That the Standard Charge for Local Authority Older People residential care homes be increased from £587.02 to £612.21 for Mainstream beds and from £800.30 to £837.50 for EMI beds.

For residents placed by this authority into our own Local Authority Homes the effective date for the new rates is 1<sup>st</sup> July 2019. For those residents placed in our homes by other Local Authorities the effective date for the new charges to those authorities is the 1<sup>st</sup> July 2019

Where they have sufficient resources they are required to pay the full cost of their accommodation, known as the Standard Charge which is calculated annually based on the full cost to the authority of providing the accommodation.

**DATE: 14<sup>th</sup> MAY 2019**

**SUBJECT:**  
**LOCAL AUTHORITY RESIDENTIAL CARE STANDARD CHARGE FOR 2019-2020**

The overall budgeted costs for running the Authority's residential homes together with the number of beds available and the occupancy levels are the determining factors in calculating the annual Standard Charge.

For 2019-2020 there has been no change in the number of Local Authority beds. Staffing costs have increased as a result of the implementation of the National Living Wage which has had a significant impact on the staff in this sector. As a result the charge for mainstream beds will increase by 4.29% and EMI beds by 4.65%.

**Recommendation**

The Standard Charge for Local Authority Older People residential care homes be increased from £587.02 to £612.21 for Mainstream beds and from £800.30 to £837.50 for EMI beds.

## 3. Finance

The Standard Charge has been calculated on the basis of the full cost to the authority of providing the accommodation.

## 5. Risk Management Issues

As there continues to be a significant cost differential between the Local Authority and the Private Sector this could lead to a shift in placements from Local Authority homes into the Private Sector.
