EXECUTIVE SUMMARY

PLACE, SUSTAINABILITY AND CLIMATE CHANGE

DECEMBER 2022

NON-SUBMISSION OF SCRUTINY REPORT

The Council's Constitution requires Scrutiny Committees to develop and keep under review an annual Forward Work Plan which identifies the issues and reports to be considered at meetings during the course of the year.

If a report is not presented as scheduled in the Forward Work Plan, the responsible officer is expected to prepare a non-submission report explaining the reason why.

EXECUTIVE SUMMARY

PLACE, SUSTAINABILITY & CLIMATE CHANGE SCRUTINY COMMITTEE

DECEMBER 2022

GRAFFITI POLICY

Carmarthenshire County Council has responsibility for the management of the local environment but there is no statutory responsibility for the removal of graffiti. Although there are statutory instruments available to local authorities (to address graffiti on private property), consideration must be given to the fact that those affected are generally regarded as victims of antisocial behaviour/crime, and all reasonable actions should be taken before these instruments are employed.

Current procedures and guidelines are being reviewed and best practice identified to ensure that a balanced approach is taken. Robust policies and procedures on Graffiti Management are key components of the future cleansing service strategy, aiming to reduce instances, while considering the need for space for the more creative elements and potential benefits of graffiti, street art, and murals for local communities. This will also ensure that the County's residents and stakeholders are clear on the approach being taken by the Council

The quality of the local environment has a significant impact on people's perceptions of wellbeing and quality of life. The Council is committed to improving the environmental quality of its towns and villages and tackling crime and antisocial behaviour. The Council's Graffiti policy and management procedures are now being considered as part of the development of an integrated cleansing service delivery model that has the aim of delivering against national performance indicators and local environmental quality objectives. This strategy will be available for members to consider in April 2023.
