	ŀ	
The overspend is the result of external staff agency costs, increased overtime, pay award costs and the setting up of deputy managers in some of the Care Homes to ensure appropriate cover and capacity as a result higher dependency of residents. Some of the overspend has been mitigated by increased income through higher occupancy rates and lower than anticipated premises costs. Moving forward the budget will be adjusted accordingly for 2024/25. In the coming months we will also be developing an in-house agency pilot for the Llanelli based homes that will deliver a more flexible pool of casual staff. It is hoped that this will be rolled out in April 2024 with a view, if successful, of deploying across the County in the summer of 2024. This will reduce on-going agency and overtime costs. We will continue to monitor sickness closely and consistently as well as being more efficient in the way we recruit.		951
