Possible additions to the Forward Work Plan during 2024/25

- **At the site visits to Ysgol Cefneithin and Gorslas, Members identified two possible sessions which require further consideration by the Committee:**
 - possible scrutiny session involving Property Services and HR division in an endeavour to improve current processes and services and lessen some of the pressures faced by schools.
 - possible scrutiny session involving Procurement and Property Services in an endeavour to streamline the design process of new build schools. The lessons learnt from schools involved in previous new build projects to be formally considered and suggestions implemented where feasible.
