### 2. Legal

The law states that:-

- a) We <u>must</u> carry out sustainable development, improving the economic, social, environmental and cultural well-being of Wales. The sustainable development principle is '... the public body must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs.'
- b) We <u>must</u> demonstrate 5 ways of working:

  Long term, integrated, involving, collaborative and preventative
- c) We <u>must</u> work towards achieving all of the 7 national well-being goals in the Act. Together they provide a shared vision for public bodies to work towards.
  - 1. A prosperous Wales
  - 2. A resilient Wales
  - 3. A healthier Wales
  - 4. A more equal Wales
  - 5. A Wales of cohesive communities
  - 6. A Wales of vibrant culture and thriving Welsh Language
  - 7. A globally responsible Wales

### 3. Finance

We need to continue to strengthen the links between Strategic and Financial Planning.

The Act requires the publication of a statement detailing how a public body proposes to ensure that resources are allocated annually for the purpose of taking such steps to meet the well-being objectives. Para 53 SPSF 1

Our AGS has been revised to take account of the new CIPFA/SOLACE, 7 Principles of Corporate Governance. This is addressed in the Building a Better Council and Use of Resources Action Plan aligned to the 7 Principles. Internal Audit undertook a stocktake during 2017/18 against the guidance specifications and identified any gaps to be addressed.
