4. INFORMATION IN SUPPORT OF YOUR APPLICATION

Please set out below the reasons why you consider that the Standards Committee should grant a dispensation in this case:

(Please note that failure to complete this section will result in the application form being returned to you)

The County Councillors making this application all have considerable direct knowledge and experience of the issues affecting farming and those working in the industry. They have experience in both dairy and non-dairy farming and represent constituencies all across Carmarthenshire.

Agriculture makes up an important part of the economy of the County and members of the public working in the industry, or whose families are directly connected with the industry, make up a significant part of the population of many parts of Carmarthenshire.

Many of the functions of the Council relate to or directly affect the farming industry. Decisions taken by elected members relating to farming matters can have a significant impact not just upon individual farms, but also upon the wider agricultural sector and the communities that they are a key part of.

If Councillors who have a personal and prejudicial interest in farming related decisions are unable to speak, not only would farming communities in the County be denied democratic representation when such decisions are made but also those Councillors who do not have such an interest would be denied the benefit of their expert knowledge.

Public confidence in the conduct of the Council's business would not be damaged by allowing these Councillors to speak in any debate or make written representations on farming related matters.

(please continue on a separate sheet if necessary)

I confirm that the information provided on this form is true to the best of my knowledge. I agree that this application and all the information contained within it may form part of a public report to the Standards Committee. I request a dispensation in respect of the above matter.
