outstanding queries identified with their payroll provider before submitting further files.

4. GMP Reconciliation

When a scheme member attains State Pension Age, they will be advised of the amount of Guaranteed Minimum Pension (GMP) which is included in their pension. The GMP relates to the part of the pension for the period between April 1978 and April 1997 for which they were 'contracted-out'. For this period, the Scheme has to guarantee that their pension will be at least the same as it would have been, had they not been 'contracted-out'. Contracting out ceased in April 2016. HMRC have now stated that they will not be sending a statement to all individuals affected specifying who is responsible for paying their Guaranteed Minimum Pension (GMP). The pensions section will continue to reconcile the GMP values it holds for members with those calculated by HMRC. It ensures that all individuals recorded by HMRC against the fund are correct. The pensions section has reconciled 99.76% of the records held. Further information has also been issued to HMRC in order that they can amend their records, unfortunately, a response remains outstanding. Reconciliation work has also been undertaken in respect of active scheme members and 99.40% have been reconciled. Unfortunately HMRC have not responded to all the outstanding queries and therefore the reconciled data remains the same as the previous report.

5. Workflow

The tables overleaf detail the workflow statistics for the key tasks undertaken in the section for the period 1st January 2023 to 31st March 2023 in respect of the LGPS only. Please note that in circumstances where multiple iterations for the same calculation date have been undertaken, this is recorded as a single estimate. The workflow statistics are recorded on a quarterly basis.

EXECUTIVE SUMMARY

Breaches Report

Introduction

Section 70 of the Pension Act 2004 sets out the legal duty to report breaches of the law. In the Code of Practice no 14, published by the Pensions Regulator in April 2015, paragraphs 241 to 275 provides guidance on reporting these breaches. The Dyfed Pension Fund Breaches Policy was approved by the Dyfed Pension Fund Committee in March 2016.

Under the policy, breaches of the law are required to be reported to the Pensions Regulator where there is a reasonable cause to believe that:

- a legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with
- the failure to comply is likely to be of material significance to the regulator in the exercise of any of its functions.

The up to date breaches report is attached. Since the last Committee meeting there have been a few instances where employee/employer contributions have not been received on time.

Further to the last Pension Committee, where it was reported that an Employer had regularly missed payments for the period 1 September 2022 – 31 January 2023, this matter has now been reported to The Pensions Regulator.

The balance owed which was reported at the last Pension Committee remains outstanding and subsequently the Employer is now also in breach for the period 1 February 2023 - 30 April 2023. Total contributions owed to the Fund by the Employer are now estimated to be £6,417.36. The breach for the period 1 February 2023 - 30 April 2023 has also subsequently been reported to The Pensions Regulator.

LFS Corporate Update & Engagement

LFS Corporate Update & Engagement

LFS updates

- As discussed at the last Joint Governance Committee on 5 December 2022 the FCA issued a draft warning notice to LFSL in respect of the Woodford matter. This states that the FCA's preliminary view was that a penalty £50m (prior to taking into account any available discount) would be appropriate in addition to a restitution payment of up to £306,096,527. The draft warning notice is not a final decision but signal the start of the FCA's settlement decision process. LFSL are exploring all options, including engaging in settlement discussions with the FCA, and challenging any warning notice that may be issued. Engagement with the FCA continues.
- Link Group announced in October the intention to commence a process to explore divestment options for the Link Fund Solutions business, which includes Link Fund Solutions Limited (LFSL), and that Macquarie Capital and UBS Securities Australia Ltd have been appointed as advisers. Discussions with potential interested parties ongoing.
- Link Group announced on 20th February 2023 that it is in exclusive negotiation with the Waystone Group in respect of the sale of the whole of its Fund Solution Business, excluding Woodford related liabilities. This follows a period of confidential exclusive negotiation with and due diligence by Waystone. Any transaction with Waystone is subject to successful finalisation of due diligence and finalisation of detailed legal agreements, and to board and other approvals. Link Group has granted a further period of exclusivity to Waystone to enable the parties to conclude the necessary legal agreements before the end of March 2023.
- At the same time, Link Group and Link Fund Solutions Limited (LFSL) are in advanced confidential discussions with the FCA to settle the FCA investigation against LFSL. If a settlement is agreed with the FCA, it would resolve the current FCA investigation and would also be contingent on a scheme of arrangement of LFSL to resolve all Woodford related contingent liabilities and redress obligations of LFSL.

A sale of the FS Business to Waystone would not be contingent on the scheme of arrangement or any FCA settlement becoming unconditional. No legally binding agreement has been reached with either Waystone or the FCA and at present there can be no certainty that any of such agreements will ultimately be concluded.

EXECUTIVE SUMMARY

Strategic Asset Allocation (SAA) Review

The review will examine the overall SAA of the investment portfolio and provide recommendations as to where any portfolio optimisation may be implemented to meet the Fund's objectives and requirements.

As part of the review the following data would be examined:

- Latest Investment Strategy Statement.
- Actuarial Valuation Report as at 31 March 2022.
- Latest SAA and current asset allocations as at 31 December 2022.
- Latest investment returns.
- Projections of cashflow requirements (including projected liabilities and contributions).

There are several investment consultants who could undertake this review. They all have significant experience in this area of work. One such consultant, MJ Hudson (APEX Group), has recently completed a similar exercise for a number of other Local Authority Pension Funds. They are therefore well placed to undertake this piece of work and have an understanding of the Fund through other services they provide.

They have significant resources in terms of actuarial expertise and available technology to assist with the review, using a proprietary model to suggest a range of alternative portfolios, which might offer the best risk-adjusted return available to the Fund.

Appointing MJ Hudson, with their existing knowledge of the Fund, will ensure the work is conducted in an efficient manner with officer time spent on the review minimised. Their understanding of the Fund and resources available to them will also increase the likelihood that the review is conducted to a high standard and any recommendations are relevant to the Fund's risk appetite.

The proposed fee at £19,750 is competitive compared with the other investment consultants. The review will take a few months to complete.

4. DYFED PENSION FUND PENSION BOARD MINUTES - 12 JANUARY 2023

UNANIMOUSLY RESOLVED that the minutes of the Dyfed Pension Fund Pension Board meeting held on the 12th January 2023 be received.

5. DETAILED AUDIT PLAN 2023

The Committee welcomed to the meeting Jason Blewitt from Audit Wales who presented the Detailed Audit Plan 2023 for the Dyfed Pension Fund which specified the statutory responsibilities of the external auditor and fulfilled the obligations under the Code of Audit Practice. The Audit Plan set out the audit work to be undertaken to address the audit risks identified and other key areas of focus during 2023, stipulated the estimated audit fee and also provided details of the audit team and the key dates for delivering the audit team's activities and planned outputs.

During consideration of the financial statements audit timetable the Committee was advised that the deadline for the signing off of the audited accounts for 2022/23 had been set at 30th November 2023, however there was a commitment to gradually bring forward that deadline over subsequent years to return to pre-pandemic timescales.

The Committee's attention was referred to the estimated audit fee, whereby it was noted that the rates for 2023-24 had increased by 4.8% for inflationary pressures. In addition, the financial audit fee would further increase by 10.2% to take account of the impact of the revised auditing standard ISA 315 on the Auditor General's financial audit approach, as set out at Appendix 1 to the report. In this regard it was clarified that the revised ISA 315 standard required a richer skill mix of auditors to undertake the additional work associated with the planning and risk assessment stage.

UNANIMOUSLY RESOLVED that the Detailed Audit Plan 2023 be approved.

6. FINAL BUDGETARY POSITION 2022-2023

The Committee received the final Dyfed Pension Fund Budgetary position for 2022-23 as at 31st March 2023 which showed an underspend compared to budget of £7.2m. Total expenditure had been £113.2m and total income had been £120.4m.

In response to a query, the Pension Investment Officer clarified that the £6.9m over expenditure in respect of benefits payable and transfers out of the fund was attributable, in the main, to higher than anticipated expenditure in terms of lump sum retirements, death benefits and transfers out of the Fund. The budget for 2023/24 had been increased in terms of estimated lump sums and death grant payments. The Treasury & Pension Investments Manager added that budget estimations were based on the age profile of the workforce, however the actual number of retirees for the year ahead was unknown at the budget planning stage

Note: These minutes are subject to confirmation at the next meeting.

and in this regard it was acknowledged that external factors could have a substantial impact on the budget.

UNANIMOUSLY RESOLVED that the final Dyfed Pension Fund Final Budgetary Position Report as at the 31st March 2023 be received.

7. CASH RECONCILIATION AS AT 31 MARCH 2023

Reference was made to the McCloud/Sargeant update whereby it was noted that the regulations were expected to be issued in September 2023 for implementation by 1st October 2023. In response to the concerns raised by the committee regarding the short timescales involved, the Director of Corporate Services provided an assurance that work was ongoing in the Authority to prepare for the new regulations and it was anticipated that manual intervention would be required until software systems had been amended.

UNANIMOUSLY RESOLVED that the Pension Administration Report in relation to the Dyfed Pension Fund be noted.

9. BREACHES REPORT

The Committee received for consideration the Breaches Report in relation to the Dyfed Pension Fund which had been prepared in accordance with Section 70 of the Pension Act 2004, Code of Practice no 14 and the Dyfed Pension Fund Breaches Policy.

The Committee's attention was referred to the list of breaches appended to the report which detailed the instances where employee/employer contributions had not been received on time.

The Treasury & Pension Investments Manager referred to a breach reported at the last meeting and confirmed that a report had been sent to The Pensions Regulator in relation to an Employer who had regularly missed payments for the

Note: These minutes are subject to confirmation at the next meeting.

period 1 September 2022 – 31 January 2023 and failed to provide documentation. It was reported that the Employer was now also in breach for the period 1 February 2023 - 30 April 2023 and the total contributions owed to the Fund by the Employer was now estimated to be £6,417.36. Accordingly, the breach for the period 1 February 2023 - 30 April 2023 had also subsequently been reported to The Pensions Regulator. In an update to the Committee, it was confirmed that this Employer, namely Burry Port Marina Ltd, had since entered into Administration and the Authority was dealing with the company in respect of wider issues.

UNANIMOUSLY RESOLVED that the Breaches Report in relation to the Dyfed Pension Fund be noted.

10. RISK REGISTER

11.1. JGC UPDATE

The Wales Pension Partnership Joint Governance Committee (JGC) report provided a synopsis of the items considered at the meeting held on 29 March 2023. Reference was made to the Wales Pension Partnership Training Plan for 2023/24 whereby members were urged to attend all training sessions relevant to the Committee.

In response to a query, the Treasury & Pension Investments Manager agreed to make further enquiries regarding a recent press article in respect of the Wales Pension Partnership interaction with private equity finance. A seminar on this issue could be provided to members if appropriate.

UNANIMOUSLY RESOLVED that the Wales Pension Partnership update on the Joint Governance Committee be received.

Note: These minutes are subject to confirmation at the next meeting.

11.2. OPERATOR UPDATE

The Committee reviewed the operator report which provided an update on the milestones and of the Wales Pension Partnership in relation to the Sub Funds together with a Corporate and Engagement Update including the engagement protocol.

UNANIMOUSLY RESOLVED that the Wales Pension Partnership Operator update be received.

12. TRAINING PLAN 2023-2024

The Committee received for consideration an update on the Training Plan for the period 2023-2024 which detailed the schedule of committee meetings, and training events for members and officers of the Dyfed Pension Fund.

UNANIMOUSLY RESOLVED that the Training Plan for 2023/24 be noted.

13. STRATEGIC ASSET ALLOCATION (SAA) REVIEW

[Note: At this point in proceedings, Mr A. Brown declared a personal interest in this item and left the meeting during the consideration and voting thereof.]

Further to the outcome of the 2022 Triennial Valuation, consideration was given to a report which sought the Committee's approval to commence a Strategic Asset Allocation (SAA) Review of the investment portfolio. The review would provide recommendations as to where any portfolio optimisation may be implemented to meet the Fund's objectives and requirements.

It was noted that several investment consultants had significant experience to undertake this review including MJ Hudson (APEX Group), who was the Fund's Independent Investment Advisors and had recently completed a similar exercise for a number of other Local Authority Pension Funds. It was considered that MJ Hudson's detailed knowledge and understanding of the Fund, together with the resources available to them would increase the likelihood that the review would be conducted efficiently and to a high standard. It was also emphasised that any recommendations would be relevant to the Fund's risk appetite.

The Committee reviewed the proposed fee of £19,750 which was considered competitive compared with the other investment consultants. The Director of Corporate Services advised that the appointment of MJ Hudson would be subject to authorisation of a procurement exemption in line with the Authority's procedures.

UNANIMOUSLY RESOLVED that the work associated with the Strategic Asset Allocation Review be approved.

Note: These minutes are subject to confirmation at the next meeting.

14. CARBON INTENSITY ANALYSIS

The Committee received for consideration an update on the activity and progress in terms of the Fund's Carbon Footprint position.

The update illustrated the Weighted Average Carbon Intensity for the Fund's equity portfolio and showed that the fund had reduced its carbon footprint from a baseline of 147 WACI at September 2020 to 102 WACI at March 2023.

The significant reduction during the last year was reflective of the Committee's decisions made in 2022/23 to invest 5% allocation into WPP Global Sustainable Equity (funded from UK and EM passive equity) and £50m rebalance from UK passive equity into WPP Global Credit.

UNANIMOUSLY RESOLVED that the Carbon Footprint Update in relation to the Dyfed Pension Fund be noted.

UNANIMOUSLY RESOLVED, pursuant to the Local Government Act 1972, as amended by the Local Government (Access to Information) (Variation) (Wales) Order 2007, that the public be excluded from the meeting during consideration of the following items as the reports contained exempt information as defined in paragraph 14 of Part 4 of Schedule 12A to the Act.

Following the application of the public interest test it was UNANIMOUSLY RESOLVED, pursuant to the Act referred to in Minute Item 15 above, to consider this matter in private, with the public excluded from the meeting as disclosure would be likely to cause financial harm to the Pension Fund by prejudicing ongoing and future negotiations.

The Committee received the Independent Investment Adviser Report which provided information in relation to the investment managers' performance for the quarterly, 12 month and rolling 3 year periods ending 31 March, 2023. The report also included the global market background and issues which was considered by the Committee.
