HANDLING PERSONAL DATA POLICY

To consider and comment on the following issues:

To consider and scrutinise the content of the Handling Personal Data Policy.

Reasons:

The implementation of a new Handling Personal Data Policy replaces the existing Handling Personal Information Policy & Procedure and Breach Reporting & Response Policy. The current policies have exceeded their review dates and require updating to reflect changes in working practices, the use of new IT as well as decisions and guidance issued by the Information Commissioner's Office.

To be referred to the Executive Board / Council for decision: YES 13.09.21

Handling Personal Data Policy

1. BRIEF SUMMARY OF PURPOSE OF REPORT.

The current versions of the Handling Personal Information Policy & Procedure and the Breach Reporting & Response Policy were approved by the Executive Board on 26th March 2018, ahead of the new Data Protection Act 2018 and General Data Protection Regulation (referred to as the UK General Data Protection Regulation since 1st January 2021) coming into force.

Since that time, with the prevalence of home working and the likely shift, longer term, towards hybrid working arrangements, parts of the Handling Personal Information Policy & Procedure, in particular, have become outdated and are in need of revision. They have also exceeded their review dates.

In addition, to rationalise and reduce the number of separate policy documents, the two policies have been amalgamated to create one document.

The key changes in the draft Handling Personal Data Policy are:

- A revised and expanded section on working from home
- Updated content on transferring personal data, for example, the safe use of email, password protection of documents

There are no substantive changes to the Breach Reporting & Response Policy content.

1. Policy, Crime & Disorder and Equalities

The recommendation is that a new Handling Personal Data Policy be endorsed for approval and implementation.

2. Legal

The Council is required Article 5 (2) of the UK General Data Protection Regulation (UK GDPR) to take responsibility for the personal data it processes (the 'accountability principle') and how the principles of the UK GDPR are adhered to. Appropriate measures must be in place to be able to demonstrate compliance and this policy forms part of the Council's compliance with this principle.

CONSULTATIONS

I confirm that the appropriate consultations have taken in place and the outcomes are as detailed below
