### 4. INFORMATION IN SUPPORT OF YOUR APPLICATION

Please set out below the reasons why you consider that the Standards Committee should grant a dispensation in this case:

***(Please note that failure to complete this section will result in the application form being returned to you)***

I am making a specific application for a dispensation to participate on matters relating to the proposal for an energy transmission scheme in part of the Tywi Valley, which may involve the erection of pylons and overhead electricity cables. It is not yet clear whether any of the scheme will directly impact my own land, but from the corridor of proposed travel circulated by Green Gen it is apparent that it will be visible from my property and land and I have received notification from the proposed developer.

The energy transmission scheme in question will impact on landowners and/or tenants (private and local authority) who use land for various purposes, including agricultural. It will have a detrimental impact on the Tywi Valley and all residents therein and for that reason I would wish to utilise my experience to share my views within the community council and wider community in support of the local response group who are working so diligently for our collective interest.

*(please continue on a separate sheet if necessary)*

I confirm that the information provided on this form is true to the best of my knowledge. I agree that this application and all the information contained within it may form part of a public report to the Standards Committee. I request a dispensation in respect of the above matter.
