

## **AMENDMENT TO NOTICE OF MOTION SUBMITTED BY COUNCILLOR JOHN JAMES**

“That this Council recognises the vital contribution small businesses, the farming industry and rural enterprise has made from the onset of the Covid-19 crisis in Carmarthenshire.

Without their total commitment to deliver to our communities and their ability to adapt their working practices to cater for ever changing needs, many Carmarthenshire residents would have struggled to survive.

They have played a fundamental role in underpinning this Local Authority’s ability and determination to cope as well as it has during Covid-19.

So, we COMMEND Carmarthenshire County Council AND CALL ON THEM TO CONTINUE to assist and support these businesses in as many ways that it can during this unpredictable climate they find themselves, whilst also bearing in mind the unforeseeable negative impact a no-deal Brexit would have on them.”

PROPOSER - Councillor Emlyn Dole

SECONDER - Councillor Cefin Campbell
