Context

At its meeting held on the 20th February 2023 Cabinet considered the findings of the Communities, Homes, and Regeneration Scrutiny Committee Task & Finish Group to develop an Emergency Social Housing Allocations Policy for Carmarthenshire to address the unprecedented situation where the Council, as with all Welsh Local Authorities and Registered Social Landlords, was facing increased demand for social housing that was exceeding the level of supply.

The Emergency Allocations Policy was approved by Cabinet at this meeting, together with the following recommendation:

That the Scrutiny Committee receive updates at every meeting from officers on the effectiveness of the change; that the content of the update reports (attached) include data for the previous period referring to:

- Proportion of properties directly matched and those advertised
- Banding of Clients directly matched
- Number of properties directly matched and advertised by each community connection area, type of property and landlord
- Proportion of direct matches that were successful
- Number of direct matches where the client requests a review of the allocation, and the outcome of those reviews
- Number of direct matches where the client refuses the allocation but doesn't request a review

This is the second report of data available for direct matching which covers from April 2023 to June 2023. This is the first data set fully implementing the Emergency Allocations Policy where we can directly match properties without using the Head of Services power to sign off allocations.

The data in this report highlights how this has impacted on the number of properties available to bid on for the wider housing register.

Recommendations

Communities, Homes, And Regeneration Scrutiny Committee are asked to:

1. Consider the data provided in the monitoring report of the Emergency Social Housing Allocation update report on the operation of the new allocation policy;
2. Provide feedback on any additional or detailed information required for the next quarterly monitoring report being mindful of GDPR rules; and
3. Approve to commence work formalising the Policy and proceed with formal consultation.

Definitions for the purpose of this report

Homeless Duties within the Homeless (Wales) Act 2014

Sec 66 – Prevention

Once the household has been assessed and found to be at threat of homelessness, a duty to assist that household to try and prevent homelessness by taking all 'reasonable steps'. Some solutions such as mediation, support with debt advice/mortgage/rent arrears, security measures put in place, advocacy, private rented accommodation, social housing, prevention fund.

Sec 73 – Relief

Once the household has been assessed and found to be homeless, a duty to assist the household in resolving their homelessness.

Sec 75 – Final duty

Once the duty under Section 73 has ended, if the household is homeless, has a local connection and fits into a priority need group the authority has a duty to house. This accommodation must be for a minimum of 6 months.

Temporary Accommodation

If a household is homeless or at risk of becoming homeless, they apply to the council for help. We may provide temporary accommodation; this can sometimes be referred to as 'emergency' accommodation or 'interim' accommodation'.

We provide different kinds of temporary accommodation. Some of which is provided by the Council, private landlords and commissioned rooms in Hotels and Bed and Breakfast that we have the responsibility for arranging and allocating.

At the time of writing this report (03 05 23) there are no households with children in Bed and Breakfast or Hotels. For families these are used in emergency situations only until such time as we can arrange more suitable temporary accommodation.

The impact of the direct matching has enabled us to reduce the time that households spend in temporary accommodation by 19 days for single people and 16 days for families. Although this demonstrates an improvement there are still substantial challenges ahead in reducing the use and length of stay in temporary accommodation.

No Preference Group

Applicants are placed in a Band depending on their housing need identified through the housing assessment. Applicants will fall under the 'No preference group' if they:

- Have the financial resources available to meet their housing costs.
- Have been guilty, or a member of their household has been guilty, of unacceptable behaviour serious enough to make them unsuitable to be a tenant of the Council.
- Do not have a local connection to Carmarthenshire, as defined at section 81 of the Housing (Wales) Act 2014. A person has a local connection with the area because:
 - the person is, or in the past was, normally resident there, and the residence is or was of the person's own choice.
 - the person is employed there.
 - of family associations.
 - unless they are exempt because of special circumstances (i.e., fleeing domestic abuse or violence, moving to receive or provide care to someone who has a local connection)

Unsuitable matches and reviews

Reasons for unsuitable matches:

- Change of Circumstances i.e., no longer needed accommodation, other needs we were unaware of.
- Property not suitable to meet their needs – medical conditions, family make up.
- Property topography unsuitable.
- Refusing properties after initial verbal offer – after viewing not happy with property offered i.e. don't like property or area, no off street parking
