

Draft Member Development Plan 2015/16
Report to DSC 27/11/15

This report outlines the proposed development opportunities to be made available to all members during the period Sept 2015 – July 2016 and beyond where appropriate.

Context

The Local Government Measure 2011 [Section 7A] highlights the responsibility of Local Authorities to provide reasonable development opportunities to its members. CCC's Member Development Strategy sets out our approach to member development and includes a detailed plan of programmes, updated annually, which is designed to meet the identified development needs of its members. This report provides an initial draft of that plan for 2015/16.

Proposed development areas:

The topics listed below have been derived from a variety of sources including meetings with scrutiny committees, DSC, Group Leaders & Deputy Leaders, their one-to-one Individual Learning Plan [ILP] sessions with members and priorities identified by senior council officers.

****Please note that this list is not exhaustive and will be regularly reviewed throughout the year to ensure it responds to and reflects emerging needs and priorities. Also it does not include Scrutiny specific sessions at this time****

It is proposed that these programmes are offered to all members or those with specific responsibilities as outlined above. Scrutiny and other committee- specific development workshops or seminars will be identified separately but where appropriate offered to all members.

Dates, timings & locations of sessions are to be confirmed. Sessions will be delivered internally wherever possible to minimise costs.
