## **7. BREACHES REPORT 2020-2021**

The Committee received for consideration the Breaches Report in relation to the Dyfed Pension Fund.

The Committee noted that Section 70 of the Pension Act 2004 set out the legal duty to report breaches of the law. In the Code of Practice No. 14, published by the Pensions Regulator in April 2015, paragraphs 241 to 275 provided guidance on reporting these breaches. The Dyfed Pension Fund Breaches Policy was approved by the Dyfed Pension Fund Panel in March 2016.

Under the policy, breaches of the law were required to be reported to the Pensions Regulator where there was a reasonable cause to believe that:-

- a legal duty which is relevant to the administration of the scheme has not been, or is not being, complied with;
- the failure to comply was likely to be of material significance to the Regulator in the exercise of any of its functions.

The Committee noted that since the last meeting there had been a number of instances where employee/employer contributions had not been received on time, however, no report had been sent to the Pensions Regulator.

#### **10. COUNTY COUNCIL NOTICE OF MOTION 9 OCTOBER 2019 TO DIVEST FROM FOSSIL FUELS**

The Committee received a report detailing the Notice of Motion from the County Council meeting held on the 9<sup>th</sup> October 2019 to divest from fossil fuels that was to be considered by the Committee.

The report confirmed that The Dyfed Pension Fund Committee had a fiduciary duty to seek to obtain the best financial return that it could for its members. It was noted that this was a fundamental principle of the management of Pension Funds that has been established in law. However, as long-term investor responsible for looking after the interests of beneficiaries over many decades into the future, the committee recognised climate change as a significant risk factor for pension fund investments. The Committee were advised that the fund shared many of the concerns over climate and carbon issues and worked both at a fund and a collective level (whether via the Wales Pension Partnership (WPP) or with other LGPS Funds to further climate action.

The report highlighted that the Fund believed active engagement with investee companies instead of full divestment was the preferred option to bring about change whilst managing overall investment risk issues. It was also noted that the Dyfed Pension Fund had an increasing level of investment in renewable and low carbon energy production via pooled funds and would continue to make such investments where the risk/return profile fits the pension fund's investment strategy.

**UNANIMOUSLY RESOLVED that the County Council Notice of Motion (9<sup>th</sup> October, 2019) to divest from fossil fuels be noted and the Dyfed Pension Fund Pension Committee continues to divest from fossil fuel where the risk/return profile fits the pension fund's investment strategy.**
