EXECUTIVE SUMMARY CABINET MEMBER DECISIONS MEETING FOR REGENERATION, LEISURE, CULTURE & TOURISM 17th January 2023

Approval of UK SPF Anchor Programmes and Themes for Standalone Projects Open Call

The Cabinet, following recommendation from the Regeneration Partnership has agreed the delivery models for the implementation of the UK Shared Prosperity Fund (SPF) in Carmarthenshire as follows:

- Anchor Programmes Thematic programmes developed under each of the key SPF themes that will manage major parts of the investment strategy
- Standalone projects Strategic applications that will address challenges that are not covered by the Anchor projects. Applications will be invited via open calls.
- Commissioned projects Procured activity to deliver precisely defined activity that is not being fulfilled by the delivery models detailed above.

Anchor Programmes

The Anchor programmes will deliver major parts of the investment plan, primarily by offering third party grants to organisations. It has been agreed by Cabinet that 5 Anchor programmes be established, namely, Sustainable Communities, Rural, Place, Supporting Local Business and Employability and Skills.

Four of the Anchor programme applications have been received under the Communities and Place and Supporting Local Business SPF investment priorities, namely:

- 1. Sustaining Local Communities
- 2. Place
- 3. Rural
- 4. Supporting Local Business

Appendix 1 summarises each of the above anchor programmes.

The Anchor programme that sits under the People and Skills priority is being developed.

Following assessment by the SPF Programme Management Team and discussion at the relevant priority subgroup each of the above anchor programmes have been recommended for approval by the Regeneration Partnership. We are requesting final approval from Cabinet Member for Regeneration Leisure, Culture and Tourism.

Standalone Projects Open Call

A mapping exercise has been undertaken (Appendix 2) where key challenges and opportunities identified within Carmarthenshire's Investment Plan have been assessed against the funding opportunities being made available within the Anchor programmes for both the Communities and Place and Supporting Business investment priorities. A similar exercise will be undertaken for the People and Skills priority once the Anchor programme within this priority has been fully developed.

Based on the findings and following input from the priority subgroup meetings, it is proposed that the call for applications for 'standalone applications' should specifically focus on the following themes:

- Projects which respond to the opportunities identified in the Local Innovation Strategy (LIS) Digital, Health, Circular economy, and Foundational economy
- Volunteering support
- Social Enterprise support
- Local food models
- Active travel and rural transport
- Strategic Tourism / culture / heritage projects
- Strategic county wide Net Zero projects

We are requesting approval by Cabinet Member for Regeneration, Leisure, Culture and Tourism, to open calls for applications within the Community and Place and Supporting Local Business priorities that focus on the themes above. Open calls for the People and Skills priority including Multiply will be opened once the Anchor programme for People and Skills has been fully developed.

DETAILED REPORT ATTACHED ?	YES – Appendix 1 & 2

IMPLICATIONS

I confirm that other than those implications which have been agreed with the appropriate Directors / Heads of Service and are referred to in detail below, there are no other implications associated with this report :

Signed: Jason Jones

Head of Regeneration

Policy and Crime & Disorder	Legal	Finance	ICT	Risk Management Issues	Staffing Implications	Physical Assets
YES	YES	YES	NONE	YES	YES	NONE

1. Policy, Crime & Disorder and Equalities

The Shared Prosperity Fund provides an opportunity to draw down additional investment which will help deliver against some of the County's key strategic objectives.

In order to draw down the funding, a Regional Investment Plan was submitted to UK Government setting out how the Region intends to utilise the funding based on local needs and opportunities. A Carmarthenshire Investment Plan was developed which fed into the Regional Plan.

The Investment Plan for Carmarthenshire is based on our existing strategies and plans including the Economic Recovery Plan, Local Innovation Strategy, Wellbeing Assessment, and the South West Wales Regional Economic Delivery Plan. The Carmarthenshire Plan is aligned to the 7 Wellbeing goals of the Well-being of Future Generations Act.

The Anchor programmes have been developed to address some of the challenges and opportunities detailed in Carmarthenshire's Local Investment Plans and as such, are in line with Carmarthenshire's existing strategies and plans including the Corporate Strategy and Well-being Objectives

2. Legal

Local government is being given responsibility for delivery of the UKSPF. Swansea Council will act as the 'lead local authority' for the South West region and will have overall accountability for the funding and how the Fund operates.

Delivery and management of the programme in Carmarthenshire will be the responsibility of the Authority. This will include assessing and approving local project applications, entering into funding agreements with third parties as well as processing payments and day-to-day monitoring.

Appropriate agreements will be put in place between the Regional lead and the Authority which will set out agreed roles and responsibilities. Swansea Council as the Lead Authority is currently drafting a Service Level Agreement. Our Authority's legal team is being consulted on this.

At a project delivery level, the Authority will enter into a funding agreement with all delivery partners. These will be developed in conjunction with the Authority's legal team.

Approval was received by Cabinet on 30th January 2023 to proceed at risk with opening calls for all applications prior to entering into a formal Service Level Agreement with Swansea Council. This will ensure that we can launch the programme as soon as possible at a local level.

3.Finance

Whilst Swansea Council will act as the accountable body for the region and receive the Region's allocation via UK Government, delivery and management of Carmarthenshire's allocation will remain the responsibility of the Authority with Chris Moore as Senior Responsible Officer.

The budget requested by the Anchor programmes is fully funded by the SPF. Some of the thirdparty grants contained within the Anchor programmes will attract further private sector investment into the county. It is the intention that following approval of the Anchor programmes, Carmarthenshire's remaining UKSPF budget will be allocated to Standalone and Commissioned projects.

4.Risk Management Issues

A programme level risk management process will be developed to ensure that risk is assessed and managed at all levels.

Individual risk registers will be maintained at project level together with appropriate mitigation measures.

5.Staffing Implications

To manage the UKSPF at a local level and coordinate the process of opening Standalone calls, a dedicated Programme Management will need to be established to ensure that the necessary processes and procedures are put in place to administer the UKSPF. The Anchor projects require dedicated staffing to deliver the programmes. The staffing structures and associated job descriptions have been prepared.

On the 30th of January 2023, Cabinet approved the recommendation to proceed at risk with the recruitment of staff for the internal Anchor teams and Programme Management team whilst the formal Service Level Agreement between Swansea Council and this Authority is finalised to enable the programme to commence as soon as possible. The risk will be minimal as the allocation for Carmarthenshire has been approved by UK Government.

CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below

Process for inviting Standalone projects

Background

The delivery models for the Shared Prosperity Fund for the region have been agreed as follows:

- Anchor projects Thematic projects that will manage major parts of the investment strategy
- Standalone projects Strategic applications that will address challenges that are not covered by the Anchor projects. Applications will be invited via open calls.
- Commissioned projects- procured activity to deliver precisely defined activity that is not being fulfilled by the delivery models detailed above.

The Anchor projects will deliver major parts of the investment plan, primarily by offering third party grants to organisations. As a reminder, it has been agreed that the following anchor projects be established. This approach is being replicated across the region

Sustainable Communities Anchor

Sustainable Communities will provide a third party grant of up to £250k activities aligned to the following themes.

- Poverty
- Circular Economy
- Wellbeing / Leisure
- Access to Services
- Environment and Green
- Tourism, Culture / Heritage
- Community Engagement

The Anchor project will also include additional budget for commissioning external expertise to provide strategic support.

Rural Anchor

The Rural Anchor will consist of 3 elements:

Ten towns initiative - Support will be delivered via a third-party grant scheme to support the realisation of projects identified within the economic growth plans for the respective areas. The Anchor project will include a budget to commission external expertise to provide strategic support.

Rural Innovation fund – a targeted fund that will provide opportunity to pilot, scope and test new innovative ideas that could be further developed through mainstreaming opportunities.

Hwb Fach y Wlad - Dedicated rural customer services officers will be available to support rural residents by developing provision across our rural market towns to support the needs of residents to access support, advice and information

Place Anchor:

The Place Anchor would look to support town centres through a Vacant Property Fund, a Town Centre Events Fund and a package of support to deliver key projects identified in our Town Centre Recovery Plans to address the ongoing challenges.

Supporting Local Businesses

The Supporting Local Business Anchor will offer financial support to local businesses to support them in all stages of their development through Business start-up and Growth Grants, a Business Renewable Energy Fund and also a Property Development Fund.

In addition, a key focus will be supporting Carmarthenshire businesses to benefit from public procurement spend.

Employability & Skills Anchor: New streamlined employability programme are being developed and there will be a focus on activity outside the remit of the RLSP and the Swansea Bay City Deal Skills and Talent project.

Options for Inviting Standalone projects

A substantial percentage of the overall allocation for the County will be committed to Anchor projects. The Anchor projects however will continually be monitored to ensure that there are sufficient applications coming forward for funding.

The remaining budget will be made available for more extensive strategic projects that will help address some of the challenges identified in the Investment Plan that are not covered by the anchor projects.

An initial assessment of the key challenges and opportunities identified within the Carmarthenshire Investment Plan against the funding opportunities being made available within the Anchor projects is mapped in Annex 1 for both the Communities and Place and Supporting Business investment priorities. A similar exercise will be undertaken for the People and Skills priority.

Based on the findings, it is proposed that the call for applications for 'standalone applications' should specifically focus on the following themes:

- Projects which respond to the opportunities identified in the Local Innovation Strategy (LIS) – Digital, Health, Circular economy and Foundational economy
- Volunteering support
- Social Enterprise support
- Local food models
- Active travel and rural transport
- Strategic Tourism / culture / heritage projects

- Strategic county wide Net Zero projects
- Digital support for businesses and local communities
- Projects to support a cohesive programme of meanwhile space/development of markets across the County

Standalone projects will be invited via an open call which is likely to be opened in early March and will be assessed against key criteria. All applications will be required to demonstrate that they can deliver by the end of December 2024 to allow sufficient time to close the programme by March 2025.

Annex A

Communities and Place

Challenges

- Access to services is a challenge in some instances owing to a lower population density and rurality.
- An above average level of those considered to be in marginalised groups including an ageing population, significant numbers of households living in poverty and higher than average levels of those living with disabilities or long-term limiting health conditions (including mental health).
- Increasing crime rates in some areas.
- Key strategic sectors recovering from the effects of the pandemic, specifically the Tourism, Leisure and Culture sectors.
- Areas of the county are susceptible to the negative effects of the climate emergency, especially flooding.
- Rurality
- Town centres attempting to recover from periods of decline.

Opportunities within local investment plan	Opportunities via Anchor projects	Proposed standalone themes
Reduce inequality of people's access to services, goods, and local cultural or leisure activities, especially where the need is greatest in the most at- risk or marginalised groups Support activity to reduce essential costs	Sustainable communities anchor project will provide 3 rd party grant which will specifically focus on ' access to services'; 'addressing poverty'; 'community engagement' and leisure and cultural facilities. Grants of up to £250k will be made available for third sector and public sector applicants	 Strategic projects that support: volunteering across the County; active travel/rural transport initiatives; social enterprise support

for people on low income	Hwb Fach y Wlad providing targeted support for rural areas	
Support for foundational economy including tourism, leisure; culture; food etc	Sustainable Communities anchor will provide 3 rd party grant for public and 3 rd sector. Specific focus on tourism, heritage and leisure. Grants of up to £250k will be made available. Business anchor project will provide 3 rd party grant for	Strategic projects to support the growth of the tourism and culture sector; local food production model
	businesses within these sectors	
Climate emergency/ Supporting the Transition to a Zero- Carbon Economy/ Increase locally owned renewable energy generation	Opportunity for smaller scale projects via Sustainable communities' anchor project for up to £250k.	Strategic projects linked to the County's net zero ambitions and climate emergency agenda
Enhancing digital connectivity and exploiting digital opportunities across Carmarthenshire	Opportunity via the Sustainable community anchor and rural innovation fund	Strategic projects focusing on exploitation of digital opportunities across Carmarthenshire for both third sector and private sector
Town Centre recovery / community-based solutions to revitalise and repurpose town centres as sustainable places for living, learning, leisure and work.	Place anchor project will provide support for town centres through a Vacant Property Fund, a Town Centre Events Fund and a package of support to deliver key projects identified in our Town Centre Recovery Plans to address the ongoing challenges Ten Towns initiative will provide support for 10 rural market towns	

Improve economic infrastructure to support sustainable communities of people in rural, coastal, city and urban areas.	Rural anchor project providing a package of support for rural areas - Ten Towns support and grant - Innovation fund for rural areas - Rural outreach service Sustainable communities and Place anchor will provide support for urban and coastal areas	
Increasing demand for quality and sustainability and growing opportunities for dispersed and remote working.	Potential for some smaller scale projects via the Rural anchor	Projects to support a cohesive programme of meanwhile space/development of markets across the County
Empower communities of place and of people to co-produce solutions to shared problems, connect with delivery partners, and to spread best practice	Opportunities via the Sustainable communities and Rural anchor projects for community engagement initiatives and community led action	Strategic projects that provide advice and support for the development and growth of social enterprises
Delivering against the county's Innovation strategy	Rural and Sustainable will support smaller scale innovative projects	Strategic projects linked: Digital: Enhancing digital connectivity and exploiting digital opportunities across Carmarthenshire Health: Development of a dispersed living laboratory Circular Economy: Leveraging a circular economy approach for the Net Zero agenda Foundational Economy: Sustainable food procurement

Supporting Business

Key challenges

- Low productivity and GVA
- Low wages Too many jobs do not pay enough
- Underemployment Too many people cannot access jobs which meet their needs
- Reliance on micro and small businesses, coupled with relatively high employment in the public sector
- Lower than average level of businesses starting up
- Businesses recovering following the pandemic.

Opportunities within local investment plan	Opportunities via Anchor projects	Proposed standalone themes
Support the sustainable and inclusive growth, succession, and retention of home grown businesses with a particular focus on progression into productive medium sized firms / Ensuring local businesses can access the finance they need to thrive and grow,	 Business anchor project will include four business support related elements: 1. Business start-up and growth grants – third party grant 2. Property development fund – third party grant 3. Business renewable energy fund – third party grant 4. Sir Gar Business Engagement – direct delivery engagement to support businesses Financial support available for social enterprises via the Sustainable communities anchor 	Strategic projects that provide advice and support for the development and growth of social enterprises as well as targeted support for the development of the foundational economy
New employment property funds to support the viability of private and public sector investment:	Business anchor project will include Property Development Fund – third party grant for businesses	

Enhance effective research, development, knowledge exchange and innovation capacity in businesses and research organisations in Wales /translating research into sustainable new and improved products, processes, and services Making the most of opportunities presented by the existing knowledge/research base.	Business anchor will provide financial support for exceptional projects linked to innovative future proofing solutions for growing businesses or research and development up to £50,000	
Progressive procurement' within a local business and supply chain development system Supporting dynamism (through entrepreneurship	Business anchor project will include Sir Gar Business Engagement project designed to support supply chain development and local procurement	
Re-use and redevelopment of public assets to create work hub spaces		Strategic projects that will develop a cohesive programme for meanwhile space /market development across the county
Supporting resilience (through technology adoption, management capacity and succession)		Strategic projects focused on exploiting digital opportunities for businesses and communities across Carmarthenshire

Green economy – adding economic value through keeping resources in use and where waste is avoided, invest in low carbon and climate- resilient infrastructure, renewable energy	Business anchor will provide grants for businesses and community enterprises for the installation of renewable energy	
Delivering against the county's Innovation strategy	Rural and Sustainable anchors will provide support for smaller scale innovative projects	Strategic projects linked to: Digital: Enhancing digital connectivity and exploiting digital opportunities across Carmarthenshire Health: Development of a dispersed living laboratory Circular Economy: Leveraging a circular economy approach for the Net Zero agenda Foundational Economy: Sustainable food model

Agenda Item 4

EXECUTIVE SUMMARY CABINET BOARD MEMBER DECISION MEETING FOR REGENERATION, LEISURE, CULTURE & TOURISM

DATE: 17TH FEBRUARY 2023

LEISURE CHARGES 2023-24

1. Introduction:

The report details charges for 2023-24 for the following services:

- Cultural Services (Arts, Libraries, Theatres, Museums, and Archives)
- Sports & Leisure venues (Leisure Centres, Swimming pools, Actif Online products, and Actif Community sports charges)
- Outdoor Recreation (Country Parks, including the Millennium Coastal Park; Pendine Attractor site; and the Outdoor Education Service).

2. Background and market forces

Factors that inform the annual charges review:

Political

- Council's Strategic / business / social objectives
- Alignment with emerging new Leisure Strategy 2023-33, including commercially v socially balanced objectives
- More detailed three-year business / budget planning process and projections

Economic

- Corporate income targets and inflation (projected 10% baseline increase for 23/24, as starting point for increasing charges, unless specified otherwise). Inflation has been stable for many years in the UK, however, on the back of Brexit, Covid, and the war in Ukraine, 2022/3 has seen inflation surpass 10% driving up energy and wholesale goods and food prices, which has a huge bearing on the charges we need to set to keep up with inflation whilst not losing our custom base.
- Real-term inflation on certain goods and services circa 10-15% in some areas
- Current economic climate and consumer confidence
- Energy costs and projections (adding significant pressures to leisure services with large buildings that require a lot of heating and lighting)
- Previous years' charges
- Comparative charges in neighbouring authorities, and similar facility operators
- Performance of venues in previous years: Covid-19 had a huge impact on all Leisure services, with areas such as wet and dry side income at leisure centres (circa half of all income collected by the service) only projected to return to prepandemic levels by the end of March 2023.
- Implications of capital investments, including planned

Social

- Demand / usage trends
- Feedback from users and non-user surveys
- Offering discounted loyalty rates for frequent users via monthly, seasonal, and annual offers, thus providing greater certainty on income, and forming ongoing engagement habits which in turn improves health and well-being.
- Focus on addressing inequality through social pricing
- Focus on families as key market for local authority run services

Technological

 Online products and offers e.g. Actif Anywhere platform for broadcasting live and prerecorded activity to homes, schools, hospitals and village halls etc

Legal

- Local Government Act 2000 provides powers for councils to promote the economic, social, and environmental well-being of their area and a duty to develop Community Strategies
- Local Government Act 2003 (section 93) Power to Charge for Discretionary Services
- Corporate income and charging policy (2017)

Environmental

 Energy costs have a huge bearing on services such as Leisure, with large buildings that need to be regularly heated and lit. The service is aligned in contributing towards the authority's carbon zero goal by 2030 i.e. using circular economy principles; more local procurement; minimising waste; reducing energy usage and thus costs, that in turn can affect charging policy.

3. Other information relevant to charging digest

3.1 Discounts and offers

All charges are upper thresholds and may be discounted, with approval from 2 service officers and the Head of Service. Similarly, cross promoted offers to incentivise retention and new customers will also be developed and promoted throughout the year with agreement for rationale and sign-off by 2 senior officers and HoS.

3.2 Rounding up / down of charges

Where charges differ significantly from previous year, an explanation is provided. Charges are / will be rounded up / down to nearest 10p. Some charges will have been held or increased by more / less than inflations in recent years and may therefore show higher or lower than average % increases this year.

3.3. Commercial lettings / charges

Where a customer applies to hire a facility on a commercial basis, the cost can be charged at up to x2.5 times that of the normal hire rate.

3.4 Internal, partner, and charitable charges

Internal, partner and charitable organisations may apply for up to 50% reduction for fundraising events, to be agreed by 2 senior officers and HoS.

3.5 Advance charges

It should also be noted that 2023 seasonal charges for our campsite at Pembrey have already been agreed with our Cabinet Member, given that these sales take place early in the calendar year.

3.6 Cost of living challenges

With wages not keeping up with inflation, our most deprived communities and residents are struggling to make ends meet. One of our guiding principles for any revisions to charges during the covid period was to try and maintain long term custom and memberships, to both help long term prosperity, but equally to keep the people of Carmarthenshire healthy and engaged in their communities. Leisure service managers are actively involved with the corporate 'Tackling Poverty working group' to support in a variety of initiatives, including: Warm Spaces at Libraries; Social pricing / concessionary offers; and targeted interventions such as WG Summer of Fun / Winter of Well-being initiatives.

3.7 Concessions

Currently offered for certain charges in the following categories with full review aligned to corporate policy planned during 23/24:

- Housing Benefit;
- Council Tax Benefit
- Working Tax Credit
- Guarantee Credit part of Pension Credit
- Income Support
- Income-based Job Seekers Allowance
- Senior Citizens
- Disabled Persons
- Asylum seekers
- Full time students over the age of 16 years
- Children in the care of the Council
- Children under 16 years of age of customers who qualify via above
- Armed services personnel
- Free school meal recipients
- Elite athletes

3.8 Health and Fitness memberships

Several factors have been considered in projecting below inflation increases for this income source, where circa £2m is collected annually:

- Volume of income from retained memberships
- Loss from cancellations due to price increases going over a tipping point (commercial sensitivity). YouGov poll found that 10 per cent of adults in Great Britain – amounting to 5.1 million people – have either cancelled or are considering cancelling a gym or other sports or exercise membership "due to the rising cost of living"
- Drop in social value, especially in terms of public health benefits

3.9 Other points considered as part of charging proposals:

- Can we increase numbers or do we increase charges
- Capacity: can we increase it if demand is there? E.g. more gym spaces in existing facility
- Can we do more of what we do but in a different place e.g. more campsites?
- Triggers: what are the triggers to attend / not attend; join / stay / come again / leave
- Existing customers: look to reward loyalty to help promote long terms engagements and habits
- New Customers: Can we incentivise? E.g. refer a friend; multi-family memberships?
- Joint memberships and cross-selling: e.g. free swim session for 2 people; Free entry to Pembrey Country park if you join a gym; Free theatre ticket or discount 20% off; Free family history session at Library / Archive; F&B 10% off for gym member / season ticket holder etc (covered on final tab or charging digest)

Finance

The attached charges report forms part of the income generating plan for the leisure division for 2023-24.

It is acknowledged that multiple factors will play a part in the service's ability to charge and generate income for this coming financial year, and possibly next. Regular monitoring throughout the year will assist in delivering a best possible financial return for these services by year end.

SPJ

CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below

Signed: lan Jones

Head of Leisure

1. Scrutiny Committee – Community Scrutiny committee, 26th January 2023.

2.Local Member(s) - N/A

3.Community / Town Council - N/A

4.Relevant Partners - N/A

5.Staff Side Representatives and other Organisations - N/A

Section 100D Local Government Act, 1972 – Access to Information List of Background Papers used in the preparation of this report:

- Local Government Act 2000 provides powers for councils to promote the economic, social, and environmental well-being of their area and a duty to develop Community Strategies
- Local Government Act 2003 (section 93) (Wales) Power to Charge for Discretionary Services
- Corporate income and charging policy March 2017
- Emerging Leisure, Culture, and Outdoor Recreation Strategy 2023-33

2020/21 Actual £		2022/23 Target £		Charge Levied 22/23 £	Proposed charge 23/24 £	Classes and facility hires typically 55 mins unless stated			As per Charges report Cover report charging priciples and contributory factors that inform any changes to our annual and long term charging strategy

Note on Facility Hire: Where a customer applies to hire a facility on a commercial basis, the cost can be charged at up to 2.5 times that of the normal hire rate. Charitable organisations may apply for up to 50% reduction for fundraising events, as can partners such as health, education, etc. This will require approval by the Sport & Leisure Management Team, and will be minuted and consistent

Due to the commercial market that Sport & Leisure facilities operate within, it will be necessary to set offers at relevant times in the year and set 'bolt-on' options to allow customers that purchase selected combinations of products pre-set discounts. Where this is the case, this will require approval by the Head of Service and Sport & Leisure Management Team. Will be minuted and consistent

#### **CALON CATERING CHARGES**

Products sourced via CCC frameworks, largely via Castell Howell and Total Produce. Charges based on known purchasing costs as per framework agreement and not necessarily always in line with inflation All prices are based on achieving a minimum GP of 65% for food and beverages. This is considered a good gross profit margin ratio within the industry. Prices listed below are maximum charges for the product across all F&B facilities. Prices may vary slightly from venue to venue

Due to the commercial market of the food and beverage industry, it will be necessary to set offers at relevant times in the year to allow customers to benefit from pre-set discounts, deals and varying purchase combinations. Where this is the case, this will require approval by the Head of Service and Calon Catering Management. All decisions will be minuted.

QR code option for discounts. Cross marketings actively with dicount vouchers e.g. 'upselling' a stay at Y Caban for families staying at PCP campsite Sign up to Carmarthenshire libraries or for an archives readers pass and get ...... (Have run a free entry to PCP in the past)

#### Potential offers in near future

DTBH and MOLS combined offer - annual pass - need to integrate payment / till systems Add £5pcm to your gym membership and get a season ticket pass to PCP all year (worth £70) Food and Beverage offers linked to promotions throughout the year e.g. £10 F&B voucher with key sales

Carmarthenshire County Council are taking a 10% inflationary approach to charges for 2023-24. In commercial settings like leisure centres, price rises should be carefully considered as customers will have varying sensitivity and there are points where rises will be counter-productive. This counter- productivity will bear out in reduced people taking memberships, with subsequent effect on income, but also on the social value delivered through people being members. Social value is obtained through improved health, wellbeing, education attainment and reduced incidences of crime.

A leading leisure organisation, Leisure-Net, conducted research into such price sensitivity in 2022 and published findings in its Price Rise Sensitivity Report, which predicts likely reactions to 0, 5, 10, 15 and 20 percent price rises using research from its e-Focus Consumer Panel.

We can therefore use Actif's current membership and income levels to estimate the effect of varying price increases, which supports Actif's request to increase charges below the general 10% approach (proposal is to increase charges to individuals by 6-8% instead).

Main income areas of Actif's request (fitness-related memberships and charges, plus swim-related memberships and charges) collect around £3.3m per year. A 5% increase would result in an additional £165k and a 10% increase would result in an additional £330k **if** memberships and Pay As You Go (PAYG) sales performed similarly to 2022-23.

However, the analysis shows that 10% marks a significant downturn in those willing to accept the level of price increase, particularly with older adults. On average, 57% of people accept a 5% price increase, but only 30% would accept an increase of 10%. The exception is the 45-54 yr old age range, where 44% would accept a 10% increase.

Should a 5% increase be implemented, whilst the income per membership would go up, Actif would risk the fitness membership dropping from 3,356 to 1,925 and related monthly income drop from approximately £120k to £73k. However, a 10% increase risks membership dropping to 375 with a monthly income of just £15k.

Another way of using their analysis is to apply the regional variations. West was the most sensitive to price rises out of all regions across the UK. As such, only 44% were supportive of a 5% increase in charges and just 25% were supportive of a 10% increase. Again, applying this to Actif, this risks seeing fitness membership fall from 3,356 to 1,477 and income from £120k per month to £56k in a 5% increase scenario. In a 10% scenario this drops significantly to a membership of 839 and income of £32.5k.

Carrying this through to aquatics income would obviously further amplify the issue.

This is a 'public opinion' poll and whether as many members would actually cancel their membership is an uncertainty, but what can't be denied in the strengthening of the opinion at 10% and beyond. The middle ground – proposed – is to use the value of the proposed charge in combination with the % increase, e.g. seeking to avoid crossing £1 or £10 'thresholds'. So the Household Membership (which accounts for around 57% of the fitness membership income) would increase from £47 to £49.95 to not exceed £50, which is an increase of 6.3%. The PAYG fitness session cost would increase from £6.40 to £6.90 to not exceed £7, which is an increase of 7.8%.

There are various formulae that relate prices to each other so the proposal it to use a 6-8% increase range to individuals for such charges and memberships. Facility charges (generally paid by groups/clubs) are being increased by around 10% as there are more people to share the burden of the increase and is not therefore as sensitive, nor do easy alternatives exist.

It should be noted also that a comprehensive competitor analysis is routinely carried out and our prices are well placed in the public/private market.
