# Introduction

I have now largely completed my planning work.

This Detailed Audit Plan specifies my statutory responsibilities as your external auditor and to fulfil my obligations under the Code of Audit Practice.

It sets out the work my team intends undertaking to address the audit risks identified and other key areas of focus during 2023 and 2024.

It also sets out my estimated audit fee, details of my audit team and key dates for delivering my audit team's activities and planned outputs.

**Adrian Crompton**

Auditor General for  
Wales

## My audit responsibilities

I audit the Partneriaeth's financial statements to make sure that public money is being properly accounted for.

## Audit of financial statements

I am required to issue a certificate and report on your financial statements which includes an opinion on their 'truth and fairness' and an assessment as to whether the Narrative Report and Annual Governance Statement is prepared in line with the CIPFA Code and relevant guidance and is consistent with your financial statements and my knowledge of the Joint Committee.

In addition to my responsibilities for auditing the Joint Committee's financial statements, I also have responsibility for responding to questions and objections about the accounts from local electors (additional fees will be charged for this work, if necessary).

I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material is set out later in this plan.

I will also report by exception on a number of matters which are set out in more detail in our [Statement of Responsibilities](#).

There have been no limitations imposed on me in planning the scope of this audit.

# Your audit at a glance

## My financial statements audit will concentrate on your risks and other areas of focus

My audit planning has identified the following risks:

### Significant financial statement risk

- Management Override of controls

### Other areas of audit focus

- Related party disclosures and senior officer remuneration; and
- Ensuring quality in the production of the 2022-23 draft accounts.

## Materiality

Materiality	£174,000
Reporting threshold	£9,000

# Financial statements' materiality

## Materiality £174,000

My aim is to identify and correct material misstatements, that is, those that might otherwise cause the user of the accounts to be misled.

Materiality is calculated using:

- 2022-23 gross expenditure of £8.67 million
- Materiality percentage of 2%

I report to those charged with governance any misstatements above a trivial level (set at 5% of materiality).

## Areas of specific interest

There are some areas of the accounts that may be of more importance to the user of the accounts and we have set a lower materiality level for these:

- Senior Officer Remuneration - £1,000
- Related party disclosures - £10,000 for individuals' interests.

# Significant financial statements' risks

Significant risks are identified risks of material misstatement for which the assessment of inherent risk is close to the upper end of the spectrum of inherent risk or those which are to be treated as a significant risk in accordance with the requirements of other ISAs. The ISAs require us to focus more attention on these significant risks.

## Exhibit 1: significant financial statement risks

Significant risk	Our planned response
<p>The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.32-33].</p>	<p>The audit team will:</p> <ul style="list-style-type: none"><li>• test the appropriateness of journal entries and other adjustments made in preparing the financial statements;</li><li>• review accounting estimates for bias;</li><li>• evaluate the rationale for any significant transactions outside the normal course of business</li></ul>

# Other areas of focus

I set out other identified risks of material misstatement which, whilst not determined to be significant risks as above, I would like to bring to your attention.

## Exhibit 2: other areas of focus

Audit risk	Our planned response
<p><b>Related Parties and Senior Officer Remuneration</b></p> <p>I judge some of the disclosures in the financial statements, such as related parties and the remuneration of senior officers, to be material by nature, and so apply a lower level of materiality. These disclosures are therefore inherently prone to material misstatement.</p>	<p>As for past audits, I will enhance my examination of all areas that I determine to be material by nature, to ensure that they are complete and accurate.</p>

# Financial statements' audit timetable

I set out below key dates for delivery of my accounts audit work and planned outputs.

## Exhibit 3: key dates for delivery of planned outputs

Planned output	Work undertaken	Report finalised
2023 Detailed Audit Plan	January 2024	February 2024
Audit of financial statements work: <ul style="list-style-type: none"><li>• Audit of Financial Statements Report</li><li>• Opinion on the Financial Statements</li></ul>	January – March 2024	March 2024

# Statutory audit functions

## Statutory audit functions

In addition to the audit of the accounts, I have statutory responsibilities to receive questions and objections to the accounts from local electors. These responsibilities are set out in the Public Audit (Wales) Act 2004:

- Section 30 Inspection of documents and questions at audit; and
- Section 31 Right to make objections at audit.

As this work is reactive, I have made no allowance in the fee table below. If I do receive questions or objections, I will discuss potential audit fees at the time.

# Fee and audit team

In January 2023 I published the [fee scheme](#) for the 2023-24 year as approved by the Senedd Finance Committee. My fee rates for 2023-24 have increased by 4.8% for inflationary pressures. In addition, my financial audit fee has a further increase of 10.2% for the impact of the revised auditing standard ISA 315 on my financial audit approach. More details of the revised auditing standard and what it means for the audit I undertake is set out in **Appendix 1**.

I estimate your total audit fee will be £17,825.

Our planned fee for last year was £15,500 but our actual fee was £15,630 (for the last year of ERW). Planning will be ongoing, and changes to my programme of audit work, and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Joint Committee.

## Our financial audit fee is based on the following assumptions:

- The agreed audit deliverables sets out the expected working paper requirements to support the financial statements and includes timescales and responsibilities.
- No matters of significance, other than as summarised in this plan, are identified during the audit.

The main members of my team, together with their contact details, are summarised in **Exhibit 6**.

# Audit quality

Our commitment to audit quality in Audit Wales is absolute. We believe that audit quality is about getting things right first time.

We subject our work to independent scrutiny by QAD\* and our Chair, acts as a link to our Board on audit quality. For more information see our [Audit Quality Report 2022](#).

- Leadership
- Technical support

## Independent assurance

The third line of assurance is formed by those activities that provide independent assurance over the effectiveness of the first two lines of assurance.

- EQCRs
- Themed reviews
- Cold reviews
- Root cause analysis
- Peer review
- Audit Quality Committee
- External monitoring
