2 JULY 2021

CARMARTHENSHIRE COUNTY COUNCIL'S ANNUAL REPORT 2020/21

The following sections within the document are **relevant to Environment and Public Protection Scrutiny**:

- Introduction
- **WBO 8.** Help people live healthy lives (tackling risky behaviour and obesity)
- **WBO 9.** Support good connections with friends, family and safer communities
- **WBO 12.** Looking after the present and future cultural and natural conditions of the environment
- **WBO 13.** Improving the highway and transport infrastructure and connectivity
- Appendices

2020/21 was a year like no other due to the impact of the COVID-19 Pandemic. The vast majority of the Council's services had to adapt and change, with many being shut down completely for long periods of the year. For this reason, it is not possible for the 2020-21 Annual Report to act as a progress report on previous performance or as a comparator with other local authorities. This year was like no other and much of the report reflects the actions the Council had to take to support its residents, communities and businesses through the pandemic. With many staff being redeployed to assist in the pandemic response and many set to work to aid recovery the Council's priorities had to shift significantly to face the challenges presented by the pandemic.

For these reasons, the Annual Report for 2020-21 has a different focus and approach to previous reports.

- Many of the actions and targets we set for 2020/21 were blindsided by the Coronavirus COVID-19 pandemic and we had to deal with the emergency in hand. An initial COVID-19 Community Impact Assessment was published in September 2020 and individual services reported their responses to Scrutiny Committees in the November / December 2020 cycle of meetings. We will when appropriate update the Community Impact Assessment on COVID-19 within Carmarthenshire.
- The Annual Report starts with an overview of our COVID-19 Year and outlines some key responses and impacts.
- The Annual Report then looks in turn at each of our 15 Well-being Objectives and assesses the progress and adaptations that have been made during this difficult year.

COVID-19

We have a statutory duty to publish an Annual Report for 2020-21 by the 31st October 2021. There has been no relaxation on this statutory duty despite the pandemic. It is not possible to provide as much in-depth analysis and evaluation as we have done in previous years due to the gathering some performance information not being gathered nationally as services focused on pandemic response. There are also some gaps in information that we would usually provide. For instance, Welsh Government has confirmed that comparative out-turn data will not be published for the 2019-20 and 2020-21 period.
