

Dear Sirs,

RE: Request for Code of Conduct data

As you are aware, Carmarthenshire County Council Standards Committee has a statutory role in raising awareness of Town and Community Councillors regarding the members Code of Conduct and as a result annually monitors aspects of code compliance by Town and Community Councils.

To assist in this process the Standards Committee would be grateful if the following information could be provided by the 1st June 2021.

1. For the period 1st April 2020 to 31st March 2021, how many declarations of interest were recorded by your authority under the member's code
2. For the period 1st April 2020 to 31st March 2021 did any of the members and/or clerk received training on the code of conduct
3. Are there any members of your council who have not received any training on the Code since the 1st April 2017? If there are how many are there?

As this is written request for information it should be treated as a formal request under the Freedom of Information Act 2000 which your council is legally obliged to comply with.

Yours Faithfully

Mr. Andre Morgan

Chairman, Carmarthenshire County Council Standards Committee
