Inclusion Services - SEN	200			200	When learners with a Statement of Special Education Needs leave school the Statement comes to an end. It is planned to reduce the level of funding provided to schools by giving up some of the funding associated with statements that expire. Consequently, there will be less funding available to schools to support children and young people with additional needs.	2

Care leavers receive ongoing support up to 21, or even 25 if in full time education. A reduction of children coming into care; and the additional resources to support their rehabilitation home through targeted resources should contribute to a fall in numbers; both those in care, and those leaving care, and as a result, should achieve a financial reduction in these areas over time.	2
