Local Toilets Strategy Recommendations .....	<b>2</b>
Progress .....	<b>3</b>
Next Steps .....	<b>10</b>
Appendix A, Current List of Facilities .....	<b>11</b>

## Introduction

Carmarthenshire County Council published its Local Toilets Strategy in August 2019 following the introduction of the Public Health (Wales) Act 2017, Part 8, which places a duty on local authorities to prepare and publish a local toilets strategy for its area.

The strategy sets out the long-term strategic view on how these facilities can be provided and accessed by our local population and visitors alike.

The aim of the strategy is to enable a broader consideration of options available for providing toilets for public use, ranging from traditional stand-alone public toilets through to toilets in private ownership, and to increase the number of publicly available toilets by entering into partnerships with businesses, making available facilities in suitable Council buildings and to encourage the integration of accessible facilities into any new building development where practicable.

There is no statutory requirement for local authorities to provide public toilets, however, the aim of the strategy is to mitigate potential impacts where there may be a loss of toilet facilities and to enhance provision by additional creative ways.

The Public Health (Wales) Act 2017, Part 8, also requires local authorities to prepare and publish a progress report following a two-year period from first publication. This progress report therefore outlines what we have achieved to date in line with the action plan therein.

The purpose of this report has not been to undertake a fundamental review of Local Toilets Strategy, rather it is an assessment of progress made to date.

Carmarthenshire County Council's Local Toilets Strategy identified ten recommendations to support and enhance public convenience availability and awareness within the County.

## **Summary of Local Toilets Strategy Recommendations**

In partnership with the British Toilet Association, Carmarthenshire County Council's Local Toilets Strategy identified 10 key recommendations to enhance Carmarthenshire's long term toilet provision:

1. Review of all current toilet facilities – position/mapping and opening times
2. Identify and encourage other council facilities to become more publicly available
3. Establish partnership links with public/private companies and organisations
4. Investigate options for a Community Partnership Toilet Scheme (CTS)
5. Ensure adequate provision of Portable Toilet facilities such as during temporary events
6. Encourage the installation of Changing Places toilets within appropriate new building developments
7. Explore charging options to eradicate social misuse and vandalism where appropriate
8. Improve Communication and Information on available toilet facilities
9. To make available public toilet data on the Welsh Government Mapping Application (LLE National Map of toilets)
10. Where appropriate, to consider the incorporation of toilet provision in accordance with planning policy and national planning guidance.

## Progress on Delivering the Benefits of the Strategy

To date, in line with the recommended actions within the strategy, we have increased the number of identified publicly available facilities from forty to sixty-three. This represents an increase of 57 percent.

### 1. Review of all current toilet facilities – position/mapping and opening times

A review of Carmarthenshire County Council and Town/Community Council traditional standalone public toilet facilities has been undertaken. These facilities have been mapped on the Carmarthenshire County Council corporate website. Each mapped location has additional data (by zooming in and clicking on the relevant location icon, figure 2) to incorporate opening times, operational responsibility, and provides information on whether any charges apply. (See figure 1 & 2)

(Figure 1)

(Figure 2)

This review identified several other facilities which have since been added to the corporate website mapping details including relevant individual information.

## **2. Identify and encourage other council toilet facilities to become more publicly available**

A review of in-house facilities was also undertaken to identify appropriate publicly accessible buildings where individual location, access and circumstances would allow use by members of public such as libraries, leisure centres and office locations. This review identified a further fifteen toilet facilities which have been added to Carmarthenshire County Council's corporate website and the Welsh Government's Lle Mapping facility. A small number of toilets within the Authority's buildings were deemed unsuitable for public use due to the remote location of the facilities from the building entrance or public area.

The following additional existing locations were identified and listed as suitable for public access:

- Ty Elwyn, Llanelli
- Ffwrnes, Llanelli
- Lyric, Carmarthen
- St. Clears Leisure Centre

- Newcastle Emlyn Leisure Centre
- Municipal Buildings, Crescent Road, Llandeilo
- Carmarthen Leisure Centre
- Llanelli Leisure Centre
- Ammanford Library
- Llandovery Library
- Carmarthen Library
- Amman Valley Leisure Centre
- Llandovery Swimming Pool
- Llanelli Library
- Burry Port Library

### **3. Explore potential partnership links with public/private companies and organisations**

Due to the pandemic situation, this action has been temporarily delayed. As Covid-19 restrictions ease, and cases of transmission stabilise and crucially, confidence grows amongst companies and organisations, they can then be approached to establish their appetite to help with respect to suitable provision in future.

### **4. Community/Comfort/Partnership Toilet Scheme (CTS)**

The Community Toilet Partnership is a managed scheme which aims to tap into the already available toilet provision on a more formal basis to enhance existing provision. The scheme allows members of the public to use the toilet facilities in a range of approved local businesses and other organisations during their opening hours without purchasing any goods or services. Participating premises undertake to keep their toilets safe, clean, hygienic, easily accessible, and well-stocked. In return, they receive an annual grant payment based on the range of facilities they are able to offer.

Participants in the scheme are also required to display a sticker in their window (the National Logo scheme signage provided by Welsh Government) and agree to their facilities being regularly inspected without prior notification, for quality, accessibility, and cleanliness. It is anticipated that the businesses may see increased footfall which in turn may encourage users to return to those businesses in the future.

Again, due to the ongoing concerns amongst businesses in relation to the Covid-19 pandemic, activity on the initiative (Community Toilet Scheme across the County) was suspended shortly following its inception, as lockdown had essentially closed most accessible toilets in shopping centres and other business establishments.

Initially, the Pensarn shopping area in Carmarthen was identified as a high priority area due to lack of available provision. Following discussions with all relevant business establishments in the vicinity, one retail outlet was identified as having appropriately positioned toilet facilities which could be made available to the public. Consequently, this establishment participated in the scheme prior to the national lockdown.

There remains concerns from business premises in general to open their facilities to non-customers because of the ongoing Covid-19 situation. However, as the severity of the pandemic diminishes and confidence returns, it is anticipated that many suitable businesses will be amenable to the scheme. As such, a targeted approach to appropriate business premises should facilitate an increase in publicly available toilets as the pandemic situation stabilises.

## **5. Portable Toilet Provision**

For larger events, advice regarding the adequate provision of sanitary facilities at events is provided by the Events Safety Advisory Group for Carmarthenshire. The Advisory Group includes representatives from the County Council (highways/traffic management, environmental health, licensing, marketing), Dyfed Powys Police, Mid and West Wales Fire and Rescue Service, Welsh Ambulance Service, and the South Wales Trunk Road Agency. Events which are referred to the Safety Advisory Group and requested to produce an Event Management Plan in addition to any licence application.

Example Event Management Plan templates are available to download from Carmarthenshire County Council's Corporate website and include a relevant section on toilet provision/consideration.

For smaller events that may not be referred to the Safety Advisory Group there is a specific Licensing For Events page, [Licensing for events \(gov.wales\)](#) which includes a link to the toilet strategy.

Event organisers are advised on the appropriate toilet provision in line with the online Purple Guide which has been written in consultation with the Events Industry Forum and the Health & Safety Executive.

The current guidance on portable toilet provision at events is shown in the table below.

	Female Toilets	Male Toilets
For events with a gate time of less than 6-hours duration opening	1 per 100	1 per 500, plus 1 urinal per 150
For events with a gate opening time of 6 hours or more, but with little or no alcohol or food served	1 per 85	1 per 425, plus 1 urinal per 125
For events with a gate opening time of 6 hours or more, with alcohol and food served in quantity	1 per 75	1 per 400, plus 1 urinal per 100
For campsites at major events, swapping the emphasis from urinal to WCs for males	1 per 75	1 per 150, plus 1 urinal per 250

## 6. Changing Places Toilets

As standard accessible toilets do not meet the need of all people with a disability, some people often need extra space and equipment to allow them to use the facilities safely and comfortably. These needs are met by Changing Places toilets.

The Welsh Government has recently undertaken a consultation exercise on its proposals to increase the provision of Changing Places toilets and Baby Changing facilities in certain types of buildings and to revise the Approved Document M guidance on compliance with the Building Regulations (relating to access to and use of buildings). The proposals will allow local planning authorities to enhance the provisions of Changing Places toilets over and above the minimum requirement.

The responses to this consultation are currently being reviewed by Welsh Government and details of the outcome will be published in due course.

There are currently four Changing Places toilets in Carmarthenshire. These are located at Carmarthen (Cartrefi Cymru), Kidwelly (Parc Y Bocs Farm Shop and Café), Ammanford (Tesco) and a recently installed facility at Pembrey Ski and Activity Centre.

Further additional Changing Places toilets are planned at the following locations:

Pendine (Caban) Hostel – this location will benefit from all specified equipment required for a Changing Places facility, however, due to layout restrictions, it is unable to meet the exact

positional specification requirements. As such, this facility will not therefore be advertised as a full Changing Places unit.

Two Changing Places facilities are planned at the new Pentre Awel / Wellness Centre at Llanelli. This is part of a large-scale development project with current indication of completion during early 2024.

One further Changing Places unit is also planned within the ground floor of the Ffwrnes Theatre at Llanelli.

Changing Place facilities will be expected as an integral aspect of the design of most new Council Buildings and venue facilities where general public access is provided. Such a provision will be encouraged in other new non-Council owned public access buildings where appropriate.

## **7. Charging – helping to eradicate social misuse and vandalism**

We are not experiencing any significant vandalism or social misuse in facilities which are not already subject to charging fees. Therefore, there is currently no intention to introduce charging mechanisms at additional locations. This situation will however be subject to ongoing review where the introduction of charging may be considered to deter misuse where continuous issues arise.

## **8. Improve Communication and Information on available toilet facilities**

Detailed information on locations and opening times have been added to the Carmarthenshire County Council corporate website (public convenience map). Individual details at each location are displayed by clicking on the location icon. Detailed information is also provided via the Welsh Government's Lle Mapping portal.

Although the pandemic has delayed some of the marketing actions, the tourism sector is now fully open, and the County Council is undertaking a number of actions as part of its economic recovery plan

It was anticipated that parts of the UK would be very busy from Easter 2021 onwards when the major lockdown restrictions were lifted and the possibility of areas being overrun by the volume of tourists. To help manage the situation, the County Council set up a cross-departmental working group to meet on a weekly basis to manage the "Hot Spots" in Carmarthenshire and work together on resource allocation.

Part of the work undertaken was a customer satisfaction survey with over 400 face to face interviews being carried out. Overall responses were incredibly positive as to quality and enjoyment of experience. On the question "How would you rate the following aspects of your visit today?", 88% rated cleanliness of the public toilets as good or above. In the section on asking visitors what we could do to improve, and what visitors feel would improve

their perception of future visits, people responded that better signage and interpretation of information boards would be beneficial.

Our aim over Winter 2021 is to work with the newly formed 10 Towns working groups on the content and services required to be displayed on the information panels, which will be installed after conducting a customer flow analysis for each area. As identified in the visitor research, public toilets will be included and highlighted as a priority on these Visitor Information Points (VIP) signage. Draft examples of these Visitor Information Points (VIP) signage have now been produced for the majority of the towns within the County.

A further key promotional channel is the Discover Carmarthenshire website which is currently being refreshed. Public convenience information will be displayed on each town webpage in addition to the respective activity pages such as walking and road cycling.

#### **9. To make available public toilet data on the Welsh Government Mapping Application (LLE National Map of toilets)**

Detailed information on available toilet facilities has been provided to the Lle National Map of Toilets. The information provided to the portal for each facility is as follows:

- Location.
- UPRN (Unique Property Reference Number).
- Coordinates.
- Post Codes.
- Access notes (for example, whether any charges apply or whether there are any additional access factors such as steps).
- Daily opening hours.
- Off-peak season information (for example, change of opening hours and relevant times).
- Bank Holiday opening times (if different from normal operating times).
- Types of cubicles available (female / male / unisex / baby change / disabled (open access or whether RADAR key access) / changing places).

<https://datamap.gov.wales/maps/new?layer=inspire-wg:Toilets>

#### **10. Where appropriate, to consider the incorporation of toilet provision in accordance with planning policy and national planning guidance.**

As part of the preparation of the Revised Local Development Plan 2018 -2033 the intention has been to consider the opportunities for integrating guidance and policy requirements in respect of the provision of public facilities. The content of guidance will inform the preparation of the Local Development Plan and the outcomes of its preparatory process

will be reflected in future versions of the strategy. Where appropriate, matters around the incorporation and provision of toilet facilities within developments will be considered in accordance with planning policy and national planning guidance.

It is noted that the adoption of the Revised Local Development Plan has been delayed through the impacts arising from Covid-19 and the publication of Natural Resources Wales guidance on phosphate levels in identified protected Rivers. An update schedule for adoption will be made available in due course.

## **Next Steps**

In line with internal guidance and dependent on the current COVID-19 circumstances, a targeted approach will be made to encourage appropriate businesses to participate in the Community Toilet Scheme. It is anticipated that this scheme will provide an increase in the number of publicly accessible toilet facilities available in key areas of need.

A continuous review will be undertaken of the currently identified toilet premises to include any changes to opening times and types of facilities available. Suitable additional premises will also be added to the list of available toilets, for example, new buildings / toilet facilities, appropriate office facilities and the planned Community Toilet Scheme locations.

The Local Toilets Strategy will be subject to formal review within a year of each ordinary election. The next election date in Wales is Thursday 5<sup>th</sup> May 2022. Therefore, the latest date for review of Carmarthenshire's Local Toilets Strategy will be the 4<sup>th</sup> May 2023.

## **Current List of Public Toilets**

The facilities shown below are only indicative of general toilet provision within the County. Additional toilets may be available to the public but are not included here because they are not advertised as such. In particular, there will be commercial premises which provide customer facilities.

APPENDIX A

Carmarthenshire current public toilet provision

		Facilities available														Changing places (incorporating adult changing facilities, hoists etc. for people with profound disabilities and their carers)
