When choosing a topic a Scrutiny Committee should consider whether:-

- **scrutiny could have an impact and add value**
- **the topic is of high local importance and reflects the concerns of local people**
- **the resources are available that would be required to conduct the review, in terms of resources and budget**
- **it avoids work duplication elsewhere**
- **the issue is one that the committee can realistically influence**
- **the issue is related to an area where the council, or one of its partners, is not performing well**
- **the issue is relevant to all or large parts of the local area**
- **the review would be in the council's interests.**

Topics are not suitable for scrutiny when:

- **the issue is already being addressed elsewhere and change is imminent**
- **the topic would be better addressed elsewhere (and will be referred there)**
- **scrutiny involvement would have limited or no impact upon outcomes**
- **the topic may be sub-judice or prejudicial to the council's interest**
- **the topic is too broad to make a review realistic**
- **new legislation or guidance relating to the topic is expected within the next year**
- **the topic area is currently subject to inspection or has recently undergone substantial change.**
