Most courses attended were in accordance with scrutiny committee requirements. In addition during this 12 months, I was chairman of the Resource Management Committee with the Fire Authority, and received specific training in relation to assist with such.

Section 6: Other Activities and Issues

The 12 months in question was very quiet, as regards to problematic planning issues and other issues. I have already had more issues in the first 2 months of this year, than I had in the previous 12 months. But they are getting resolved.
