Introduction

The free Modern•Gov app automatically downloads meeting papers for your subscribed committees, supporting your organisation's commitment to reduce its reliance on paper. A wide range of annotation tools allows you to mark-up documents as easily as if they were on paper. The app complements your existing Modern•Gov website, intranet and/or extranet.

This easy-to-use app offers free access to publicly-available meeting papers from any organisation using Modern•Gov's decision management system to support its democratic, governance and transparency processes.

Organisations can also purchase additional restricted services to provide allowed users secure access to its internal or restricted meeting papers and to access the in-app voting features.

The app is available on iPads of any size (as long as the iPad's operating system, iOS, is supported by Apple¹). It does not currently run on iPhones or MacBooks.

¹ iOS 11+ at the time of writing.

Glossary

Agenda Front Sheet	Coming Soon: The front cover of any agenda, available as a standalone document without any supporting papers. Particularly handy for those running the meeting so they can have the agenda cover in front of them at all times.
Agenda Pack	The full agenda, including the cover and all reports, available as one document.
Document	Catch-all term for all the files published to the app by an organisation, regardless of whether they are documents, spreadsheets, images, presentation slides or other file types.
Home Screen	The app's main menu – the first screen you see when it opens.
Long-Press	Instead of tapping quickly, lightly pressing and holding your finger or stylus on the screen.
Restricted	<p>Anything which is not publicly available. This could refer to an organisation which uses the app for internal meetings but does not publish anything onto its public-facing website ('restricted organisation').</p> <p>It could also be used in relation to documents from a public organisation which have access restricted to certain users in accordance with relevant legislation or rules (e.g., a report dealing with an employment matter).</p> <p>Access to restricted information must be enabled by the organisation providing it.</p> <p>If you have access to restricted organisations, committees and documents, they will appear in menus against a pink background to differentiate them from publicly-available information.</p>
Starred	Documents you have marked as important to you by tapping a star icon.
Supplement	Additional papers to accompany the agenda, decisions or minutes, like an item of urgent business which has arisen after the agenda had been published.
Views	A menu on the left-hand side of the app's home screen which helps you quickly find the documents you want.

What's New

The original app launched nearly a decade ago. Since then, we've kept it updated regularly and listened to feedback from our customers to add improvements, and the time has now come to launch a brand new version. If you have the older version on your device, don't worry: both can be run simultaneously for the time being – the original version won't be discontinued immediately.

Why switch? Here's what the new app offers:

	Original App	New iOS App
Automatic download of agendas, reports, decisions and minutes, supplementary meeting papers and Library documents		
Document library for non-meeting information		
Document library appears as a distinct menu item, rather than in the list of committee names		
Automatic download of agenda front sheet as a separate document		
Open multiple documents at the same time and from different meetings (and from the document Library) – a maximum of 10 documents may be open at any time		
Quickly find documents from: What's New / Recently Published, Annotated, or browse by committee name		
Quickly find documents from above options and from: Upcoming, Recently Opened, Unread or Starred		
In-app calendar to browse meetings by date		

	Original App	New iOS App
Toggle between all meetings / just meetings with documents		
Tap to expand / collapse list of documents available for a meeting		
User-defined default settings to expand all / collapse all lists of documents available for a meeting		
Long-press meeting name to open all available documents at once		
Document navigation using page forward / page back buttons		
Document navigation using 'Jump to Page Number' button		
Document navigation using thumbnail images to jump forwards, backwards or to any page		
Document navigation using bookmarks created by the user		
Advanced document navigation tools using bookmarks and free text search within a document		
Advanced document navigation using annotations as bookmarks.		

	Original App	New iOS App
Open other documents from this meeting without returning to main menu		
Annotation tools – scribble, underline or highlight text, add sticky notes		
Advanced annotation tools including text strikethrough, adding call-outs, stamps, signatures and images, and options to select, copy and paste annotations and signatures.		
Remember last-used annotation settings.		
Remember last-viewed page when re-opening document.		
Pinch-to-zoom document view		
Lock document width to fit screen		
Lock document height to fit screen		
Automatic document zoom to best fit screen rotation		
User-defined in-document scrolling preferences: horizontal or vertical		

	Original App	New iOS App
User-defined in-document page transition preferences: see one page at a time, see continuous pages, see page turn animation		
User-defined in-document appearance preferences: default, sepia or night mode		
User-defined in-document screen brightness control		
Share original document – whole document, page range or single page (public documents only)		
Share document with annotations – whole document, page range or single page (public documents only)		
Select text to be read aloud to you		
Open / save document in another app on your device		
Delete document from device		
Two-factor security		
ADFS integration to reduce the need for multiple passwords		

	Original App	New iOS App
Subscribe to multiple publishers		
Searchable document publisher list		
Subscribe to multiple committees		
Searchable committee list		
Pin / Star important documents for easy identification and retention		
Automatically delete documents from device at end of user-defined default document retention period.	 Up to 6 months	 Up to 5 years
Remote lock / wipe of device		
Welsh Language		
In-app Voting (restricted app only; chargeable feature)		

Getting Started

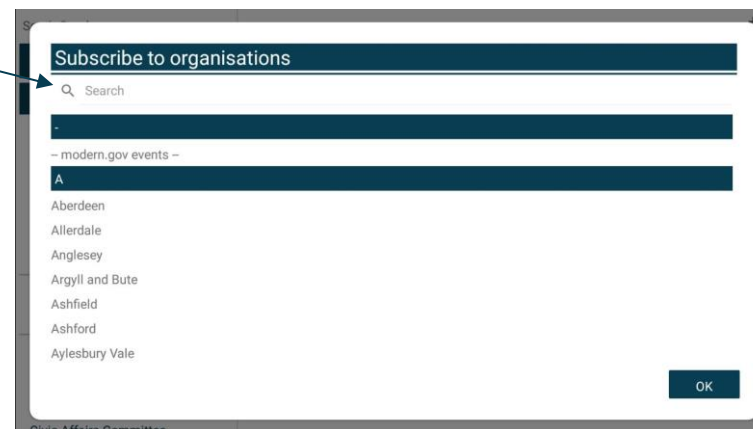

Search for “Modern•Gov” on the App Store and download the free app.

The Modern•Gov app appears on your home screen. Tap the icon to open the app:

Select at least one organisation to follow. **Swipe down** on the screen to refresh the list at any time.

Tip: use the **search bar** at the top:

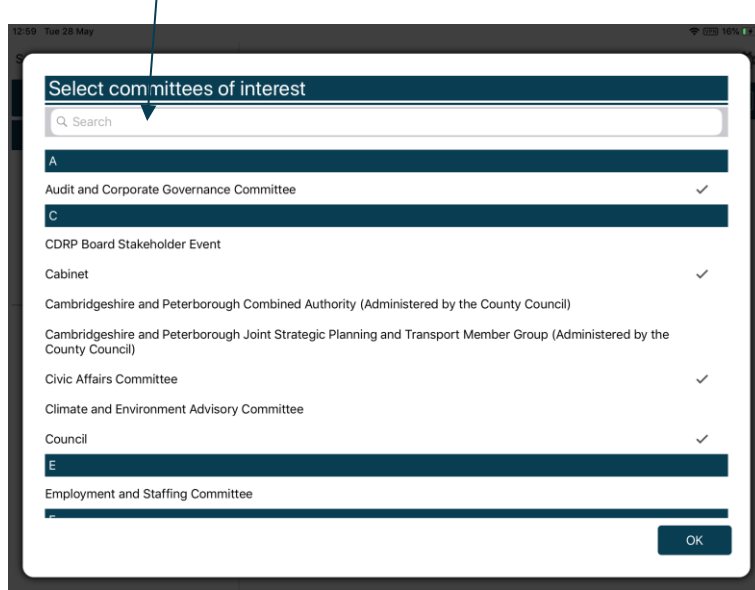

Tap an organisation name to select it.

Tap OK to confirm your selection(s). Subscriptions can be changed at any time from **The Settings Menu**.

The organisation's list of committees will appear. Select committees to follow. **Swipe down** on the screen to refresh the list at any time.

Tip: use the **search bar** at the top:

Your organisation might also have a document library² for other available information. You can find this in the committee list:

² Organisations choose their own name for this document storage feature; most use a variation on 'library'. If you cannot find it, please ask the organisation if they provide one and, if so, what they call it.

The Home Screen (Main Menu)

The app opens in its home screen:

The screenshot shows the CIVICA app interface. On the left is a navigation menu for 'South Cambs' with categories like 'Upcoming', 'Recently Opened', 'Recently Published', 'Unread', 'Starred', 'Annotated', 'Library Access', and a list of committees. The main area displays a list of meetings with expandable sections for 'Agenda' and 'Decision'. Callout boxes provide instructions on how to use these features.

See document 'views'. (Points to the menu icon in the top navigation bar)

Tap to switch to calendar view. (Points to the calendar icon in the top navigation bar)

Settings Menu (Points to the gear icon in the top right)

Document 'views': tap any view to help find papers quickly (Points to the 'Recently Published' view)

Library (non-meeting) documents and links (Points to the 'Library Access' section)

Committee subscriptions. Tap name to see papers from only one committee (Points to the list of committees)

Coming soon: Filter results (Points to the filter icon in the top right)

Meeting details. Tap this bar to expand or collapse the list of documents below. Set your default display preference (expand all / collapse all) in The Settings Menu (Points to a meeting header bar)

Number of documents available for this meeting (Points to the document count in a meeting header bar)

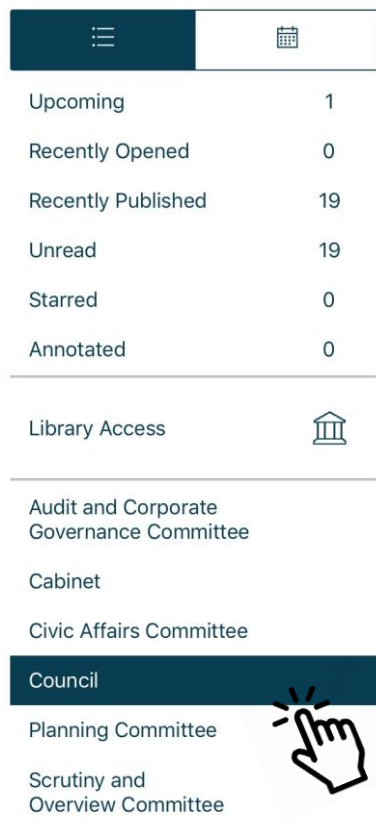

Documents begin downloading automatically for your subscribed committees:

	Agenda	Document has been downloaded
	Late Item - Urgent Business	Document is downloading
	Decision	Document has not yet been downloaded

Restricted version of the app only:

	Agenda Frontsheet	
	Agenda Reports Pack (Private) 25/02/2019, 19.00	Access restrictions apply.

Find documents easily by **tapping** on the options on the left-hand side:

Toggle between document view and calendar view

Upcoming meetings, with or without documents (there will be some overlap with results from Recently published documents)

Recently opened documents (10 most recent meeting documents and 10 most recent Library items)

Recently published documents (there will be some overlap with results from Upcoming meetings)

Unread documents – downloaded but not yet opened (excluding Library items)

Starred – documents you have marked as important to you appear in this list automatically (including Library items)

Annotated – documents you have annotated appear in this list automatically (including Library items)

Library of other (non-meeting) documents published by this organisation.

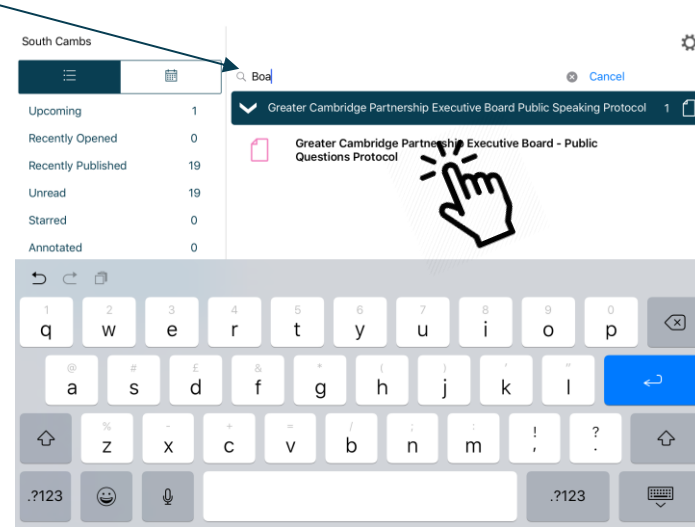

Subscribed committees listed alphabetically. **Tap** a committee name to see documents only for that body.

Tap on the library to see what other information has been made available by your organisation.

A document title search is available.

Type to search the titles of all Library items.

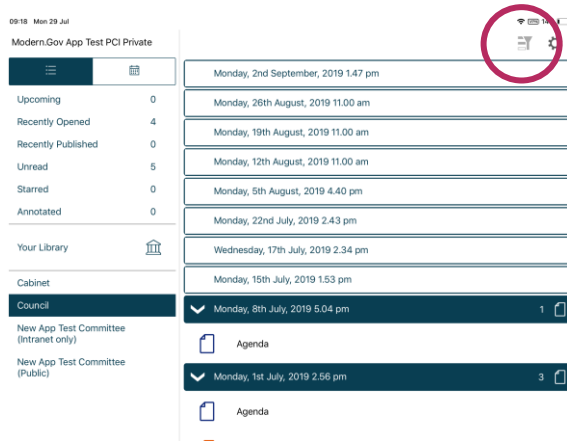

Library items are not automatically downloaded. Tap a Library item title to start downloading.

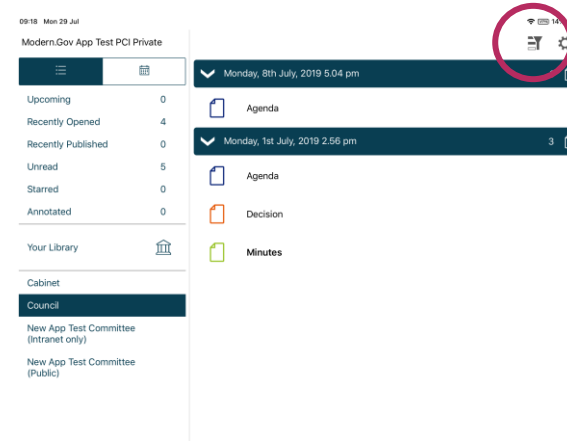

Coming Soon: Use the Filter (at the top right) to show all meetings or only those with available documents:

Filter **off** – shows all meetings

Filter **on** – shows only meetings with documents

Meetings for which documents have not yet been published, or where no documents are available, are represented by a **hollow** meeting details bar.

Meetings for which documents have been published are represented by a **solid** meeting details bar.

Use the calendar to browse by date. **Tap** a date to see meetings on that date:

09:46 Mon 29 Jul

Coming Soon: Hollow dots represent meetings for which documents are not (yet) available.

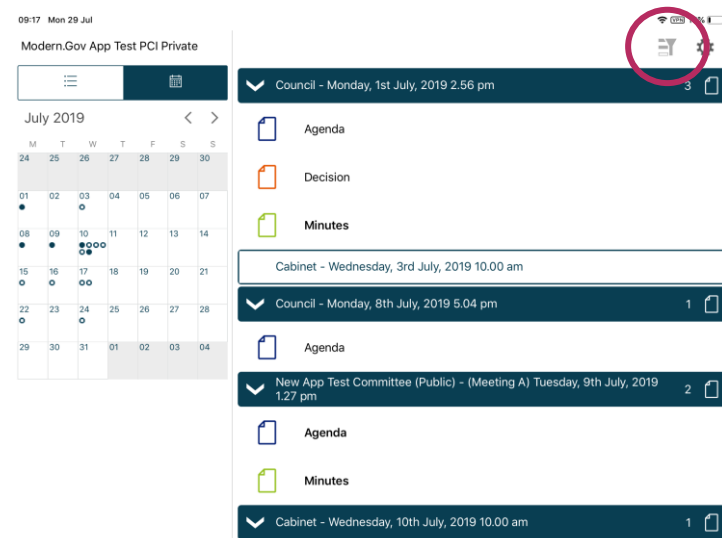

Coming Soon: Solid dots represent meetings for which documents are available.

Coming Soon: Use the Filter  (at the top right) to show all meetings or only those with available documents:

Filter **off** – shows all meetings

Filter **on** – shows only meetings with documents

Meetings for which documents have not yet been published, or where no documents are available, are represented by a **hollow** dot in the calendar and a **hollow** meeting details bar.

Meetings for which documents have been published are represented by a **solid** dot in the calendar and a **solid** meeting details bar.

Tap a document **name** to open it on its own...

...or **press and hold** on the **meeting details bar** to open all the documents for that meeting:

Tap a document icon to select it. Document Management Options appear (see next page):

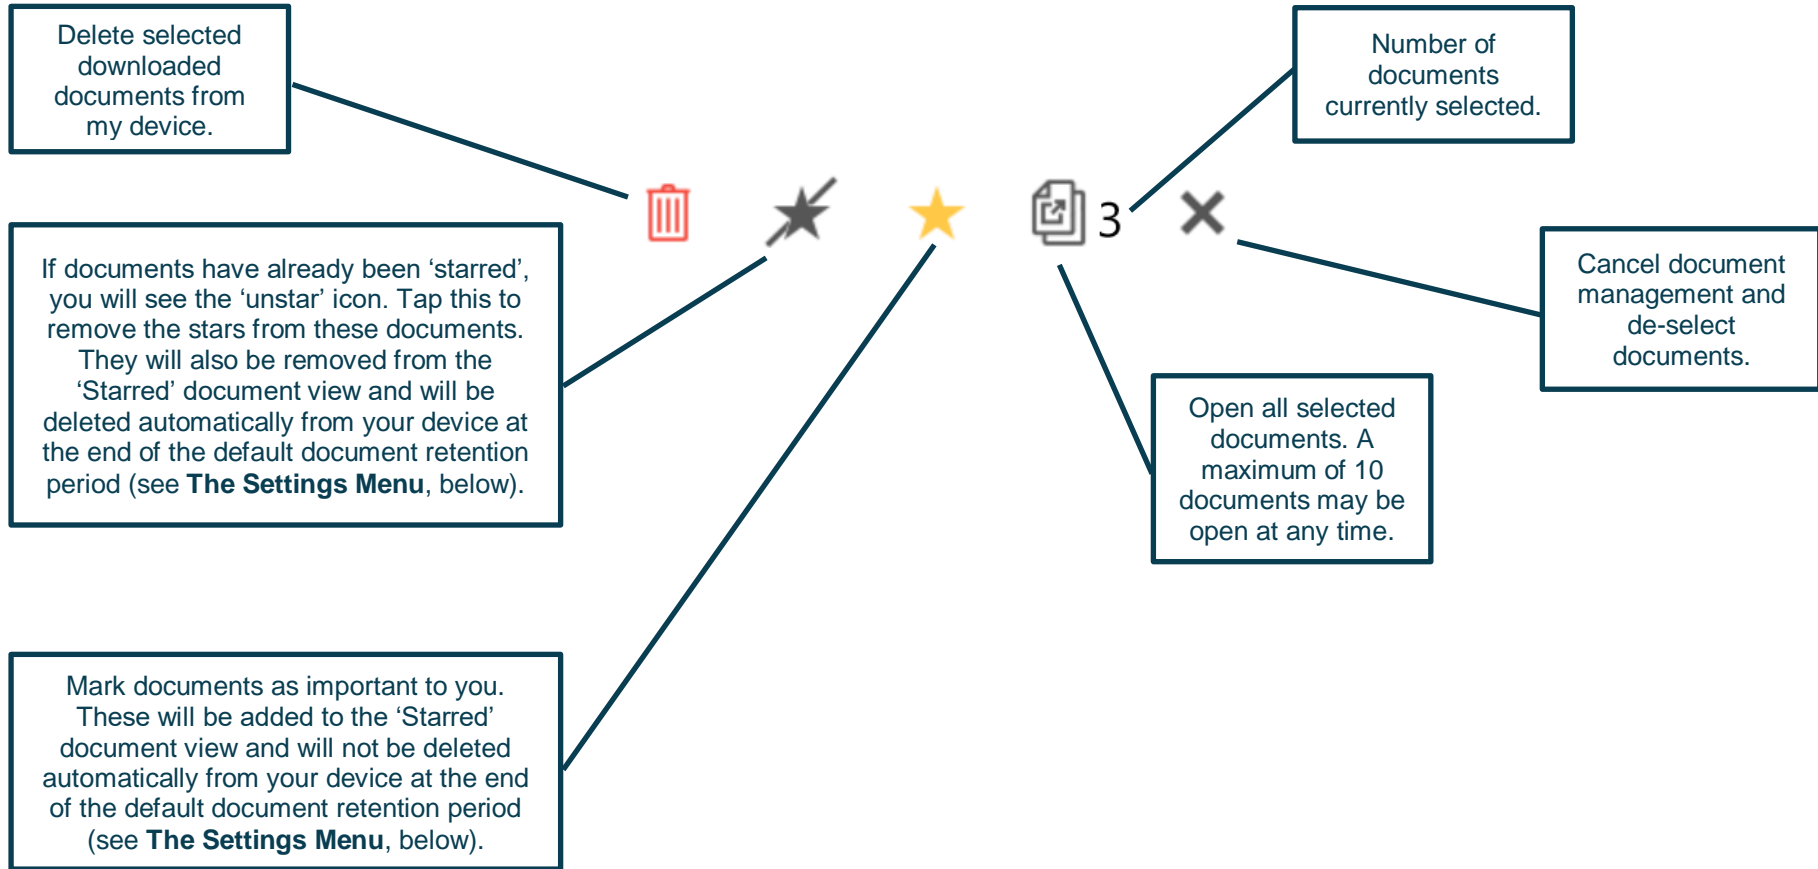

The screenshot displays the CIVICA app interface for 'South Cambs'. On the left is a navigation menu with categories: Upcoming (1), Recently Opened (0), Recently Published (19), Unread (19), Starred (0), Annotated (0), Library Access, and a list of committees: Audit and Corporate Governance Committee, Cabinet, Civic Affairs Committee, Council, Planning Committee, Scrutiny and Overview Committee, and Weekly Bulletin. The main content area shows a list of documents with expandable bars. The first bar is for 'Audit and Corporate Governance Committee - Tuesday, 30 April 2019 9.30 a.m.' with a checkmark icon and a document icon. Below it are 'Agenda' and 'Decision' items. The second bar is for 'Cabinet - Wednesday, 1 May 2019 10.00 a.m.' with a checkmark icon and a document icon. Below it are 'Agenda' and 'Decision' items. The third bar is for 'Civic Affairs Committee - Tuesday, 4 June 2019 10.00 a.m.' with a right-pointing arrow icon and a document icon. Below it are 'Agenda' and 'Supplement - Political Proportionality and Allocation of Seats to Committees (Item 08); Appointments to CPCA (Item 10) and Appointments to Outside Bodies (Item 11)' items. The fourth bar is for 'Council - (Annual Meeting) Thursday, 16 May 2019 2.00 p.m.' with a checkmark icon and a document icon. Below it are 'Supplement - Nominations for Chairmen/Vice-Chairmen; Cabinet appointments; CPCA nominations and Major Opposition Leader's Statement' and 'Decision' items. A hand icon is shown tapping the document icon on the 'Civic Affairs Committee' bar. At the top right of the document list are icons for trash, star, 4 documents, and close, along with a settings gear icon. Three callout boxes provide instructions: 1. 'Selected documents have a check mark.' points to the checkmark icon on the 'Audit and Corporate Governance Committee' bar. 2. 'Tap the icon to select documents from any committee, and the web library.' points to the '+' icon on the 'Decision' item under the 'Council' bar. 3. 'Tap the meeting details bar to expand or collapse the list of documents. Set your default display preference (expand all / collapse all) in The Settings Menu.' points to the document icon on the 'Civic Affairs Committee' bar.

Selected documents have a check mark.

Tap the icon to select documents from any committee, and the web library.

Tap the meeting details bar to expand or collapse the list of documents. Set your default display preference (expand all / collapse all) in The Settings Menu.

Restricted App Registration Process

If your organisation has purchased the restricted version of the app, it will be able to make internal or confidential documents available to certain users. (If you haven't done so already, install the ModernGov app as explained above in **Getting Started**.) **We recommend that you close the app before proceeding with registration.**

Due to the requirement of the app being able to read restricted documents while being offline, there is a possibility that access to the restricted document could be gained from a stolen device. To do so would not be trivial and precautions are in place to mitigate this risk; however, we strongly recommend a Mobile Device Management (MDM) system is used in conjunction with app's own security to reduce the risk further.

Your organisation will contact you directly with your logon details, and, if in use at your organisation, information on its MDM system.

You will receive an email inviting you to:

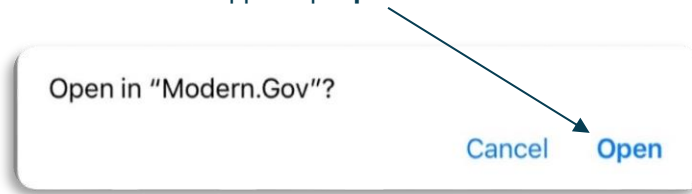

[Register this device](#)

Now, open the email on the device with the ModernGov app installed and tap the link in the email.

You will be directed to a website and invited to choose between the new ModernGov app (this one) and the legacy version released several years ago; please select the **New App**.

You will be asked to **confirm** that you want to open the ModernGov app – tap **Open**.

The app will open and invite you to complete the registration process with the logon details provided by your organisation:

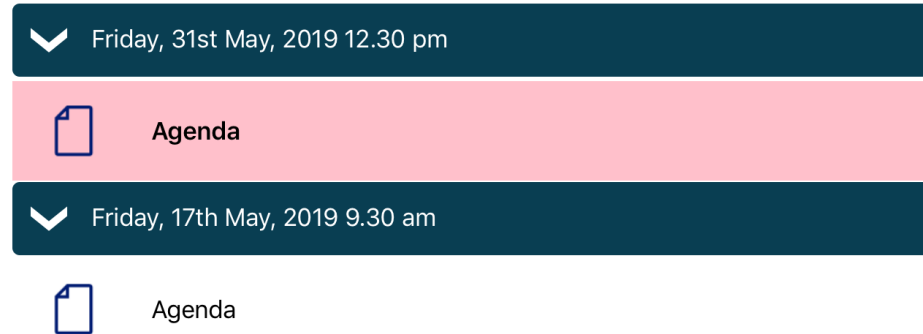

Registration

Username or Email	<input type="text" value="Your Username Here"/>
Password	<input type="password" value="••••••••••"/>
Confirm Password	<input type="password" value="••••••~••••"/>

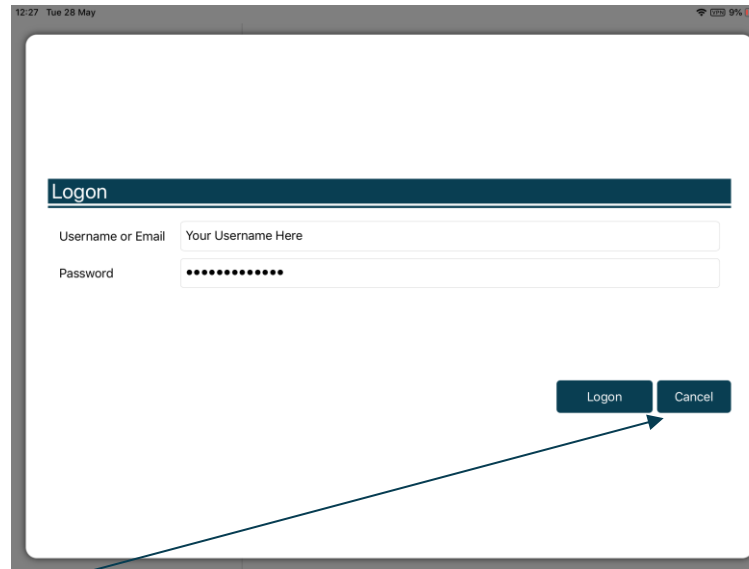

You will then be registered to open, read and annotate documents with restricted access. You will not be able to share restricted documents, nor will you be able to open them in other apps. In-app voting will also be enabled if your organisation has purchased this feature.

Which documents you see will depend upon the access permissions granted by your organisation.

Documents with restricted access appear in menus with a pink background (the documents themselves are not pink):

When you next open the ModernGov app you will be prompted to login:

(If you select **Cancel**, you can still use the app, but will have access only to publicly-available documents from public organisations.)

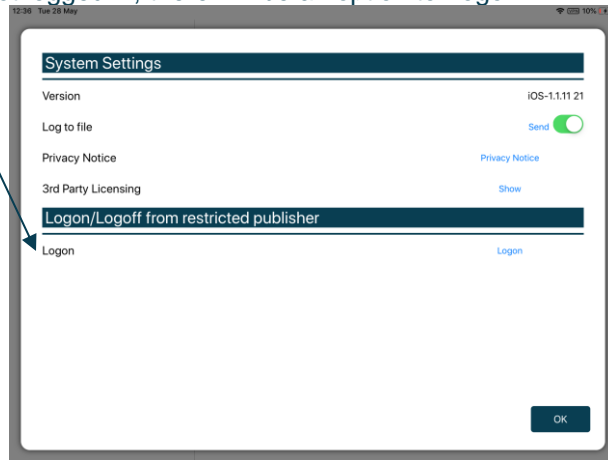

If you have subscribed to an organisation with restricted access, it will appear with a pink background when you access Switch between your organisations from **The Settings Menu**:

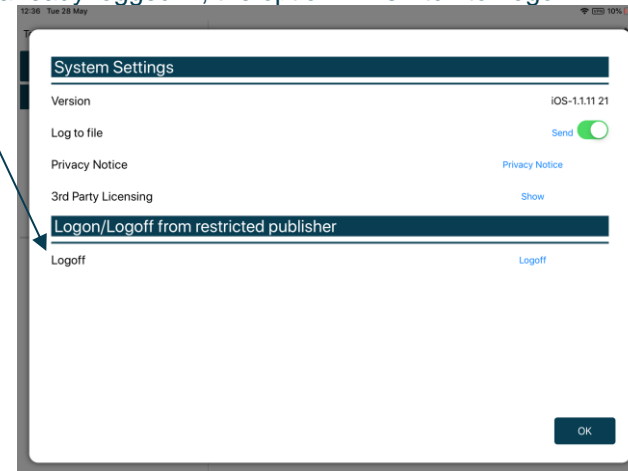

Logon and Logoff options in the Settings Menu

To access, **tap** the Settings icon at the top right of the home screen (main menu): 

If you are not logged in, there will be an option to Logon:

If you are already logged in, the option will switch to Logoff:

The app will also logoff users automatically when the app has been closed, when the device's screen saver has activated due to inactivity, or when the app has been open but has not registered any activity for two hours.

In-App Voting

In-app voting was introduced in the spring of 2020. Planned recorded votes set up in Issue Manager before the meeting now appear in the app, and additional recorded votes can be created in-app if requested during the meeting. Users with administrative rights will be able to start and stop votes during the meeting.

Vote details from the app, whether for planned or ad hoc recorded votes, will sync automatically with Issue Manager for merging into minutes. They will also appear on the website if you have this feature enabled.

This feature is available only on the restricted version of the Modern.Gov app because the system needs to know the user's identity to check their eligibility to vote. Public app users will not see any changes to their app's appearance or functionality.

Please refer to [Recorded Voting Online Help](#) for guidance on system parameters to assign administration features and casting vote options to specific users, and the Recorded Vote features in Issue Manager, minutes templates, extracts and on the web. Please do not go into the Recorded Vote tab in Issue Manager while In-App Voting has a vote in progress.

To access from the Document Viewer Toolbar, **tap** the **More** button:

Tap the **Attendance / Voting** option:

From any screen, **tap** the Close button at the bottom right of any screen to return to the agenda pack:

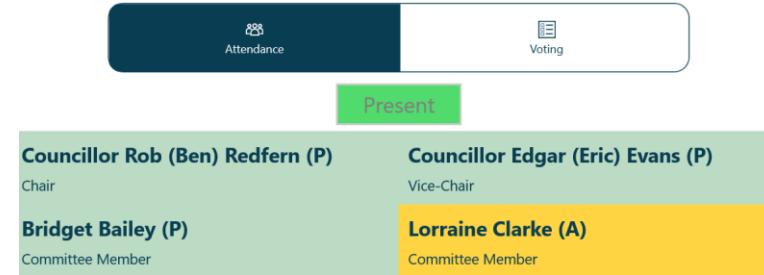

Committee Members

Committee members will see two buttons, one for attendance and one for voting.

Tap Attendance (left button), then the Attend button to record your presence:

The attendance list below will update automatically as attendees confirm their presence:

(Apologies previously received and entered by the meeting administrator display on an amber background.)

Tap Voting (right button) to access the vote list, which displays the list of agenda items and votes to be held:

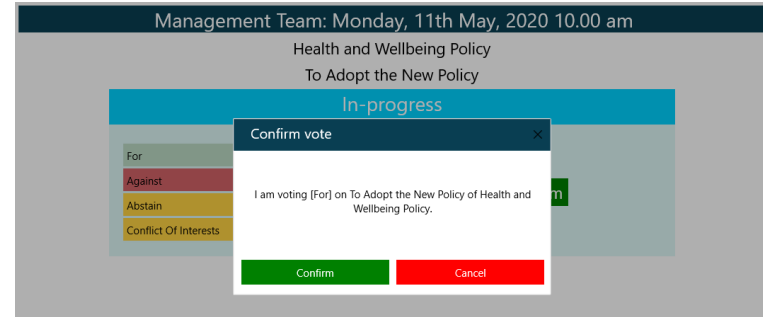

When the Chair calls for a vote, the item will be highlighted and its status updated to "In progress". Tap on that row to open the voting panel.

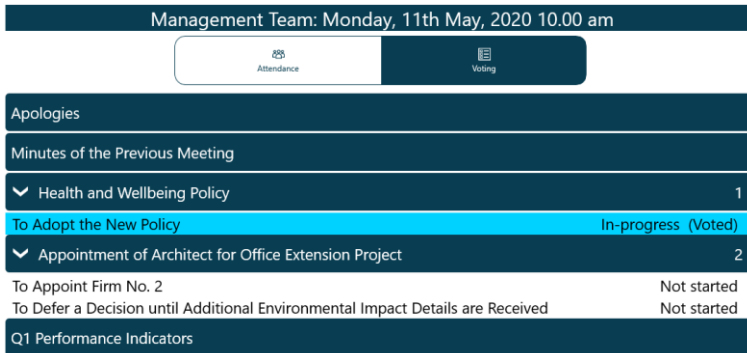

Make a selection from the available options, then **Confirm**:

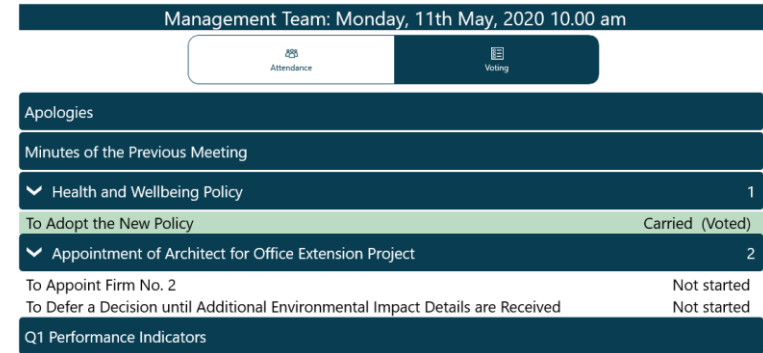

Your selection displays. **Confirm** to proceed or **Cancel** to return to the options and make a different selection:

The voting panel indicates that your vote has been received:

When the Chair ends the vote, the voting panel will update with the result:

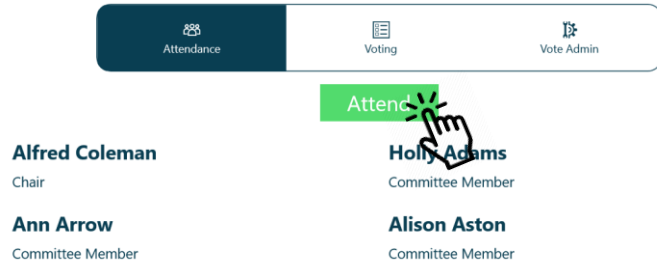

Voting Administrators and Casting Votes

Getting started

Administrators will see three buttons, one for attendance, one for voting and one for administering votes (including making a casting vote in the event of a draw).

Tap Attendance (left button), then the Attend button to record your presence:

The attendance list below will update automatically as attendees confirm their presence:

(Apologies previously received and entered into Issue Manager display on an amber background.)

Tap Voting (middle button) to access the vote list, which displays the list of agenda items and votes to be held:

(If you are eligible to vote in a meeting, return to this screen after starting the vote, then follow the instructions for voters.)

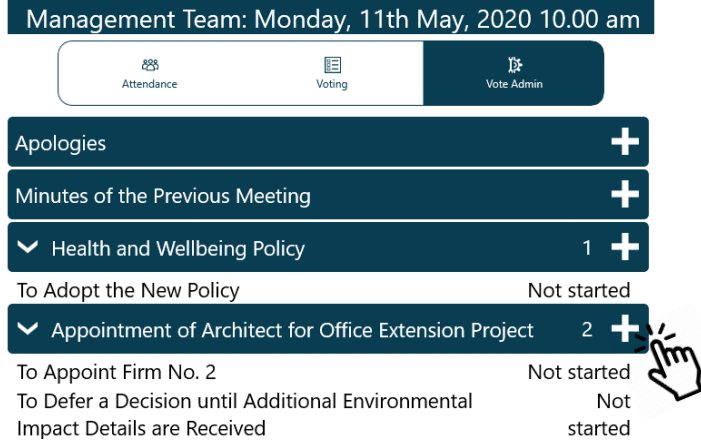

Tap Vote Admin (right button) to access administration options, which shows the voting list in the same order that voters see:

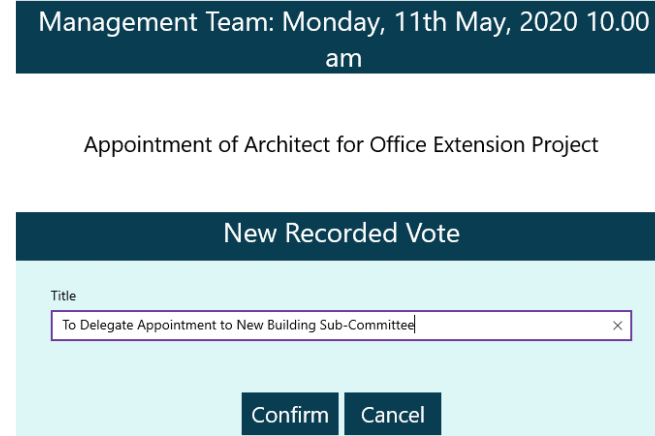

The votes displayed initially will be those created in Issue Manager before the meeting.

Adding votes

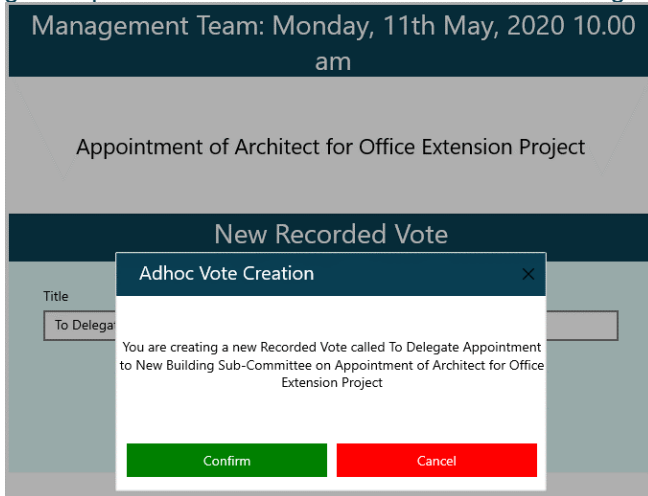

To add more votes, tap + next to the agenda item name:

The Ad Hoc Vote panel opens. Add details and **Confirm**, or **Cancel** to exit without creating a new vote:

Confirm again to proceed or **Cancel** to return and make changes:

Once confirmed, the vote appears in the voting list. To edit or delete the new vote, tap the title to open it:

Edit to amend the title or delete the ad hoc vote:

Running a vote

To start voting on an item **tap** the item name and the screen will change to:

Start updates the status on all apps to “In progress”, and voters can now cast their votes:

If you are eligible to vote, **Close** this screen from the bottom right...

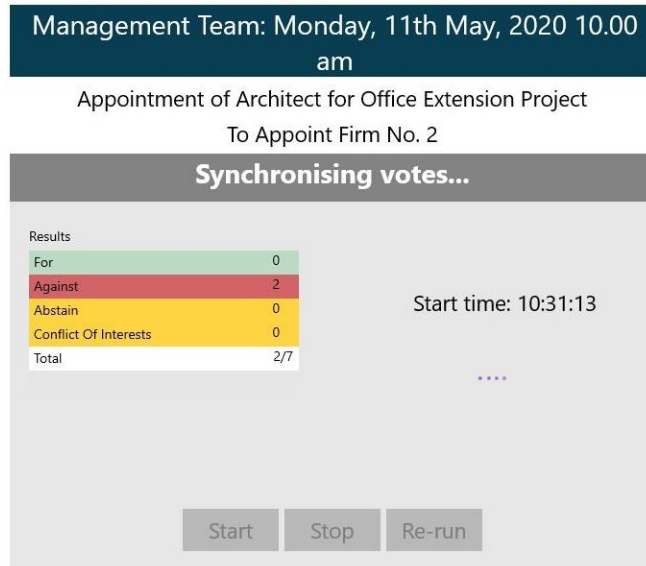

...and return to the **Voting** menu (second button) to select the item, and cast your vote:

Then return to the Vote Admin screen (third button) and select the item to resume administration of the vote:

When the vote has finished, **tap** the Stop button. The results will synchronise:

The outcome will be displayed:

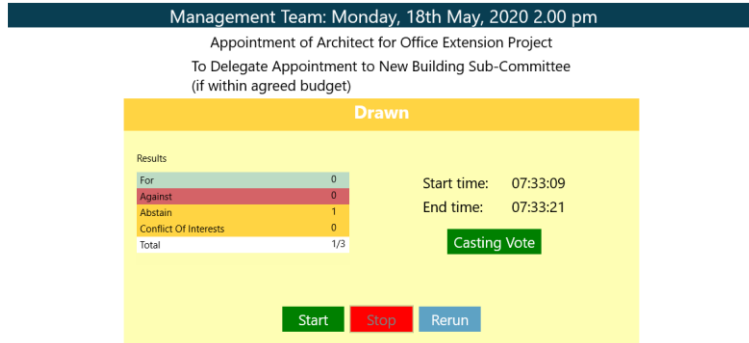

If stopped prematurely, **Start** allows you to resume the vote, **retaining** the results already recorded.

If necessary, **Rerun** will **nullify** all results, allowing the vote to begin afresh.

Casting Votes

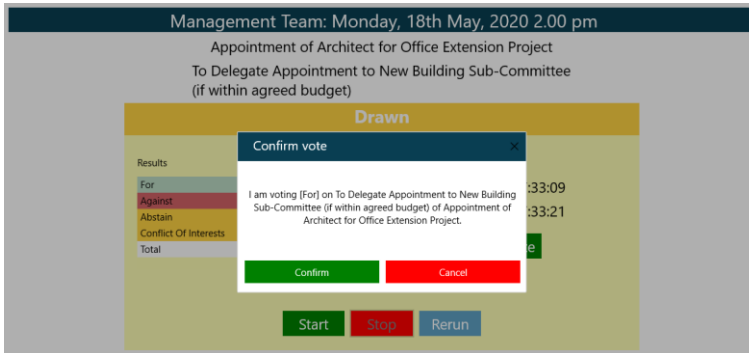

In the event of a draw, the Casting Vote option becomes available to users who may make a casting vote. **Tap** the Casting Vote button:

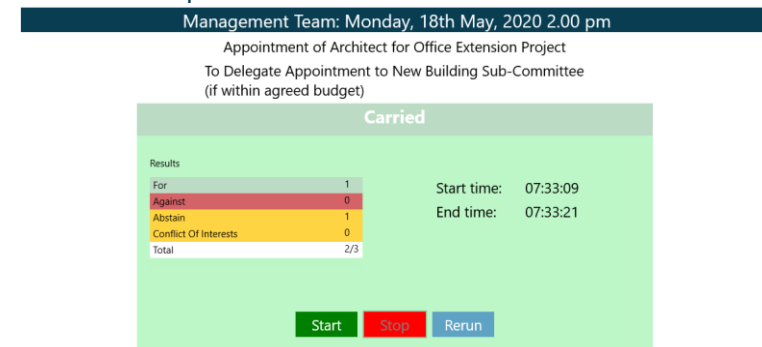

Make the Casting Vote and **tap** Confirm:

Confirm the selection or **Cancel** to return and make a different selection:

The results screen updates:

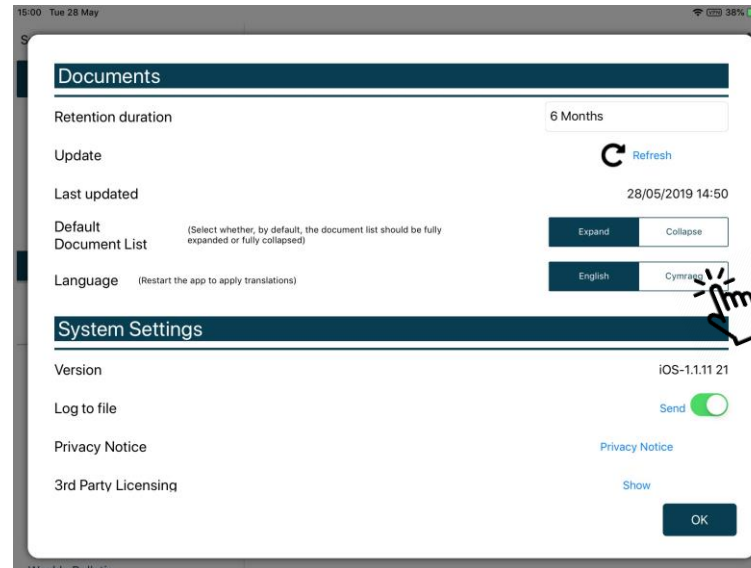

The total votes cast can be greater than the number of eligible voters if all voters participated in the initial vote and the Chair has made a casting vote. For example, a total of 15/14 indicates that the outcome included a casting vote.

Welsh Language Version

A Welsh-language version of the app is available. When the app is opened for the first time, it will automatically select the default language you have set for your iPad.

To change the app's default language, open the **Settings** menu and **tap** Cymraeg in the Language section, then **tap** OK.

Restart the app to apply the changes. The app will now open with Welsh as the default language, regardless of your iPad's default language settings.

(Important note: documents published to the ModernGov app will still appear in the language in which they were originally published. If they were originally published in English, they will still appear in English.)
