EXECUTIVE SUMMARY
EXECUTIVE BOARD
1ST FEBRUARY 2016

SUBJECT

Wales Audit Office - Corporate Assessment Report 2015

BRIEF SUMMARY OF PURPOSE OF REPORT

Welsh Audit Office undertook the Corporate Assessment fieldwork in Carmarthenshire County Council during October 2015. The purpose of the Corporate Assessment is to provide a position statement of an authority's capacity and capability to deliver continuous improvement.

The Authority has been highly praised by the Welsh Audit Office for having a well established vision that is driven forward by a strong collective leadership from both Executive and Corporate Management Teams. A clear framework of well-aligned plans and strategies that translate high level outcomes the Council has agreed with partners into priorities for action has also been recognised ensuring a strong ethos of continuous improvement runs through everything the Council does.

The Auditor General has concluded that: Carmarthenshire County Council, demonstrating ambition in its vision, with collective leadership and more robust and transparent governance, is delivering improved outcomes for its citizens although some out-dated approaches may limit the speed of progress. He came to this conclusion because:

- increasingly collective leadership is supporting a revised vision for Carmarthenshire and sustaining a culture of improvement;
- the Council has made good progress in establishing improved governance arrangements which are now more robust and transparent, although there are opportunities for further improvements to enable Members to be more effective in their roles;
- the Council's arrangements for managing its resources have served it well in the past, but the current approach in some areas is out-dated and not joined up, which may limit the speed of progress towards improved outcomes for citizens;
- the Council has an established and effective approach to partnership working;
- the Council's framework to manage improvement is good but lacks quality and consistent application within some departments leading to a lack of accountability
- the Council in collaboration with partners, is continuing to improve performance across its priority areas.
