1.1 Overview

The Wales Pension Partnership (WPP) was established in 2017 and is a collaboration of the eight LGPS funds covering Wales, with Carmarthenshire County Council as the Host Authority. The WPP is one of eight national Local Government Pension pools.

The WPP's objectives and beliefs are outlined below:

Objectives

- To provide pooling arrangements which allow individual funds to implement their own investment strategies (where practical).
- To achieve material cost savings for participating funds while improving or maintaining investment performance after fees.
- To put in place robust governance arrangements to oversee the Pool's activities.
- To work closely with other pools in order to explore the benefits that all stakeholders in Wales might obtain from wider pooling solutions or potential direct investments.
- To deliver an investment framework that achieves the best outcomes for its key stakeholders; the Constituent Authorities. The Constituent Authorities will be able to use this framework to deliver the best outcomes for their Scheme Members & Employers.

Beliefs

- The WPP's role is to facilitate and provide an investment pooling platform through which the interests of the Constituent Authorities can be implemented.
- Good governance should lead to superior outcomes for the WPP's stakeholders.
- Internal collaboration between the Host and Constituent Authorities is critical to achieving the WPP's objectives. External collaboration may also be beneficial in delivering cost savings and better outcomes for stakeholders.
- Responsible Investment and effective Climate Risk mitigation strategies, alongside consideration and evidential management of Environmental, Social and Governance issues should result in better outcomes for the WPP's stakeholders.
- Effective internal and external communication is vital to achieving the WPP's objectives.
- External suppliers can be a cost-effective means of enhancing the WPP's resources, capabilities and expertise.
- Fee and cost transparency will aid decision making and improve stakeholder outcomes.
- Continuous learning, innovation and development will help the WPP and its Constituent Authorities to evolve.
- A flexible approach to the WPP pool structure and implementation methods will enable the WPP pool to adapt in future and continue to meet the needs of its stakeholders.

The WPP's Governance Structure is detailed in Section 3 – Annual Governance Statement.

3 ANNUAL GOVERNANCE STATEMENT

3.1 Scope of Responsibility

The Wales Pension Partnership (WPP) is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It must also ensure that public money is safeguarded and properly accounted for and used economically, efficiently and effectively and to secure continuous improvement and delivery in this regard.

The WPP is responsible for putting in place proper arrangements for the Governance of its affairs and facilitating the effective exercise of its functions including having appropriate arrangements for the management of risk.

The WPP details how it deals with all aspects of Governance through its Inter Authority Agreement (IAA) which defines the standards, roles and responsibilities of the Constituent Authorities, its Members, Committees and Officers. The IAA includes a Scheme of Delegation outlining the decision-making process allowing for current relevant legislation.

3.2 The Governance Framework

The Governance Framework comprises the systems, processes, cultures and beliefs by which the WPP is directed and controlled. It enables the Partnership to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate and cost-effective services.

The system of Internal Control is a significant part of that framework and is designed to manage risk to a reasonable level. It aims to identify and prioritise the risks which may inhibit the WPP's ability to achieve its policies, aims and objectives. It evaluates the likelihood and impact of risks being realised and manages individual risks appropriately.

The Code of Corporate Governance recognises policies and processes that are consistent with the principles of the CIPFA / SOLACE Framework - '**Delivering Good Governance in Local Government**' (Guidance Notes for Welsh Authorities 2016 Edition – Published September 2016). This framework identifies 7 key principles of good governance which complement the Well – being of Future Generations Act requirements.

This Statement explains how the WPP has complied with the various elements of the Governance Framework.

3.3 The Governance Environment

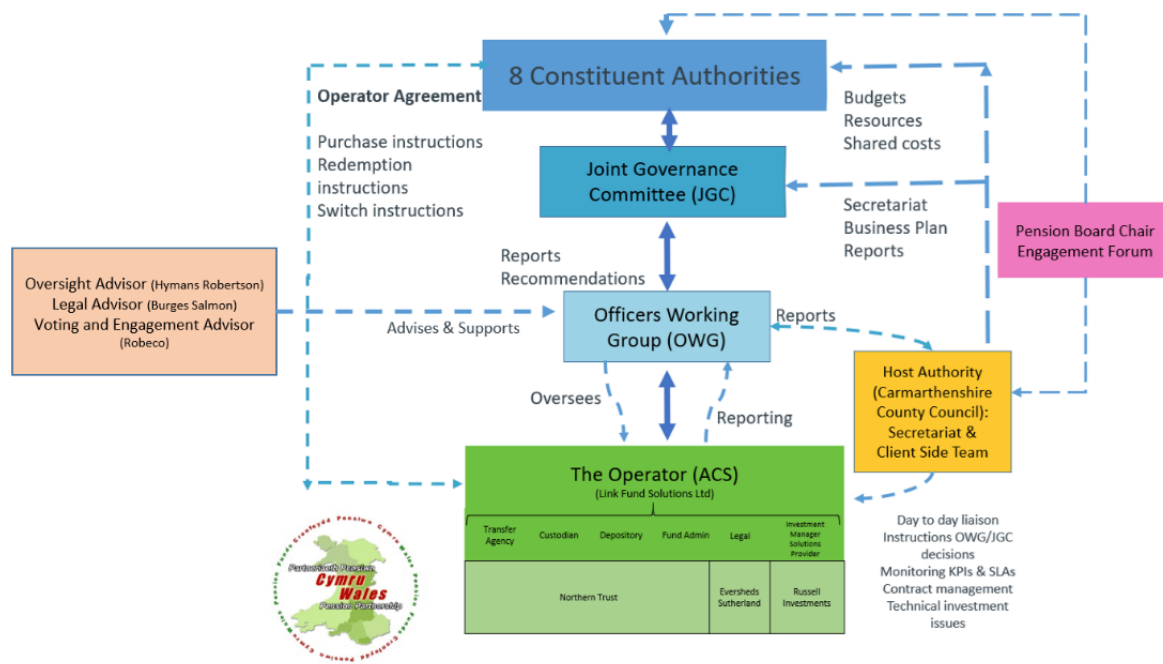

The Governance framework comprises of seven fundamental principles implemented to endorse high standards of confidence and trust in the governance and operation of the partnership, whilst upholding a commitment to ongoing improvement on a continuing basis through a process of evaluation and review.

The CIPFA/SOLACE Governance Framework sets out 7 fundamental principles of Corporate Governance. The 'CIPFA Seven' are:

1. Integrity and Values - Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law.
2. Openness and engagement - Ensuring openness and comprehensive stakeholder engagement.
3. Making a difference - Defining outcomes in terms of sustainable economic, social, and environmental benefits.
4. Making sure we achieve what we set out to do - Determining the interventions necessary to optimise the achievement of the intended outcomes.
5. Valuing our people; engaging, leading and supporting - Developing capacity and the capability of leadership and individuals.
6. Managing risks, performance and finance - Managing risks and performance through robust internal control and strong public financial management.
7. Good transparency and accountability - Implementing good practices in transparency, reporting, and audit to deliver effective accountability.
